Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kolbe & Kolbe Millwork Co., Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Kolbe & Kolbe Millwork Co., Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kolbe & Kolbe Millwork Co., Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kolbe & Kolbe Millwork Co., Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kolbe & Kolbe Millwork Co., Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kolbe & Kolbe Millwork Co., Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Kolbe & Kolbe Millwork Co., Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, deferred profit sharing plan with a 401(k) feature sponsored by Kolbe & Kolbe Millwork Co., Inc. (the "Company"). Employees become eligible to participate in the Plan on the first day of each month upon attaining the age of 18 if classified as a full-time employee or part-time employee regularly scheduled to work more than 1,000 hours, and have completed at least 250 hours of service within the first three-consecutive months of employment or are otherwise subject to a one-year and 1,000 hour service requirement. Interns, part-time employees regularly scheduled to work less than 1,000 hours, and limited term team members (as defined in the plan document) are excluded from participation.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year participants may contribute up to 50% of pretax annual compensation or Roth contributions up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants may transfer their pretax contributions to Roth contributions, subject to certain limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, which are not taken into account for determining the 50% maximum deferral limitation under the terms of the plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Participants are automatically enrolled to defer 5% of eligible pretax compensation if no election or waiver is made by the participant. Effective May 1, 2023 and each May 1 thereafter, the participant contribution rate is automatically increased by 0.5% of eligible pretax compensation, up to a maximum of 10%, if no opt-out election is made by the participant. Participants who are automatically enrolled within the period from January 1 to May 1 each plan year shall not be subject to the automatic increase until the participant's second change date (May 1). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and collective investment funds, including a series of target date funds, and a guaranteed investment contract as investment options for participants.

1. Description of Plan (continued)

Contributions (continued)

Certain plan investments are shares of Kolbe & Kolbe Millwork Co., Inc. stock; however, this is no longer an investment option available for selection.

The Company provides a discretionary match equal to 30% up to a maximum of 5% of base compensation that a participant contributes to the Plan. Rollovers are not matched. The Company's discretionary matching contributions were \$704,839 and \$698,229 offset by forfeitures for the years ended December 31, 2024 and 2023, respectively.

The Company has the option to make additional discretionary profit sharing contributions to the Plan as well. To be eligible for this contribution, a participant must be employed with the Company on the last day of the plan year. The Company declared a discretionary profit sharing contribution to the Plan of \$475,000 and \$575,000 for the years ended December 31, 2024 and 2023, respectively.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, and allocations of (a) the Company's discretionary profit sharing contribution, (b) plan earnings (losses), and (c) if elected by the employer, forfeitures of terminated participants' nonvested discretionary profit sharing and charged with an allocation of investment management fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. Vesting in the Plan's discretionary matching and profit sharing contributions plus actual earnings (losses) thereon is based on years of continuous service. Participants vest at a rate of 20% per year beginning with the second year of service. Participants become fully vested in the Company's contributions after six years of continuous full-time service or upon retirement after age 62, death, or permanent disability.

Kolbe & Kolbe Millwork Co., Inc. Retirement Savings Plan
Notes to Financial Statements

1. Description of Plan (continued)

Payment of benefits

On termination of service due to death, disability, or retirement, a participant is entitled to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Participants who are required to receive lifetime required minimum distributions (RMD) may receive installments payable monthly, quarterly, or annually equal to or exceeding the annual RMD amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If a terminated participant's vested balance is between \$1,000 and \$7,000, the amount may be automatically distributed in the form of a rollover into an Individual Retirement Account. In addition, hardship and required minimum distributions out of the participant's vested account balance are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59½ or disability.

Forfeited accounts

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's discretionary matching and profit sharing contributions. If a participant becomes reemployed within five years and repays to the Plan the dollar value of all prior distributions received, any forfeiture is restored to the participant's account.

Plan forfeitures may be used to reduce Company discretionary contributions, allocated as additional Company discretionary contributions, or used to pay plan expenses. Unallocated forfeitures from nonvested accounts were \$22,238 and \$17,594 at December 31, 2024 and 2023, respectively. Forfeitures in the amount of \$121,876 and \$91,590 were used to reduce the Company discretionary matching contributions for the years ended December 31, 2024 and 2023, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Kolbe & Kolbe Millwork Co., Inc. Retirement Savings Plan

Notes to Financial Statements

2. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. These estimates relate primarily to the Plan's investment in Kolbe & Kolbe Millwork Co., Inc.'s Class B common stock.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract (FBRIC)). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The FBRIC is reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable From Participants

The Plan does not allow participants to borrow from their fund accounts.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Investment management fees are paid by the Plan and are allocated proportionately to plan participants based on their respective balances. All other administrative costs of the Plan are paid by the Company and are excluded from these financial statements.

Subsequent Events

Subsequent events were evaluated through October 14, 2025, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust funds: Valued at the NAV of the underlying investments held by the collective investment trust, as reported by the fund house or other investment provider. The underlying investments are valued and published daily and transact at that price.

Notes to Financial Statements

3. Fair Value Measurements (continued)

Class B Common Stock of Kolbe & Kolbe Millwork Co., Inc.: The fair value of the Company's Class B common stock held by the Trustee has been estimated by an independent appraisal in the absence of readily ascertainable market values. The fair market value per share at December 31, 2024 and 2023, was \$627 and \$626, respectively. The Company has reviewed the procedures used by the independent appraiser in arriving at its estimate of value of such securities, and the Company believes the procedures are reasonable and the documentation appropriate. However, because of the inherent uncertainty of valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed and the differences could be material.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,042,293	\$ -	\$ -	\$ 7,042,293

Notes to Financial Statements

3. Fair Value Measurements (continued)

Level 3 Gains and Losses

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2024 and 2023, the significant unobservable inputs and the quantitative information about those inputs.

	2024		2023	
Balance, beginning of year	\$	6,533,643	\$	6,102,361
Unrealized gains relating to instruments still held at the reporting date		10,013		730,599
Purchases, sales, issuances, and settlements:		-		-
Purchases		(265,292)		(299,317)
Balance, end of year	\$	6,278,364	\$	6,533,643

4. Fully Benefit-Responsive Investment Contract

The Plan invests in a FBRIC with Principal Life Insurance Company ("Principal") in the form of a guaranteed investment contract (GIC) that invests in traditional investment contracts. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Principal is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The GIC is carried at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0.15% or greater than 3%. Such interest rates are reviewed on an annual basis for resetting.

Certain events may limit the Plan's ability to transact at contract value with Principal, including plan termination and other events as specified in the GIC. The plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The GIC does not permit Principal to terminate the agreement prior to the scheduled maturity date.

5. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal"), the Trustee of the Plan, has certified to the completeness and accuracy of all investments except for the valuation of the Kolbe & Kolbe Millwork Co., Inc. Class B common stock, reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023.

The Trustee has provided the plan administrator with certifications as to the existence of 10,013 and 10,437 shares of Kolbe & Kolbe Millwork Co., Inc. Class B common stock held by the Plan at December 31, 2024 and 2023.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The Plan adopted a non-standardized pre-approved plan document, sponsored by Findley Inc. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Related-Party and Party In Interest Transactions

Certain Plan investments are managed by Principal, the Trustee as defined by the Plan, and therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan to Principal for the investment management services amounted to \$140,376 and \$125,160 for the years ended December 31, 2024 and 2023, respectively.
