Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **MSPC CERTIFIED PUBLIC ACCOUNTANTS**

(2) EIN: **22-2951202**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITORS' REPORT

To the Trustees of
Customized Distribution Services, Inc.
401(K) Plan and Trust
Wharton, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Customized Distribution Services, Inc 401(K) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Customized Distribution Services, Inc 401(K) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Customized Distribution Services, Inc 401(K) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Customized Distribution Services, Inc. 401 (K) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Customized Distribution Services, Inc 401(K) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Customized Distribution Services, Inc 401(K) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

(1) Description of the Plan

The following description provides only general information about the Customized Distribution Services, Inc. 401(K) Plan and Trust (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all eligible employees of Customized Distribution Services, Inc. and the participating branches and representative offices of Customized Distribution Services, Inc. (collectively, the "Company"). The Company pays certain administrative costs incurred by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Customized Distribution Services, Inc., the Plan's sponsor, has general responsibility for the administration of the Plan, including, but not limited to, complying with reporting and disclosure requirements, establishing and maintaining Plan records and adopting amendments to the Plan.

Contributions - Contributions to the Plan include: (i) voluntary salary reductions, (ii) employer matching contributions, (iii) non-elective contributions, (iv) qualified non-elective contributions, (v) discretionary profit-sharing contributions and (vi) rollover contributions.

The Plan permits eligible employees to make voluntary salary reductions up to the maximum pre-tax contribution limits set annually by the Internal Revenue Service ("IRS"). The Plan permits participants to select the investment allocations for their accounts.

Eligible employees may rollover distributions from other qualified retirement plans, as defined in the Plan, and certain Individual Retirement Accounts ("IRA's"). Rollover contributions are not matched by the Company. These contributions are 100% vested and will automatically be invested in accordance with the participant's investment election.

Eligibility - An employee, having attained age 21, can become eligible to participate in the Plan on the first, fourth, seventh or tenth month of the Plan year entrance date following the completion of six months of service, as defined by the Plan.

Investment Elections - Amounts contributed to the Plan are held in a trust under the Plan. Participants may choose to allocate the current contribution among the various investment funds. Each participant may change their investment mix of future contributions and the current Plan accounts among the investment funds.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Funds held in the voluntary salary reduction, safe harbor contribution, rollover contribution and qualified non-elective contribution accounts are fully vested and are non-forfeitable.

**CUSTOMIZED DISTRIBUTION SERVICES, INC.
401(K) PLAN AND TRUST**

Notes to Financial Statements

(1) Description of the Plan (Continued)

Vesting (Continued) - The Plan has a provision for certain employer contributions. The vesting schedule attributable to employer discretionary profit-sharing and matching contributions is as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants - Participants may borrow from the Plan under a loan feature which became effective at the Plan's inception. Loans will be granted with a maximum amount equal to the lesser of 50% of a participant's vested account balance or \$50,000. The minimum loan amount is \$1,000. The interest rate on the loan is based on a rate of return commensurate with the prevailing interest rate charged on similar commercial loans under like circumstance by persons in the business of lending money. All loans must be adequately secured by the participant's vested interest in the Plan. In certain cases, the administrator may require additional collateral. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits - Upon termination of service, due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the vested value of his or her account. If the vested value exceeds \$5,000 no distribution will be made without the employee's consent prior to reaching normal retirement age, as defined in the Plan. In addition, participants are entitled to hardship withdrawals as defined by the Plan. In no event, May payments begin any later than April 1st following the calendar year in which the participant reaches age 70-1/2.

Forfeitures - Upon termination of employment participants forfeit their nonvested balances. Forfeited balances of terminated employees' nonvested accounts can be used to reduce future Company matching contributions or to pay administrative expenses of the Plan, as determined by the Company at sole its discretion. Unallocated forfeitures as of December 31, 2024 are approximately \$43,554.

(2) Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Adoption of New Accounting Standard - Effective January 1, 2023, the Plan adopted ASC 326 which changed how entities will measure credit losses for certain financial assets that aren't measured at fair value through changes in net assets available to benefits. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing the Plan's exposure to credit risk and the measurement of credit losses. The impact of the adoption was not considered material to the financial statements and primarily resulted solely in enhanced disclosures.

