## INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees  
North American Hoganas Salary 401(k) Plan  
Hollsopple, Pennsylvania

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed audits of the financial statements of North American Hoganas Salary 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Reliance Trust Company, as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion on the Financial Statements**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### ***Supplemental Schedule Required by ERISA***

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NORTH AMERICAN HOGANAS SALARY 401(K) PLAN

### FINANCIAL STATEMENTS

December 31, 2024 and 2023

#### Note 1: Plan Description

The following description of North American Hoganas Salary 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### General

The Plan is a defined contribution plan covering substantially all employees of North American Hoganas Company, North American Hoganas High Alloys, LLC and Hoganas Environment Solutions LLC (the "Companies") that are not covered by a collective bargaining agreement. In order to participate in the plan, an individual must be at least age eighteen with plan participation beginning on the first day of the month following completion of the eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is not covered by the Pension Benefit Guaranty Corporation. Effective May 5, 2011, the Plan was amended to exclude from the definition of compensation, and therefore from the calculation of all contribution amounts, any amounts received from the Swedish Profit sharing bonus program.

##### Plan Administration

Reliance Trust Company serves as the Plan's trustee. During the years ended December 31, 2024 and 2023, ADP Retirement Services was the record keeper of the Plan.

##### Participant Contributions

Participants are permitted to make contributions to the Plan on a pre-tax basis and/or an after-tax basis (as a Roth 401(k) deduction) through payroll deductions a percentage of their compensation up to a maximum of \$23,500 and \$23,000 for the years ended December 31, 2024 and 2023, respectively, with an additional \$7,500 and \$7,500 catch-up contribution available in the years ended December 31, 2024 and 2023, respectively, for individuals who are age 50 or older. In addition, the plan allows for a super catch-up contribution of up to an additional \$11,250 available in the year ended December 31, 2024, for individuals who are between the ages of 60 and 63. Participants are permitted to amend their salary savings agreements to change the contribution percentage on a daily basis. Participant pre-tax salary deferrals are exempt from federal income tax until withdrawn from the Plan.

### FINANCIAL STATEMENTS

December 31, 2024 and 2023

#### Note 1: Plan Description (continued)

##### **Employer Contributions**

The Companies make a matching contribution equal to one hundred (100) percent on the first six (6) percent that is contributed by the plan participant to the plan. An individual must make elective deferrals in order to receive the matching contribution. The Companies may decide to make a non-elective contribution to the plan, although they are not required to do so. Any employee not making elective deferrals are still eligible to receive the employer non-elective contribution. For these employees, the non-elective contribution is not considered to be self-directed and is allocated entirely to a target dated JP Morgan Smart Retirement Fund. For participants, the non-elective contribution is allocated based on individual participant-directed investment allocation.

A non-elective contribution of \$505,616 was made by the Companies in the year ended December 31, 2024.

##### **Participant Accounts**

Each participant's account is credited with the participant's contributions, the employer matching contributions, the employer non-elective contributions, and an allocation of the plan earnings based on the participant's investment elections and charged with certain administrative expenses and any withdrawals and allocations of the Plan's losses based on the participant's investment elections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Vesting**

Participants are immediately vested in their voluntary contributions including rollover and transfer contributions from other qualified plans plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested after three years of credited service.

##### **Investment Options**

Participants may direct the investment of all contributions into various investment options offered by the Plan. The Plan allows participants to direct their contributions and account balances among various investment options offered by Reliance Trust Company, trustee of the Plan. Participants may change their investment options any time throughout the year via internet access.

### FINANCIAL STATEMENTS

December 31, 2024 and 2023

#### Note 1: Plan Description (continued)

##### Participant Loans

The Plan also includes participant notes. Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50 percent of their account balance, whichever is less. The \$50,000 noted above is reduced by the highest outstanding loan balance under the Plan for the previous twelve-month period. Loan terms range from 1-5 years, unless the loan is used for the purchase of a primary residence, in which the repayment period may be a maximum of thirty years. The loans are secured by the balance in the participant's account and bear interest at prime rate plus one percent (1%). The prime rate is determined based upon the prime rate of interest that is published in the Wall Street Journal on the 14<sup>th</sup> day of each month. Principal and interest are paid ratably through semi-monthly payroll deductions.

##### Payment of Benefits

Upon retirement, a participant may elect to receive a lump-sum equal to the value of the participant's account, installments over a period of not more than the participant's assumed life expectancy or partial withdrawals. However, the participant must begin receiving payments by April 1 of the calendar year following the later of the calendar year in which the participant reaches age 72 (70 ½ if the participant reached the age of 70 ½ before January 1, 2023) or terminates with the Company. On termination of service due to death, disability, or for other reasons, a participant or beneficiary may receive the value of his or her account as a lump sum distribution. The Plan also provides for normal retirement benefits to be paid if an account balance is greater than \$5,000.

##### Withdrawals

Participants are entitled to withdraw all or any portion of their vested accounts in accordance with the terms of the Plan and applicable law. Participants may make full or partial withdrawals of their salary deferral or rollover accounts upon attaining age 59 ½ or for a hardship in certain circumstances (as defined in the Plan Document) before that age, with a minimum withdrawal of \$500. Withdrawals based on financial hardship result in a suspension of employee contributions for 6 months.

