INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Sciens Building Solutions 401(k) Plan
Pleasanton, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sciens Building Solutions 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

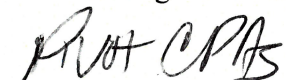

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sciens Building Solutions 401(k) Plan

Notes to Financial Statements

1. Summary Plan Description:

The following description of the Sciens Building Solutions 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established effective as of January 1, 2019, and restated effective January 1, 2021. The Plan is a defined contribution plan covering all eligible employees of Sciens Building Solutions, LLC and subsidiaries (the “Company”). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees who are 21 years of age or older are eligible to participate in the Plan. Effective August 1, 2024, the minimum age requirement for participation was reduced to 18. Employees may begin contributions to the Plan immediately upon the date of hire or once the applicable eligibility criteria are met.

Contributions

Participants may elect to contribute to the Plan up to 100% of their annual compensation, as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (“IRC”). In addition, employees who have attained age 50 by the end of the Plan year may make catch-up contributions up to limits defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company at its discretion may make matching contributions, as well as a discretionary profit sharing contribution. For the Plan year 2024, the Company matched 50% of the first 4% of eligible compensation that each participant contributed to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of Company contributions, and participant earnings. Participant earnings are based on an allocation of Plan earnings respective to each participant’s account balances and investment selections. Any related administrative expenses based on participant earnings or account balances are deducted from the participant’s account. The participants’ accounts are adjusted daily to reflect contributions, income, and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested balance.

1. Summary Plan Description (Continued):

Vesting

Participants are immediately 100% vested in their elective deferrals, including catch-up contributions and rollover contributions from other plans, plus actual earnings thereon.

Vesting in the Company's contributions is based on whole years of continuous service using the following schedule:

Years of Service	Profit Sharing Contribution Vesting Percentage	Matching Contribution Vesting Percentage
Less than 1	0%	0%
1	0%	33%
2	20%	66%
3	40%	100%
4	60%	
5	80%	
6	100%	

All employer contributions become fully vested in the event of death, disability, or after reaching normal retirement age while under the Company's employment.

Forfeited Accounts

Forfeitures from non-vested participant accounts can be used to reduce future Company contributions or pay Plan expenses. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$46,815 and \$4,891, respectively. During the year ended 2024, the Plan used \$21,019 of forfeitures to pay administrative expenses.

Investment Options

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds, a money market fund, and a common collective trust that invests in guaranteed investment contracts as investment options for participants.

Notes Receivable from Participants

Participants may borrow from their accounts at a minimum of \$1,000 and not to exceed the lesser of 50% of the participant's vested interest under the Plan or \$50,000. The loans are collateralized by the vested balance in the participant's account and must be repaid in level payments through bi-weekly payroll deductions over a 5-year period, except for loans for the purchase of a principal residence which may be repaid over a reasonable period of time not to exceed 10 years. Loans bear interest at the prime rate plus 1%.

Sciens Building Solutions 401(k) Plan
Notes to Financial Statements

1. Summary Plan Description (Continued):

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum equal to the vested interest in their account in accordance with Plan provisions. In-service withdrawals are allowed for participants who attain the age of 59 ½. The Plan also permits withdrawals due to circumstances of financial hardship, in accordance with provisions specified in the Plan document. Account balances that are under \$5,000 may be automatically distributed upon termination of service as a lump sum without the consent of the participant.

Administrative Expenses

Administrative expenses of the Plan may be paid by either the Company or the Plan. Unless paid by the Company, administrative expenses are allocated to (1) participant accounts proportionally based on the value of the account balances, (2) as an equal dollar amount based on the number of participants of the Plan, or (3) charged to the related participant's account, based on the nature of the expense.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

2. Summary of Accounting Policies:

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are presented at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Realized gains and losses on the sales of securities are reported on the average cost method.

