## INDEPENDENT AUDITORS' REPORT

To: C. R. Jackson, Inc., Administrator of the  
C. R. Jackson, Inc., and N. W. White & Co. 401(K) Profit Sharing Plan  
Columbia, SC

### SCOPE AND NATURE OF THE ERISA SECTION 103(a)(3)(C) AUDIT

We have performed audits of the financial statements of the C. R. Jackson, Inc. and N. W. White & Co. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

## **OPINION**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **BASIS FOR OPINION**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **OTHER MATTER — SUPPLEMENTAL SCHEDULES REQUIRED BY ERISA**

The supplemental schedule of schedule 1 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule 1, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule 1 that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule 1, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule 1, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule 1 related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**NOTE 1 – DESCRIPTION OF PLAN**

The following description of the C. R. Jackson, Inc. and N. W. White & Co. (Company) 401(K) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. **General** – The Plan is a participant-directed defined “safe harbor” contribution 401(k) profit-sharing plan established by the Company under the provision of Section 401(a) of the IRC. The Plan covers all employees of the Company who have at least three months of continuous service or 1,000 service hours in the plan year, and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2024, the Plan's Adoption Agreement was amended to change the eligibility requirement to the Elapsed Time Method from the Actual Method, which reduced the service requirement for eligibility to one month of service from the previously required three months of continuous service or the completion of one year of service. Additionally, the entry date was changed to the first day of each month after the date of employment; previously the entry date was the first day of each Plan Year quarter.

- B. **Contributions** – Each year, participants may elect to defer up to 75 percent of eligible compensation made to pre-tax contributions, as defined by the Plan, subject to certain limitations under the IRC. IRC limitations for pre-tax contributions were \$23,000 and \$22,500 for 2024 and 2023 calendar years, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions limited to \$7,500 for 2024 and 2023. Participants are also permitted to make rollover contributions from other qualified defined benefit or defined contribution plans. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants.

The Company provides a mandatory matching contribution equal to 100% of each participant's contribution up to a maximum of 4% of the participant's compensation. The Company also may make an additional discretionary contribution, which is dependent on the Company's operating results, up to a maximum of 6% of the participant's compensation. Contributions are subject to certain other limitations.

- C. **Participant Accounts** – Each participant's account is credited with employee deferrals and their allocation of: (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on a formula as provided in the Plan agreement. The benefit to which a participant is entitled is accumulated and limited to the benefit that can be provided from the participant's account as provided in the Plan agreement. The non-vested portions of terminated participants' account balances are forfeited and such forfeitures serve to reduce future administrative expenses and employer contributions. At December 31, 2024 and 2023, the Plan retained \$1,225 and \$1,044, in forfeitures, respectively.

401(K) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**NOTE 1 – CONTINUED**

- D. **Vesting** – Participants are immediately vested in their deferral contributions and safe harbor matching contributions, plus actual earnings thereon. The Company’s discretionary contributions for participants vest based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Employee contributions and rollover contributions plus or minus actual earnings or losses have full and immediate vesting. Discretionary employer contributions (and earnings or losses) vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5 or more	100%

Participant accounts become fully vested upon death, disability, attainment of normal retirement age, or upon termination of the Plan. The Company may authorize a percentage of the Company’s annual contribution to be transferred to the pre-tax account of non-highly compensated participants, and the participants then become immediately vested in those contributions.

- E. **Payment of Benefits** – Eligibility to be paid benefits is defined in the Plan agreement. On retirement, death, disability, or termination of service, a participant (or the participant's beneficiary in the event of death) will receive a lump-sum distribution of their non-forfeited account balance. In addition, hardship distributions are permitted if certain criteria are met. Eligibility to be paid benefits is defined in the Plan agreement. The normal retirement age, as defined in the Plan, is the later date at which the participant reaches the age of 65 or has reached five years of service. If a participant terminates before retirement, the participant will receive either a lump sum payment of their account balance or if the account balance exceeds \$1,000, the participant may elect any distribution date up to age 70 ½. For most individuals, this is April 1 of the calendar year following the later of either: the calendar year in which the participant attains age 70 ½, or the calendar year in which the employee retires.

