ENBRIDGE EMPLOYEE SERVICES, INC. WELFARE BENEFITS PLAN
INDEPENDENT AUDITOR'S REPORT AND FINANCIAL STATEMENTS
December 31, 2024 and 2023

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Enbridge Employee Services, Inc. Welfare Benefits Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Enbridge Employee Services, Inc. Welfare Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024, and 2023, the related statements of changes in net assets available for benefits and of changes in benefit obligations for the year ended December 31, 2024, and the related notes to the financial statements (collectively, the financial statements).

Plan management (Management), having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are

required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect Management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls of the Plan. Accordingly, no such opinion is expressed.

McConnell Jones

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The following description of the Enbridge Employee Services, Inc. Welfare Benefits Plan (the Plan) is provided for general information purposes only. More complete information, including details of the benefits provided under the Plan, is contained in the Plan document.

Enbridge Employee Services, Inc. (Enbridge or the Company), a wholly-owned subsidiary of Enbridge Inc., sponsors the Plan, which provides medical, prescription drug, dental, vision and employee assistance benefits coverage to the eligible employees and retirees of the Company and its affiliates that adopt the Plan (Participating Affiliates) and their eligible spouses, domestic partners and children (collectively, Dependents). The Plan is an “employee welfare benefit plan” under Section 3(1) of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective as at January 1, 2019, PanEnergy Services, Limited Partnership, and Spectra Energy Operating Company, LLC adopted the Plan for the benefit of their eligible employees and retirees and their eligible Dependents.

Eligibility and Participation

Generally, and subject to the satisfaction of certain additional requirements and exclusions under the terms of the Plan, individuals who are classified in the Company’s records (or otherwise identified by the Company under the Affordable Care Act) as “full-time” employees (as defined in the Plan document) of the Company and the Participating Affiliates and their eligible Dependents, including certain surviving Dependents (all of the foregoing, collectively, Active Participants), are eligible to participate in employee coverage under the Plan.

Generally, and subject to the satisfaction of certain additional requirements and exclusions under the terms of the Plan, retirees of the Company and the Participating Affiliates who meet the Plan’s age and years-of-service requirements and their Dependents are eligible to participate in retiree medical, prescription drug, dental and employee assistance benefits coverage under the Plan, provided that (1) at the time of the retirees’ retirement, they are participants in employee coverage under the Plan, (2) they have not yet reached age 65, which is the age of Medicare eligibility, and (3) with respect to dental coverage, the retiree is “Grandfathered” as defined in the Plan document (all of the foregoing, collectively, Retiree Participants). Medical and prescription drug retiree coverage under the Plan is also available to surviving covered Dependents. Eligibility for retiree coverage terminates when Retiree Participants reach age 65.

Effective July 1, 2025, Enbridge will introduce a new retiree benefits program applicable to employees who are more than 5 years from eligible retirement age (i.e. under age 50) on the effective date. Employees who are within 5 years of eligible retirement age can still participate in the retiree medical, prescription drug, dental and employee assistance benefits coverage under the Plan upon retirement.

Plan Funds

The Plan is a Company-sponsored employee welfare benefit plan funded, in whole or in part, by assets held in the Amended and Restated Welfare Trust agreement by and among Enbridge Employee Services, Inc., St. Lawrence Gas Company, Inc., and The Bank of New York Mellon (Enbridge Master Trust), which is a “voluntary employees’ beneficiary association” trust. The other Company-sponsored plans that are funded by the Enbridge Master Trust are the Enbridge Employee Services, Inc. Ancillary Benefits Plan (Enbridge ABP), Enbridge Employee Services, Inc. Health Reimbursement Account Plan (Enbridge HRAP), and Spectra Energy Retiree Medical Plan (SE RMP).

Pursuant to three separate Purchase and Sale Agreements between Enbridge and Dominion Energy, Inc. (Dominion), Enbridge acquired three United States (US) gas utility companies in 2024: The East Ohio Gas Company (EOG), Questar Gas Company (Questar), including its affiliate, Wexpro Gas Company (Wexpro), and Public Service Company of North Carolina, Incorporated (PSNC). The closing dates of the acquisitions are March 6, 2024 for EOG, May 31, 2024 for Questar and Wexpro and September 30, 2024 for PSNC. As part of the Purchase and Sale Agreements, Enbridge assumed retiree welfare obligations and assets from Dominion.