Sciens Building Solutions 401(k) Plan
Notes to Financial Statements

2. Summary of Accounting Policies (Continued):

Notes Receivable from Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent notes receivable are reclassified as distributed based upon the terms of the Plan document. The loans are secured by the balance in the participants' accounts.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in a combination of investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that the changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements:

The Financial Accounting Standards Board, Accounting Standards Codification Topic 820 ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels in the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Sciens Building Solutions 401(k) Plan
Notes to Financial Statements

3. Fair Value Measurements (Continued):

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Money market fund: The money market fund is valued at the amount of the cash balance on deposit, which approximates fair value (Level 1 inputs).

Common collective trust: Stated at fair value as determined by the issuers of the funds on the fair market value of the underlying investments, which is valued at net asset value (“NAV”) as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized as follows:

<i>December 31,</i>	Level	2024	2023
Mutual funds	1	\$ 69,319,934	\$ 52,568,819
Money market fund	1	2,485,930	2,572,776
Common collective trust	(a)	347,791	-
Total investments at fair value		\$ 72,153,655	\$ 55,141,595

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

4. Information Prepared and Certified by the Trustee:

The following investments included in the statements of net assets available for benefits as of December 31, 2024 and 2023, and the dividend and interest income and net appreciation in fair value of investments included in the statement of changes in net assets available for benefits for the year ended December 31, 2024 have been derived from information certified as complete and accurate by Ascensus, LLC, as an authorized representative of Ascensus Trust Company, the Trustee, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA

<i>December 31,</i>	2024	2023

Notes to Financial Statements

5. Party-In-Interest Transactions:

The Vanguard Group, Inc. (“Vanguard”) is the recordkeeper for the Plan. Accordingly, transactions with Vanguard qualify as party-in-interest transactions permitted under provisions of ERISA. During 2024, the Plan paid Vanguard \$92,924 for recordkeeping services.

CAPFINANCIAL PARTNERS, LLC, d/b/a CAPTRUST Financial Advisors (“CAPTRUST”) provided investment management and advisory services to the Plan. Accordingly, transactions with CAPTRUST qualify as party-in-interest transactions permitted under provisions of ERISA. During 2024, the Plan paid CAPTRUST \$93,731 for investment management and advisory services.

Included in the Plan assets are notes receivable from participants. These transactions qualify as party-in-interest transactions permitted under provisions of ERISA. At December 31, 2024 and 2023, notes receivable from participants amounted to \$1,208,083 and \$911,370, respectively. For the year ended December 31, 2024, interest income related to notes receivable from participants amounted to \$91,633.

6. Commitments and Contingencies:

During 2024, the Company identified certain operational errors related to the timing of allowing employees of Company acquisitions to participate in the Plan, and initiated correction under the IRS’s Employee Plans Compliance Resolution System (“EPCRS”). The Company has submitted a Voluntary Correction Program (“VCP”) filing, which is pending final determination from the IRS.

Based on currently available information, management believes it is reasonably possible but not probable that a financial obligation may result from the correction, and determination of the financial obligation is not determinable until the IRS renders a decision on the VCP. Accordingly, no liability has been recorded in the accompanying financial statements.

The ultimate outcome of this matter is subject to uncertainty; however, management believes any additional liability, if incurred, would not have a material adverse effect on the Plan’s financial statements or the Plan’s tax qualification status.

7. Income Tax Status:

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Management has evaluated the Plan’s tax positions and concluded that, as of December 31, 2024, the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the accompanying financial statements. The Plan is not subject to income tax examination by the U.S. federal, state, or local tax authorities for years before 2021.

Notes to Financial Statements

8. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

9. Acquisitions:

During the year ended December 31, 2024, a total of \$6,318,234 in participant balances was transferred into the Plan as a result of Company acquisitions. New employees from these acquisitions were offered the opportunity to participate in the Plan in accordance with the terms defined in each respective acquisition agreement.

