## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Management  
Prestige Management Employee Plan  
Louisville, Kentucky

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Prestige Management Employee Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2024 AND 2023**

**NOTE 1 – DESCRIPTION OF PLAN**

The following description of Prestige Management Employee Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

**General:** The Plan is a defined contribution plan generally covering all employees, except leased employees, non-resident aliens, and those covered by a collective bargaining agreement, of Northpoint Senior Services, LLC and participating affiliated entities (collectively the “Company”).

**Administration:** The Plan is administered by the Company.

**Eligibility:** To be eligible to participate in the Plan, an employee must be 21 years of age or older and have completed 1,000 hours of service, as defined in the Plan agreement. Employees may enter the Plan on the first day of the month after meeting the service requirement.

**Contributions:** Participants may elect to defer up to 65% of their current pretax compensation, subject to the Plan’s provisions and IRS limitations, for the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (\$7,500 in 2024). The Plan also permits rollover contributions from other qualified pre-tax retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a Company match of 10% of the first 4% contributed to the Plan by participants. The matching contribution is allocated based upon each participant’s elective deferrals. In addition, the Company may contribute discretionary non-elective profit-sharing contributions to the Plan. During 2024, no discretionary non-elective profit-sharing contributions were contributed by the Company.

**Participant accounts:** Each participant’s account is credited with the participant’s contribution and an allocation of the Company’s contributions, plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Vesting:** Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in employer contributions is based on years of service with the Company, based on the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

**Notes receivable from participants:** The Plan allows participants to obtain loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's vested account balance with a minimum of \$1,000; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence, in which case the loan may be repaid within a period of no more than 30 years; and, the loan is secured by the participant's entire vested account balance. Upon termination of employment, loans are immediately due and payable. The initial interest rate for each loan is based on the bank's prime lending rate as published in the Wall Street Journal in the month the loan is issued (7.50% and 8.50% at December 31, 2024 and 2023, respectively), plus 1.50%.

**Payment of benefits:** Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the participant and spouse. For termination of service due to other reasons, a participant can elect to receive the value of the vested interest in his or her account as a lump-sum distribution or in partial withdrawals. The vested balance of a terminated participant with a vested account balance of less than \$5,000 but more than \$1,000 will be automatically rolled into an individual retirement account. The vested balance of a terminated participant with a vested account balance of \$1,000 or less will receive a lump-sum distribution. The plan permits in-service withdrawals for participants who have attained age 59½ and for all participants that have rollover contributions in the Plan. In the case of hardship, a participant may apply for a distribution described in the Plan agreement.

**Forfeitures:** Employer contributions may be forfeited by participants who terminate employment prior to meeting the years of service requirement described above. These forfeitures may be used by the Plan to pay administrative expenses or to reduce the amount of future employer contributions payable to the Plan. Forfeited non-vested accounts totaled \$2,243 and \$529 at December 31, 2024 and 2023, respectively. During 2024, \$10,088 of forfeitures were used by the Plan to pay administrative expenses.

## **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of presentation:** The financial statements are prepared on the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

**Notes receivable from participants:** Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as benefits paid to participants based on the terms of the Plan document.

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 3, for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Benefit payments:** Benefit payments to participants are recorded when paid.

**Administrative expenses:** All third-party administrative expenses are paid by the Plan, unless otherwise paid for by the Company. In 2024, the administrative expenses paid for by the Plan included asset-based investment advisory fees and recordkeeping fees which are included in the statement of changes in net assets available for benefits.

**Subsequent events:** In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 14, 2025, the date the financial statements were available to be issued.

### **NOTE 3 – FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

1. **Mutual funds (Registered Investment Companies):** Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

2. *Common collective trust*: Common collective trust funds are composed primarily of fully benefit-responsive bank, insurance company, and other investment contracts and are valued at the net asset value of units of the collective trusts. The net asset values, as provided by the trustee, are used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of a collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments relating to these types of investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,705,061	\$ -	\$ -	\$ 11,705,061
Total assets in the fair value hierarchy	11,705,061	-	-	11,705,061
Investments measured at net asset value <sup>(a)</sup>	-	-	-	30,985,965
Investments at fair value	<u>\$ 11,705,061</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 42,691,026</u>
Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,087,097	\$ -	\$ -	\$ 10,087,097
Total assets in the fair value hierarchy	10,087,097	-	-	10,087,097
Investments measured at net asset value <sup>(a)</sup>	-	-	-	28,857,105
Investments at fair value	<u>\$ 10,087,097</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 38,944,202</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2024 and 2023.

