Independent Auditors' Report

To the Plan Sponsor and Administrator
IC Employee Leasing LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of IC Employee Leasing LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of IC Employee Leasing LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IC Employee Leasing LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IC Employee Leasing LLC 401(k) Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IC Employee Leasing LLC 401(k) Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IC Employee Leasing LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental "Schedule H, Line 4a – Schedule of Delinquent Participant Contributions," and the "Schedule H, Line 4i – Schedule of Assets (Held at End of Year)," as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IC Employee Leasing LLC 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Plan Description

The following description of IC Employee Leasing LLC 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was initially established on February 25, 2002, as a defined contribution plan covering all eligible employees of Independent Coach Corp., an entity affiliated to IC Employee Leasing LLC (the “Company”) through common ownership (the “affiliate”). Effective January 1, 2013, all of the employees of the affiliate became employees of the Company and the Plan was amended to name the Company as the Plan sponsor. The amendment to the Plan had no effects on benefits and net assets of the Plan. The Plan was further amended and restated effective July 1, 2016, April 1, 2021, April 1, 2022 and January 1, 2024. Effective December 26, 2023, the Plan entered into a new service and custodial agreement. All Plan assets were transferred to the new custodian, John Hancock Life Insurance Company of New York. Effective January 1, 2024, the Plan was amended and restated to adopt the non-standardized pre-approved profit sharing plan with CODA, sponsored by CCH Incorporated DBA FTWilliam.com.

Eligibility

Effective January 1, 2024, employees who have completed six months of service are eligible to participate in the Plan. Prior to January 1, 2024, employees who had completed one year of service and worked 1,000 hours were eligible to participate in the Plan. Eligible employees exclude employees covered by collective bargaining agreements (unless inclusion is required by the agreement), certain non-resident alien employees, and residents of Puerto Rico. An employee’s entry date into the Plan is the first day of the month following the employee becoming eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, (“ERISA”), as amended.

Contributions

Participant Salary Deferral

Participants in the Plan may contribute a discretionary amount of their annual compensation and bonus provided that the participant’s contribution does not exceed the maximum dollar amount determined by the Internal Revenue Service (“IRS”) each year, which was \$23,000 and \$22,500 for the years ended December 31, 2024 and 2023, respectively. Employees over the age of 50 can elect to contribute an additional \$7,500 for each of the years ended December 31, 2024 and 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Safe Harbor Contributions

The Company makes safe harbor contributions equal to the amount of the salary reduction elected by the participants for deferral, up to 4% of their compensation. For the year ended December 31, 2024, the employer contributions were \$193,154. The safe harbor contribution is made each payroll period. During the year ended December 31, 2023, the Company remitted excess safe harbor contributions amounting to \$1,218 to two participants, which was transferred to forfeitures in 2024.

The Company may also make discretionary profit sharing contributions, but elected to make no profit sharing contributions for the year ended December 31, 2024.

Contributions are subject to certain IRS limitations.

Vesting

All participants are immediately 100% vested in their contributions, the employer safe harbor contributions and the discretionary profit sharing contributions, plus actual earnings thereon.

IC Employee Leasing LLC 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Participant Accounts

Individual participant accounts are credited with the applicable participant and safe harbor contributions, and investment earnings or losses, and are charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

A participant who terminates employment and is less than 100% vested forfeits the non-vested portion of their account. Forfeitures attributable to employer matching and discretionary profit sharing contributions are used to reduce administrative expenses, and the employer matching and discretionary profit sharing contributions. Forfeitures amounted to approximately \$5,024 and \$3,807 for the years ended December 31, 2024 and 2023, respectively.

Investment Options

Participants may direct the investment of their contributions in to various investment options offered by the Plan. Participants may change their investment options on a daily basis. For participants who do not make an investment election, the accounts will be invested in accordance with the default investment alternatives established by the Plan.

Distributions

Distributions from the Plan are permitted under the following circumstances: (i) attainment of age 65 (59 ½ for in-service distributions), (ii) termination of employment, (iii) death or permanent disability, and (iv) a proven hardship. Distributions from a participant's account are made in the form of a single lump-sum payment, installments, or partial withdrawals. Following severance of employment, if a participant's account balance does not exceed \$5,000, a mandatory distribution will be made.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000, up to a maximum equal to the lesser of either \$50,000 reduced by the participants' highest outstanding loan balance during the past 12 months or any existing loan balances on the date a new loan is made, or one half the participants' vested account balance.

The notes are secured by the balance in the participants' accounts and bear interest at the prime rate as published in the Wall Street Journal on the first business day of the month the loan is originated, plus 1%, (ranging from 4.25% to 9.50% per annum in 2024 and 2023). Loans shall be repaid over a period of up to five years unless the loan is for the purchase of a primary residence, which can then be repaid over a longer term. Loans are repaid through payroll deductions. At December 31, 2024 and 2023, participant loans were \$184,908 and \$146,549, respectively.

