INDEPENDENT AUDITOR'S REPORT

To the Trustees of the George T Sanders CO 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the accompanying financial statements of George T Sanders CO 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution (John Hancock Life Trust Company LLC) as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. I am required to be independent of George T Sanders CO 401(k) Profit Sharing Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i, Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of the George T Sanders CO 401(k) Profit Sharing Plan , (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. **General** – George T. Sanders Company (the “Company”) established the Plan effective as of January 1, 1976 and was subsequently amended with the latest amendment in April of 2024. The Plan is a defined contribution plan covering all employees except those that are covered by a collective bargaining agreement, nonresident aliens that do not have U.S. source income and leased employees. Employees may contribute to the Plan after one year of service and are at least 18 years old. The Plan does not recognize service with other employers, except at otherwise required by law. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. **Plan Administration** - The Plan is administered by George T. Sanders Company, (the “Plan Sponsor”). The Plan’s trustee, John Hancock Trust Company, LLC (the "Trustee"), is responsible for the custody, recordkeeping and management of the Plan’s assets.
3. **Contributions** - Each year, participants may contribute up to 100 percent of pretax annual compensation not to exceed \$23,000 and employees over the age of 50 may make additional catch-up contributions as defined in the Plan. Participants may designate certain contributions as Roth 401(k) contributions. The Company will match 100% of the first 3% of participant contributions plus 50% of the next 2% (“safe harbor contributions”). The Company may make a discretionary profit-sharing contribution. The Company did not make a profit-sharing contribution for 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The participant contributions and the Company’s matching contributions may be allocated to various investment options as the participant directs. For the year ended December 31, 2024, the Company made contributions of \$206,021.
4. **Vesting** - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting on employer matching and profit-sharing contributions plus actual earnings thereon is based on years of continuous service. Participants are 100% vested in safe harbor contributions. The schedule below determines the participants vesting percentage on their accounts:

Less than two years	0%
Year 2	20%
Year 3	40%

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (concluded)

5. ***Payment of Benefits*** - On termination of service including, retirement, death, or disability, a participant (or participant's beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. Terminated participants that do not have more than \$5,000 in their vested account may be paid in a single lump sum. If there is more than \$5,000 in a terminated participant's vested account, they may choose to leave the account in the plan or have all or part of their vested account paid to them by choosing one of the options of payment as if they retired. Upon termination, participants may also choose to roll their vested account over to another qualified plan.
6. ***Participant Accounts*** - Each Participant's account is credited with the participant's contributions, the Company's matching contributions, as well as allocations of the Plan's earnings and any related administrative expenses. Allocations are based on Participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
7. ***Notes Receivable From Participants*** - Participants may borrow from the fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or a maximum of 50% of the vested account balance. Loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate. Principal and interest is paid ratably through monthly payroll deductions.
8. ***Forfeited accounts*** - At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$19,449 and \$8,674, respectively. These amounts are used to pay Plan expenses and reduce future employer contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

GEORGE T SANDERS CO 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

The Plan values its investments in accordance with Accounting Standards Codification 820 - Fair Value Measurements ("ASC 820"). Under ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants and the measurement date.

In determining fair value, the Plan uses various valuation approaches. ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments and blockage discounts are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of valuation techniques and observable inputs can vary from security to security and is affected by a wide variety of factors, including the type of security, whether the security is new and not yet established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the securities existed..

Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for securities categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy.

In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement.

GEORGE T SANDERS CO 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(continued)

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Plan uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many securities. This condition could cause a security to be reclassified to a lower level within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments in the common collective trusts are stated at fair value and represent the net asset value of that investment and valued daily based upon the valuation of the underlying assets net of liabilities. Investments in common collective trusts are based on the net asset value practical expedient and accordingly are excluded from the ASC 820 fair value hierarchy.

The Plan's investments in the pooled separate accounts are stated at fair value based upon the participation units and valued daily. Investments in pooled separate accounts are based on the net asset value practical expedient and accordingly are excluded from the ASC 820 fair value hierarchy.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of participant distributions and participant loans are directly charged to the Participants' accounts and are included in administrative expenses. As permitted by the Plan service agreement, participants pay a monthly administrative fee based of net assets in the participant account. The participants administration fees and other fees of \$20,093 for the year ended December 31, 2024 .

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS

Certain expenses are incurred by participants of the Plan are paid to John Hancock Trust Company LLC. Accordingly, these transactions qualify as party-in-interest transactions. Fees were of \$20,093 were paid for administration as discussed above. Additionally, certain plan investments are managed by John Hancock Trust Company LLC, who is the trustee and recordkeeper for the Plan and therefore, these transactions qualify as party in interest transactions

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's assets and liabilities recorded at fair value have been categorized based upon a fair value hierarchy in accordance with ASC 820. See Note 2 for a discussion of the Plan's policies.

The following tables present information about the Plan's assets measured at fair value as of December 31, 2024 and 2023:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of December 31, 2024
Investments:				
Mutual funds	\$ 2,881,915	\$ -	\$ -	\$ 2,881,915

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of December 31, 2023
Investments:				
Pooled separate accounts measured at NAV	\$ -	\$ -	\$ -	\$ 9,224,925

The Plan did not have any significant transfers between Levels during 2024 or 2023 .

The common collective trusts are "Target Date Funds" issued by JP Morgan and are generally intended for Plan participants expected to retire in the specified target year. Each of the funds seek risk-appropriate total return with a shift to current income and capital appreciation over time as each target approaches.

The pooled separate accounts represent the fair value of the participation units at the measurement date.

The following table represents the redemption frequency and restrictions:

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants will become 100 percent vested in their accounts.

NOTE 6 - TAX STATUS

The Company uses a preapproved plan. The Internal Revenue Service has determined by a letter dated August 31, 2020, that a plan sponsor adopting this plan may rely that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Additionally, the Plan administrator and the Plan's tax counsel believe that the Plan is appropriately designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.