The following table summarizes the benefit plan mergers and corresponding asset transfers during 2024:

Acquired Company	Effective Date of Merger	Asset Transfer Date	Transferred Contributions	Transferred Loans
Christian Cable Group, Inc.	January 1, 2024	January 8, 2024	\$ 1,075,111	\$ 31,723

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Sciens Building Solutions 401(k) Plan
Pleasanton, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sciens Building Solutions 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

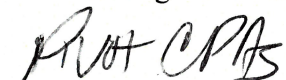

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sciens Building Solutions 401(k) Plan

Notes to Financial Statements

1. Summary Plan Description:

The following description of the Sciens Building Solutions 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established effective as of January 1, 2019, and restated effective January 1, 2021. The Plan is a defined contribution plan covering all eligible employees of Sciens Building Solutions, LLC and subsidiaries (the “Company”). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees who are 21 years of age or older are eligible to participate in the Plan. Effective August 1, 2024, the minimum age requirement for participation was reduced to 18. Employees may begin contributions to the Plan immediately upon the date of hire or once the applicable eligibility criteria are met.

Contributions

Participants may elect to contribute to the Plan up to 100% of their annual compensation, as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (“IRC”). In addition, employees who have attained age 50 by the end of the Plan year may make catch-up contributions up to limits defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company at its discretion may make matching contributions, as well as a discretionary profit sharing contribution. For the Plan year 2024, the Company matched 50% of the first 4% of eligible compensation that each participant contributed to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of Company contributions, and participant earnings. Participant earnings are based on an allocation of Plan earnings respective to each participant’s account balances and investment selections. Any related administrative expenses based on participant earnings or account balances are deducted from the participant’s account. The participants’ accounts are adjusted daily to reflect contributions, income, and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested balance.

Notes to Financial Statements

1. Summary Plan Description (Continued):

Vesting

Participants are immediately 100% vested in their elective deferrals, including catch-up contributions and rollover contributions from other plans, plus actual earnings thereon.

Vesting in the Company's contributions is based on whole years of continuous service using the following schedule:

Years of Service	Profit Sharing Contribution Vesting Percentage	Matching Contribution Vesting Percentage
Less than 1	0%	0%
1	0%	33%
2	20%	66%
3	40%	100%
4	60%	
5	80%	
6	100%	

All employer contributions become fully vested in the event of death, disability, or after reaching normal retirement age while under the Company's employment.

Forfeited Accounts

Forfeitures from non-vested participant accounts can be used to reduce future Company contributions or pay Plan expenses. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$46,815 and \$4,891, respectively. During the year ended 2024, the Plan used \$21,019 of forfeitures to pay administrative expenses.

Investment Options

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds, a money market fund, and a common collective trust that invests in guaranteed investment contracts as investment options for participants.

Notes Receivable from Participants

Participants may borrow from their accounts at a minimum of \$1,000 and not to exceed the lesser of 50% of the participant's vested interest under the Plan or \$50,000. The loans are collateralized by the vested balance in the participant's account and must be repaid in level payments through bi-weekly payroll deductions over a 5-year period, except for loans for the purchase of a principal residence which may be repaid over a reasonable period of time not to exceed 10 years. Loans bear interest at the prime rate plus 1%.

Sciens Building Solutions 401(k) Plan
Notes to Financial Statements

1. Summary Plan Description (Continued):

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum equal to the vested interest in their account in accordance with Plan provisions. In-service withdrawals are allowed for participants who attain the age of 59 ½. The Plan also permits withdrawals due to circumstances of financial hardship, in accordance with provisions specified in the Plan document. Account balances that are under \$5,000 may be automatically distributed upon termination of service as a lump sum without the consent of the participant.

Administrative Expenses

Administrative expenses of the Plan may be paid by either the Company or the Plan. Unless paid by the Company, administrative expenses are allocated to (1) participant accounts proportionally based on the value of the account balances, (2) as an equal dollar amount based on the number of participants of the Plan, or (3) charged to the related participant's account, based on the nature of the expense.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

2. Summary of Accounting Policies:

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are presented at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Realized gains and losses on the sales of securities are reported on the average cost method.

