INDEPENDENT AUDITOR'S REPORT

To the Mondelēz Global Administrative Committee,
Benefits Investment Committee and the Participants
of the Mondelēz Global LLC Hourly Retirement Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Mondelēz Global LLC Hourly Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Mondelēz Global LLC Hourly Retirement Plan

Notes to the Financial Statements

Note 1. General Description of the Plan

Mondelēz Global LLC Hourly Retirement Plan (the “Plan”) is a defined benefit pension plan sponsored by Mondelēz Global LLC (“Mondelēz Global”). Mondelēz Global is a wholly owned subsidiary of Mondelēz International, Inc. (“Mondelēz International”). The Plan generally covers hourly employees of Mondelēz Global who are eligible for defined benefit pension benefits under a company sponsored plan pursuant to the applicable collective bargaining agreement covering the hourly employees. There are also certain non-union hourly groups covered under the Plan as well.

The Plan was established effective as of September 1, 2012 in anticipation of the spin-off of Kraft Foods Group, Inc. (“KFGI”) to shareholders of Kraft Foods Inc. The spin-off occurred on October 1, 2012, at which point, Kraft Foods Inc. changed its name to Mondelēz International.

Participants should refer to the official Plan document that legally governs the operation of the Plan for a complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and the U.S. Internal Revenue Code (the “Code”).

The Mondelēz Global Management Committee for Employee Benefits (the “Management Committee”) has been authorized by the Board of Managers of Mondelēz Global to take settler actions with respect to the Plan. The Plan vests the Mondelēz Global Administrative Committee (the “Administrative Committee”) with authority to control and manage the non-investment operations of the Plan and the Mondelēz Global Benefits Investment Committee (the “Benefits Investment Committee”) with authority to control and manage the investment operations of the Plan. The Administrative Committee and the Benefits Investment Committee are hereinafter collectively referred to as the “Fiduciaries.”

The Plan’s normal retirement date is generally defined as the first day of the month following the employee’s 65th birthday. There are variations in Plan design based on applicable collective bargaining agreements and other factors.

The Plan is closed to non-union hourly employees hired after December 31, 2008 and who are not members of a collective bargaining unit to which the Plan is extended by a currently effective collective bargaining agreement. Effective December 31, 2019, benefit accruals under the Plan ceased, except for participants who are members of a collective bargaining unit to which the Plan is extended under a currently effective collective bargaining agreement.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“US GAAP”) requires management to make estimates and assumptions that affect the reported amounts in the financial statements and related disclosures. The present value of accumulated plan benefits is a significant estimate subject to change in the near term. Actual results could differ from those estimates.

Investments Held by Mondelēz Global LLC Master Retirement Trust

Plan assets are held in the Mondelēz Global LLC Master Retirement Trust (the “Master Trust”). Other defined benefit pension plans sponsored by Mondelēz Global LLC are also held in the Master Trust. Each plan has an undivided interest in the underlying assets and liabilities of the Master Trust.

During 2024, Mondelēz entered into an agreement with two third party insurance companies for the Mondelēz Global LLC Retirement Plan (“Retirement Plan”) which features a buy-in of the plan assets for that plan. As part of the buy-in, all of the assets of the Retirement Plan were transferred from the Master Trust to the insurance

Mondelēz Global LLC Hourly Retirement Plan

Notes to the Financial Statements

companies in exchange for an annuity contract. As such, the Retirement Plan assets are no longer held in the Master Trust as of December 31, 2024. This Plan was not impacted by the buy-in agreements.

Valuation of Investment in Master Trust

The Plan's participation in the Master Trust is determined monthly by adding to or deducting from its investment at the beginning of each month, the Plan's contributions, benefit payments, and administrative expenses made during the month and a proportionate share of the other changes in the Master Trust's net assets (related principally to investment activities), based on the relative interest of the Plan in the Master Trust at the beginning of the month.

The Plan's allocated share of the Master Trust's net assets is reflected in the statements of net assets available for benefits. Investment income from the Master Trust reflected in the statements of changes in net assets available for benefits represents the Plan's allocated share of the Master Trust's interest and dividend income, and net appreciation (depreciation) in the fair value of investments.

Valuation of Investments

Investments of the Plan and the Master Trust are reported at fair value. The Plan's interest in the Master Trust is reported at estimated fair value based upon the fair values of the underlying investments held within the Master Trust. US GAAP defines fair value as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The guidance establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan and the Master Trust have the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's and the Master Trust's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan and those held as underlying investments of the Master Trust.

U.S. Government securities: Less-actively traded securities are valued based on evaluation methodology where prices are based on a compilation of primary observable market information; the value is imputed based on the conversion ratio and other security specific information, or a broker quote (level 2 inputs).

Corporate bonds: Corporate bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings (level 2 inputs). When quoted prices are not available for identical or similar bonds, the bond is valued using matrix pricing, a mathematical technique widely used in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities (level 2 inputs).

Municipal bonds and other fixed income securities: Asset-backed securities, mortgage-backed securities, and municipal bonds are valued based on evaluation methodology where prices are based on a compilation of primary observable market information, the value is imputed based on the conversion ratio and other security specific

Mondelēz Global LLC Hourly Retirement Plan

Notes to the Financial Statements

information, or a broker quote in a non-active market (level 2 inputs). Evaluation methodology relies on inputs that may include, but are not limited to, treasury or floating index benchmarks, other benchmark yields, base spreads, spread adjustments, yield-to-maturity, swap curves, prepayment speeds, cash flows, ratings updates, collateral performance and collateral type.

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values, as reported by the managers of the collective trusts and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Investments in the domestic large cap equity and the domestic small cap equity collective trusts can generally be redeemed on each business day, with 2 business days' notice, based upon the applicable net asset value per unit. A maximum of 15 business days' written notice can be required for redemptions of significant size as determined by State Street Global Advisors.

