Independent Auditor's Report

RSM US LLP

Trustees and Plan Administrator
AMP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AMP 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by a qualified institution and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMP 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description and Significant Accounting Policies

The following description of AMP 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established effective January 1, 1982, and most recently restated January 1, 2021. The Plan covers substantially all employees and pilots of Association of Maryland Pilots (the Plan Sponsor or the Association) who are at least 18 years old and have completed three months of service. Employees and pilots may enter the Plan on the first day of the month coinciding with or next following the date of satisfaction of the eligibility requirements. The Pension Committee, of the Plan Sponsor, is responsible for oversight of the Plan. The Pension Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments: The Plan was amended effective January 1, 2024, to reduce the minimum eligibility service requirement for elective deferrals to three months. The Plan was amended effective April 1, 2024, to permit in-plan Roth rollovers.

Contributions: Participants may contribute up to 80% of their compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Roth elective contributions are also allowed. The Plan allows additional catch-up contributions for participants who have attained age 50 before the end of the plan year. All eligible employees are automatically enrolled in the Plan at a deferral rate of 3% of pretax compensation unless the employee specifically opts out of participation or elects a different deferral rate. The deferral percentage will be automatically increased on an annual basis by 1% on January 1, up to a maximum of 10% of compensation deferred, not to exceed the statutory maximum in a calendar year. Per their employment agreement with the Association, Limited Licensed Pilots are required to contribute a minimum of 4.5% of their gross wages into the Plan.

The Association may make a nonelective profit sharing contribution of 2% of eligible compensation to non-pilot employees who have completed at least a year of service. The Association makes an additional nonelective contribution of 6% of eligible compensation to non-pilot employees who have completed at least three years of service. The Association, at its discretion, can elect different percentages for the profit-sharing contributions, however, did not exercise that option for the year ended December 31, 2024. The Association may make discretionary matching contributions for employees classified as pilots. For the year ended December 31, 2024, the matching contribution was 200% of their deferral amount. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions into a self-directed brokerage account or into selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the Plan Sponsor's matching contribution, as well as allocations of the Association's non-matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of participant's account.

Vesting: Participants are immediately vested in all contributions plus actual earnings or losses thereon.

AMP 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description and Significant Accounting Policies (Continued)

Payment of benefits: On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a payment paid as a direct rollover to an individual retirement account (IRA) or to another employer's tax qualified plan. If the total benefit is greater than \$5,000, the participant must consent to the distribution before it is made and may choose to receive monthly installments or defer receiving payments until age 73. By deferring payments, the account will continue to be invested the way the participant chooses and will be adjusted for any gains or losses which occur. If the participant's benefit is greater than \$1,000 and less than \$5,000, the entire amount will be rolled over to an IRA designated by the Plan Sponsor, unless the participant elects otherwise. If the participant's benefit is less than \$1,000, the entire amount is distributed to the participant in a lump-sum without consent. Withdrawals for financial hardship (as defined by the Plan) are permitted under the Plan. Participants age 59½ and older may withdraw any vested portion of their separate account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 and limited to the lesser of \$50,000 (reduced by the excess of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which the loan was made, over the outstanding balance of loans from the Plan on the date on which such loan was made), or 50% of their vested balance. Loan terms may not exceed five years for traditional loans or 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate. The interest rate is fixed throughout the duration of the loan. Interest rates range from 3.25% to 8.50% for loans outstanding as of December 31, 2024, and the loans mature through 2055. Principal and interest are paid over a substantially level amortization period via payroll deductions for employee participants and income cash distributions for pilot participants.

A summary of the Plan's significant accounting policies follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Pension Committee determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan

Notes to Financial Statements

Note 1. Plan Description and Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants and employer contributions are recorded in the year in which the underlying compensation is paid. Participant contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction in contributions.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include certain recordkeeping fees charged to individual account balances or allocated to all participant accounts depending on the expense type. Investment related expenses are included in net appreciation in fair value of investments.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2024) through October 14, 2025, the date the financial statements were available to be issued.

Note 2. Information Certified or Provided by Charles Schwab Trust Bank (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, a qualified institution:

	December 31	
	2024	2023
Investments at fair value:		
Self-directed brokerage accounts	\$ 25,197,604	\$ 24,149,332
Money market account	733,726	446,866
Registered investment companies	34,357,284	31,293,045
	<u>\$ 60,288,614</u>	<u>\$ 55,889,243</u>
Notes receivable from participants	<u>\$ 259,149</u>	<u>\$ 112,282</u>

The trustee also certified to the completeness and accuracy of \$5,934,217 of net appreciation in fair value of investments, \$880,494 of interest and dividends, and \$11,287 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2024.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market account: Valued at carrying amount, which approximates fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Common stocks, preferred stocks, corporate bonds and publicly traded limited partnerships are valued at the closing price reported on the active market on which the individual securities are traded. Certificates of deposit are valued at amortized cost, which approximates fair value. Publicly traded unit investment trusts are valued at the closing prices reported by primary and secondary exchanges.

Note 3. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market account	\$ 733,726	\$ -	\$ -	\$ 733,726
Registered investment companies	34,357,284	-	-	34,357,284
Self-directed brokerage accounts	25,197,604	-	-	25,197,604
Investments at fair value	<u>\$ 60,288,614</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 60,288,614</u>

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money market account	\$ 446,866	\$ -	\$ -	\$ 446,866
Registered investment companies	31,293,045	-	-	31,293,045
Self-directed brokerage accounts	24,149,332	-	-	24,149,332
Investments at fair value	<u>\$ 55,889,243</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 55,889,243</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

Note 4. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by the trustee. Charles Schwab Trust Bank is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan Sponsor also paid certain administrative expenses of the Plan.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan's assets would be distributed to the participants in accordance with the Plan agreement.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7. Tax Status

The Plan has adopted a non-standardized form of a pre-approved plan. The pre-approved plan provider received on September 21, 2020, an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
