INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Tompkins Industries, Inc. Profit Sharing
401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the accompanying financial statements of Tompkins Industries, Inc. Profit Sharing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Tompkins Industries, Inc. Profit Sharing 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. (U.S. GAAP)
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tompkins Industries, Inc. Profit Sharing 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tompkins Industries, Inc. Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tompkins Industries, Inc. Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tompkins Industries, Inc. Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TOMPKINS INDUSTRIES, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of the Tompkins Industries, Inc. (Company) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- a. General – The Plan is a Safe Harbor defined contribution plan covering all non-union employees of the Company. For salary deferrals and employer matching contributions, employees become eligible immediately upon date of hire and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- b. Contributions – Participants may contribute a portion of pretax annual compensation, as defined in the Plan. Participants may also rollover amounts from other qualified defined benefit or contribution plans. Effective January 1, 2016, the Company elected safe harbor status and as a result, the Company will match 100% of the employee contribution up to 4%.

Forfeitures reduce the employer match contribution.

Participants over age 50 are eligible to defer an additional \$7,500 for 2024 and \$7,500 for 2023 as a catch-up contribution, under the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA). Catch-up contributions are treated as elective deferrals for purposes of applying any employer matching contributions under the plan.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers seventeen mutual funds as investment options for participants. An eligible participant must complete 1,000 hours of service during the plan year in order to receive the matching contribution. The Company matching contribution is invested pro rata in the same investments chosen by each participant. Contributions are subject to certain limitations.

- c. Participants' Accounts – Each participant's account is credited with the participant's contribution and the Company's contribution, along with earnings or losses of the participant's individually directed account. The Plan pays 100% of John Hancock contract administration fees.
- d. Vesting – Participants are immediately vested in their voluntary contributions, and beginning in 2024 the safe harbor matching contribution, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as follows.

Years of Service	Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

- e. Payment of Benefits – On termination of service due to death, disability, retirement or termination of service due to other reasons, a participant may receive a lump sum amount equal to the value of the participant’s vested interest in his or her account.
- f. Participant Loans – Participant loans are not allowed under the Plan provisions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Dividends are recorded on the ex-dividend date.

3. INVESTMENTS

The plan investments are held by John Hancock Life Insurance Company USA under two accounts (1) Guaranteed Interest Account and (2) Subaccounts. For the investments maintained with John Hancock Life Insurance Company USA for the Plan year, the plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. John Hancock Life Insurance Company USA has certified to the completeness and accuracy of the investments held as reflected on the accompanying statement of net assets available for benefits as of December 31, 2024 and the related investment income reflected in the statement of changes in net assets available for benefits for the years then ended. Accordingly, as permitted under such election, the plan administrator instructed the Plan’s independent auditors not to perform any procedures with respect to the information certified by the custodian, except for comparing such information certified by the custodian to information included in the Plan’s financial statements and supplemental schedule.

During 2024, the Plan's investments (including investments purchase, sold and held during the year) depreciated in value as follows:

	For the Year Ended December 31, 2024
Net appreciation in fair value of investments Mutual Funds	\$ <u>2,405,897</u>

The account values are determined at the close of each business day based on market value. The value of the accounts is expressed in units. The unit value is the dollar value of one unit and is determined at the close of each business day by dividing the value of the entire account by the number of units in the account.

4. FAIR VALUE MEASUREMENTS

In determining fair value, the Plan uses various valuation approaches. ASC 820 establishes a fair value measurement framework, provides a single definition of fair value, and requires expanded disclosure summarizing fair value measurements. ASC 820 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing an asset or liability.

The statement establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable input be used when available. Observable inputs are inputs that the market participants would use in pricing the asset or liability that are developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is measured in three levels based on the reliability of inputs:

- **Level 1** – Valuations based on quoted prices in active markets for identical assets the Plan has the ability to access at the measurement date.
- **Level 2** – Valuations based on quoted prices in less active dealer or broker markets. Fair values are primarily obtained from third party pricing services for identical or comparable assets.
- **Level 3** – Valuations derived from other valuation methodologies. Level 3 valuations incorporate certain assumptions and projections that are not observable in the market and require significant professional judgment in determining the fair value assigned to these assets.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Pooled Separate Accounts (PSA) – PSAs are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The Net Asset Value of a PSA is based on the market value of its underlying investments.

Guaranteed Interest Account (GIA) – GIAs are an investment option under a variable universal life policy that pays a declared fixed interest rate. The carrying amount approximates fair value.

2024

Description	Level 1: quoted prices in active markets for identical assets	Level 2: significant other observable inputs	Level 3: significant unobservable inputs	Total at December 31, 2024
Mutual Fund Accounts	\$ 14,638,780	\$ -	\$ -	\$ 14,638,780
Money Market Account	41,434	-	-	41,434
Total Investments	\$ 14,680,214	\$ -	\$ -	\$ 14,680,214

2023

Description	Level 1: quoted prices in active markets for identical assets	Level 2: significant other observable inputs	Level 3: significant unobservable inputs	Total at December 31, 2023
Mutual Fund Accounts	\$ 11,809,638	\$ -	\$ -	\$ 11,809,638
Money Market Account	29,155	-	-	29,155
Total Investments	\$ 11,838,793	\$ -	\$ -	\$ 11,838,793

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan administrator believes that the Plan continues to qualify and to operate as designed. The Plan Administrator has applied for and received a favorable tax determination from the Department of the Treasury.

7. CONCENTRATION OF CREDIT RISK

The Plan has its total assets invested in the American Funds group of mutual funds, which constitutes a concentration of investments for credit risk purposes. Should the funds fail, the Plan could incur a loss equal to the amount of the investments.

8. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of funds managed by John Hancock Life Insurance Co., USA. John Hancock Life Insurance Co, USA is the Plan Custodian, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants ' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events from the date of the financial statements through October 13, 2025, the date the financial statements were available to be issued, and determined there are no other items to disclose.