Investments in the international large/mid cap equity collective trust can be redeemed at least twice a month, based on a schedule established by the investment manager, generally with 2 business days' notice based upon the applicable net asset value per unit. A maximum of 15 business days' written notice can be required for redemptions of significant size as determined by State Street Global Advisors.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs). While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment Transactions and Investment Income

Investment transactions of the Plan and the Master Trust are accounted for on a trade date basis. Dividend income is recorded on the ex-dividend date; interest income is recorded as earned on an accrual basis.

In accordance with the policy of stating investments at fair value, the net appreciation (depreciation) in the fair value of investments reflects both realized gains or losses and the change in the unrealized appreciation (depreciation) of investments held at year-end.

Risks and Uncertainties

The Plan and Master Trust provide for various investment options. Investments, in general, are exposed to various risks, such as interest rate, credit, liquidity and overall market volatility, including risks pertaining to global events. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect participants' account balances and the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported in the financial statements.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 5) are future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the amounts employees have earned through benefit service as defined by the Plan. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits payable under all circumstances -- retirement, death, disability, and termination of employment -- are included to the extent that they are deemed attributable to employee service rendered as of the valuation date.

The actuarial present value of accumulated plan benefits is determined by actuaries from Willis Towers Watson (the "Actuary") and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means

Mondelēz Global LLC Hourly Retirement Plan

Notes to the Financial Statements

of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant assumptions underlying these actuarial computations at December 31, 2023 and December 31, 2022 are as follows:

Interest rate	6.25% at December 31, 2023 6.25% at December 31, 2022
Mortality basis	Pri-2012 mortality tables (employee table used for active, terminated vested participants, and deferred beneficiaries; healthy retiree table used for in-pay participants; contingent survivor table used for beneficiaries before and after the death of the retiree), with collar adjustments (100% blue collar) projected on a generational basis with Scale MP-2021 adjusted to converge to 50% of the long term rates by 2037 at December 31, 2023 and December 31, 2022.
Retirement age	2023 and 2022: Varying assumed to retire rates by age, starting at 10% at age 55, 20% at normal retirement age of 65 and 100% at age 70

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Benefits Paid

Benefit payments to participants are recorded upon distribution.

Administrative Fees

Administrative fees are payable by the Plan, to the extent not paid by Mondelēz Global. Brokerage commissions are included in the cost basis of investments when purchased and deducted from the proceeds of investments when sold. Investment management fees are charged to the Plan and the Master Trust as a reduction of investment return and included in the investment income (loss) reported by the Plan and the Master Trust. Administrative fees such as trustee fees, participant recordkeeping, communications, actuarial, audit and legal fees are paid by the Plan.

Note 3. Certified Investments

Certain information related to investments disclosed in the financial statements, including investments held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments and interest and dividends, for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by JPMorgan Chase Bank, N.A. (the trustee of the Plan).

Mondelēz Global LLC Hourly Retirement Plan

Notes to the Financial Statements

The Master Trust carries all derivatives at fair value. The Master Trust's investment policy permits investments in derivative instruments, including financial futures and options. Investments in derivative instruments may not be used for speculative or leverage purposes.

The Master Trust is subject to master netting agreements, or netting arrangements, with certain counterparties. These agreements govern the terms of certain transactions and reduce the counterparty risk associated with relevant transactions by specifying offsetting mechanisms and collateral postings arrangements at prearranged exposure levels. Since different types of transactions have different mechanics and are sometimes traded out of different legal entities of a particular counterparty organization, each type of transaction may be covered by a different master netting arrangement, possibly resulting in the need for multiple agreements with a single counterparty. Master netting agreements are specific to each different asset type; therefore, they allow the company to close out and net its total exposure to a specified counterparty in the event of a default with respect to any and all the transactions governed under a single agreement with the counterparty.

During the years ended December 31, 2024 and 2023, the Master Trust used futures in the normal course of its investing activities to manage market risk associated with the Master Trust's fixed income investments and to achieve overall investment portfolio objectives. A futures contract is a contractual agreement to make or take delivery of a standardized quantity of a specified grade or type of commodity or financial instrument at a specified future date in accordance with terms specified by a regulated future exchange. These contracts involve elements of market risk in excess of amounts recognized on the statements of net assets available for benefits.

At December 31, 2024, the Master Trust held positions in six different types of interest rate futures contracts expiring at various dates in 2025. At December 31, 2023, the Master Trust held positions in nine different types of interest rate futures contracts expiring at various dates in 2024. The investments had a notional value of \$65,093,500 at December 31, 2024 and \$229,665,734 at December 31, 2023.

Realized gains and losses on settled trades are recorded as net appreciation (depreciation) in fair value of investments. The unrealized appreciation (depreciation) for the contracts for the years ended December 31, 2024 and 2023 were \$356,645 and \$(3,951,333) respectively. The cash settlement value of the investments was \$(30,766) at December 31, 2024 and \$210,281 at December 31, 2023. All of these amounts are immaterial to the Plan.

Note 5. Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits at December 31, 2023 and the changes in the actuarial present value of accumulated plan benefits for the year ended December 31, 2023 were calculated by the Actuary:

The change in the actuarial present value of accumulated plan benefits for the year ended December 31, 2023, is as follows:

	(in thousands)
Actuarial present value of accumulated benefits as of December 31, 2022	\$ 237,570

Plan amendments	260
Benefits paid	(14,186)
Net decrease	3,967
Actuarial present value of accumulated plan benefits at December 31, 2023	<u>\$ 241,537</u>

Note 6. Funding Policy

Mondelēz Global and other participating affiliated employers make contributions to the Plan each year in an aggregate amount that is not less than the amount that is required under the minimum funding standards of ERISA and the Internal Revenue Code, as amended (the “Code”).

The amount of contributions required (and permitted) each year is determined by the Actuary using the unit credit actuarial cost method, and includes the annual funding target plus an amount to amortize the unfunded funding target, if any, generally over seven years. The actuarial determination assumes payment of the contributions, adjusted for interest, by the participating employers before the filing date of the Mondelēz International Inc. consolidated federal income tax return.