**CUSTOMIZED DISTRIBUTION SERVICES, INC.
401(K) PLAN AND TRUST**

Notes to Financial Statements

(2) Summary of Significant Accounting Policies (Continued)

Adoption of New Accounting Standard (Continued) - On July 30, 2025, the FASB issued Accounting Standards Update (ASU) 2025-05, Financial Instruments- Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets. This standard allows entities to elect a practical expedient that assumes that current conditions as of the fiscal year-end do not change for the remaining life of the asset. In addition, the standard provides for consideration of subsequent collections in developing reasonable and supportable forecasts as part of estimating expected credit losses. The Plan elected to early adopt this standard in the reporting period ended December 31, 2024.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information principally provided by the Plans trustee, as described in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Certain costs incurred by the plan for investment management services and transaction fees are included in net appreciation (depreciation) in fair value of investments, rather than as direct payments.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain administrative expenses of maintaining the Plan are paid by the Company. Expenses associated with administering participants' accounts are paid from Plan assets, which are first reduced by any forfeitures the Plan Administrator has directed to be used for payment of expenses. Any remaining expenses are shared among all participant accounts. Certain investment transaction related expenses are included in net appreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

(3) Information Certified and Provided by Fidelity Management Trust Company (Unaudited)

The following is a summary of the investment information as of December 31, 2024 and 2023, and for the year ended December 31, 2023 included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company (the "Trustee") and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that information provided to the plan administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 4 and supplemental schedule which appears throughout the financial statements and accompanying supplemental schedule related to the following investments:

	<u>December 31,</u>	
	<u>2024</u>	<u>2023</u>
Investments at Fair and Contract Value:		
Mutual Funds	\$ 8,776,660	\$ 7,765,188
Common Collective Trust	445,298	337,881
<u>Total Investments at Fair Value</u>	\$ 9,221,958	\$ 8,103,069
Receivable:		
Notes Receivable from Participants	\$ 345,249	\$ 373,332

Fidelity Management Trust Company also certified to the completeness and accuracy of the following investment income:

	<u>Year ended</u>	
	<u>December 31,</u>	
	<u>2024</u>	
Net Appreciation in Fair Value of Investments	\$ 881,417	
Dividends	\$ 296,700	
Interest Income on Notes Receivable	\$ 24,254	

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**CUSTOMIZED DISTRIBUTION SERVICES, INC.
401(K) PLAN AND TRUST**

Notes to Financial Statements

(4) Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants', the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	<u>Assets at Fair Value as of December 31, 2024</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

(4) Fair Value Measurements (Continued)

Transfers Between Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2024 and 2023:

		December 31, 2024			
		<u>Fair</u> <u>Value</u>	<u>Unfunded</u> <u>Commitment</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Common Collective Trusts:					
Reliance Trust New York Life Anchor Account Series I Class 0 (b)	\$	445,298	None	Daily	Same Day
		December 31, 2023			
		<u>Fair</u> <u>Value</u>	<u>Unfunded</u> <u>Commitment</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Common Collective Trusts:					
Reliance Trust New York Life Anchor Account Series I Class 0 (b)	\$	337,881	None	Daily	Same Day

(a) Reliance Trust New York Life Anchor Account Series I Class 0 (the "Fund") is a bank collective trust fund for which Reliance Trust Company serves as trustee and investment manager. The investment objective of the Fund is to preserve principal and maintain a stable crediting rate that is responsive to changes in interest rates. The Fund invests in a group annuity contract issued by New York Life Insurance Company. Principal and accumulated interest guarantees are provided by New York Life, subject to the terms of the group annuity contract. The Fund crediting rate is subject to change daily.

(5) Related-Party Transactions and Party-in-Interest Transactions

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments rather than a direct payment. Certain administrative fees paid by the Plan directly to Fidelity Management Trust Company were \$47,511 for the year ended December 31, 2024. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(6) Tax Status

The Plan is based on a "volume submitter" plan document. The sponsor of the volume submitter document has received a favorable determination letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code ("IRC"). In accordance with Revenue Procedures, the Company has chosen to rely on the IRS determination letter issued to the sponsor of the volume submitter document as evidence that the form of the Plan is tax-qualified. The Plan is also required to be operated in conformity with the IRC to maintain its tax-qualified status. The plan administrator believes that the Plan, which has been amended since the date of the determination letter, continues to be tax-qualified in both form and operation.