ENBRIDGE EMPLOYEE SERVICES, INC. WELFARE BENEFITS PLAN NOTES TO THE FINANCIAL STATEMENTS

On March 6, 2024, Enbridge adopted the provisions of the Dominion Union Retiree Health and Welfare Plan and the Dominion Retiree Health and Welfare Plan, with such provisions to be memorialized in two new plans. These plans are the Enbridge Employee Services, Inc. Dominion Energy Ohio Union Retiree Health and Welfare Mirror Plan (EESI Union Retiree Mirror Plan) for unionized employees, and the Enbridge Employee Services, Inc. Dominion Energy Retiree Health and Welfare Mirror Plan (EESI Retiree Mirror Plan), for non-unionized employees. Dominion transferred the assets associated with the retiree welfare obligations to Enbridge, which are held in the Enbridge Master Trust. The EESI Union Retiree Mirror Plan and EESI Retiree Mirror Plan will be added to List of Covered Plans, under Exhibit A of the Enbridge Master Trust agreement. In total there are six Company-sponsored employee welfare benefit plans funded by the Enbridge Master Trust.

In accordance with the requirements of the Internal Revenue Code (the Code), the funds of the Enbridge Master Trust are used for the payment of benefits, premiums and administrative expenses related to the plans that are funded thereunder. The Plan's interest in the Enbridge Master Trust's net assets consists of funding for the benefits provided under the Plan to Active Participants and Retiree Participants, and administrative expenses and federal business income taxes related to the Plan, in accordance with the terms of the Plan and the Enbridge Master Trust.

The Bank of New York Mellon/BNY Mellon, N.A. (the Trustee) serves as the trustee for the Enbridge Master Trust.

The Plan is also partially funded by funds held in a Code Section 401(h) account (401(h) Account) that is maintained by the Trustee under the terms of the Enbridge Employee Services, Inc. Employees' Pension Plan (Enbridge US Pension Plan). In accordance with Section 401(h) of the Code, a separate account is maintained by the Trustee for the contributions related to the Plan's 401(h) Account. Payment of benefits from the 401(h) Account is limited to post-retirement medical expenses reimbursable for benefits provided by the Plan, Enbridge HRAP, and SE RMP.

Contributions

The costs related to coverage under the Plan are shared through contributions by the Company, the Participating Affiliates, the Active Participants, and the Retiree Participants. Contribution amounts are determined by the Company based on actuarial valuations of the expected required funding for Plan benefits.

Plan Termination

The Company reserves the right to amend or terminate the Plan at any time. Upon termination, the net assets of the Plan will be used in accordance with the terms of the Enbridge Master Trust, 401(h) Account and the Plan.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

These financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP) and are presented in compliance with ERISA's rules and regulations for reporting and disclosure.

Amounts are stated in United States dollars unless otherwise noted.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the use of estimates and assumptions that affect certain reported amounts of and changes in assets, liabilities and benefit obligations, and related disclosures. Actual results could differ from those estimates.

Risks and Uncertainties

ENBRIDGE EMPLOYEE SERVICES, INC. WELFARE BENEFITS PLAN NOTES TO THE FINANCIAL STATEMENTS

The net assets of the Enbridge Master Trust and 401(h) Account comprise various financial instruments that are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk generally associated with these types of financial instruments, it is reasonably possible that changes in the values of certain of the Enbridge Master Trust and 401(h) Account investments will occur in the near term, and that such changes could materially affect the amounts reported in the financial statements.

The actuarial present value of benefit obligations is reported based on certain estimates and assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is reasonably possible that changes in these estimates and assumptions in the future could be material to the financial statements.

Fair Value Measurements

The Plan's percentage interest in the Enbridge Master Trust's net assets and net investment income/(loss) are based on the net assets attributed to the Plan in relation to the total net assets of the Enbridge Master Trust (*Note 4*).

The net assets held in the Enbridge Master Trust and 401(h) Account are presented at fair value. Fair value is the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for that asset or liability in an orderly transaction between market participants on the measurement date.