As a result of the Plan's funded status and contribution credits from prior years, the Actuary has determined that no minimum contributions were required by Mondelēz Global for the years ended December 31, 2024 and 2023. Mondelēz Global did not make any additional contributions to the Plan for the years ended December 31, 2024 and 2023, respectively. Mondelēz Global has complied with the minimum funding requirements of ERISA and the Code.

Note 7. Transactions with Parties-in-Interest

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Master Trust held party-in-interest investments consisting of a mutual fund, mortgage-backed securities, and corporate bonds issued by JPMorgan Chase Bank, N.A. or one of its affiliates. JPMorgan Chase Bank, N.A. is the Plan's trustee and the trustee of the Master Trust, therefore these investments and transactions therein are considered party-in-interest. The Master Trust invests in collective trusts issued by State Street Bank and Trust Company, an affiliate of State Street Global Advisors, an investment manager of the Master Trust. The investments, transactions and fees paid to the investment managers are also exempt parties-in-interest transactions.

Actual fees paid by the Plan such as trustee fees, participant recordkeeping, communications, actuarial, audit and legal fees, also qualify as party-in-interest transactions and are included in administrative expenses in the accompanying financial statements. Mondelēz Global pays certain expenses for the administration of the Plan.

These transactions are exempt from the party-in-interest transaction prohibitions of ERISA.

Mondelēz Global LLC Retirement Plan

Notes to the Financial Statements

Note 8. Termination Priorities

In the event of a termination of the Plan in accordance with the provisions of ERISA, the Plan provides that its net assets shall be allocated among participants and beneficiaries in the order and manner provided for in ERISA. Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a participant's accumulated plan benefit will be paid depends on the sufficiency, at that time, of the Plan's net assets to provide those benefits, and the priority of those benefits and the level of the benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

Note 9. Tax Status

The Plan received a favorable determination letter dated May 5, 2017. In the determination letter, the Internal Revenue Service (IRS) states that the Plan constitutes a qualified plan under Section 401(a) of the Code and the related trust is therefore exempt from federal income taxes under the provisions of Section 501(a) of the Code. Therefore, no provision for income taxes had been included in the Plan's financial statements. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 10. Subsequent Events

Plan management has evaluated subsequent events for recognition and disclosure through October 13, 2025, which is the date the financial statements were available to be issued. An actuarial valuation report for the year ended December 31, 2024 has subsequently been issued by the Plan's actuary, which reports the present value of accumulated plan benefits as of December 31, 2024 to be \$233,396,885 (unaudited) and includes a change due to actuarial assumptions of \$12,336,815. A discount rate of 6.75% was used for the valuation compared to 6.25% used for the prior year valuation.

Form of payment

Active and terminated vested:

Form of Payment	Life Annuity	50% JS	100% JS
Election Percent	40%	30%	30%

Percent married 80% of males; 60% of females. Used to value pre-retirement surviving spouse benefits.

Spouse age Wife three years younger than husband.

Covered pay Projected plan compensation for the year beginning on the valuation date was generally set equal to the base rate of pay on the valuation date, adjusted for the target bonus, increased by 4.00%. For certain groups, the prior year's base pensionable earnings were used in lieu of the base rate of pay.

Administrative expenses Estimated expenses are assumed to be equal to prior year actual expenses. For 2024, this amount was \$800,000.

Loads None.

Timing of benefit payments Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Methods

Valuation date First day of plan year.

Funding target Present value of accrued benefits as required by regulations under IRC §430.

Target normal cost Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year as required by regulations under IRC §430.

SCHEDULE SB ATTACHMENTS

Actuarial value of assets Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22) . The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2023 plan year.)

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with Mondelēz and, based on that review, is not aware of any significant benefits required to be valued that were not.

Data Sources

WTW used asset data supplied by the trustee. Mondelēz through its third party administrator furnished participant data as of 1/1/2024. Data were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Source of Prescribed Methods

Funding methods The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Assumptions Rationale - Significant Economic Assumptions for Contributions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Lump sum conversion rate	As required by IRC 430, lump sum benefits are valued using “annuity substitution”, so that the interest rates assumed are effectively the same as described above for the discount rate.
Annuity conversion rate for hybrid plans	As required by IRC 430, annuity benefits are valued by converting accounts to annuities using the current IRC 430 interest rates, so that the interest rates assumed are effectively the same as described above for the discount rate.
Administrative expenses	Administrative expenses are estimated by determining the actual expenses paid from the trust the preceding year.
All other economic assumptions	Please see Benefits Accounting Assumptions support memo for fiscal year-end 2023.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

The actuarial assumptions that are not mandated by IRC § 430 and regulations, represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Item 18 of Schedule SB were listed in reliance on information provided by the plan administrator and/or trustee.

SCHEDULE SB ATTACHMENTS

Schedule SB, Line 22 Description of Weighted Average Retirement Age as of January 1, 2024

An average retirement age for each possible decrement is calculated for each active participant as the probability of decrementing in each year multiplied by the percentage of the participant not previously decremented.

The weighted average retirement age is calculated as the average age of these individual participant ages, per decrement, weighted by the total number expected to leave due to each decrement.

Representative retirement rates are found in the attachment "Schedule SB, Part V—Statement of Actuarial Assumptions/Methods".

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions — Mondelēz Global LLC Hourly Retirement Plan — Flat Dollar (Union Participants)¹

1. Effective Date: September 1, 2012 to reflect the spinoff from The Kraft Foods Group, Inc. Hourly Retirement Plan. Effective date prior to the spinoff was January 1, 1998. (Original plan name was The Nabisco, Inc. Flat Dollar Pension Plan).
2. Date of Most Recent Amendment: Varies by location.
3. Eligibility Requirements: Eligible employees include all regular union employees in the U.S. who are in participating locations and who are not covered by collective bargaining agreements that exclude them from plan participation. Eligible after completion of 1,000 hours of service in a 12-month period, either in the first 12 months of employment or any calendar year thereafter. If the employee transferred from a prior location, eligible upon Transfer Date. Employees hired before Eligibility Date of Hire are eligible to receive benefits.
4. Definitions:
 - a) Credited Service: Service prior to the Transfer Date is granted only to those participants in locations with retroactive benefits (see Appendix A for these locations). All other participants are granted service from the Transfer Date forward. Service is granted for all calendar years in which a participant is credited with 1,000 hours of service.