**CUSTOMIZED DISTRIBUTION SERVICES, INC.
401(K) PLAN AND TRUST**

Notes to Financial Statements

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement, subject to the provisions of ERISA, to discontinue its contributions, amend or modify the Plan at any time. In the event of plan termination, all participants will become 100 percent vested in their total account balance under the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INDEPENDENT AUDITORS' REPORT

To the Trustees of
Customized Distribution Services, Inc.
401(K) Plan and Trust
Wharton, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Customized Distribution Services, Inc 401(K) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Customized Distribution Services, Inc 401(K) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Customized Distribution Services, Inc 401(K) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Customized Distribution Services, Inc. 401 (K) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Customized Distribution Services, Inc 401(K) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Customized Distribution Services, Inc 401(K) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

(1) Description of the Plan

The following description provides only general information about the Customized Distribution Services, Inc. 401(K) Plan and Trust (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all eligible employees of Customized Distribution Services, Inc. and the participating branches and representative offices of Customized Distribution Services, Inc. (collectively, the "Company"). The Company pays certain administrative costs incurred by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Customized Distribution Services, Inc., the Plan's sponsor, has general responsibility for the administration of the Plan, including, but not limited to, complying with reporting and disclosure requirements, establishing and maintaining Plan records and adopting amendments to the Plan.

Contributions - Contributions to the Plan include: (i) voluntary salary reductions, (ii) employer matching contributions, (iii) non-elective contributions, (iv) qualified non-elective contributions, (v) discretionary profit-sharing contributions and (vi) rollover contributions.

The Plan permits eligible employees to make voluntary salary reductions up to the maximum pre-tax contribution limits set annually by the Internal Revenue Service ("IRS"). The Plan permits participants to select the investment allocations for their accounts.

Eligible employees may rollover distributions from other qualified retirement plans, as defined in the Plan, and certain Individual Retirement Accounts ("IRA's"). Rollover contributions are not matched by the Company. These contributions are 100% vested and will automatically be invested in accordance with the participant's investment election.

Eligibility - An employee, having attained age 21, can become eligible to participate in the Plan on the first, fourth, seventh or tenth month of the Plan year entrance date following the completion of six months of service, as defined by the Plan.

Investment Elections - Amounts contributed to the Plan are held in a trust under the Plan. Participants may choose to allocate the current contribution among the various investment funds. Each participant may change their investment mix of future contributions and the current Plan accounts among the investment funds.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Funds held in the voluntary salary reduction, safe harbor contribution, rollover contribution and qualified non-elective contribution accounts are fully vested and are non-forfeitable.

**CUSTOMIZED DISTRIBUTION SERVICES, INC.
401(K) PLAN AND TRUST**

Notes to Financial Statements

(1) Description of the Plan (Continued)

Vesting (Continued) - The Plan has a provision for certain employer contributions. The vesting schedule attributable to employer discretionary profit-sharing and matching contributions is as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants - Participants may borrow from the Plan under a loan feature which became effective at the Plan's inception. Loans will be granted with a maximum amount equal to the lesser of 50% of a participant's vested account balance or \$50,000. The minimum loan amount is \$1,000. The interest rate on the loan is based on a rate of return commensurate with the prevailing interest rate charged on similar commercial loans under like circumstance by persons in the business of lending money. All loans must be adequately secured by the participant's vested interest in the Plan. In certain cases, the administrator may require additional collateral. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits - Upon termination of service, due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the vested value of his or her account. If the vested value exceeds \$5,000 no distribution will be made without the employee's consent prior to reaching normal retirement age, as defined in the Plan. In addition, participants are entitled to hardship withdrawals as defined by the Plan. In no event, May payments begin any later than April 1st following the calendar year in which the participant reaches age 70-1/2.

Forfeitures - Upon termination of employment participants forfeit their nonvested balances. Forfeited balances of terminated employees' nonvested accounts can be used to reduce future Company matching contributions or to pay administrative expenses of the Plan, as determined by the Company at sole its discretion. Unallocated forfeitures as of December 31, 2024 are approximately \$43,554.

(2) Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Adoption of New Accounting Standard - Effective January 1, 2023, the Plan adopted ASC 326 which changed how entities will measure credit losses for certain financial assets that aren't measured at fair value through changes in net assets available to benefits. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing the Plan's exposure to credit risk and the measurement of credit losses. The impact of the adoption was not considered material to the financial statements and primarily resulted solely in enhanced disclosures.