The Plan categorizes net assets held in the Enbridge Master Trust and 401(h) Account into one of three different levels depending on the observability of the inputs employed in the measurement. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement:

Level 1

Fair value is based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2

Fair value is based on quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3

Fair value is based on valuation methods using inputs that are less observable, unavailable or where the observable data does not support a significant portion of the financial instrument's fair value. Inputs may be internally-developed methodologies that result in a best estimate of the fair value. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

Net Asset Value

The Plan's investments in private equity, private debt, infrastructure, and real estate funds, which are held in the 401(h) Account, are stated at fair value which has been measured at the net asset value (NAV) of the funds as a practical expedient. NAV is determined by the organization sponsoring such funds by dividing the fair value of the fund's net assets by its units outstanding at the valuation date. Investments valued using NAV have been excluded from the fair value hierarchy.

Investment Income and Expense Recognition

The Enbridge Master Trust's net investment income/(loss) is allocated to the Plan based on annual amounts invested in the Enbridge Master Trust. Administrative costs are also allocated to the Plan.

ENBRIDGE EMPLOYEE SERVICES, INC. WELFARE BENEFITS PLAN NOTES TO THE FINANCIAL STATEMENTS

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's interest in the Enbridge Master Trust's net investment income/(loss) include net realized gain/(loss) on investments bought and sold as well as net unrealized gain/(loss) on investments held at the reporting date.

Certain investment management and operating expenses charged to the Enbridge Master Trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a decrease to the Plan's interest in net investment income/(increase in net investment loss) on these investments.

Payment of Benefits

Premiums paid by Enbridge are recorded in the accompanying statement of changes in net assets available for benefits in the period the premiums related to.

Claim payments are paid by Enbridge and reimbursed by the Plan. Claim payments are recorded when paid by Enbridge. Amounts due to Enbridge that have yet to be reimbursed by the Plan are recorded as a benefits payable in the accompanying statement of net assets available for benefits.

Stop Loss

The Plan carries stop loss insurance, which provides refunds to the Plan on claims paid in excess of certain limits. These refunds are presented on a net basis within stop loss insurance premium payments in the Statement of Changes in Net Assets Available for Benefits. For the year ended December 31, 2024, the Plan received stop loss refunds totaling \$5.5 million.

Exempt Party-In-Interest Transactions

The Plan's investments in the Enbridge Master Trust and 401(h) Account include investments in common collective trust funds that are managed by the Trustee. Transactions with the Trustee related to these common collective trust funds qualify as exempt party-in-interest transactions in accordance with Section 408(a) of ERISA. Fees paid by the Enbridge Master Trust and 401(h) Account for investment management services related to these common collective trust funds are netted with investment income earned.

Net Assets Held in 401(h) Account

The Plan's net assets held in trust with the Trustee in the 401(h) Account, in conjunction with Enbridge US Pension Plan's investments, are reported as net assets of the Plan.

Benefit Claims Incurred But Not Reported

The Plan obligations for benefit claims incurred but not reported are estimated through actuarial methods that use historical trend information.

Post-Retirement Benefit Obligations

Post-retirement benefit obligations represents the actuarial present value of the estimated future benefits that are attributed, in accordance with the terms of the Plan, to participants' services rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future. Post-retirement benefits include future benefits expected to be paid to or for participants and their eligible beneficiaries and Dependents.

The Plan's actuary estimates the actuarial present value of post-retirement benefit obligations. The following table summarizes the significant actuarial assumptions used in the calculation of funding requirements and post-retirement benefit obligations:

ENBRIDGE EMPLOYEE SERVICES, INC. WELFARE BENEFITS PLAN NOTES TO THE FINANCIAL STATEMENTS

December 31,	2024	2023
Discount rate	5.3%	4.7%
Dental cost trend rate ¹	2.5%	2.5%
Medical cost trend rate ¹	2.5%	2.5%
Mortality	Adjusted RP-2014 No Collar Generational projection using scale MP-2021	Adjusted RP-2014 No Collar Generational projection using scale MP-2021
Average retirement age	62	62

1 Starting in 2021, the employer subsidy trend assumption was updated, capping dental and medical cost increases at 2.5% each.

