## INDEPENDENT AUDITORS' REPORT

To the Benefits Committee  
Energen Corporation Retiree Welfare Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of the Energen Corporation Retiree Welfare Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits and the statements of plan's benefit obligations as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits and the statement of changes in plan's benefit obligations for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion on the Financial Statements**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

#### **Other Matter – Supplemental Schedules Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024, and the supplemental schedule of reportable transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREE WELFARE PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**1. DESCRIPTION OF PLAN**

The following brief description of the Energen Corporation Retiree Welfare Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

**General**

The Plan is a contributory defined benefit health and welfare plan covering retired salaried employees of Energen Corporation (the Employer) and inactive Minatone plan participants that were acquired in 2005 and covered dependents. Retired employees are entitled to medical benefits if they have attained at least age 55 and have at least ten years of service with the Company.

Investments of the Plan are held by Russell Investments Trust Company (the trustee) at December 31, 2024 and 2023, and are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 30, 2014, the Employer separated its postretirement health care and life insurance benefit plan into an Energen and an Alagasco plan reflecting the separation of assets and obligations in accordance with ERISA provisions.

Effective January 1, 2017, the Plan does not provide group health benefits to its retirees, other than providing the annual contributions to a Health Reimbursement Arrangement (HRA). An HRA is a nominal account attributed to each participant who elects to participate, per the Internal Revenue Service (IRS). Funds in the HRA may be used toward eligible health expenses. Unused HRA balances are carried over to subsequent years but are not funded until claims are incurred and presented to the administrator for payment. The HRA and all related claims are administered by the administrative agent.

**Trust Funds**

On December 1, 1990, the Employer established the Retired Salaried Employee Benefit Plans Trust (Salaried Trust Fund) to segregate the contributions and the investment activity relating to salaried retirees who participate in Employer-sponsored defined benefit health and welfare plans. Effective January 1, 2006, the assets held in the Salaried Trust Fund were designated to the Plan.

On February 1, 1991, the Employer established the Retired Salaried Employee Group Life Insurance Plans Trust (Group Life Trust Fund) to segregate the contributions and the investment activity relating to salaried retirees who participate in the Energen Corporation Group Life Insurance Plan. Effective January 1, 2006, the assets held in the Group Life Trust Fund were designated to the Plan.

**Benefits**

The Plan provides annual contributions to a HRA to retired employees of the Employer, provided they have attained at least 55 years of age and ten years of service. The Plan also provides life insurance to retired employees of the Employer, provided they have attained at least 55 years of age, ten years of service and were hired prior to January 1, 2010.

**ENERGEN CORPORATION  
RETIREE WELFARE PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

---

**Contributions**

The Employer makes contributions to the Plan as required to fund the individual HRAs.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, health claims payable, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets during the reporting periods. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Other Plan Benefit Obligations**

Plan benefit obligations at December 31, 2024 and 2023, include amounts for health claims currently payable for the reimbursement to the administrative agent of the HRA.

**Administrative Expenses**

The Employer provides certain administrative and accounting services to the Plan at no cost and also pays certain other administrative expenses on behalf of the Plan. The Plan paid fees for the administration of the HRA, audit fees and operational expenses out of Plan assets. These fees are presented as administrative fees in the statement of changes in net assets available for benefits.

**Payment of Benefits**

Premiums paid by either the Employer or the trust are recorded as premium payments in the accompanying statement of changes in net assets available for benefits.

**Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts

**ENERGEN CORPORATION  
RETIREE WELFARE PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

---

reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

### **3. INFORMATION CERTIFIED BY TRUSTEE**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at December 31, 2024 and 2023, and net appreciation in fair value of investments, and dividends as of December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee.

### **4. POSTRETIREMENT BENEFIT OBLIGATION**

A postretirement benefit obligation has been recognized for retiree HRA contributions for eligible participants and their dependents upon retirement. These benefit obligations represent the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. The obligations represent the amounts that are expected to be funded by contributions from the Employer and from existing assets of the Plan. Postretirement benefits include future benefits expected to be paid to or for currently retired or terminated employees and their beneficiaries and dependents.

The actuarial present value of the expected postretirement obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant, and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

**ENERGEN CORPORATION  
RETIREE WELFARE PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

---

The following were significant assumptions used in the valuations of the postretirement benefit obligations at December 31, 2024:

Weighted-average discount rate	5.60%
Mortality	Pri-2012 White Collar base tables (headcount weighted) for Employees and Retirees, projected generationally from 2012 with Scale MP-2021
Ultimate health care cost trend rate	4% <sup>1</sup>

The following were significant assumptions used in the valuations of the postretirement benefit obligations at December 31, 2023:

Weighted-average discount rate	4.95%
Mortality	Pri-2012 White Collar base tables (headcount weighted) for Employees and Retirees, projected generationally from 2012 with Scale MP-2021
Ultimate health care cost trend rate	4% <sup>1</sup>

<sup>1</sup>An annual increase applies to two disabled participants and one grandfathered participant. As such, the weighted-average health care cost trend rate assumption does not have a significant effect on the amounts reported as postretirement benefit obligations.

During the valuation year ended December 31, 2024, the actuarial present value of accumulated benefits decreased \$1,156,705 as a result of changes in actuarial assumptions.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement obligation.

## **5. FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Market Value*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**ENERGEN CORPORATION  
RETIREE WELFARE PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value at December 31, 2024 and 2023:

*Mutual funds:* Valued at the net asset value (NAV) of shares held by the Plan at year-end. The funds held by the Plan are open-ended funds that register with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. These funds are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023. There were no Level 2 or 3 investments.

## 6. TAX STATUS

The Salaried Trust Fund and the Group Life Trust Fund have been informed by exemption letters received from the IRS dated September 28, 1994, stating that the trusts are tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (IRC). However, as a result of the

RETIREE WELFARE PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

---

Plan's funding policy, from time to time, the trusts may be subject to income taxes. For the year ended December 31, 2024, \$133,263 was paid and recorded for unrelated business income taxes.

GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **7. PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of mutual funds managed by Russell Investments Trust Company. Russell Investments Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

#### **8. PLAN TERMINATION**

Although it has not expressed any intention to do so, the Employer has the right under the Plan to modify the benefits provided to, and contributions required of, participants and to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants.

#### **9. SUBSEQUENT EVENTS**

Management has evaluated subsequent events through October 13, 2025, which is the date the financial statements were available to be issued and have determined that there are no subsequent events that require disclosure under FASB ASC Topic 855, *Subsequent Events*.
