INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Titan Production Equipment 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Titan Production Equipment 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of a Matter — Basis of Accounting

We draw attention to Note 2 of the financial statements which describe the basis of accounting. The financial statements and supplemental information are prepared on the modified cash basis of accounting, which is a basis of accounting other than GAAP. Our opinion is not modified with respect to that matter.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect plan management's responsibility for the financial statements.

In preparing the financial statements, plan management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Plan management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Information Required by ERISA

The supplemental information as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

TITAN PRODUCTION EQUIPMENT 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
MODIFIED CASH BASIS
December 31, 2024 and 2023

1. DESCRIPTION OF PLAN

The following description of Titan Production Equipment, LLC (the “Company”) 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, adopted by the Company effective July 1, 2018, covering all employees of the Company who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Administrative Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Effective October 21, 2023, the assets of the Plan were transferred from Prudential Bank & Trust (“Prudential”) to Empower Annuity Insurance Company of America (“EAICA”).

Contributions

Each year, participants may contribute up to 90 percent of annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at six percent of eligible compensation and their contributions invested in a balanced fund until changed by the participant.

The Company’s contributions are discretionary and determined annually by the Company’s management. During the year ended December 31, 2024, the Company elected to make matching contributions totaling \$575,572. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company’s discretionary matching contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s portion of their accounts is based on years of continuous service. A participant is 100 percent vested after two years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant’s account. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. A participant may have only one outstanding loan at any time.

Payment of Benefits

On termination of service due to death, disability, or retirement, the participant (or participant's named beneficiary in the event of death) whose vested balance is in excess of \$5,000 may elect to receive either a lump sum distribution equal to the value of the participant's vested interest in his or her account, installments for a set time period, for a set amount, or for a lifetime, or ad-hoc payments. Participants whose vested balance is less than \$5,000 are subject to mandatory cash out provisions as defined by the plan document.

Forfeited Accounts

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$8,828 and \$49,146, respectively. These accounts may be used to pay administrative expenses or to reduce future Company contributions. For year ended, December 31, 2024, forfeitures of \$90,857 was used to reduce Company contributions and \$46,320 was used to pay administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America and is an acceptable method of reporting under Department of Labor ("DOL") regulations. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income (loss) on the accrual basis. Consequently, contributions are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and the custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other specific transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Concentrations

The following table presents investments that represent 10 percent or more of the Plan's net assets available for benefits as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Vanguard Target Retirement 2025	\$ 1,873,713	\$ 1,595,973
Vanguard Target Retirement 2035	\$ 1,778,757	\$ 1,411,972
Vanguard Target Retirement 2045	\$ 1,610,239	\$ 1,050,512

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. EAICA ("Empower") the custodian of the Plan, certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate, as of December 31, 2024 and 2023, and for the year ended December 31, 2024:

	<u>2024</u>	<u>2023</u>
Investments at fair value	\$ 11,440,926	\$ 9,258,280
Investments at contract value	\$ 818,381	\$ 622,914
Notes receivable from participants	\$ 228,844	\$ 154,136
Net appreciation in fair value of investments	\$ 846,009	
Dividends	\$ 451,269	
Interest and other income	\$ 21,416	
Interest income on notes receivable from participants	\$ 11,491	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standard Board ("FASB") Accounting Standard Codification ("ASC") 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies: Valued at the daily closing price as reported by the fund house, investment provider or secondary pricing source. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023:

Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 11,440,926	\$ -	\$ -	\$ 11,440,926
Total	\$ 11,440,926	\$ -	\$ -	\$ 11,440,926

Investments at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 9,258,280	\$ -	\$ -	\$ 9,258,280
Total	\$ 9,258,280	\$ -	\$ -	\$ 9,258,280

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan participates in a traditional investment contract, the Guaranteed Income Fund with Empower. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contract as of December 31, 2024 and 2023, totals \$818,381 and \$622,914, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 2.35 percent. The crediting rate is reviewed on a semi-annual basis for resetting. The contract can be terminated by either party with at least 90 days' notice.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- Amendments to the plan document,
- Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions,
- Bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan,
- The failure of the trust to qualify for exemption under ERISA,
- Premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines,
- A breach of material obligation under the contract,
- A material misrepresentation,
- A material amendment to the agreements without the consent of the issuer.

6. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Empower Retirement, LLC ("Empower"). Empower is the trustee, custodian, and record keeper, as defined by the plan document and, therefore, these transactions qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments. Fees incurred by the Plan for trustee, custodial, and record keeping services are included in both administrative expenses and net appreciation in fair value of investments. As of April 1, 2022, Prudential Financial, Inc. completed the sale of its full-service retirement business to Empower. As of October 21, 2023, all of Prudential's managed assets were transitioned from legacy systems to Empower's custody and recordkeeping.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their Company's matching and non-elective contributions.

8. TAX STATUS

Plan management adopted a prototype plan offered by Empower. The IRS has determined and informed the third-party administrator by a letter dated September 16, 2022, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financial statements any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the total net assets per the Form 5500 as of December 31, 2024 and 2023, and the increase in net assets per the financial statements to the net income per the Form 5500 for the year ended December 31, 2024:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 12,488,151	\$ 10,035,330
Deemed distributed loans	<u>(9,515)</u>	<u>(2,236)</u>
Total net assets available for benefits per Form 5500	<u>\$ 12,478,636</u>	<u>\$ 10,033,094</u>
Increase in net assets per the financial statements	\$ 2,452,821	
Deemed distributed loans - current year	<u>(7,279)</u>	
Net income per Form 5500	<u>\$ 2,445,542</u>	

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis.

11. SUBSEQUENT EVENT

Plan Management has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued, and determined there were no items to disclose.
