Independent Auditors' Report

To the Participants and Plan Administrator of
Oshkosh Corporation Tax Deferred Investment Plan for Production Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Oshkosh Corporation Tax Deferred Investment Plan for Production Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023 stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Oshkosh Corporation Tax Deferred Investment Plan for Production Employees

Notes to Financial Statements
December 31, 2024 and 2023

1. Plan Description

The following description of the Oshkosh Corporation Tax Deferred Investment Plan for Production Employees (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Oshkosh Corporation (the Company) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration

The Plan's Investment Committee has overall responsibility for the operations and administration of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. Empower Trust Company, LLC (Empower) is the appointed trustee of the Plan.

Eligibility

The Plan covers substantially all production employees of Oshkosh Defense, LLC, a wholly owned subsidiary of the Company, covered by a collective bargaining agreement. Employees become eligible to participate upon the first day of employment with the Company.

Contributions

Eligible employees can elect to defer from 2% to 100% of their eligible pre-tax compensation as defined in the plan document, up to the maximum limits of the IRC. Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Catch-up contributions are also allowed for participants whose age is 50 and over. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company's matching contribution is \$0.50 for each \$1.00 of pretax participant contributions, limited to the first 6% of deferred participant compensation. Participants direct investment of all contributions into various investment options offered by the Plan.

Notes to Financial Statements

December 31, 2024 and 2023

Employees hired on or after October 1, 2016 are eligible for a nonelective employer contribution. The nonelective employer contribution is calculated each payroll period based on a specific percentage of the eligible participant's base wages as defined by the plan document. The specific percentage is determined based upon the age of the participant as of December 31 of the year for which the nonelective employer contribution relates, are as follows:

<u>Age as of December 31</u>	<u>Percentage of Base Pay</u>
Less than 35 years	2 %
At least 35, but less than 50 years	3
50 years or older	4

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Individual accounts are maintained for each participant and reflect each participant's own contributions, nonelective employer contributions, employer matching contributions, each participant's share of the Plan's income or loss and any related administrative expenses. Earnings and losses of the Plan are allocated daily to participant account balances in the proportion that each participant account balance bears to the sum of all participant account balances in that particular fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested with respect to their own contributions and the employer's matching contributions. Participants become vested in nonelective employer contributions (if applicable) following three years of service.

Notes Receivable From Participants

Participants are permitted to borrow from their accounts. The maximum aggregate dollar amount of loans outstanding to any participant may not exceed the lesser of 50% of the participant's vested account balance or \$50,000, with a minimum loan amount of \$1,000. Loans are repayable through payroll deductions over periods ranging up to 60 months (or 180 months if the amount borrowed is used for the purchase of a primary residence). The interest rate is determined by the plan administrator based on prevailing market conditions and is fixed over the term of the loan. Interest rates ranged from 3.25% to 8.50% as of December 31, 2024 and 2023.

Benefit Payments

Upon termination, participants or their beneficiaries may elect to receive their benefits in a lump-sum amount or in a series of installment payments and/or partial distributions equal to the value of the participants' vested interest in their account. If a participant's account balance does not exceed \$7,000 at the date of distribution, the entire account balance shall be payable as a single lump sum upon retirement, death or termination. For participants whose account balance exceeds \$7,000 upon termination of service, the participant may defer payment until April 1 of the calendar year following the year in which the participant attains age 73.

Aside from normal retirement distributions, in-service withdrawals of pretax contributions may be withdrawn only upon attainment of age 59½ or for financial hardship as defined by the Plan.

Administrative Expenses

Fees related to the administration of the Plan and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation or appreciation in fair value of investments. Certain other expenses of maintaining the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Forfeited Accounts

As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$26,878 and \$7,426, respectively, which can be used to reduce future employer contributions. During the years ended December 31, 2024 and 2023, employer contributions were reduced by \$12,629 and \$155,649, respectively, from forfeited, nonvested accounts.

Termination of Plan

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth under ERISA. In the event the Plan is terminated, participants would become 100% vested in their accounts.

Recent Regulatory Updates

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2024 and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Accounting Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 3 for discussion of the fair value measurements.