##### Forfeitures

If a participant terminates employment before becoming 100% vested in their account balance, the non-vested portion of the participant account balance will be forfeited after a three-year period of severance. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$34,636 and \$32,912, respectively. The forfeitures will be used to reduce employer contributions. For the years ended December 31, 2024 and 2023, \$64,179 and \$33,107 of forfeitures were used to offset employer contributions, respectively.

## FINANCIAL STATEMENTS

December 31, 2024 and 2023

### Note 1: Plan Description (continued)

#### Administrative Expenses

Certain administrative functions are performed by officers and employees of the Companies. No such officer or employee receives compensation from the Plan. Certain other administrative expenses including legal, auditing and other fees are paid directly by the Companies and are not considered to be expenses of the Plan. During the year ended December 31, 2024, all administrative expenses recorded by the Plan were advisor fees, record keeper fees, loan origination fees and associated expenses charged to applicable participant accounts. There were \$44,220 of administrative expenses paid from the Plan's assets for the year ended December 31, 2024.

### Note 2: Significant Accounting Policies

#### Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

#### Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available and changes therein. Actual results may differ from those estimates.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent participant loans are reclassified as distributions based upon terms of the plan document.

If a participant ceases to make scheduled repayments and the Plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded. The following activity summarizes the default loans as of December 31, 2024:

|                            | <u>Loan 1</u>   | <u>Loan 2</u> | <u>Total</u>    |

### FINANCIAL STATEMENTS

December 31, 2024 and 2023

#### **Note 2: Significant Accounting Policies (continued)**

##### **Payment of Benefits**

Benefits are recorded when paid.

##### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the plan year.

Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market prices of the funds which represents the net asset value of shares held by the Plan at year-end. Units of common collective trust funds are reported at the net asset value of units held by the Plan at year end, as determined by the Trustee. The net asset value of units in the common collective trusts is determined by the Trustee based on the fair market value of the underlying assets.

##### **Net Appreciation (Depreciation) in Fair Value of Investments**

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### **Note 3: Information Certified by Reliance Trust Company**

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Reliance Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate.

## NORTH AMERICAN HOGANAS SALARY 401(K) PLAN

### FINANCIAL STATEMENTS December 31, 2024 and 2023

#### Note 3: Information Certified by Reliance Trust Company (continued)

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets as of December 31, 2024 and 2023:

|                                   | <u>2024</u>  | <u>2023</u>  |
|-----------------------------------|--------------|--------------|
| <u>Investments at fair value:</u> |              |              |
| Mutual funds                      | \$50,593,843 | \$44,876,929 |

Reliance Trust Company also certified to the completeness and accuracy of \$4,146,923 of net appreciation in fair value of investments and \$2,046,585 of interest and dividends related to the aforementioned assets for the year ended December 31, 2024.

#### Note 4: Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 – Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.
- Level 2 – Observable market-based inputs other than quoted prices in active markets for identical assets or liabilities.
- Level 3 – Unobservable inputs that are used when little or no market data is available. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**NORTH AMERICAN HOGANAS SALARY 401(K) PLAN**

**FINANCIAL STATEMENTS**

**December 31, 2024 and 2023**

**Note 4: Fair Value Measurements (continued)**

*Mutual Funds* – the Plan’s investments in mutual funds are classified in Level 1 of the valuation hierarchy with the fair value determined by quoted market prices, which represent the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with ASC 820, the following tables present the Plan’s assets that are measured and recognized at fair value on a recurring basis classified under the appropriate level of the fair value hierarchy as of December 31, 2024 and 2023:

|                                 | <u>Fair Value Measurements as of December 31, 2024</u> |                |                |                      |

**Note 5: Income Tax Status**

The Plan received a determination letter from the Internal Revenue Service (IRS) dated October 2020 stating that the Plan is qualified under Section 401 of the Internal Revenue Code and therefore the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the acceptable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

## NORTH AMERICAN HOGANAS SALARY 401(K) PLAN

### FINANCIAL STATEMENTS

December 31, 2024 and 2023

#### **Note 5: Income Tax Status (continued)**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

#### **Note 6: Plan Termination**

Although it has not expressed any intent to do so, the Companies reserve the right to terminate, discontinue making contributions to, amend or modify the Plan at any time. In the event of plan termination, participants would become 100 percent vested in their employer contribution.

#### **Note 7: Rollovers**

During the year ended December 31, 2024, rollovers of \$320,845 occurred as a result of employees transferring amounts from other qualified plans. The rollovers are included on the statement of changes in net assets available for benefits in the participant contributions.

#### **Note 8: Risks and Uncertainties**

The Plan invests in various mutual funds. Mutual funds are exposed to various risks such as interest rate, overall market volatility, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of the mutual funds will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the financial statements and supplemental schedule of the Plan.

#### **Note 9: Subsequent Events**

The Plan has evaluated subsequent events through the date of the audit report, which is the date the financial statements were available to be issued. The results of this evaluation indicated that there are no subsequent events or transactions that are required to be disclosed in these financial statements.
