Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

(1) Name: GRANT THORNTON LLP

(2) EIN: 36-6055558

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Jackson Walker L.L.P. Partners Cash Balance Plan III

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Jackson Walker L.L.P. Partners Cash Balance Plan III (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the statement of accumulated plan benefits as of December 31, 2023 and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and schedule of reportable transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Jackson Walker L.L.P. Partners Cash Balance Plan III

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

General

The Jackson Walker L.L.P. Partners Cash Balance Plan III (the “Plan”) is a defined benefit cash balance plan covering partners of Jackson Walker, L.L.P. (the “Firm” or “Employer”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan was established on January 1, 2022 and is funded entirely by contributions in a Trust Fund by the Firm. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Plan Administration

The Plan is administered by the Management Committee (collectively the “Committee”) appointed by the Firm. Charles Schwab Trust Bank (the “Trustee”), serves as trustee of the Plan and provides custodial and recordkeeping services.

Participation and Eligibility

An eligible employee is an equity partner who is actively providing service for the Firm as of December 31, 2024 (“Effective Date”). An equity partner shall become a participant on the later of (i) the Effective Date, (ii) the attainment of age 21 and the first anniversary of their employment date or (iii) the date the employee becomes a member of the class of Eligible Employees.

Once an Eligible Employee becomes a participant in the Plan, they shall continue to participate in the Plan while they provide services for the Firm as an Eligible Employee.

If a participant has not terminated from service but ceases to be an Eligible Employee, such participant shall become an inactive participant in the Plan. An inactive participant shall not receive cash balance credits. However, inactive participants shall continue to receive credit for vesting for each included year of service and earnings credits. If an excluded employee who is not a participant becomes eligible to participate in the Plan by reason of a change in employment classification, they will participate in the Plan immediately if they have satisfied the minimum service requirement and would have otherwise previously become a participant.

Funding Policy

The Firm’s policy is to make annual contributions based on calculations of an independent actuary in an amount at least sufficient to satisfy minimum funding requirements. Participants may not contribute to the Plan. The Firm’s contributions for the years ended December 31, 2024 and 2023 met the minimum funding requirements of ERISA.

Participant’s Accounts

For each year of benefit service, the cash balance account will be credited with a cash balance credit based on the approved plan formula described below. Under the Plan provisions, amounts are credited by the Employer to the participants’ hypothetical accounts. The maximum cash balance credit is determined in accordance with the provisions of the Plan document and various Internal Revenue Service (“IRS”) rules and regulations as follows:

$\$1,600 \times (\text{Partner Points} - 30) \times \text{Multiplier}$, but in no event less than \$8,000 nor greater than the maximum cash balance credit. Partner Points represent the equity partner’s budgeted income set by the Firm for the calendar year divided by 10,000. The approved multiplier will be 100% unless prescribed at 25%, 50%, 150% or 250% as authorized by the Firm.

Jackson Walker L.L.P. Partners Cash Balance Plan III

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

The participants' hypothetical accounts also receive earnings/investment credits. Earnings are credited daily based upon the rate of return earned on Plan assets. The maximum earnings credit shall be the amount determined by applying a 5% annualized rate of return to the maximum account as of the beginning of the day.

The Committee authorizes contributions from the Firm into the Plan.

Vesting

For purposes of vesting, a participant shall always have a 100% non-forfeitable interest in their cash balance account upon participation in the Plan.

Actuarial Method

The Plan obtains an actuarial valuation each year from an independent third-party actuary. The valuation is used to determine whether anticipated benefits may reasonably be provided from anticipated contributions when combined with existing assets of the Plan.

Payment of Benefits

Benefits are determined based on the greater of the participant's hypothetical account balance or the participant's actuarial equivalent account balance, as defined. A participant is entitled to a distribution of the entire cash balance account if employment is continued beyond the attainment of age 59½.

Upon termination or retirement, although the Plan is designed to communicate the value of the participant's benefit as the cash balance account, the form of benefit distribution is a Qualified Joint & Survivor Annuity or a lump sum, as defined. The amount of the annuity is the actuarial equivalent of the cash balance account.

If a participant dies after his or her Normal Retirement Date, but prior to retiring on his or her Postponed Retirement Date, his or her beneficiary shall be entitled to benefits under the Plan, as defined. If unmarried or if a designated beneficiary other than a spouse, the benefit payable upon death is a lump-sum payment equal to the cash balance account.

