Independent Auditor's Report

Trustees and Plan Administrator
Mid Penn Bank Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mid Penn Bank Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Merger

As discussed in Note 1 to the financial statements, the Plan Sponsor elected to merge the Brunswick Bank and Trust 401(k) Plan into the Plan. The plan assets of the Brunswick Bank and Trust 401(k) plan were transferred into the control of Mid Penn Bank Retirement Plan on October 1, 2024. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the Planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Mid Penn Bank Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Mid Penn Bank Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Mid Penn Bancorp, Inc. (the Sponsor or the Company) who have completed 90 days of service. The Retirement Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan merger: The Plan Sponsor approved the merger of the Brunswick Bank and Trust (Brunswick) 401(k) Plan into the Mid Penn Bank Retirement Plan. The Brunswick employees began participating in the Plan in May 2023, when the Plan Sponsors merged and all plan assets of the Brunswick Bank and Trust 401(k) Plan were transferred to the control of Mid Penn Bank Retirement Plan on October 1, 2024. As a result, net assets of \$517,997 were transferred into the Plan.

Contributions: Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Sponsor may make matching contributions, at its discretion, in an amount not to exceed 5% of a participant's compensation. The Sponsor contribution percentage was 100% of their first 4% of salary deferrals and 50% of the next 1% of salary deferrals. The Sponsor may also make discretionary profit sharing contributions to the Plan. There were no profit sharing contributions for the year ended December 31, 2024. Contributions are subject to certain Internal Revenue Service limitations.

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Effective April 1, 2020, the Plan includes an auto-enrollment provision whereby all newly eligible employees with a Plan are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants with a Plan entry date prior to January 1, 2021, have their deferral rate set at 3% of eligible compensation. Automatically enrolled participants with a Plan entry date on or after January 1, 2021, have their deferral rate set at 4% of eligible compensation. Automatically enrolled participants have their contributions invested in an age-appropriate target date retirement fund until changed by the participant.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the Sponsor's matching contribution, rollovers as applicable, as well as allocations of the Company's discretionary matching and profit sharing contributions (when made) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Mid Penn Bank Retirement Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: As the Plan was previously a safe harbor plan, some participants have safe harbor matching contributions included within their vested balances. Participants are vested immediately in their contributions and the Company's safe harbor nonelective contributions, plus actual earnings thereon. Vesting in any Company discretionary matching and profit sharing contributions is based on years of credited service.

Through June 30, 2022, upon completion of two years of service, a participant becomes 20%, with an additional 20% vesting each succeeding year, with 100% vesting after six years of credited service. Effective July 1, 2022, upon completion of one year of service, a participant becomes 20%, with an additional 20% vesting each succeeding year, with 100% vesting after five years of credited service. Participant accounts become vested upon death or total disability.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Forfeitures: Forfeitures are used to reduce future employer contributions, pay Plan expenses, or are allocated to Plan participants. Forfeited nonvested accounts totaled \$10 and \$9 at December 31, 2024, and 2023, respectively. During 2024, \$0 was used to pay administrative expenses or to reduce employer matching contributions.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. These rates range from 8.50% to 10.00% on loans outstanding at December 31, 2024, and mature through 2029. Principal and interest are paid ratably through monthly payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Mid Penn Bank Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the custodians and investment advisors. See Note 4 for discussion of fair value measurements

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation. Participant contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2024) through October 15, 2025, the date the financial statements were available to be issued.

Notes to Financial Statements

Note 3. Information Certified or Provided by Voya Retirement Insurance and Annuity Company (Custodian)

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Voya Retirement Insurance and Annuity Company (Voya), the custodian of the Plan. The Plan Administrator has obtained a certification from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2024	2023
Investments at fair value:		
Pooled separate accounts	\$ 49,489,576	\$ 42,168,523
Investment at contract value:		
Guaranteed investment contract	\$ 1,989,793	\$ 2,285,412
Notes receivable from participants	\$ 397,274	\$ 296,718

Voya also certified to the completeness and accuracy of \$6,014,473 of net appreciation in fair value of investments, \$25,326 of interest income on notes from participants, and \$33,987 of interest and dividends related to the aforementioned plan assets for the year ended December 31, 2024.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Mid Penn Bank Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled separate accounts: Valued at the net asset value (NAV) of shares in each account held by the Plan at year end. The NAV is not a publicly quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value.

The following tables summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2024 and 2023:

	Fair Value Estimated Using NAV Per Share		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Pooled separate accounts:					
Aggressive growth (a)	\$ 9,900,744	\$ 8,072,242	None	Immediate	None
Conservative (b)	999,203	1,147,293	None	Immediate	None
Growth and income (c)	10,244,080	8,633,534	None	Immediate	None
Target date (d)	28,345,549	24,315,454	None	Immediate	None
Total	<u>\$ 49,489,576</u>	<u>\$ 42,168,523</u>			

- (a) Aggressive growth: The objective of these portfolios is to seek long-term capital appreciation by investing in primarily equity securities.

Note 5. Fully Benefit-Responsive Investment Contracts

The Plan has a traditional, fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company that is reported at contract value. Voya maintains the contributions in a general account. The account is credited with contributions, earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreement without the consent of the issuer

Note 6. Related-Party and Party-in-Interest Transactions

Voya Retirement Insurance and Annuity Company is the custodian of the Plan; therefore, transactions with the custodian qualify as party-in-interest transactions. Fees paid by the Plan to the custodian totaled \$50,384 for the year ended December 31, 2024. The Sponsor also paid certain administrative expenses of the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Tax Status

Effective January 20, 1949, the Plan adopted a non-standardized form of a prototype plan sponsored by PA Retirement Solutions, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Subsequent Events
