Report of Independent Auditors

To the Administrator of B. Braun Medical Inc. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of B. Braun Medical Inc. Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, including the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Form 5500 – Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 (“supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

B. Braun Medical Inc. Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the B. Braun Medical Inc. Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers eligible employees of B. Braun Medical Inc. and its affiliated companies (collectively the "Company" or "Companies"). Employer contributions are paid by the appropriate Companies. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by the Company's Retirement Committee, which is a committee appointed by the Board of Directors of the Company. The Committee has overall responsibility for the operation and administration of the Plan.

Effective January 1, 2017, the Plan was amended to exclude group term life insurance in excess of \$50,000 and all periodic spot award payments from the definition of eligible compensation.

Effective January 1, 2018, the Plan was amended to provide the ability to roll over amounts from tax-qualified retirement plans sponsored by B. Braun Medical Inc. for: (1) covered employees who have not yet met the age and/or service requirements applicable to employee contributions or (2) former employees who roll over amounts from another tax-qualified retirement plan that is sponsored by B. Braun Medical Inc.

Effective February 1, 2018, the Plan was amended to add a minimum hardship withdrawal amount of \$500 and limits the number of hardship withdrawals to two per participant during the calendar year. The amendment also limits the amount of withdrawal to the person's vested balance and cannot exceed the hardship amount.

Effective January 1, 2019, the Plan was amended to change the default investment fund to the T. Rowe Price Retirement Trust.

Effective January 1, 2019, pursuant to the Bipartisan Budget Act of 2018, the Plan was amended to allow participants to take hardship distributions before taking loans as well as to allow earnings of elective deferrals to be withdrawn on account of hardship in situations of residential casualty losses and disaster losses.

Effective May 20, 2019, the Plan was amended to allow eligible employees hired before April 1, 2014 the opportunity to enroll in automatic contributions and the optional automatic escalation feature.

On February 25, 2020, the Plan was amended to allow for employer matching on catch-up contributions as well as to allow participating employees over the age of 50 to contribute up to 75% of pretax earnings and for Roth contributions.

Effective January 1, 2022, the Plan was amended to change the contribution limit to 60% for catchup and ongoing contribution elections for before tax and Roth.

Effective May 1, 2023, the Plan amended the definition of adjustments to compensation to include elective deferrals to the Plan and to any other plan or arrangement (such as cafeteria plans) and exclude military differential wage payments and compensation paid after employment is terminated.

B. Braun Medical Inc. Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

Effective April 1, 2024, the Plan amended the automatic deferral escalation cap under the Plan's auto-enrollment feature from 10% to 15% of eligible compensation.

Eligibility

All employees are eligible to participate unless they are union employees, nonresident alien employees, leased employees, individuals providing services through a third party, independent contractors or consultants, interns, students on a work study program or any individual compensated by the Employer whose compensation is not subject to statutorily required payroll tax withholding. There is no age or service requirement to begin participating in the Plan.

Contributions

Contributions to the Plan are made by participating employees and the Companies. An employee may elect to contribute 1% to 60% of eligible pay in either pretax earnings, Roth or a combination of both subject to certain limits set by the Internal Revenue Service (IRS). Participants over 50 years of age could make additional contributions of \$7,500 for the years ended 2024 and 2023, respectively. Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which participation compensation is earned.

At December 31, 2024 and 2023, the Company matched 100% of the first 3% and 50% of the next 1% for employees who were also eligible for the U.S. Pension Plan. The Company matched 100% of the first 5% of contributions and 50% of the next 1% of contributions for employees who were not eligible for the U.S. Pension Plan.

Eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at six percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. Additionally, participants may elect to enroll in an optional automatic escalation feature which will increase the participants contribution amount by one percent each year until they reach a contribution deferral of fifteen percent of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participants transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants contributions and earnings thereon are immediately 100% vested and nonforfeitable. Vesting in the Company's matching contributions and profit-sharing contributions are based on years of continuous service. A participant vests 20% annually until fully vested upon completing a fifth year of service. Participants also become fully vested upon attaining age 65, becoming permanently and totally disabled or upon death. If a participant's employment is terminated for any other reason, the nonvested account balance is immediately forfeited. Under certain conditions, a rehired employee may have a previously forfeited account balance reinstated.