Expenses

The Plan Administrator shall be entitled to reimbursement out of the Trust Fund for its reasonable expenses properly and actually incurred in the performance of its duties in the administration of the Plan provided that the Firm in the discretion of the Firm may pay such expenses. Expenses that are paid by the Firm and not anticipated to be reimbursed out of the Trust Fund, are excluded from these financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Jackson Walker L.L.P. Partners Cash Balance Plan III

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ significantly from those estimates.

Funding Policy

The Firm will contribute to the Trust Fund such sums and at such times as may be determined in accordance with the funding method and policy which are consistent with Plan objectives. All contributions when made to the Trust Fund and all property and funds of the Trust Fund, including income from investments and from all other sources, will be retained for the exclusive benefit of participants, spouses and beneficiaries included in the Plan and will be used to pay benefits provided hereunder or to pay reasonable expenses of administration of the Plan and the Trust Fund to the extent not paid by the Firm.

Benefits Payments

Benefits are recorded when paid.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to employees for services they have rendered as of the valuation date. The actuarial present value of accumulated plan benefits is determined by the Plan's actuary based on the beginning of year election and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the present value of future payments (through discounts for interest) and the probability of payment (by means of decrements for events such as death, withdrawal, or early retirement) between the valuation date and the expected date of payment. The effect of Plan amendments is recognized during the year in which such amendments become effective.

The significant actuarial assumptions used in the valuation as of December 31, 2023 are as follows:

Interest crediting rate and rate of return on assets	3.25%
Mortality	IRS 2024 Static Mortality
Retirement age	62

The foregoing actuarial assumptions are based upon the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024. Had the valuation been performed as of December 31, 2023, there would be no material differences.

NOTE 4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Cash and investments, at fair value as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- Schedule H, part iv, line 4i - schedule of assets (held at end of year) as of December 31, 2024.
- Schedule H, part iv, line 4j - schedule of reportable transactions for the year ended December 31, 2024.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023. Although management believes the valuation methods used by the Plan are appropriate and consistent

NOTES TO FINANCIAL STATEMENTS - CONTINUED

with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date:

Interest Bearing Cash - Interest bearing cash is valued at amortized cost and is highly liquid.

Money Market Fund - The money market fund is valued at the closing price reported on the active market on which the fund is traded.

Exchange Traded Fund - Exchange traded funds are valued at the daily closing price as reported by the fund. Exchange traded funds held by the Plan are open-end exchange funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The exchange traded fund held by the Plan is deemed to be actively traded.

Government Agency Obligations - Government agency obligations are valued using market-based models, which consider yield, price of comparable securities, coupon rate, maturity, credit quality and dealer-provided prices. Fixed income securities, other than U.S. Treasury securities, generally do not trade on a daily basis. The fair value estimates of such fixed income securities are based on observable market information rather than market quotes as of the measurement date. Accordingly, the estimates of fair value for such fixed income securities, as provided by the pricing service, are included in Level 2 of the hierarchy. U.S. Treasuries are generally included in Level 1 of the hierarchy when values are based on unadjusted market prices as of the measurement date.

The following tables set forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31:

	2024			Total
	Level 1	Level 2	Level 3	
Interest bearing cash	\$ 2,706,156	\$ -	\$ -	\$ 2,706,156

NOTE 6 - TAX STATUS OF THE PLAN

The Plan has applied for an IRS determination letter. The Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The investment allocation of the Plan is directed by the Firm. Such investments are exposed to various risks, such as interest rate, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities in the near term could materially affect the amount reported in the statements of net assets available for benefits and the funding status of the Plan.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change due to uncertainty inherent in the estimations and assumptions process. It is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

NOTE 8 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Charles Schwab Trust Bank serves as the trustee and custodian for the Plan. Cash held by the Trustee was \$2,706,156 and \$7,561,634 as of December 31, 2024 and 2023, respectively. Certain Plan investments are managed by affiliates of the Trustee.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, distribution of the Plan assets shall be made to the participants according to the provisions in the Plan document. If the Plan is terminated, a portion of those benefits are insured by the Pension Benefit Guaranty Corporation ("PBGC"). Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14 2025, the date the financial statements were available to be issued.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Plan Sponsor Elections

Yield curve election: The plan sponsor did not elect to use the full yield curve under IRC section 430(h)(2)(D)(ii).

Applicable month: The plan sponsor elected to base the segment rates on the rates published in the month containing the valuation date.

Economic Assumptions

	Funding Target		PBGC Funding Target
	with stabilization	without stabilization	
First segment rate (years 0 to 4):	4.75%	4.37%	5.01%
Second segment rate (years 5 to 19):	4.96%	4.96%	5.13%
Third segment rate (years 20 and after):	5.59%	4.95%	5.15%
Effective interest rate (current year):	4.98%	4.89%	N/A

Interest crediting rate: 3.25%

The interest rates listed above are compounded annually.