#### NOTE 4 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan’s assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust’s net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service pre-approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

#### NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor’s examination with regard to statements or information prepared and certified by John Hancock Trust Company LLC, the trustee of the Plan. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

	2024	2023
Net assets available for benefits:		
Investments at fair value	\$ 42,691,026	\$ 38,944,202
Notes receivable from participants	1,063,610	996,318
	<u>\$ 43,754,636</u>	<u>\$ 39,940,520</u>
Additions to net assets:		
Net appreciation in fair value of investments	\$ 4,122,570	
Interest and dividends	251,750	
Interest income on notes receivable from participants	94,318	

#### NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by affiliates of John Hancock Trust Company LLC, the trustee of the Plan. These transactions qualify as party-in-interest transactions.

The Plan issues loans to participants, which are secured by the balances in the participants’ accounts. These transactions qualify as party-in-interest transactions.

#### NOTE 7 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

#### **NOTE 8 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

#### **NOTE 9 – EXCESS CONTRIBUTIONS PAYABLE**

Amounts payable to participants, totaling \$90,375 in 2024, for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable at December 31, 2024 with a corresponding reduction to contributions. The Plan distributed the excess contributions relating to 2024 to the applicable participants prior to March 15, 2025. Amounts payable to participants, totaling \$108,325, in 2023 for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable at December 31, 2023 with a corresponding reduction to contributions. The Plan distributed the excess contributions relating to 2023 to the applicable participants prior to March 15, 2024.

#### **NOTE 10 – SUBSEQUENT EVENTS**

Effective March 1, 2025, Northpoint Senior Services KY I, LLC is no longer a participating employer of the Plan. Effective August 1, 2025, employees of Livonia Opco, LLC, Haggerty Road Opco, LLC, West Bloomfield Opco, LLC, and Zeeland Opco, LLC became eligible to participate in the Plan with their service requirement being waived. Effective January 1, 2026, the Plan will permit Roth elective deferrals.

## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Management  
Prestige Management Employee Plan  
Louisville, Kentucky

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Prestige Management Employee Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2024 AND 2023**

**NOTE 1 – DESCRIPTION OF PLAN**

The following description of Prestige Management Employee Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

**General:** The Plan is a defined contribution plan generally covering all employees, except leased employees, non-resident aliens, and those covered by a collective bargaining agreement, of Northpoint Senior Services, LLC and participating affiliated entities (collectively the “Company”).

**Administration:** The Plan is administered by the Company.

**Eligibility:** To be eligible to participate in the Plan, an employee must be 21 years of age or older and have completed 1,000 hours of service, as defined in the Plan agreement. Employees may enter the Plan on the first day of the month after meeting the service requirement.

**Contributions:** Participants may elect to defer up to 65% of their current pretax compensation, subject to the Plan’s provisions and IRS limitations, for the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (\$7,500 in 2024). The Plan also permits rollover contributions from other qualified pre-tax retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a Company match of 10% of the first 4% contributed to the Plan by participants. The matching contribution is allocated based upon each participant’s elective deferrals. In addition, the Company may contribute discretionary non-elective profit-sharing contributions to the Plan. During 2024, no discretionary non-elective profit-sharing contributions were contributed by the Company.

**Participant accounts:** Each participant’s account is credited with the participant’s contribution and an allocation of the Company’s contributions, plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Vesting:** Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in employer contributions is based on years of service with the Company, based on the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

**Notes receivable from participants:** The Plan allows participants to obtain loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's vested account balance with a minimum of \$1,000; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence, in which case the loan may be repaid within a period of no more than 30 years; and, the loan is secured by the participant's entire vested account balance. Upon termination of employment, loans are immediately due and payable. The initial interest rate for each loan is based on the bank's prime lending rate as published in the Wall Street Journal in the month the loan is issued (7.50% and 8.50% at December 31, 2024 and 2023, respectively), plus 1.50%.