Sciens Building Solutions 401(k) Plan
Notes to Financial Statements

2. Summary of Accounting Policies (Continued):

Notes Receivable from Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent notes receivable are reclassified as distributed based upon the terms of the Plan document. The loans are secured by the balance in the participants' accounts.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in a combination of investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that the changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements:

The Financial Accounting Standards Board, Accounting Standards Codification Topic 820 ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels in the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Sciens Building Solutions 401(k) Plan
Notes to Financial Statements

3. Fair Value Measurements (Continued):

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Money market fund: The money market fund is valued at the amount of the cash balance on deposit, which approximates fair value (Level 1 inputs).

Common collective trust: Stated at fair value as determined by the issuers of the funds on the fair market value of the underlying investments, which is valued at net asset value (“NAV”) as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized as follows:

<i>December 31,</i>	Level	2024	2023
Mutual funds	1	\$ 69,319,934	\$ 52,568,819
Money market fund	1	2,485,930	2,572,776
Common collective trust	(a)	347,791	-
Total investments at fair value		\$ 72,153,655	\$ 55,141,595

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

4. Information Prepared and Certified by the Trustee:

The following investments included in the statements of net assets available for benefits as of December 31, 2024 and 2023, and the dividend and interest income and net appreciation in fair value of investments included in the statement of changes in net assets available for benefits for the year ended December 31, 2024 have been derived from information certified as complete and accurate by Ascensus, LLC, as an authorized representative of Ascensus Trust Company, the Trustee, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA

5. Party-In-Interest Transactions:

The Vanguard Group, Inc. (“Vanguard”) is the recordkeeper for the Plan. Accordingly, transactions with Vanguard qualify as party-in-interest transactions permitted under provisions of ERISA. During 2024, the Plan paid Vanguard \$92,924 for recordkeeping services.

CAPFINANCIAL PARTNERS, LLC, d/b/a CAPTRUST Financial Advisors (“CAPTRUST”) provided investment management and advisory services to the Plan. Accordingly, transactions with CAPTRUST qualify as party-in-interest transactions permitted under provisions of ERISA. During 2024, the Plan paid CAPTRUST \$93,731 for investment management and advisory services.

Included in the Plan assets are notes receivable from participants. These transactions qualify as party-in-interest transactions permitted under provisions of ERISA. At December 31, 2024 and 2023, notes receivable from participants amounted to \$1,208,083 and \$911,370, respectively. For the year ended December 31, 2024, interest income related to notes receivable from participants amounted to \$91,633.

6. Commitments and Contingencies:

During 2024, the Company identified certain operational errors related to the timing of allowing employees of Company acquisitions to participate in the Plan, and initiated correction under the IRS’s Employee Plans Compliance Resolution System (“EPCRS”). The Company has submitted a Voluntary Correction Program (“VCP”) filing, which is pending final determination from the IRS.

Based on currently available information, management believes it is reasonably possible but not probable that a financial obligation may result from the correction, and determination of the financial obligation is not determinable until the IRS renders a decision on the VCP. Accordingly, no liability has been recorded in the accompanying financial statements.

The ultimate outcome of this matter is subject to uncertainty; however, management believes any additional liability, if incurred, would not have a material adverse effect on the Plan’s financial statements or the Plan’s tax qualification status.

7. Income Tax Status:

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Management has evaluated the Plan’s tax positions and concluded that, as of December 31, 2024, the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the accompanying financial statements. The Plan is not subject to income tax examination by the U.S. federal, state, or local tax authorities for years before 2021.

Notes to Financial Statements

8. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

9. Acquisitions:

During the year ended December 31, 2024, a total of \$6,318,234 in participant balances was transferred into the Plan as a result of Company acquisitions. New employees from these acquisitions were offered the opportunity to participate in the Plan in accordance with the terms defined in each respective acquisition agreement.

The following table summarizes the benefit plan mergers and corresponding asset transfers during 2024:

Acquired Company	Effective Date of Merger	Asset Transfer Date	Transferred Contributions	Transferred Loans
Christian Cable Group, Inc.	January 1, 2024	January 8, 2024	\$ 1,075,111	\$ 31,723
