Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: WIPFLI LLP

(2) EIN: 39-0758449

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
 If "Yes," enter the amount of any plan assets that reverted to the employer this year 0.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Independent Auditor's Report

To the Plan Administrator
Lakeside Manufacturing, Inc. Employees' Pension Plan
Milwaukee, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lakeside Manufacturing, Inc. Employees' Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (ongoing), and the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of January 1, 2024, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lakeside Manufacturing, Inc. Employees' Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lakeside Manufacturing, Inc. Employees' Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Note 4 to the financial statements, the governing body of Lakeside Manufacturing, Inc. Employees' Pension Plan approved a plan of liquidation on July 31, 2024, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the accrual basis used in presenting the 2023 financial statements to the liquidation basis used in presenting the 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lakeside Manufacturing, Inc. Employees' Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lakeside Manufacturing, Inc. Employees' Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lakeside Manufacturing, Inc. Employees' Pension Plan

Notes to the Financial Statements

Note 1: Description of Plan

The following description of Lakeside Manufacturing, Inc. Employees' Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Effective August 1, 2005, the Plan was amended to freeze participation and benefit accruals.

Plan Termination

On May 14, 2024, the Sponsor communicated to all participants its intent to terminate the Plan on July 31, 2024, subject to the provisions of ERISA and subject to the approval of the Internal Revenue Service ("IRS") and Pension Benefit Guarantee Corporation ("PBGC"). In accordance with accounting principles generally accepted in the United States of America ("GAAP"), the Plan changed its basis of accounting to the liquidation basis of accounting as of and for the year ended December 31, 2024. This change had no effect on the reported net assets available for benefits. See further disclosures relating to the Plan's termination in Note 4.

General

The Plan was a defined benefit pension plan in which substantially all employees of Lakeside Manufacturing, Inc. (the "Sponsor") as of August 1, 2005, were participants. It was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On August 16, 2024, in accordance with the termination of the Plan, the Sponsor entered into an agreement with Midland National Life Insurance Company to purchase a group annuity contract, to be funded entirely by Plan assets (collectively the Agreement). In conjunction with the signed Agreement, Midland National Life Insurance Company assumed the obligation to make future annuity payments to remaining retirees.

After the group annuity contract purchase and all distributions to participants were complete, the remaining funds in the Plan will be used to pay final expenses.

OneAmerica Financial Partners was the third party administrator, recordkeeper, and processes distributions and American United Life Insurance Company was the custodian.

Vesting

All participants were fully vested in the Plan.

Pension Benefits

Participants who were eligible for retirement benefits upon termination of employment at the normal retirement age (65) received a monthly benefit calculated by multiplying a stipulated amount, as defined by the Plan document, by the years of benefit service. If a participant terminated their employment with the Sponsor prior to the normal retirement age, they were eligible to receive a deferred vested benefit payable at age 65 equal to a percentage of the accrued benefit. Participants age 55 or older with 15 years of vested service could elect early retirement benefits which are reduced by 1/2 percent for each month before the age of 65.

Lakeside Manufacturing, Inc. Employees' Pension Plan

Notes to the Financial Statements

Note 1: Description of Plan (Continued)

Form of Payment

Participants were entitled to a monthly annuity for life. If married, the benefit may have been payable in the form of an actuarial equivalent joint and 50% of survivor annuity or joint and 75% of survivor annuity, unless options of life annuity or single sum payout were exercised.

Death Benefit

In certain circumstances, if an active participant who was at least partially vested dies, a benefit was payable to the surviving spouse equal to 50% of the amount that would have been payable had the participant been fully vested and terminated employment immediately prior to death (assuming the participant survived to the earliest retirement age and retired with a joint and 50% of survivor annuity election).

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the liquidation and accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") in 2024 and 2023, respectively.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates in Preparation of Financial Statements

The preparation of the accompanying financial statements in conformity with GAAP requires management to make estimates and assumptions that directly affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Lakeside Manufacturing, Inc. Employees' Pension Plan

Notes to the Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated benefits include benefits expected to be paid to:

- a) Retired or terminated participants or their beneficiaries
- b) Beneficiaries of participants who have died.
- c) Present participants or their beneficiaries.