**Payment of benefits:** Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the participant and spouse. For termination of service due to other reasons, a participant can elect to receive the value of the vested interest in his or her account as a lump-sum distribution or in partial withdrawals. The vested balance of a terminated participant with a vested account balance of less than \$5,000 but more than \$1,000 will be automatically rolled into an individual retirement account. The vested balance of a terminated participant with a vested account balance of \$1,000 or less will receive a lump-sum distribution. The plan permits in-service withdrawals for participants who have attained age 59½ and for all participants that have rollover contributions in the Plan. In the case of hardship, a participant may apply for a distribution described in the Plan agreement.

**Forfeitures:** Employer contributions may be forfeited by participants who terminate employment prior to meeting the years of service requirement described above. These forfeitures may be used by the Plan to pay administrative expenses or to reduce the amount of future employer contributions payable to the Plan. Forfeited non-vested accounts totaled \$2,243 and \$529 at December 31, 2024 and 2023, respectively. During 2024, \$10,088 of forfeitures were used by the Plan to pay administrative expenses.

## **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of presentation:** The financial statements are prepared on the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

**Notes receivable from participants:** Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as benefits paid to participants based on the terms of the Plan document.

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 3, for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Benefit payments:** Benefit payments to participants are recorded when paid.

**Administrative expenses:** All third-party administrative expenses are paid by the Plan, unless otherwise paid for by the Company. In 2024, the administrative expenses paid for by the Plan included asset-based investment advisory fees and recordkeeping fees which are included in the statement of changes in net assets available for benefits.

**Subsequent events:** In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 14, 2025, the date the financial statements were available to be issued.

### **NOTE 3 – FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

1. **Mutual funds (Registered Investment Companies):** Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

2. *Common collective trust*: Common collective trust funds are composed primarily of fully benefit-responsive bank, insurance company, and other investment contracts and are valued at the net asset value of units of the collective trusts. The net asset values, as provided by the trustee, are used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of a collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments relating to these types of investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,705,061	\$ -	\$ -	\$ 11,705,061
Total assets in the fair value hierarchy	11,705,061	-	-	11,705,061
Investments measured at net asset value <sup>(a)</sup>	-	-	-	30,985,965
Investments at fair value	<u>\$ 11,705,061</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 42,691,026</u>
	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,087,097	\$ -	\$ -	\$ 10,087,097
Total assets in the fair value hierarchy	10,087,097	-	-	10,087,097
Investments measured at net asset value <sup>(a)</sup>	-	-	-	28,857,105
Investments at fair value	<u>\$ 10,087,097</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 38,944,202</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2024 and 2023.

#### NOTE 4 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan’s assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust’s net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service pre-approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

#### NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor’s examination with regard to statements or information prepared and certified by John Hancock Trust Company LLC, the trustee of the Plan. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

	2024	2023
Net assets available for benefits:		
Investments at fair value	\$ 42,691,026	\$ 38,944,202
Notes receivable from participants	1,063,610	996,318
	<u>\$ 43,754,636</u>	<u>\$ 39,940,520</u>
Additions to net assets:		
Net appreciation in fair value of investments	\$ 4,122,570	
Interest and dividends	251,750	
Interest income on notes receivable from participants	94,318	

#### NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by affiliates of John Hancock Trust Company LLC, the trustee of the Plan. These transactions qualify as party-in-interest transactions.

The Plan issues loans to participants, which are secured by the balances in the participants’ accounts. These transactions qualify as party-in-interest transactions.

#### NOTE 7 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

#### **NOTE 8 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

#### **NOTE 9 – EXCESS CONTRIBUTIONS PAYABLE**

Amounts payable to participants, totaling \$90,375 in 2024, for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable at December 31, 2024 with a corresponding reduction to contributions. The Plan distributed the excess contributions relating to 2024 to the applicable participants prior to March 15, 2025. Amounts payable to participants, totaling \$108,325, in 2023 for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable at December 31, 2023 with a corresponding reduction to contributions. The Plan distributed the excess contributions relating to 2023 to the applicable participants prior to March 15, 2024.

#### **NOTE 10 – SUBSEQUENT EVENTS**

Effective March 1, 2025, Northpoint Senior Services KY I, LLC is no longer a participating employer of the Plan. Effective August 1, 2025, employees of Livonia Opco, LLC, Haggerty Road Opco, LLC, West Bloomfield Opco, LLC, and Zeeland Opco, LLC became eligible to participate in the Plan with their service requirement being waived. Effective January 1, 2026, the Plan will permit Roth elective deferrals.