 Except for those employees participating in a transfer plan prior to January 1, 1974, the total Credited Service is limited to 40 years. If there are other benefit plan benefits that the participant is receiving, the aggregate service for all Company plans is 40 years. If benefits are offset from this plan, the 40-year limit will apply to this plan only.
 - b) Transfer Date: Date location transferred from the Plan for Pensions of Nabisco, Inc. to this Plan (see Appendix A).
5. Normal and Deferred Retirement Benefit:
 - a) Retirement Dates:
 - (i) Normal: First day of the month following age 65.
 - (ii) Deferred: First day of any month after normal retirement date.

¹ Prior to January 1, 2003, plan provisions for nonunion participants were identical to plan provisions for union participants.

- b) **Basic Benefit:** For participants with fewer than 1,000 hours of service in year of transfer from the Plan for Pensions of Nabisco, Inc., the monthly benefit based on the sum of (i) and (ii):
- (i) The benefit accrued to Transfer Date in the Plan for Pensions of Nabisco, Inc. (see Appendix B for plan provisions).
 - (ii) The monthly amount shown in Appendix A (per location), multiplied by credited service earned after the Transfer Date.

For participants with 1,000 or more hours of service in year of transfer from the Plan for Pensions of Nabisco, Inc., the monthly benefit based on the sum of (i), (ii), and (iii):

- (i) The benefit accrued to the beginning of the year of transfer under the Plan for Pensions of Nabisco, Inc.
- (ii) During the year of transfer, the greater of the benefit determined under:
 - The Plan for Pensions of Nabisco, Inc. formula or
 - The Flat Dollar Plan formula
- (iii) The monthly amount shown in Appendix A (per location) multiplied by credited service earned after the year of transfer.

For participants hired after the Transfer Date, the monthly amount shown in Appendix A (per location) multiplied by credited service.

For grandfathered New England Council Red Circle employees terminating prior to February 15, 2001, the greater of (i) or (ii):

- (i) The benefit as calculated above.
- (ii) The accrued benefit earned under the Plan for Pensions of Nabisco, Inc., determined without regard to the Social Security offset.

For locations with retrospective benefits (see Appendix A), the monthly benefit is the greater of (i) and (ii), effective at the date specified:

- (i) The benefit as calculated above.
- (ii) The monthly amount shown in Appendix A (per location), multiplied by credited service.

6. Early Retirement Benefit:

- a) Eligibility: Age 55 with at least 15 years of service.
1. Basic Benefit: Accrued benefit reduced by a certain percentage for each year benefit commencement precedes a given age. The reduction percentage and age from which reduction factors are calculated can vary based on an employee's location, date of hire and/or date of retirement as described in Appendix A. Except as noted in Appendix A, the basic early retirement benefit is equal to the accrued benefit reduced by 5% per year benefit commencement precedes a given age (reduction is not applied to the Social Security Offset).

The benefit is then reduced by the Social Security Offset (if applicable) on the first of the month following the participant's 62nd birthday.

- b) Supplement: Social Security Offset if formula (i) is applied in Appendix B, Section 2.

7. Vesting:

- a) Eligibility: Age 65 or five years of service.
- b) Benefit: Accrued benefit payable at normal retirement date.

8. Pre-Retirement Spouse Benefit:

- a) Eligibility: The earlier of five years of service or age 65.
- b) Benefit: 50% of the accrued benefit payable to the employee assuming the employee terminated on the date of death and had elected a 50% Joint and Survivor annuity. The benefit is payable at any time following the participant's death and is reduced actuarially (same reduction as withdrawal benefit) from the benefit that would otherwise be payable on the participant's early retirement date.
- c) Period Payable: Life of the spouse.

9. Disability Benefit:

- a) Eligibility: Permanent disability (as determined under the Social Security Act) and having attained the earlier of (i) 20 years of service or (ii) age 55 with at least 10 years of service.
- b) Benefit: If payable after age 60, benefit is payable immediately without reduction for early commencement. If payable prior to age 60, the accrued benefit (without Social Security Offset, if applicable) is payable immediately, reduced by 1/2% per year prior to age 60. If applicable, the Social Security benefit payable at 62 is then applied as an offset without reduction.

10. Employee Contributions: None.

¹ If date specified, the basic early retirement benefit for participants hired on or after this date is equal to the accrued benefit reduced by 6% per year benefit commencement date precedes age 65. Furthermore, for Batavia, Cedar Rapids and Fargo only, the basic early retirement benefit for participants retiring on or after this date is equal to the accrued benefit reduced by 6% per year benefit commencement date precedes age 65 (reduction is not applicable to the Social Security Offset), but not less than the benefit accrued prior to this date reduced by 5% per year benefit commencement date precedes age 62.

² If specified, employees hired on or after this date will not be eligible to participate in the Mondelez Global LLC Hourly Retirement Plan.

³ Eligibility for coverage could differ between the two bargaining units listed. Specific coverage for each bargaining unit is included in the coverage criteria document

⁴ Indicates union group that decertified, with participants retiring after decertification receiving the better of the Nonunion Hourly benefit for all service or the accrued benefit effective date of switch except for Richmond. Richmond participants will receive the accrual benefit to date and the Nonunion Hourly benefit for future service.

Plan Provisions — Mondelez Global LLC Hourly Retirement Plan — Flat Dollar Union — Appendix B Selected Plan Provisions Required to Calculate the Transfer Benefit Accrued in the Plan for Pensions of Nabisco, Inc.

