INDEPENDENT AUDITORS' REPORT

To the Participants and the Administrator
Retina Consultants of Alabama, P.C., 401(k) Profit Sharing Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Retina Consultants of Alabama, P.C., 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Retina Consultants of Alabama, P.C., 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified by qualified institution agrees to, or is derived from, in all material respects, the

information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Retina Consultants of Alabama, P.C., 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Retina Consultants of Alabama, P.C., 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Retina Consultants of Alabama, P.C., 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) at December 31, 2024 is presented for the purpose of additional analysis but is supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The statement of net assets available for benefits for the year ended December 31, 2023 was compiled by us. We did not audit or review the statement and, accordingly, do not express an opinion or provide any assurance about whether the statement is in accordance with generally accepted accounting principals.

401(k) Profit Sharing Plan

Notes to Financial Statements
December 31, 2024

1. Description of Plan

The following brief description of the Retina Consultants of Alabama, P.C., 401(k) Profit Sharing Plan (the "Plan") is provided for general information only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on January 1, 1995 and covers all eligible employees of Retina Consultants of Alabama, P.C., (the "Employer"). The administrators have selected American Trust Company (the "Trustee") to be the Plan's investment trustee (Note 4).

Eligibility

An employee is eligible to participate in the Plan upon attaining age 21 with a one year service requirement.

Contributions

Contributions to the Plan may consist of employee elective contributions, employer safe harbor contributions, employer discretionary contributions and rollover contributions. Employees may contribute to the Plan (on a pre-tax basis) up to 90% of their annual earnings subject to annual limitations established by the United States Treasury Department.

Investments

Participants direct the investment of their contributions as well as employer safe harbor and employer discretionary contributions into various investment options offered by the Plan. The Plan offers a selection of mutual funds.

Vesting

Vesting is based on years of vested service, as defined by the Plan. Employer contributions to a participant's account become 20% vested after one year of credited service as defined and continue to vest at the rate of 20% for each successive year of service until 100% vested after five years of service. Amounts not vested at the time a covered employee ceases to participate in the Plan are forfeited and will be used to reduce employer contributions or plan expenses. Participants are immediately vested in their deferral contributions plus actual earnings thereon.

Payment of Benefits

Participants may elect to receive a lump-sum payment in cash or payments over a period certain in monthly, quarterly, semiannual, or annual cash installments. The period over which such payments are to be made shall not extend beyond the Participant's life expectancy (or the life expectancy of the Participant and the Participant's designated beneficiary).

Participant Accounts

An account is maintained for each participant in the Plan. The accounts are credited with the participants' contributions, rollovers, and their allocated portion of the employer contributions and investment earnings. Distributions, withdrawals, and allocated expenses are subtracted from the account balances.

Forfeitures

Forfeitures may be applied to pay administrative expenses or to reduce employer contributions. The balance in the forfeiture account at December 31, 2024 was \$0. For the year ended December 31, 2024, forfeitures in the amount of \$7,959 were used to offset employer contributions.

Plan Termination

It is the intention of the Employer to continue the Plan indefinitely. However, the Employer retains the right to amend or terminate the Plan at any time. Upon termination of the Plan, all participant accounts will become 100% vested.

2. Summary of Significant Accounting Policies

The following is a summary of accounting policies utilized in the financial statements which were prepared in accordance with accounting principles generally accepted in the United States of America.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the net asset value of shares held by the Plan based on quoted prices at year end. Purchases and sales of securities are reflected as of the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded when earned.

In all cases, valuations are based on the judgment of management after consideration of the above and other factors, including, but not limited to, original cost, operating results, and financial condition of the portfolio investments. The valuations do not necessarily represent amounts which might ultimately be realized from the disposition of the investments.

Realized and Unrealized Gains and Losses

Realized and Unrealized Gains and Losses

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. Realized gains or losses on investments represent the difference between the original cost and the related market price of the investments at the time of disposition. Prior to disposition, differences between the original cost and the estimated fair value of the investments at the end of a period represent unrealized appreciation or depreciation. The Plan's investments (including investments bought and sold, as well as held during the year) appreciated in value by \$497,301 during the year ended December 31, 2024.

Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Certain investment advisory related expenses are included in administrative expenses. Certain investment related expenses are netted in the fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan provides for various investment options including mutual funds and other investment securities. Generally, all investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

3. Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy consists of three broad levels, described as follows:

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Cash - The carrying amount approximates fair value.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan’s investments are reported at fair value as follows:

	Fair Value Measurements Using:			Fair Value
	Level 1	Level 2	Level 3	
December 31, 2024:				
Cash	\$ 1,723	\$ -	\$ -	\$ 1,723
Mutual funds	<u>8,881,523</u>	<u>-</u>	<u>-</u>	<u>8,881,823</u>
Total investments in the fair value hierarchy	<u>\$8,883,246</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$8,883,246</u>

	Fair Value Measurements Using:			<u>Fair Value</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
December 31, 2023:				
Cash	\$ 1,647	\$ -	\$ -	\$ 1,647
Mutual funds	<u>7,689,142</u>	<u>-</u>	<u>-</u>	<u>7,689,142</u>
Total investments in the fair value hierarchy	<u>\$7,690,789</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$7,690,789</u>

4. Information Certified by Trustee (Unaudited)

The Trustee holds investment assets of the Plan and executes transactions therein. Financial information relating to these assets and changes in plan assets is included in the accompanying financial statements based upon information certified as accurate and complete by the Trustee. That information, which has not been audited by independent accountants as of December 31, 2024, and for the year ended December 31, 2024, is summarized below.

- Investments, at fair value
- Net appreciation/depreciation in fair value of investments
- Dividend and interest income
- Schedule of Assets (Held at End of Year)

5. Income Tax Status

The Plan uses a prototype plan document provided by the Trustee. The IRS has approved, by a letter dated June 30, 2020, that the prototype document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory opinion, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress.

6. Evaluation of Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 7, 2025, which is the date the financial statements were available to be issued. No events or transactions occurred during that period requiring recognition or disclosure.