Benefits under the Plan are based on employees' years of benefit service earned as of the valuation date multiplied by the monthly benefit amount as described in Note 1. Benefits payable under all circumstances - retirement, death, disability, and the termination of employment - are included to the extent they are deemed attributable to employee service rendered as of the date the Plan was frozen for employee service.

The actuarial present value of accumulated plan benefits has been calculated by an actuary from Milliman, Inc. using the projected unit credit cost method and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of January 1, 2024 are:

- a) Life expectancy of participants (Pri-2012 Amount-Weighted Mortality Table with Projection Scale MP-2021, applied generationally)
- b) Retirement age (assumed retirement age of 65).
- c) Effective interest rate is 5.05%
- d) Discount Rate (assumed rate of 6.0%).

The actuarial assumptions as of January 1, 2024, were based on the assumption that the Plan would continue. Different actuarial assumptions and other factors might have been applicable in determining the actuarial present value of accumulated plan benefits if updated for the Plan termination.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Sponsor has evaluated subsequent events through October 10, 2025, which is the date the financial statements were available to be issued.

Lakeside Manufacturing, Inc. Employees' Pension Plan

Notes to the Financial Statements

Note 3: Funding Policy

The Sponsor's funding policy was to make periodic contributions within the range determined by the Plan's actuary using the entry age actuarial cost method to be sufficient to provide the Plan's benefits consistent with the provisions of ERISA.

The Plan met the minimum ERISA funding requirements for 2024 and 2023.

Note 4: Plan Termination

On May 14, 2024, the Sponsor communicated to all participants its intent to terminate the Plan subject to the provisions of ERISA with a termination date of July 31, 2024. In order to terminate the Plan, the Sponsor requested approval from the Internal Revenue Service and the PBGC. At termination, the pension benefits will be 100% vested and the termination will not affect the amount of benefit the participants are entitled to or the form of payments available under the provisions of the Plan.

The Sponsor purchased a group annuity contract to fund the Plan benefits of the participants that were receiving a monthly payments from the Plan. The payments will continue to be paid in the same amount and form and those participants will not be allowed to take a lump sum payment or change their benefit.

Participants that are still employed or have terminated but have not yet started receiving benefits will have two options to receive their benefit payments. First, the plan offered a special lump sum payment window for certain participants for which their vested accrued benefit under the Plan could be reasonably estimated, their benefit was not less than \$5,000, they had not commenced their benefits, and they were not subject to a pending or shared interest qualified domestic relations order; Second for any remaining participants the Sponsor purchased a group annuity contract.

The Plan terminated on July 31, 2024 in accordance with the provisions of ERISA. When the Plan terminated, the net assets of the Plan were allocated, as prescribed by ERISA and its related regulations, in the order indicated:

- a) Annuity benefits to participants (or their beneficiaries) who have been receiving benefits for at least three years, or those employees eligible to retire for that three year period who would have been receiving benefits if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- b) Other vested benefits insured by Pension Benefit Guaranty Corporation ("PBGC") (a U.S. governmental agency) up to applicable limitations.
- c) All other vested benefits (that is, vested benefits not insured by PBGC).
- d) All non-vested benefits

Notes to the Financial Statements

Note 4: Plan Termination (Continued)

Certain benefits under the Plan are insured by the PBGC when the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Note 5: Administrative Costs of the Plan

Investment advisory fees are paid by the Plan. Costs of the Plan audit, actuarial costs, contract trustee fees, and PBGC premiums are paid by the Plan Sponsor and excluded from these financial statements.

Note 6: Information Prepared and Certified by the Custodian

Certain information related to the Plan's investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments, and interest and dividends for the years ended December 31, 2024 and 2023, was obtained or derived from information certified as complete and accurate by the custodian of the Plan, American United Life Insurance Company.

Note 7: Tax Status

The Internal Revenue Service has determined and informed the Sponsor by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 8: Party-In-Interest

Transactions involving the funds administered and administrative fees charged by the custodian, are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations.

Note 9: Fair Value Measurements

GAAP specifies a three-tier fair value hierarchy, which prioritizes the inputs used in estimating fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds in pooled separate accounts: Fair value is estimated using the net asset value ("NAV") per unit by the issuer of the pooled separate accounts. Fair value is based on the fair value of the underlying investments held by the pooled separate accounts.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at:

	Fair Value of Assets as of December 31,			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV - 2024				\$ 106,511
Investments measured at NAV - 2023				\$ 3,290,361

Note 10: Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the statements of net assets available for benefits.