1. Definitions:

a) Credited Service:

- (i) For years prior to January 1, 1982: Credited service is as shown on company records.
- (ii) All continuous service from date of hire. Service with subsidiaries other than designated subsidiaries counts for eligibility and vesting only and not for determination of benefits. Service shall include all periods required to be credited for military service.
- (iii) Service is limited to 40 years.

b) Earnings: All pay including overtime, commissions and bonuses.

c) Final Average Earnings: Average of the highest five consecutive years out of the last ten years of employment prior to the Transfer Date.

d) Social Security Benefit: Primary amount based on the level in effect on the Transfer Date. If at least age 62 on the Transfer Date, benefit is based on the age and service as of the Transfer Date. If between ages 55 and 62 on the Transfer Date, benefit is assumed to commence at age 62, assuming continued employment and constant earnings as of the Transfer Date. If younger than age 55 on the Transfer Date, benefit is assumed to commence at age 65 assuming continued employment and constant earnings as of the Transfer Date.

e) Social Security Offset: 1.25% of the Social Security Benefit multiplied by credited service up to 40 years (maximum offset is 50%).

f) Actuarial Equivalence: The basis for calculating the present value of the accrued benefit is the interest rate and mortality table specified by the Secretary of the Treasury set forth in Code Section 417(e)(3).

2. Normal and Deferred Retirement Benefit:

The greater of (i) or (ii), whichever produces the greater Actuarial Equivalent present value:

i) One twelfth of [(a) + (b) – (c)]:

- a) 1.5% of final average earnings, multiplied by credited service up to 25 years, plus
- b) 1.25% of final average earnings, multiplied by credited service over 25 years (up to 40 years in total), less
- c) Social Security Offset.

If a year of credited service is granted for the transfer year, the benefit is further reduced by the lesser of (i) the amount determined under The Nabisco, Inc. Flat Dollar Plan for service in the transfer year or (ii) the amount determined above for service in the transfer year.

If the participant terminates prior to attaining early retirement eligibility, the benefit is calculated based on credited service projected to normal retirement date and then prorated by a fraction of actual credited service at termination divided by credited service projected to normal retirement date.

ii) (d) + (e):

- d) \$24 per month, multiplied by credited service up to 25 years, plus
- e) \$12 per month, multiplied by credited service over 25 years (up to 40 years in total).

Plan Provisions — Flat Dollar Nonunion Participants¹ (formerly The Nabisco, Inc. Flat Dollar Pension Plan)

1. Effective Date: September 1, 2012 to reflect the spinoff from The Kraft Foods Group, Inc. Hourly Retirement Plan. Effective prior to the spinoff was January 1, 1998. (Original plan name was The Nabisco, Inc. Flat Dollar Pension Plan).
2. Date of Most Recent Amendment: December 2009 – Earnings and service used in benefit calculations will freeze as of December 31, 2019.
3. Eligibility Requirements:²² Eligible employees include all regular nonunion employees, hired prior to January 1, 2005, excluding part-time service representatives in the U.S. who are in participating locations and who are not covered by collective bargaining agreements that exclude them from plan participation. Eligible after completion of 1,000 hours of service in a 12-month period, either in the first 12 months of employment or any calendar year thereafter. If the employee transferred from a prior location, eligible upon Transfer Date.
4. Definitions:
 - a) Credited Service: All continuous service is granted from the Transfer Date forward. Prior to January 1, 2003, service is granted only for all calendar years in which a participant is credited with 1,000 hours of service.

If fewer than 20 years of aggregate service for all company plans as of December 31, 2002, total aggregate service is limited to 30 years, otherwise no service limit applies.
 - b) Transfer Date: Date location transferred from the Plan for Pensions of Nabisco, Inc. to this Plan (see Appendix A).
 - c) Earnings: All pay including overtime, commissions and bonuses.
 - d) Final Average Earnings: Average of the highest five consecutive years out of the last ten years of employment.
5. Normal and Deferred Retirement Benefit:
 - a) Retirement Dates:
 - (i) Normal: First day of the month following age 65.
 - (ii) Deferred: First day of any month after normal retirement date.
 - b) Basic Benefit: The monthly benefit based on the sum of (i), (ii), and (iii), not less than (iv):
 - (i) The benefit accrued to Transfer Date in the Plan for Pensions of Nabisco, Inc. (see Appendix C for plan provisions).
 - (ii) The greater of (1) and (2)

¹ Prior to January 1, 2003, plan provisions for nonunion participants were identical to plan provisions for union participants.

² Employees hired on or after January 1, 2005 but before January 1, 2009 are eligible for the Nonunion Hourly benefit structure. Employees hired on or after January 1, 2009 are not eligible for company-sponsored defined benefit coverage.

- (1) the monthly amount shown in Appendix B (per location) multiplied by credited service earned after the Transfer Date through December 31, 2002.
 - (2) One twelfth of 1.3% of final average earnings multiplied by credited service earned after the Transfer Date through December 31, 2002.
 - (iii) One twelfth of 1.3% of final average earnings multiplied by credited service earned after December 31, 2002.
 - (iv) Benefit accrued to December 31, 2002 in the Flat Dollar Plan as described in Appendix A using service as of December 31, 2002 and average earnings and PIA as of Transfer Date.
6. Early Retirement Benefit:
- a) Eligibility³ Age 55 with at least 10 years of service.
 - b) Basic Benefit: Accrued benefit reduced by 5% per year benefit commencement date precedes age 62 (reduction is not applied to the Social Security Offset). The benefit is then reduced by the Social Security Offset (if applicable) on the first of the month following the participant's 62nd birthday.
For participants hired on or after January 1, 2004, the accrued benefit will be reduced by 6% per year benefit commencement date precedes age 65.
 - c) Supplement: Social Security Offset if formula (i) is applied in Appendix B, Section 2(a).
7. Vesting:
- a) Eligibility: Age 65 or five years of service.
 - b) Benefit: Accrued benefit payable at normal retirement date.
8. Pre-Retirement Spouse Benefit:
- a) Eligibility: The earlier of five years of service or age 65.
 - b) Benefit: 50% of the accrued benefit payable to the employee assuming the employee terminated on the date of death and had elected a 50% Joint and Survivor annuity. The benefit is payable at any time following the participant's death and is reduced actuarially (same reduction as withdrawal benefit) from the benefit that would otherwise be payable on the participant's early retirement date.
 - c) Period Payable: Life of the spouse.
9. Disability Benefit:
- a) Eligibility: Permanent disability (as determined under the Social Security Act) and having attained the earlier of (i) 20 years of service or (ii) age 55 with at least 10 years of service.