Notes to Financial Statements

December 31, 2024 and 2023

Net appreciation or depreciation of investments included in the accompanying Statements of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Putnam Stable Value Fund is a stable value common collective fund which holds fully benefit-responsive guaranteed investment contracts and is valued at the fair value of the underlying investments. Units are issued and redeemed daily at the fund's constant net asset value (NAV) of \$1 per unit. Distribution to the fund's unit holders is declared daily from the net investment income and automatically reinvested in the fund on a monthly basis, when paid. It is the policy of this fund to use its best effort to maintain a stable NAV of \$1 per unit, although there is no guarantee that the fund will be able to maintain this value. As further disclosed in Note 3, this fund is valued at NAV as a practical expedient to determine fair value.

The Clearbridge Small Cap Growth, Fidelity Freedom commingled pool funds, Growth Company Commingled Pool and the Low-Priced Stock Commingled Pool are common collective funds which invest in a commingled pool of the Fidelity Group Trust for Employee Benefit Plans. The funds are valued at the fair value of the underlying investments. The beneficial interest in the net assets of these funds is represented by units. The NAV per unit is determined each business day. Issues and redemptions of units are recorded, upon receipt of unit holder's instructions in good order, based on the next determined NAV per unit. As further disclosed in Note 3, these funds are valued at NAV as a practical expedient to determine fair value.

Risks and Uncertainties

The Plan provides for investments in mutual funds and common collective funds. Investment securities are exposed to various risks including, but not limited to, interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could be material to the financial statements.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. Interest income is recorded on the accrual basis. The notes are secured by the participants' account balances. A credit loss may occur due to a depreciation in the value of a participant's account balance. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Transfers

Along with the Plan, the Company also sponsors other 401(k) plans. If employees transfer or change status during the year, their account balances are transferred into the corresponding plan. Net plan transfers to the Oshkosh Corporation and Affiliates Tax Deferred Investment Plan totaled \$2,590,590 and \$184,674 during the years ended December 31, 2024 and 2023, respectively.

3. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability (i.e., exit price) in an orderly transaction between market participants at the measurement date. ASC Topic 820 requires disclosures that categorize assets and liabilities measured at fair value into one of three different levels depending on the assumptions (i.e., inputs) used in the valuation. Level 1 provides the most reliable measure of fair value, while Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2 – Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets

Level 3 – Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management is responsible for the determination of fair value. Accordingly, plan management performs periodic analyses on prices received from the pricing services to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, plan management has not historically adjusted the prices obtained from the pricing services.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used as of December 31, 2024 and 2023.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective funds are valued at the NAV units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements
December 31, 2024 and 2023

The fair values of the Plan's investments were as follows:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 56,028,595	\$ -	\$ -	\$ 56,028,595
Investments measured at NAV (a)				82,360,219
Total investments at fair value				\$ 138,388,814

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 100,623,424	\$ -	\$ -	\$ 100,623,424
Investments measured at NAV (a)				31,134,766
Total investments at fair value				\$ 131,758,190

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

The following tables set forth additional disclosures for the fair value measurement of the Plan's investments that calculate fair value based on NAV per share practical expedient as of December 31:

	2024			
	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective funds	\$ 82,360,219	N/A	N/A	Daily *
	2023			
	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective funds	\$ 31,134,766	N/A	N/A	Daily *

* Participant-initiated transactions may be made on any business day; however, withdrawals directed by the Plan sponsor must be preceded by twelve months written notice.

4. Related-Party and Party in Interest Transactions

The Plan issues loans to participants, which are secured by the participant's account balance. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Tax Status

The IRS has determined and informed the Company in a letter dated July 6, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of and for the years ended December 31, 2024 and 2023. Accordingly, Empower, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants as reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, the supplementary schedule, Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 and the related investment activity and interest income on notes receivable from participants reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

7. Concentrations

As of December 31, 2024 and 2023, the Plan had investments totaling \$18,197,118 and \$16,482,655, respectively, concentrated in one fund.

8. Administration of Plan Assets

The Plan's assets are administered under a contract with the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

9. Subsequent Events

Management of the Plan has evaluated subsequent events through October 9, 2025, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.
