Independent Auditor's Report

Participants and Plan Fiduciary Committee
Melwood Horticultural Training Center, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Melwood Horticultural Training Center, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 2 to the financial statements, is accurate and complete to the best of their knowledge and belief.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2024, and supplemental schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Notes to Financial Statements

Note 1. Plan Description and Summary of Significant Accounting Policies

The following description of Melwood Horticultural Training Center, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, established in accordance with Section 403(b) of the Internal Revenue Code (IRC), is a defined-contribution plan covering substantially all employees of Melwood Horticultural Training Center, Inc. (the Organization), except those who normally work less than 20 hours per week, collective bargaining employees not specifically included in the Plan, reclassified employees, nonresident aliens and employees who are eligible to participate in another plan of the Organization which is a 401(k) plan or another 403(b) plan. The Organization's Plan Fiduciary Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may elect to contribute an amount up to 100% annual compensation, as defined by the Plan. The Plan permits both pre-tax and Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Organization may contribute a discretionary matching contribution equal to 50% of elective deferrals up to 5% of eligible compensation. There will be a separately determined matching percentage for each highly compensated employee which shall not exceed the matching percentage used for the non-highly compensated employees. Matching contributions are not made on catch-up contributions. Participants must have completed a year of service, defined as a 1,000 hours of service during the plan year, to be eligible for Organization contributions. The Organization may also make discretionary nonelective contributions to the Plan; however, none were made for the year ended December 31, 2024.

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Fiduciary Committee in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the Organization's matching contributions, as well as allocations of any nonelective employer contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Organization's contribution portion of their accounts is based on years of continuous service. Participants are vested 33% after one year of service, 66% after two years and 100% after three years.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Safe harbor hardship withdrawals are permitted from vested matching contributions or vested non-elective contributions. Benefits are payable in lump-sum payments or installment payments unless the account balance is subject to the Plan's involuntary cash-out provision.

Notes to Financial Statements

Note 1. Plan Description and Summary of Significant Accounting Policies (Continued)

Forfeitures: Forfeitures are used to offset Plan administrative expenses and reduce employer contributions. Forfeited non-vested accounts totaled \$4,704 and \$6,246 at December 31, 2024 and 2023, respectively. During 2024, \$3,867 of forfeitures were used to reduce employer contributions and pay administrative expenses.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms may not exceed 30 years and are only allowed for the purchase of a participant's primary residence. The loans are collateralized by the vested balance in the participant's account. The interest rate is set at the prime rate at the time the loan is issued. These rates range from 3.50% to 8.50% on loans outstanding as of December 31, 2024, and the loans mature through 2046. Principal and interest are paid ratably through bi-weekly payroll deductions.

A summary of the Plan's significant accounting policies follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 3 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses are incurred.

Melwood Horticultural Training Center, Inc. Retirement Plan

Notes to Financial Statements

Note 1. Plan Description and Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants and the Organization's matching contributions are recorded in the year in which the employee contributions are withheld from compensation. Participant contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Administrative expenses include fees charged for the processing of benefit payments charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2024) through October 14, 2025, the date the financial statements were available to be issued.

Note 2. Information Certified and Provided by State Street Bank and Trust Company (State Street) and Transamerica Life Insurance Company (TLIC)

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule of assets (held at end of year), obtained by management and agreed to or derived from information certified by State Street and TLIC, the custodians of the Plan. The Plan Administrator has obtained certifications from the custodians that the information provided to the Plan Administrator by the custodians related to the following assets is accurate and complete to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the ERISA-required supplemental schedule related to the following assets:

| | December 31 | |
|------------------------------------|--------------|--------------|
| | 2024 | 2023 |
| Investments at fair value: | | |
| Registered investment companies | \$ 9,823,182 | \$ 8,448,337 |
| Investment at contract value: | | |
| Guaranteed investment contract | \$ 2,230,976 | \$ 1,889,332 |
| Notes receivable from participants | \$ 61,008 | \$ 72,194 |

State Street and TLIC also certified to the accuracy and completeness of \$790,042 of net appreciation in fair value of investments, \$313,528 of interest and dividends, and \$3,621 of interest income on notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2024.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in methodology used at December 31, 2024 and 2023.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

| Description | Assets at Fair Value as of December 31, 2024 | | | |
|---------------------------------|--|---------|---------|--------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | \$ 9,823,182 | \$ - | \$ - | \$ 9,823,182 |

| Description | Assets at Fair Value as of December 31, 2023 | | | |
|---------------------------------|--|---------|---------|--------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | \$ 8,448,337 | \$ - | \$ - | \$ 8,448,337 |

Melwood Horticultural Training Center, Inc. Retirement Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 4. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional, fully benefit-responsive guaranteed investment contract with TLIC that is reported at contract value. TLIC maintains the contributions in their general account. The account is credited with contributions, earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. The interest rate may not be reduced for a period of at least 12 months following the most recent reset date, but may be increased at any time. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

Melwood Horticultural Training Center, Inc. Retirement Plan

Notes to Financial Statements

Note 5. Related Party and Party-in-Interest Transactions

State Street and TLIC are custodians of the Plan and Transamerica Retirement Solutions, LLC (Transamerica) is the recordkeeper of the Plan; therefore, transactions with these entities qualify as party-in-interest transactions. The Organization also paid certain administrative expenses of the Plan.

The Plan's service agreement with Transamerica includes an expense budget account (EBA), which is credited with any excess of the established required revenue. The amount credited to the EBA are accrued daily based on participants' account balances and are credited to the EBA as of the last business day of each month. These amounts are used to pay plan related expenses and to the extent not used to pay such expenses, can be allocated to participants as of the end of the year at the discretion of the Organization. For the year ended December 2024, the EBA generated \$16,961 in revenue that is netted in administrative expenses.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Tax Status

The Plan has adopted a volume submitter 403(b) plan sponsored by Transamerica Retirement Solutions, LLC. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Nonexempt Transactions

During 2024, the Organization inadvertently failed to deposit \$31,962 of participant contributions and loan repayments within the required time frame as stated by the DOL regulations. The Organization deposited lost interest to correct this failure in 2024.

During 2023, the Organization inadvertently failed to deposit \$1,174,403 of participant contributions and loan repayments within the required time frame as stated by the DOL regulations. The Organization deposited lost interest to correct this failure in 2024.