³ Prior to January 1, 2003, early retirement eligibility was age 55 with at least 15 years of service

Plan Provisions — Nonunion (formerly Plan for Pension of Nabisco, Inc.)³

1. Effective Date: September 1, 2012 to reflect the spinoff from The Kraft Foods Group, Inc. Hourly Retirement Plan. The original effective date of the Plan is May 1, 1946. Prior to the spinoff, the plan was most recently restated effective January 1, 1989. (Original plan name was Plan for Pensions of Nabisco, Inc.).
2. Date of Most Recent Amendment: December 2009 – Earnings and service used in benefit calculations will freeze as of December 31, 2019.
3. Eligibility Requirements¹: Regular nonunion hourly employees, excluding part-time service representatives, of U.S. Companies in participating locations not covered by a collective bargaining agreement that excludes them from plan coverage are eligible as follows:
 - a) If hired before January 1, 1996, eligible after six months of service.
 - b) If hired on or after January 1, 1996, eligible after 1,000 hours of service during first 12 months of employment or during any plan year thereafter.
 - c) Former SBI participants are eligible after attaining age 21 and one year of service with at least 1,000 hours of service.
 - d) If hired before January 1, 2005.
4. Definitions:
 - a) Credited Service:
 - (i) All continuous service from date of hire. If fewer than 20 years of service as of December 31, 2002, total credited service is limited to 30 years. Otherwise, total credited service is unlimited.
 - (ii) For periods prior to January 1, 1982, service as shown on Company records.
 - b) Earnings: All pay including overtime, commissions and bonuses.
 - c) Final Average Earnings: Average of the highest five consecutive years out of the last ten years of employment.
 - d) Social Security Benefit: If participant terminates prior to age 55, it is the primary benefit payable at age 65, assuming that the last rate of earnings continues unchanged. If participant retires between ages 55 and 62, it is the primary benefit payable at age 62, assuming that there are no earnings to age 62 (for terminations after July 1, 1995). If participant retires after age 62, it is the Social Security benefit payable at that age.
 - e) Social Security Offset: 1.25% of the Social Security Benefit multiplied by credited service through December 31, 2002 up to 40 years (maximum offset is 50%).
 - f) Actuarial Equivalence: For the purpose of calculating a lump sum value of a distribution on or after July 1, 1995, the interest rate used is the 30-year Treasury rate for the November prior to the distribution year. The mortality is as stated in 417(e)(3).

³ Employees hired on or after January 1, 2005 but before January 1, 2009 are eligible for the Nonunion Hourly benefit structure. Employees hired on or after January 1, 2009 are not eligible for company-sponsored defined benefit pension coverage.

SCHEDULE SB ATTACHMENTS

Schedule SB, Line 22 Description of Weighted Average Retirement Age as of January 1, 2024

An average retirement age for each possible decrement is calculated for each active participant as the probability of decrementing in each year multiplied by the percentage of the participant not previously decremented.

The weighted average retirement age is calculated as the average age of these individual participant ages, per decrement, weighted by the total number expected to leave due to each decrement.

Representative retirement rates are found in the attachment "Schedule SB, Part V—Statement of Actuarial Assumptions/Methods".

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions — Mondelēz Global LLC Hourly Retirement Plan — Flat Dollar (Union Participants)¹

1. Effective Date: September 1, 2012 to reflect the spinoff from The Kraft Foods Group, Inc. Hourly Retirement Plan. Effective date prior to the spinoff was January 1, 1998. (Original plan name was The Nabisco, Inc. Flat Dollar Pension Plan).
2. Date of Most Recent Amendment: Varies by location.
3. Eligibility Requirements: Eligible employees include all regular union employees in the U.S. who are in participating locations and who are not covered by collective bargaining agreements that exclude them from plan participation. Eligible after completion of 1,000 hours of service in a 12-month period, either in the first 12 months of employment or any calendar year thereafter. If the employee transferred from a prior location, eligible upon Transfer Date. Employees hired before Eligibility Date of Hire are eligible to receive benefits.
4. Definitions:
 - a) Credited Service: Service prior to the Transfer Date is granted only to those participants in locations with retroactive benefits (see Appendix A for these locations). All other participants are granted service from the Transfer Date forward. Service is granted for all calendar years in which a participant is credited with 1,000 hours of service.

 Except for those employees participating in a transfer plan prior to January 1, 1974, the total Credited Service is limited to 40 years. If there are other benefit plan benefits that the participant is receiving, the aggregate service for all Company plans is 40 years. If benefits are offset from this plan, the 40-year limit will apply to this plan only.
 - b) Transfer Date: Date location transferred from the Plan for Pensions of Nabisco, Inc. to this Plan (see Appendix A).
5. Normal and Deferred Retirement Benefit:
 - a) Retirement Dates:
 - (i) Normal: First day of the month following age 65.
 - (ii) Deferred: First day of any month after normal retirement date.

¹ Prior to January 1, 2003, plan provisions for nonunion participants were identical to plan provisions for union participants.

- b) **Basic Benefit:** For participants with fewer than 1,000 hours of service in year of transfer from the Plan for Pensions of Nabisco, Inc., the monthly benefit based on the sum of (i) and (ii):
- (i) The benefit accrued to Transfer Date in the Plan for Pensions of Nabisco, Inc. (see Appendix B for plan provisions).
 - (ii) The monthly amount shown in Appendix A (per location), multiplied by credited service earned after the Transfer Date.

For participants with 1,000 or more hours of service in year of transfer from the Plan for Pensions of Nabisco, Inc., the monthly benefit based on the sum of (i), (ii), and (iii):

- (i) The benefit accrued to the beginning of the year of transfer under the Plan for Pensions of Nabisco, Inc.
- (ii) During the year of transfer, the greater of the benefit determined under:
 - The Plan for Pensions of Nabisco, Inc. formula or
 - The Flat Dollar Plan formula
- (iii) The monthly amount shown in Appendix A (per location) multiplied by credited service earned after the year of transfer.