Excess Participant Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to contributions. The Plan distributed 2024 excess contributions to the applicable participants during June 2025. There were no excess participant contributions payable for the year ended December 31, 2023.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared using the accrual method of accounting.

IC Employee Leasing LLC 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of the fair value measurements and Note 5 for discussion of group annuity contracts.

Dividends are recorded on the ex-dividend date. Interest is included in income when earned, based on the terms of the investments. Purchases and sales of securities are recorded on a trade-date basis.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net change in the fair value of its investments which consists of realized gains or losses, and unrealized appreciation or depreciation on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities, at the date of the financial statements and the reported amounts of the Plan income and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

CARES Act

In March 2020, the coronavirus ("COVID-19") outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has led to increased volatility in financial markets. The extent to which such increased volatility will impact the value of Plan assets will depend on future developments that are highly uncertain and cannot be predicted.

3. Information Prepared and Certified by the Custodian and Trustee of the Plan as Complete and Accurate

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company of New York, the custodian of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate.

IC Employee Leasing LLC 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

	December 31, 2024	December 31, 2023
Cash	\$ 5,024	\$ 3,807
Group annuity contract (John Hancock) sub accounts	7,307,012	6,616,177
Notes receivable from participants *	184,908	-
	<u>\$ 7,496,944</u>	<u>\$ 6,619,984</u>
		Year Ended December 31, 2024
Net appreciation in fair value of investments		<u>\$ 705,752</u>
Interest income on notes receivable from participants		<u>\$ 12,763</u>

During the year ended December 31, 2024, the Plan's investments appreciated in fair value by \$705,752.

*Notes receivable from participants was not included in the John Hancock Life Insurance Company of New York certification for the year ended December 31, 2023.

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("ASC") No. 820, *Fair Value Measurements and Disclosures* ("ASC 820"), provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

IC Employee Leasing LLC 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Group annuity contract (John Hancock): The group annuity contract subaccounts are invested in mutual funds valued at the daily closing price as reported by the fund. Mutual funds held by the contract are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the contract are deemed to be actively traded.

There have been no changes in the methodologies used at December 31, 2024 and 2023.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Group annuity contract (John Hancock)	\$ -	\$ 7,307,012	\$ -	\$ 7,307,012
Total investments at fair value	\$ -	\$ 7,307,012	\$ -	\$ 7,307,012
	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Group annuity contract (John Hancock)	\$ -	\$ 6,616,177	\$ -	\$ 6,616,177
Total investments at fair value	\$ -	\$ 6,616,177	\$ -	\$ 6,616,177

Net gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net appreciation in fair value of investments.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Notes to Financial Statements
December 31, 2024 and 2023

Management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers.

5. Group Annuity Contract with John Hancock Life Insurance Company of New York

The Plan holds a group annuity contract with John Hancock Life Insurance Company of New York that provides for guaranteed interest accumulation and benefit payments. The investment contract is not fully-benefit responsive under the definition of ASC 962-325 because certain withdrawals and transfers are subject to market level adjustments, and other contractual provisions, limit the Plan's ability to transact at contract value. Accordingly, the contract is reported at fair value. Fair value is determined based on the contract's underlying investments and market conditions at year-end, as provided by the issuer. The fair value reflects the amount that would be received to sell the contract in an orderly transaction between market participants at the measurement date. As of December 31, 2024, the fair value of the contract was \$7,496,944.

The issuer of the contract reserves the right to defer or limit withdrawals under certain circumstances, such as disruptions in financial markets or large withdrawals. The Plan's investment is subject to credit risk related to the issuer.

6. Related Party Transactions

The Company administers the Plan from its office. Certain plan investments are managed by John Hancock Life Insurance Company of New York, the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to approximately \$52,000, for the year ended December 31, 2024, and are included in administrative expenses, on the Statement of Changes in Net Assets Available for Benefits.

7. Tax Status

As of December 26, 2023, the Plan is a non-standardized pre-approved profit sharing plan with CODA, sponsored by CCH Incorporated DBA FTWilliam.com. It has received an opinion letter from the Internal Revenue Service dated June 30, 2020, which indicated that plan document, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

For the period January 1, 2023 through December 25, 2023 and as of December 31, 2022, the Plan was a non-standardized pre-approved profit sharing/money purchase/CODA plan, sponsored by Empower Retirement, LLC. It had received an opinion letter from the Internal Revenue Service dated November 14, 2022, which indicated that plan document, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC").

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

8. Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

10. Delinquent Participant Contribution

During 2024, the Company failed to remit to the Plan's custodian in a timely manner certain participants' contributions and loan repayments. The total late remittances amounted to \$39,191. This constitutes a prohibited transaction as defined by ERISA. Delays in remitting contributions to the custodian were due to an administrative error and were corrected in 2025.

11. Subsequent Events

The Plan has evaluated subsequent events for possible recognition or disclosure in the financial statements through October 10, 2025, the date the financial statements were available to be issued.
