| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## Independent Auditors' Report

Administrative Committee  
Mission Design & Automation, LLC  
401(k) Plan  
Holland, Michigan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed an audit of the financial statements of Mission Design & Automation, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Mission Design & Automation, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2024, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mission Design & Automation, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mission Design & Automation, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mission Design & Automation, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mission Design & Automation, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Note A - Description of Plan**

The following description of Mission Design & Automation, LLC 401(k) Plan (Plan), provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

### **General**

The Plan is a defined contribution plan covering substantially all employees of Mission Design & Automation, LLC and Midwest Automation Supply, LLC. They are collectively referred to as the "Company". The Plan was established in January of 2016, and has been amended from time to time subsequent to that date. Effective March 1, 2024, the Plan was amended to auto-enroll employees once meeting eligibility. Effective January 1, 2023, the Plan was amended to include Midwest Automation Supply, LLC as a participating employer. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA).

### **Income Tax Status**

The Plan obtained its latest determination letter in 2020, in which the Internal Revenue Service stated that the Plan, as then designated, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended subsequent to the IRS Ruling. The Plan Administrator and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been reflected in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

The Plan does not anticipate any adjustments to tax positions which would result in a material change to its financial position in the next 12 months.

### **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contribution accounts.

## **Contributions**

Participants may elect to make contributions to the Plan through payroll deductions from each participant's compensation, as defined, subject to statutory limitations. Employees are automatically enrolled to defer 5% of their eligible compensation upon meeting eligibility requirements unless they elect otherwise. Active participants, unless elected otherwise, will also have their contribution percentage increase by 1% per year, until reaching the maximum of 10%. The Plan also allows participants to transfer funds from other employer qualified plans into the Plan.

For each participant, the Company provides a safe harbor match equal to 100% of the first 3% of compensation deferred by the participant and 50% of the next 2% of compensation deferred.

The Plan further provides for discretionary and profit sharing contributions as determined by the trustees of the Plan. There were no discretionary or profit sharing contributions during the years ended December 31, 2024 and 2023.

## **Plan Operations**

The Company has appointed Ascensus, LLC (Ascensus) to act as Custodian, Newport Trust Company, LLC c/o Newport Group, Inc (Newport Group) to act as Trustee, and the Company to act as Plan Administrator. The Custodian is responsible for holding the investment assets of the Plan. The Trustee is responsible for executing investment transactions and making distributions to participants. The Plan administrator interprets and communicates the provisions of the Plan and ensures that all government and participant reporting requirements are fulfilled.

## **Participant Accounts**

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, forfeitures, gains, or losses. Allocations to participant accounts are based on compensation or account balances, as specified by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows a participant to self-direct investment transactions associated with separate investment fund options made available by the employer for this purpose, as listed in the accompanying Schedule of Assets (Held at End of Year).

---

## **Vesting**

If the participant terminates employment prior to the normal retirement age of 65, the portion of the profit sharing, supplemental, and matching contributions (non-safe harbor) are vested as follows:

| <u>Years of Vesting Service</u> | <u>Vesting percentage</u> |
|---------------------------------|---------------------------|
| Less than 2 years               | 0%                        |
| 2 years                         | 20%                       |
| 3 years                         | 40%                       |
| 4 years                         | 60%                       |
| 5 years                         | 80%                       |
| 6 or more years                 | 100%                      |

Participants are fully vested at all times in all other contributions.

## **Loans to Participants**

Loans to participants are not allowed by the Plan.

## **Payment of Benefits**

On termination of service a participant may elect to receive a lump sum payment equal to the vested interest in his or her account. In-service withdrawals are not permitted. A participant may request a distribution from his or her rollover account at any time.

## **Forfeitures**

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures shall be allocated to pay Plan expenses and reduce Employer matching contributions. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$67 and \$88, respectively.

For the 2024 and 2023 plan years, \$58 and \$0 were allocated to participants and administrative expenses from forfeited non-vested accounts, respectively.

## **Note B - Summary of Significant Accounting Policies**

The following are significant accounting policies followed by the Plan.

### **Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. While management believes it has consistently applied its best judgment in those areas requiring estimates, actual results could differ from those estimates.

### **Investment Valuation and Income Recognition**

Investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Income from interest and dividends is recorded as it is earned. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date. Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

### **Participant Loans**

Participant loans are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees and administrative expenses are recorded and expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

(Continued)

---

### **Payment of Benefits**

Benefits are recorded when paid.

### **Operating Expenses**

Certain transaction and administrative fees are paid by the Plan and are based on reasonable and customary rates. Certain other costs and expenses incurred in connection with the operation of the Plan are paid by the Company.

### **Subsequent Events**

The Plan has evaluated subsequent events through October 8, 2025, which is the date the financial statements were available to be issued.

(Concluded)

## **Note C - Investments**

### **Information Certified by the Plan's Custodian**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, Note E, the Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.

### **Computation of Realized Gains and Losses**

Realized gains and losses are computed differently for Schedule H, Part II, line 2b(4) of Internal Revenue Service Form 5500 than under generally accepted accounting principles. Form 5500 requires the gains and losses to be determined based on "revalued cost", that is, based on the difference between the proceeds from disposition and the current value of the asset at the beginning of the year (or based on the original cost if the investment was acquired in the same year in which it was disposed), rather than by comparing proceeds from disposition to historical cost.

(Continued)

---

## Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.  
(Concluded)

## Note D - Party-in-Interest Transactions

Certain Plan investments are mutual funds held by Ascensus and managed by Newport Group. Ascensus is the Custodian and Newport Group is the Trustee, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

Direct fees paid by the Plan to parties-in-interest for services rendered to the Plan were \$21,272 and \$32,354 for the years ended December 31, 2024 and 2023, respectively.

## Note E - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include the following:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Mission Design & Automation, LLC 401(k) Plan  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023

---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Money Market Funds:* Valued at quoted prices reported in active markets

*Mutual Funds:* Valued at the daily closing price reported by the fund

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2024 and 2023:

|                    | Assets at Fair Value as of December 31, 2024 |         |         |              |
|--------------------|--|---------|---------|--------------|
|                    | Level 1                                      | Level 2 | Level 3 | Total        |

### Note G - Voluntary Compliance

Subsequent to December 31, 2024, the Company discovered that several participants were not automatically enrolled in accordance with the terms of the Plan. In addition, some participants did not have their 401(k) contributions deposited into the Plan.

It is the intent of the Company to correct these errors in accordance with the IRS's Employee Plans Compliance Resolution System. These corrections may require the Company to make corrective contributions on behalf of some participants. The extent that corrective contributions may be required has not been determined, although any such contributions are not expected to be material to the Plan.

### Note H - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits at December 31, 2024 and 2023, per the financial statements, to the Form 5500:

**Part III Accountant's Opinion**

**3** Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

**a** The attached opinion of an independent qualified public accountant for this plan is (see instructions):

- (1)  Unmodified    (2)  Qualified    (3)  Disclaimer    (4)  Adverse

**b** Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

- (1)  DOL Regulation 2520.103-8    (2)  DOL Regulation 2520.103-12(d)    (3)  neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

**c** Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name:  

(2) EIN:  

**d** The opinion of an independent qualified public accountant is **not attached** because:

- (1)  This form is filed for a CCT, PSA, or MTIA.    (2)  It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)