Lakeside Manufacturing, Inc. Employees' Pension Plan

Notes to the Financial Statements

Note 10: Risks and Uncertainties (Continued)

Plan contributions were made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions will occur in the near term and could be material to the financial statements.

401 to 800	1/4
801 to 1200	1/2
1201 to 1600	3/4
1600 or more	1

(c) Prior to January 1, 1976, full and fractional years of employment equal to his most recent period of uninterrupted employment as of January 1, 1976.

(d) No Years of Benefit Service shall accrue after August 1, 2005.

Requirements for Retirement

Normal: Age 65.

Early: Age 55 and 15 Years of Benefit Service. Effective August 1, 2005, age 55 and 15 Years of Vesting Service.

Disability: None.

Accrued Benefit

For employees whose wages and benefits are not subject to collective bargaining, the amount of the accrued monthly benefit shall be equal to Years of Benefit Service (not in excess of 35 for corporate officers only) multiplied by \$13.50, for Participants who terminate employment on or after January 1, 1997.

For employees whose wages and benefits are covered under the collective bargaining agreement between the Company and the International Association of Machinists and Aerospace Workers, District 10, the amount of the accrued monthly benefit shall be equal to Years of Benefit Service prior to January 1, 2001, multiplied by \$13.50, plus

Years of Benefit Service accrued between January 1, 2001 and December 31, 2001, multiplied by \$15.50, plus

Years of Benefit Service accrued between January 1, 2002 and December 31, 2002, multiplied by \$16.50, plus

Years of Benefit Service accrued between January 1, 2003 and August 1, 2005, multiplied by \$17.50.

Amount of Retirement Benefit

For Participants who are eligible for retirement upon termination of employment:

Normal: The vested accrued monthly benefit based on the Years of Benefit Service accrued when the participant terminates employment.

Early: Vested accrued monthly benefit based on the Years of Benefit Service on the date the participant terminates employment, reduced 1/2% for each month by which the commencement of the early retirement benefit precedes age 65.

Late: Same as normal retirement benefit, with Years of Benefit Service determined as of the Late Retirement Date.

Schedule SB, Part V - Summary of Plan Provisions

Normal Form of Payment

Monthly annuity for the life of the employee. If married, the benefit shall be payable in the form of an actuarial equivalent joint and 50% survivor annuity.

Death Benefit While Employed

If a participant who is at least partially vested dies, a benefit is payable to the surviving spouse equal to 50% of the amount that would have been payable had the employee been fully vested and terminated employment immediately prior to death, survived to the earliest retirement age, and retired with a joint and 50% survivor annuity.

Termination Benefit

If a participant terminates employment prior to normal retirement age, he shall be eligible to receive a deferred vested benefit payable at age 65 equal to a percentage of the accrued benefit, according to the following schedule. A participant shall be fully vested upon attainment of age 65.

Years of Vesting Service	Percent Vested
Less than 3	0%
3	20%
4	40%
5	60%
6	80%
7	100%

Optional Forms of Benefit Payment

Upon retirement, participants may choose from the following optional forms of payment, which are determined as the actuarial equivalent of the single life annuity, based on the 1984 Unisex Pension Mortality Table, and a 6% interest assumption:

- Monthly income for life
- Joint & 50% Survivor Annuity with spouse as beneficiary
- Joint & 75% Survivor Annuity with spouse as beneficiary
- **Single Sum:** If the present value of the Accrued Benefit is less than \$5,000, the benefit must be distributed in the form of a single sum, upon termination of employment. If the value is between \$5,000 and \$15,000, the participant may elect to receive his benefit in the form of a single sum, upon termination of employment.

Frozen Plan

The plan was amended to freeze participation and the accrual of benefits as of August 1, 2005.