For participants hired after the Transfer Date, the monthly amount shown in Appendix A (per location) multiplied by credited service.

For grandfathered New England Council Red Circle employees terminating prior to February 15, 2001, the greater of (i) or (ii):

- (i) The benefit as calculated above.
- (ii) The accrued benefit earned under the Plan for Pensions of Nabisco, Inc., determined without regard to the Social Security offset.

For locations with retrospective benefits (see Appendix A), the monthly benefit is the greater of (i) and (ii), effective at the date specified:

- (i) The benefit as calculated above.
- (ii) The monthly amount shown in Appendix A (per location), multiplied by credited service.

6. Early Retirement Benefit:

- a) Eligibility: Age 55 with at least 15 years of service.
1. Basic Benefit: Accrued benefit reduced by a certain percentage for each year benefit commencement precedes a given age. The reduction percentage and age from which reduction factors are calculated can vary based on an employee's location, date of hire and/or date of retirement as described in Appendix A. Except as noted in Appendix A, the basic early retirement benefit is equal to the accrued benefit reduced by 5% per year benefit commencement precedes a given age (reduction is not applied to the Social Security Offset).

The benefit is then reduced by the Social Security Offset (if applicable) on the first of the month following the participant's 62nd birthday.

- b) Supplement: Social Security Offset if formula (i) is applied in Appendix B, Section 2.

7. Vesting:

- a) Eligibility: Age 65 or five years of service.
- b) Benefit: Accrued benefit payable at normal retirement date.

8. Pre-Retirement Spouse Benefit:

- a) Eligibility: The earlier of five years of service or age 65.
- b) Benefit: 50% of the accrued benefit payable to the employee assuming the employee terminated on the date of death and had elected a 50% Joint and Survivor annuity. The benefit is payable at any time following the participant's death and is reduced actuarially (same reduction as withdrawal benefit) from the benefit that would otherwise be payable on the participant's early retirement date.
- c) Period Payable: Life of the spouse.

9. Disability Benefit:

- a) Eligibility: Permanent disability (as determined under the Social Security Act) and having attained the earlier of (i) 20 years of service or (ii) age 55 with at least 10 years of service.
- b) Benefit: If payable after age 60, benefit is payable immediately without reduction for early commencement. If payable prior to age 60, the accrued benefit (without Social Security Offset, if applicable) is payable immediately, reduced by 1/2% per year prior to age 60. If applicable, the Social Security benefit payable at 62 is then applied as an offset without reduction.

10. Employee Contributions: None.

¹ If date specified, the basic early retirement benefit for participants hired on or after this date is equal to the accrued benefit reduced by 6% per year benefit commencement date precedes age 65. Furthermore, for Batavia, Cedar Rapids and Fargo only, the basic early retirement benefit for participants retiring on or after this date is equal to the accrued benefit reduced by 6% per year benefit commencement date precedes age 65 (reduction is not applicable to the Social Security Offset), but not less than the benefit accrued prior to this date reduced by 5% per year benefit commencement date precedes age 62.

² If specified, employees hired on or after this date will not be eligible to participate in the Mondelez Global LLC Hourly Retirement Plan.

³ Eligibility for coverage could differ between the two bargaining units listed. Specific coverage for each bargaining unit is included in the coverage criteria document

⁴ Indicates union group that decertified, with participants retiring after decertification receiving the better of the Nonunion Hourly benefit for all service or the accrued benefit effective date of switch except for Richmond. Richmond participants will receive the accrual benefit to date and the Nonunion Hourly benefit for future service.

- (i) For years prior to January 1, 1982: Credited service is as shown on company records.
- (ii) All continuous service from date of hire. Service with subsidiaries other than designated subsidiaries counts for eligibility and vesting only and not for determination of benefits. Service shall include all periods required to be credited for military service.
- (iii) Service is limited to 40 years.

b) Earnings: All pay including overtime, commissions and bonuses.

c) Final Average Earnings: Average of the highest five consecutive years out of the last ten years of employment prior to the Transfer Date.

d) Social Security Benefit: Primary amount based on the level in effect on the Transfer Date. If at least age 62 on the Transfer Date, benefit is based on the age and service as of the Transfer Date. If between ages 55 and 62 on the Transfer Date, benefit is assumed to commence at age 62, assuming continued employment and constant earnings as of the Transfer Date. If younger than age 55 on the Transfer Date, benefit is assumed to commence at age 65 assuming continued employment and constant earnings as of the Transfer Date.

e) Social Security Offset: 1.25% of the Social Security Benefit multiplied by credited service up to 40 years (maximum offset is 50%).

f) Actuarial Equivalence: The basis for calculating the present value of the accrued benefit is the interest rate and mortality table specified by the Secretary of the Treasury set forth in Code Section 417(e)(3).

2. Normal and Deferred Retirement Benefit:

The greater of (i) or (ii), whichever produces the greater Actuarial Equivalent present value:

i) One twelfth of [(a) + (b) – (c)]:

- a) 1.5% of final average earnings, multiplied by credited service up to 25 years, plus
- b) 1.25% of final average earnings, multiplied by credited service over 25 years (up to 40 years in total), less
- c) Social Security Offset.

If a year of credited service is granted for the transfer year, the benefit is further reduced by the lesser of (i) the amount determined under The Nabisco, Inc. Flat Dollar Plan for service in the transfer year or (ii) the amount determined above for service in the transfer year.