The Plan used forfeited nonvested accounts to reduce Company contributions by \$1,151,222 and \$1,463,945 in 2024 and 2023, respectively. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$1,151,222 and \$1,463,945, respectively.

B. Braun Medical Inc. Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

Notes Receivable From Participants

A participant may borrow from a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the vested account balance or \$50,000, reduced by the greater of (i) the highest outstanding loan balance over the past 12 months, or (ii) the outstanding balance of loans to the participant on the date on which such loan is made. Notes are secured by the balance in the participant's account. The repayment of the loan generally shall not exceed five years (unless used to purchase a principal residence which then cannot exceed fifteen years), and interest on outstanding loans is equal to the prime lending rate as quoted in the Wall Street Journal plus 1%. Interest rates on loans outstanding as of December 31, 2024 and December 31, 2023 ranged from 4.25% to 9.50%, respectively.

Payment of Benefits

Benefits are paid according to the vested interest to which the participants are entitled upon retirement, termination, death, or disability. A participant with an account balance exceeding \$5,000 may rollover the vested balance to an individual retirement account (IRA) or into a future employer's plan, elect to receive a distribution in a lump sum payment or defer commencement of the distribution until normal retirement age. If the balance does not exceed \$5,000 but is greater than \$1,000, the Plan will automatically rollover the vested balance into an IRA. If the balance is less than \$1,000, the Plan will automatically distribute the balance to the participant in a lump sum payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments sold during the period realized as well as the unrealized gains or losses on investments held in the portfolio at period end.

Management fees and operating expenses charged to the Plan for investments in registered investments companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

B. Braun Medical Inc. Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan as provided in the Plan document. The Plan sponsor provides accounting and other administrative services to the Plan at no charge and are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Administrative fees of the Plan totaled \$678,731 and \$647,393 for the years ended December 31, 2024 and 2023, respectively.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Information

Plan management has elected the method of compliance permitted by CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. All investment balances and related investment information disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year) was agreed to or derived from information provided to the Plan administrator and certified as complete and accurate by Empower Trust Company, LLC, the trustee and custodian of the Plan.

The following line items consist of certified information within the statements of net assets available for benefits:

	2024	2023

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the U.S. Securities Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Trusts

Valued at NAV, as provided by the trustees, which is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments with respect to these investments, however, they may be subject to redemption restrictions, at the trustee's discretion, to the extent that it is determined such actions would disrupt management of the fund.

B. Braun Medical Inc. Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

As of December 31, 2024 and 2023, the investments in common trusts have no unfunded commitments or defined remaining life, offer daily liquidity (pending market conditions) and are not subject to any redemption restrictions at the measurement date. Trades within these funds generally settle daily with no required redemption notice period. A full redemption of these funds could be temporarily delayed based on ordinary market conditions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	
Registered Investment Companies	\$ 262,762,589	\$ -	\$ -	\$ 262,762,589

B. Braun Medical Inc. Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

(a) The strategy for this fund is to invest in securities in order to maintain a stable value.

5. Related Party Transactions and Party in Interest Transactions

The Plan invested in a common trust fund managed by Putnam Investments, LLC, an affiliate of the trustee, Empower Trust Company, LLC. In addition, the issued loans to participants are secured by the balances of the participants' accounts and certain expenses related to the administration of the Plan are paid by the Company. Therefore, these related party transactions qualify as party in interest transactions but are exempt from the prohibited transaction rules.

6. Tax Status

The Plan is a volume submitter plan that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC") and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedure 2010-6 and Announcement 2005-16, the Company has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor has indicated that it will take necessary steps to maintain the Plan's qualified status. As a result, the Plan administrator believes the Plan is qualified and therefore, the related trust is exempt from taxation. Accordingly, no provision for taxes has been reflected in the financial statements of the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although they have not expressed any intention to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their employer contributions.

9. Subsequent Events

The Company's management has evaluated all activity of the Plan through October 14, 2025 the date the financial statements were made available for issuance.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of assets available for benefits per the financial statements to Form 5500 as of December 31, 2024 and 2023:

	2024	2023
Net assets available for benefits per the financial statements	\$ 978,703,009	\$ 879,530,300