**CUSTOMIZED DISTRIBUTION SERVICES, INC.
401(K) PLAN AND TRUST**

Notes to Financial Statements

(2) Summary of Significant Accounting Policies (Continued)

Adoption of New Accounting Standard (Continued) - On July 30, 2025, the FASB issued Accounting Standards Update (ASU) 2025-05, Financial Instruments- Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets. This standard allows entities to elect a practical expedient that assumes that current conditions as of the fiscal year-end do not change for the remaining life of the asset. In addition, the standard provides for consideration of subsequent collections in developing reasonable and supportable forecasts as part of estimating expected credit losses. The Plan elected to early adopt this standard in the reporting period ended December 31, 2024.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information principally provided by the Plans trustee, as described in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Certain costs incurred by the plan for investment management services and transaction fees are included in net appreciation (depreciation) in fair value of investments, rather than as direct payments.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain administrative expenses of maintaining the Plan are paid by the Company. Expenses associated with administering participants' accounts are paid from Plan assets, which are first reduced by any forfeitures the Plan Administrator has directed to be used for payment of expenses. Any remaining expenses are shared among all participant accounts. Certain investment transaction related expenses are included in net appreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

(3) Information Certified and Provided by Fidelity Management Trust Company (Unaudited)

The following is a summary of the investment information as of December 31, 2024 and 2023, and for the year ended December 31, 2023 included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company (the "Trustee") and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that information provided to the plan administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 4 and supplemental schedule which appears throughout the financial statements and accompanying supplemental schedule related to the following investments:

	<u>December 31,</u>	
	<u>2024</u>	<u>2023</u>
Investments at Fair and Contract Value:		
Mutual Funds	\$ 8,776,660	\$ 7,765,188
Common Collective Trust	445,298	337,881
<u>Total Investments at Fair Value</u>	\$ 9,221,958	\$ 8,103,069
Receivable:		
Notes Receivable from Participants	\$ 345,249	\$ 373,332

Fidelity Management Trust Company also certified to the completeness and accuracy of the following investment income:

	<u>Year ended</u>	
	<u>December 31,</u>	
	<u>2024</u>	
Net Appreciation in Fair Value of Investments	\$ 881,417	
Dividends	\$ 296,700	
Interest Income on Notes Receivable	\$ 24,254	

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**CUSTOMIZED DISTRIBUTION SERVICES, INC.
401(K) PLAN AND TRUST**

Notes to Financial Statements

(4) Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants', the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	<u>Assets at Fair Value as of December 31, 2024</u>			<u>Total</u>

(4) Fair Value Measurements (Continued)

Transfers Between Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2024 and 2023:

		December 31, 2024			
		<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

Common Collective Trusts:					
Reliance Trust New York Life Anchor Account Series I Class 0 (b)	\$	337,881	None	Daily	Same Day

(a) Reliance Trust New York Life Anchor Account Series I Class 0 (the "Fund") is a bank collective trust fund for which Reliance Trust Company serves as trustee and investment manager. The investment objective of the Fund is to preserve principal and maintain a stable crediting rate that is responsive to changes in interest rates. The Fund invests in a group annuity contract issued by New York Life Insurance Company. Principal and accumulated interest guarantees are provided by New York Life, subject to the terms of the group annuity contract. The Fund crediting rate is subject to change daily.

(5) Related-Party Transactions and Party-in-Interest Transactions

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments rather than a direct payment. Certain administrative fees paid by the Plan directly to Fidelity Management Trust Company were \$47,511 for the year ended December 31, 2024. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(6) Tax Status

The Plan is based on a "volume submitter" plan document. The sponsor of the volume submitter document has received a favorable determination letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code ("IRC"). In accordance with Revenue Procedures, the Company has chosen to rely on the IRS determination letter issued to the sponsor of the volume submitter document as evidence that the form of the Plan is tax-qualified. The Plan is also required to be operated in conformity with the IRC to maintain its tax-qualified status. The plan administrator believes that the Plan, which has been amended since the date of the determination letter, continues to be tax-qualified in both form and operation.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement, subject to the provisions of ERISA, to discontinue its contributions, amend or modify the Plan at any time. In the event of plan termination, all participants will become 100 percent vested in their total account balance under the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