If the participant terminates prior to attaining early retirement eligibility, the benefit is calculated based on credited service projected to normal retirement date and then prorated by a fraction of actual credited service at termination divided by credited service projected to normal retirement date.

ii) (d) + (e):

Plan Provisions — Flat Dollar Nonunion Participants¹ (formerly The Nabisco, Inc. Flat Dollar Pension Plan)

1. Effective Date: September 1, 2012 to reflect the spinoff from The Kraft Foods Group, Inc. Hourly Retirement Plan. Effective prior to the spinoff was January 1, 1998. (Original plan name was The Nabisco, Inc. Flat Dollar Pension Plan).
2. Date of Most Recent Amendment: December 2009 – Earnings and service used in benefit calculations will freeze as of December 31, 2019.
3. Eligibility Requirements:²² Eligible employees include all regular nonunion employees, hired prior to January 1, 2005, excluding part-time service representatives in the U.S. who are in participating locations and who are not covered by collective bargaining agreements that exclude them from plan participation. Eligible after completion of 1,000 hours of service in a 12-month period, either in the first 12 months of employment or any calendar year thereafter. If the employee transferred from a prior location, eligible upon Transfer Date.
4. Definitions:
 - a) Credited Service: All continuous service is granted from the Transfer Date forward. Prior to January 1, 2003, service is granted only for all calendar years in which a participant is credited with 1,000 hours of service.

If fewer than 20 years of aggregate service for all company plans as of December 31, 2002, total aggregate service is limited to 30 years, otherwise no service limit applies.
 - b) Transfer Date: Date location transferred from the Plan for Pensions of Nabisco, Inc. to this Plan (see Appendix A).
 - c) Earnings: All pay including overtime, commissions and bonuses.
 - d) Final Average Earnings: Average of the highest five consecutive years out of the last ten years of employment.
5. Normal and Deferred Retirement Benefit:
 - a) Retirement Dates:
 - (i) Normal: First day of the month following age 65.
 - (ii) Deferred: First day of any month after normal retirement date.
 - b) Basic Benefit: The monthly benefit based on the sum of (i), (ii), and (iii), not less than (iv):
 - (i) The benefit accrued to Transfer Date in the Plan for Pensions of Nabisco, Inc. (see Appendix C for plan provisions).
 - (ii) The greater of (1) and (2)

¹ Prior to January 1, 2003, plan provisions for nonunion participants were identical to plan provisions for union participants.

² Employees hired on or after January 1, 2005 but before January 1, 2009 are eligible for the Nonunion Hourly benefit structure. Employees hired on or after January 1, 2009 are not eligible for company-sponsored defined benefit coverage.

- (1) the monthly amount shown in Appendix B (per location) multiplied by credited service earned after the Transfer Date through December 31, 2002.
 - (2) One twelfth of 1.3% of final average earnings multiplied by credited service earned after the Transfer Date through December 31, 2002.
 - (iii) One twelfth of 1.3% of final average earnings multiplied by credited service earned after December 31, 2002.
 - (iv) Benefit accrued to December 31, 2002 in the Flat Dollar Plan as described in Appendix A using service as of December 31, 2002 and average earnings and PIA as of Transfer Date.
6. Early Retirement Benefit:
- a) Eligibility³ Age 55 with at least 10 years of service.
 - b) Basic Benefit: Accrued benefit reduced by 5% per year benefit commencement date precedes age 62 (reduction is not applied to the Social Security Offset). The benefit is then reduced by the Social Security Offset (if applicable) on the first of the month following the participant's 62nd birthday.
For participants hired on or after January 1, 2004, the accrued benefit will be reduced by 6% per year benefit commencement date precedes age 65.
 - c) Supplement: Social Security Offset if formula (i) is applied in Appendix B, Section 2(a).
7. Vesting:
- a) Eligibility: Age 65 or five years of service.
 - b) Benefit: Accrued benefit payable at normal retirement date.
8. Pre-Retirement Spouse Benefit:
- a) Eligibility: The earlier of five years of service or age 65.
 - b) Benefit: 50% of the accrued benefit payable to the employee assuming the employee terminated on the date of death and had elected a 50% Joint and Survivor annuity. The benefit is payable at any time following the participant's death and is reduced actuarially (same reduction as withdrawal benefit) from the benefit that would otherwise be payable on the participant's early retirement date.
 - c) Period Payable: Life of the spouse.
9. Disability Benefit:
- a) Eligibility: Permanent disability (as determined under the Social Security Act) and having attained the earlier of (i) 20 years of service or (ii) age 55 with at least 10 years of service.

³ Prior to January 1, 2003, early retirement eligibility was age 55 with at least 15 years of service

5. Normal and Deferred Retirement Benefit:

a) Retirement Dates:

Normal: First day of month following age 65.

Deferred: The first of any month after normal retirement date.

b) Basic Benefit: The sum of (i) and (ii)

(i) 1.3% of final average earnings multiplied by credited service earned after December 31, 2002.

(ii) The benefit accrued under the prior formula for credited service through December 31, 2002.

Prior Formula Benefit:

The greater of (i) or (ii), whichever produces the greater Actuarial Equivalent present value:

(i) One twelfth of [(a) + (b) – (c)]:

a) 1.5% of final average earnings, multiplied by credited service through December 31, 2002 up to 25 years, plus

b) 1.25% of final average earnings, multiplied by credited service through December 31, 2002 over 25 years (up to 40 years in total if hired after 1973), less

c) Social Security Offset.

(ii) (d) + (e):

d) \$24.00 per month, multiplied by credited service through December 31, 2002 up to 25 years, plus

e) \$12.00 per month, multiplied by credited service through December 31, 2002 over 25 years, (up to 40 years in total)

(iii) If participant terminates prior to early retirement eligibility, amount above is determined based on Credited Service to Normal Retirement Date and then multiplied by a fraction of Credited Service through December 31, 2002 to termination divided by Credited Service at Normal Retirement Date.

6. Early Retirement Benefit:

a) Eligibility: Age 55 with at least 10 years of service.

b) Basic Benefit: Accrued benefit reduced by 5% per year benefit commencement date precedes age 62 (reduction is not applied to the Social Security Offset). The benefit is then reduced by the Social Security Offset (if applicable) on the first of the month following the employee's 62nd birthday.

For participants hired on or after January 1, 2004, the accrued benefit will be reduced by 6% per year benefit commencement date precedes age 65.

c) Supplement: Social Security Offset if formula (i) is applied in Section 5(b).

7. Vesting:

a) Requirement: Age 65 or five years of service.