Lakeside Manufacturing, Inc. Employees' Pension Plan
EIN/PN: 39-0861074/002
Attachment to 2024 Form 5500
Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Appendix A – Summary of Actuarial Methods

The ultimate cost of a pension plan is the excess of actual benefits and administrative expenses paid over actual net investment return on plan assets during the plan's existence until the last payment has been made to the last participant. A plan's "actuarial cost method" determines the expected incidence of actuarial costs by allocating portions of the ultimate cost to each plan year. The cost method is thus a budgeting tool to help ensure that a plan will be adequately and systematically funded. Annual contributions are also affected by a plan's "asset valuation method" (as well as plan provisions, actuarial assumptions, and actual plan demographic and investment experience each year).

Actuarial Cost Method

The actuarial cost method used for determining the Plan's ERISA funding requirements and the FASB ASC Topic 960 values is the Unit Credit method. Under this method, an accrued benefit is determined at each active participant's assumed retirement age based on compensation and service at both the beginning and the end of the current year. The Plan's Normal Cost is the sum of the present value of the excess of each active participant's accrued benefit at the end of the current year over that at the beginning of the current year. The Plan's accrued liability is the sum of (a) the present value of each active participant's accrued benefit at the beginning of the current year plus (b) the present value of each inactive participant's benefits. This method is prescribed for ERISA funding requirements by the Pension Protection Act of 2006.

Asset Valuation Method

The Actuarial Value of Assets used for determining the Plan's ERISA funding requirements is based on the permitted three-year asset smoothing as defined under IRS Notice 2009-22. Under this method, the Actuarial Value of Assets equals the Market Value of Assets minus one-third and two-thirds, respectively, of the investment gain or loss for each of the two immediately preceding plan years, but it must be within 90% to 110% of the Market Value of Assets. The Market Value of Assets is equal to the Fair Value of Assets as of the valuation date plus the discounted value of employer contributions made after the valuation date. These contributions are discounted to the valuation date using the Effective Interest Rate for the prior plan year. The expected investment return for a plan year is based on the lesser of the expected rate of return on plan assets (currently 5.00% per year) or the applicable statutory interest rate for the year.

PBGC Variable-Rate Premium Method

The alternative method is used for the PBGC variable-rate premium calculation (adopted January 1, 2020).

Amortization Method

For the Plan's ERISA funding requirements, incremental Funding Shortfall amounts are amortized over a fifteen-year period, and the related shortfall amortization payment is determined on the first valuation date following the plan year in which it arises based on the segment rates used for ERISA minimum funding purposes on that date, as prescribed under IRC Section 430.

Changes in Actuarial Methods Since Prior Valuation

None.

ECONOMIC ASSUMPTIONS

Interest Rates

The current funding interest rates are as follows. The funding interest rates are prescribed under IRS regulations based on the Plan Sponsor's interest rate election.

	Minimum Funding
Segment 1 (0–5 years)	4.75%
Segment 2 (5–20 years)	4.96%
Segment 3 (20+ years)	5.59%
Effective Interest Rate	5.05%

24-month average segment rates, using a zero-month lookback period, adjusted to reflect the applicable segment rate stabilization corridor.

Asset Returns

5.00% per year (adopted January 1, 2024). It is based on the Plan's investment policy, including target asset allocation, and Milliman's capital market expectations.

Compensation Increases

Not applicable.

Maximum Benefit and Annual Compensation Limitation Increases

0% per year as required by statute.

Administrative Expenses

None assumed payable from plan assets.

DEMOGRAPHIC ASSUMPTIONS

Except where noted, demographic assumptions are based on the actuary's judgment and continued review of experience.

Mortality

Effective January 1, 2024, mortality was updated as prescribed by IRC Section 430(h)(3)(A). The optional combined table for small plans was used. The mortality assumption was updated to comply with IRS and PBGC requirements.

Retirement

Employees are assumed to retire at age 65.

Decrement Timing

Decrements are assumed to occur at the middle of the year, except that 100% retirement (see above) is assumed to occur at the beginning of the year.

Form of Payment

Life annuity.

Marital Characteristics

For participants not in pay status: 80% of participants are assumed to be married to a spouse of the opposite sex. Males are assumed to be 4 years older than females.

For participants in pay status: Actual birth dates of spouses are included in the census data, where relevant.

Weighted Average Retirement Age

The weighted average retirement age for active participants is 65, the normal retirement age according to principal plan provisions.