Effective January 1, 2024, the Plan’s Adoption Agreement was amended to change the post-severance and lifetime distribution methods to include partial distributions in addition to the lump-sum and installment distribution options.

- F. **Forfeited Accounts** – Forfeitures of terminated participants’ non-vested accounts are used to offset future employer contributions or Plan administrative expenses. At December 31, 2024 and 2023, there were \$4,919 and \$1,633 in retained balances from forfeited non-vested accounts. In the years ended December 31, 2024 and 2023, the Plan did not use forfeiture balances to reduce administrative expenses. During 2024 and 2023, employer matching contributions were reduced by \$0 from forfeited non-vested accounts.

**NOTE 2 – SUMMARY OF ACCOUNTING POLICIES**

BASIS OF ACCOUNTING

The accompanying financial statements of the Plan have been prepared on an accrual basis and present the net assets available for benefits and the changes in those net assets. The Plan includes employees of C. R. Jackson, Inc., N. W. White & Co., Satterfield Construction Company, Inc., H. K. Steele, Inc., and Carolina Materials Corporation.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amount reported in the Statements of Net Assets Available for Benefits.

INVESTMENT VALUATION

In accordance with FASB Accounting Standards Codification (ASC) 962, *Accounting for Defined Contribution Pension Plans* (ASC 962), investment contracts held by a defined contribution plan are required to be reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value), which is determined based on the closing price reported on the last business day of the Plan year as follows (see Note 3 for a discussion of fair value measurements):

*Mutual Funds*

Closing market price as quoted per a third-party valuation service as of December 31, 2024 and December 31, 2023.

401(K) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**NOTE 2 – CONTINUED**

*Fully Benefit-Responsive Investment Contracts*

As described in the accounting guidance applicable to reporting of fully benefit-responsive investment contracts held by certain investment companies subject to the AICPA Investment Company Guide and defined-contribution health and welfare and pension plans, investment contracts held by a defined-contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the applicable accounting guidance, the Statements of Net Assets Available for Benefits and Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis for fully benefit-responsive investment contracts.

The change in the difference between fair value (contract value for fully benefit-responsive investment contracts) and the cost of investments is reflected in the Statements of Changes in Net Assets Available for Benefits as a component of net realized gain (loss) and unrealized appreciation (depreciation).

INCOME RECOGNITION

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investments and unrealized appreciation or depreciation is recognized at period end when the carrying values of the related investments are adjusted to their estimated fair market value.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

PURCHASES AND SALES

Purchase and sales of securities are reflected on a trade-date basis.

ADMINISTRATIVE EXPENSES

The Plan pays trustee administrative expenses and all Plan related expenses incurred for consultation with third party investment advisors and legal counsel. All additional investment-related expenses are paid by the Plan participants. Administrative expenses may be paid by the Plan or the Plan sponsor (Company). Annually, the Plan receives a Plan Expense Reimbursement Account (PERA) credit which can be used to reduce administrative expenses. For the years ended December 31, 2024 and 2023, the Plan received \$5,000 in PERA credits for administrative expenses. As of December 31, 2024 and 2023, the Plan had available PERA balances totaling \$81,005 and \$74,781, respectively. Administrative and investment expenses recorded in the accompanying statements of changes in net assets available for benefits that were paid by the participants for the years ended December 31, 2024 and 2023 totaled \$70,475 and \$45,826, respectively.

**NOTE 2 – CONTINUED**

PAYMENT OF BENEFITS

The Plan records benefit payments to withdrawing participants when paid. Under the rules for preparation of Form 5500, the Plan's Form 5500 will reflect an accrual for the amount to be paid to participants who withdrew from the Plan prior to year-end, and who had requested a distribution which was approved but not yet paid at period end, if any. At December 31, 2024 and 2023, no terminated participants had amounts payable.

CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in Plan's investments. Management believes that the trust maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Contributions receivable represent amounts due from the Company. The Plan required no collateral on these amounts. The Company is an asphalt paving, base work and grading contractor, operating principally in South Carolina under contracts and purchase orders.

CHANGE IN ACCOUNTING PRINCIPLE

In June 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-13, Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments ("ASU 2016-13"). The revised standard relates to measurement of credit losses on financial instruments, and requires financial assets measured at amortized cost to be presented at the net amount expected to be collected. The guidance replaces the incurred loss model with an expected loss model referred to as current expected credit loss ("CECL"). The CECL model requires the Plan to measure lifetime expected credit losses for financial instruments held at the reporting date using historical experience, current conditions and reasonable supportable forecasts. The guidance expands the disclosure requirements regarding an entity's assumptions, models, and methods for estimating credit losses and requires new disclosures of the amortized cost balance for each class of financial asset by credit quality indicator, disaggregated by the year of origination. The Plan adopted this standard as of January 1, 2023. The adoption of ASU 2016-13 did not have a material impact on the Plan's financial statements for both years presented.

SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

**NOTE 3 – FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1      Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan's investments utilizing Level 1 inputs include mutual funds.

Level 2      Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. The Plan does not have investments utilizing Level 2 inputs.

Level 3      Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan does not have investments utilizing Level 3 inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the composite closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

401(K) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**NOTE 3 – CONTINUED**

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

<b>Assets at Fair Value as of December 31, 2024</b>				
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	\$ 24,728,062	\$ -	\$ -	\$ 24,728,062
Total assets at fair value	\$ 24,728,062	\$ -	\$ -	\$ 24,728,062
<b>Assets at Fair Value as of December 31, 2023</b>				
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	\$ 22,421,619	\$ -	\$ -	\$ 22,421,619
Total assets at fair value	\$ 22,421,619	\$ -	\$ -	\$ 22,421,619

The Plan recognizes any transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the year ended December 31, 2024.

**NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANIES**

The Plan entered into a guaranteed investment contract (GIC) with Empower Annuity Insurance Company of America (EAICA). EAICA maintains the contributions to the GIC in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. EAICA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Although the guaranteed investment contract is not fully benefit-responsive, contract value remains the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The value of the investment contract at December 31, 2024 and 2023 was \$4,790,842 and \$5,088,410, respectively.

The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on January 1 for resetting and will reset quarterly thereafter.

C. R. JACKSON, INC. AND N. W. WHITE & CO.  
401(K) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**NOTE 4 – CONTINUED**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The average yields on the guaranteed investment contracts are as follows:

Average yields:	2024	2023
Based on actual earnings	1.41%	1.23%
Based on interest rate credited to participants	1.41%	1.23%

**NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of mutual funds managed by Empower Trust Company, LLC. Empower Trust Company, LLC is trustee for the applicable period as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$56,425 and \$40,027 for the years ended December 31, 2024 and 2023, respectively.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the plan. Certain administrative expenses are paid by the Company.

**NOTE 6 – PLAN TERMINATION**

Although the Company has not expressed any intent to do so, the Company has the right, under the Plan agreement, to amend any or all provisions of the Plan, as well as discontinue contributions and terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants, will become vested 100% in their accounts and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

**NOTE 7 – TAX STATUS**

The Plan is operating under a prototype non-standardized profit sharing plan with a cash or deferred arrangement prepared by Empower Retirement, the recordkeeper of the Plan and agent of Empower Trust Company, LLC. The prototype plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes what the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, the Plan is qualified and the related trust is tax exempt.

C. R. JACKSON, INC. AND N. W. WHITE & CO.  
401(K) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**NOTE 7 – CONTINUED**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 8 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)**

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Empower Retirement, as agent for Empower Trust Company, LLC, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying financial statements and supplemental schedules.

The following summarizes the investments and their respective activity as reported by Empower Retirement, at December 31, 2024 and 2023:

Interest and dividends	1,719,823	1,072,922
Total investment income	\$ 3,483,696	\$ 3,721,833

**NOTE 9 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Statements of Net Assets Available for Benefits.