The cash balance interest crediting rate is equal to the rate of return on plan assets, subject to cumulative minimum and maximum interest crediting rates. Accordingly, the assets needed to provide future cash balance benefits are independent of interest rates and only dependent on the plan's asset allocation to the extent that the cumulative minimum or maximum interest crediting rates affect the cash balance accounts. This plan provision is difficult to measure using traditional deterministic valuation procedures. To account for this plan provision, the interest crediting rate was selected from a reasonable range based on the plan's asset allocation that, when combined with the segment interest rates, produced a funding target that was as close as possible to the economic value of the cash balance accounts.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Demographic Assumptions

RETIREMENT

All participants are assumed to retire according to the following schedule, but no earlier than one year from the valuation date of January 1, 2024:

Assumed retirement age	Percent assumed to retire
62	100.00%

WEIGHTED AVERAGE RETIREMENT AGE

The weighted average retirement age for the population during the current year, rounded to the nearest whole number, is 62.

WITHDRAWAL AND DISABILITY

None.

RATIONALE FOR RETIREMENT AGE, WITHDRAWAL AND DISABILITY ASSUMPTIONS

The economic value of the cash balance benefits is not materially affected by the timing of benefit commencement. Therefore, no preretirement withdrawal or disability is assumed, and all participants are assumed to retire according to the schedule above.

MORTALITY AND MORTALITY IMPROVEMENT

The mortality follows the IRS 2024 Static Mortality Table, as prescribed by Treasury regulation section 1.430(h)(3)-1. The mortality decrement is assumed to occur as of the beginning of the year.

Other Assumptions

FORM OF PAYMENT

Based on the experience of the plan and future expectations, all participants are assumed to elect a lump sum form of payment.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

EXPENSES

Assumed expenses are \$2,000 for 2024. The assumed expenses are based on actual expenses paid in the prior plan year, rounded to the nearest thousand. In accordance with our understanding of the available guidance, the expense assumption reflects administrative expenses and does not include investment-related expenses or any other non-administrative expense.

Changes from Prior Year and Rationale for Changes

None.

Actuarial Methods

VALUATION DATE

The valuation date is January 1, 2024.

ACTUARIAL VALUE OF ASSETS

The actuarial value of assets is equal to the market value of assets.

MINIMUM FUNDING METHOD

The funding target and target normal cost for minimum funding calculations are determined using the traditional unit credit cost method as prescribed by Treasury regulation section 1.430(d)-1. The liability under the unit credit cost method is the value of the accrued pension benefit using service and pay as of the valuation date. The sum of the present value of the accrued benefits for all participants is the ERISA funding target. The normal cost is the present value of the benefits earned during the year. The target normal cost is the sum of the normal costs for all participants and the assumed administrative expenses.

Changes in Method from Prior Year and Rationale for Changes

None.

Schedule SB, Part V - Summary of Plan Provisions

Plan Provisions and Statutory Limits

EFFECTIVE DATE

The effective date of the plan was January 1, 2022. The plan was last amended effective January 1, 2023.

PLAN YEAR

January 1 to December 31.

CASH BALANCE ACCOUNT

The sum of Cash Balance Credits and Earnings Credits. As of January 1, 2024, Cash Balance Accounts, excluding Cash Balance Credits for the year, totaled \$11,167,091.

CASH BALANCE CREDITS

Cash Balance Credits shall be credited to eligible participants' Cash Balance Accounts for the year, based on the plan document's provisions. For the 2024 plan year, Cash Balance Credits are estimated to total \$7,863,000.

EARNINGS CREDITS

Earnings Credits shall be credited to participants' Cash Balance Accounts based on the rate of return on plan assets, subject to a cumulative maximum of 5.00% and any minimums required by the plan. As of the participant's benefit commencement date, in no event shall cumulative Earnings Credits during a participant's period of plan participation be less than \$0.

NORMAL RETIREMENT AGE

The attainment of age 62.

BENEFIT AMOUNT

The Cash Balance Account, or its actuarial equivalent payable as an annuity, subject to IRS maximums. Benefits are payable immediately following termination of employment or while in service for participants who have reached age 59.5.

VESTING

Each participant is always 100% vested in his or her Cash Balance Account.

STATUTORY LIMITS

For 2024, the maximum compensation limit under IRC section 401(a)(17) is \$345,000, and the maximum benefit payable under IRC section 415(b) is \$275,000.