An increase of one percent in the weighted-average medical cost trend rate used to determine the actuarial present value of the expected post-retirement benefit obligations as at December 31, 2024 would result in an increase of \$1.2 million (December 31, 2023 - \$1.3 million).

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (the Medicare Act) was signed into law on December 9, 2003. The Medicare Act introduced a prescription drug benefit under Medicare (Medicare Part D) as well as a federal subsidy to sponsors of retiree health care benefit plans that provide a benefit that is at least actuarially equivalent to Medicare Part D. The Company and its actuarial advisors determined that benefits provided to certain participants are expected to be at least actuarially equivalent to Medicare Part D, and, accordingly, the Company expects to be entitled to a federal subsidy under the Medicare Act. The Plan's post-retirement benefit obligations in the Statements of Benefit Obligations as at December 31, 2024 and 2023, and the changes in the post-retirement benefit obligations in the Statement of Changes in Benefit Obligations for the year ended December 31, 2024, do not reflect any amount associated with the Medicare subsidy because the Plan is not directly entitled to the Medicare subsidy. The post-retirement benefit obligations recorded by the Plan differ from that reported or disclosed in Enbridge Inc.'s financial statements because, in accordance with US GAAP, Enbridge Inc. has included the effects of the Medicare subsidy in measuring its post-retirement benefit obligations related to the Plan.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the post-retirement benefit obligations.

3. FEDERAL INCOME TAX STATUS

The Enbridge Master Trust, which funds Plan benefits, received an exemption letter from the Internal Revenue Service (IRS) dated June 8, 1989, stating that the Enbridge Master Trust is tax-exempt under the provisions of Section 501(c)(9) of the Code. The Plan and the Enbridge Master Trust are required to operate in conformity with the Code to maintain the tax-exempt status of the Enbridge Master Trust. Plan management believes that the Plan is being operated in compliance with the applicable requirements of the Code, and therefore, believes that the related Enbridge Master Trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain tax positions taken or expected to be taken by the Plan that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is not currently under audit by any taxing jurisdictions.

Although the Enbridge Master Trust is exempt from federal income taxes, investment income earned on certain investments in the Enbridge Master Trust are subject to unrelated federal business income taxes.

4. PLAN INTEREST IN MASTER TRUST (CERTIFIED BY THE TRUSTEE)

The Plan's interest in the Enbridge Master Trust's net assets as at December 31, 2024 and 2023 and interest in the Enbridge Master Trust's net investment gain for the year ended December 31, 2024 are based on unaudited information of the Enbridge Master Trust which has been provided by the Trustee. The Plan's ending interest in the Enbridge Master Trust's net assets is determined by taking the Plan's opening interest in the Enbridge Master Trust's net assets adjusted for current year (i) employer contributions, participant contributions, premiums paid, benefit claims and stop loss insurance premiums, specifically identifiable to the Plan and (ii) net investment income/(loss), administrative expenses and federal business income taxes paid, attributed to the Plan using ending post-retirement benefit obligations. The following information pertaining to the Enbridge Master Trust's net assets and change in net assets has been certified by the Trustee (*Note 7*):

5. FAIR VALUE MEASUREMENTS (CERTIFIED BY THE TRUSTEE)

The fair value of the Enbridge Master Trust's net assets has been determined as follows:

Cash and cash equivalents

Investments in money market funds are valued at quoted market prices. These investments are highly liquid and readily convertible to known amounts of cash.

Government bond index and public equity funds

Investments in bond index and public equity funds are valued based on the fair value of the underlying investments held by the funds for which fair value is based on unadjusted quoted prices for the same or similar financial instruments on actively traded markets.

Investment income receivable

Investment income receivable is measured at cost, which approximates fair value on the basis of its short settlement term.

Investments due to other plans

Investments due to other plans currently invested in money market funds are valued at quoted market prices. These investments are highly liquid and readily convertible to known amounts of cash.

The following unaudited fair value information related to financial instruments held in the Enbridge Master Trust has been prepared and derived from information prepared and certified by the Trustee (*Note 7*):
