INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
G.R. Robert Construction Co., Inc. Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of G.R. Robert Construction Co., Inc. Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of G.R. Robert Construction Co., Inc. Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of G.R. Robert Construction Co., Inc. Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about G.R. Robert Construction Co., Inc. Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of G.R. Robert Construction Co., Inc. Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about G.R. Robert Construction Co., Inc. Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

G.R. ROBERT CONSTRUCTION CO., INC. PENSION PLAN
Notes to the Financial Statements

NOTE 1: DESCRIPTION OF PLAN

The following description of the G.R. Robert Construction Co., Inc. Pension Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a profit-sharing plan covering all eligible employees of G.R. Robert Construction Co. and the controlled group, Howell Sand and Gravel Co., Inc. (collectively referred to as the “Company”), who are also members of the United Steelworkers of America, Union Local #318. Participants are eligible at the later of age eighteen or the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is administered by the Plan’s trustees, as defined in the Plan’s provisions and the Plan is managed through Voya Retirement Insurance and Annuity Company (“Voya Financial”). The Plan was last amended and restated on January 1, 2021.

Contributions

The Company contributed to the Plan an amount equal to \$0.50 per hour for all eligible participants for the year ended December 31, 2024. At the discretion of the Company, the hourly contribution rate may be increased at any time during the Plan year. The Company’s contribution is normally made on a weekly basis. In the event that the Company increases the per-hour contribution during the Plan year, a deposit is made immediately following the announcement in order to retroactively bring the year’s contributions to the new per-hour rate. The Plan does not permit contributions by the participants. For the year ended December 31, 2024, the Company elected to make an additional non-elective discretionary contribution of \$0.50 per hour for all non-prevailing wage hours and an additional \$0.25 per hour for all hours worked in 2024.

Participant Accounts

Each participant’s account is credited with the Company’s contributions and Plan earnings. Participants direct the investment of their share of the Company’s contributions into various investment options offered by the Plan and may change their investment options at any time. Each of the funds’ earnings, net of related expenses, is credited to each participant’s account based on their balance in relation to the aggregate balance of that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately 100% vested in their account.

Payment of Benefits

Any participant who incurs a service break for any reason except retirement, death or total and permanent disability shall be entitled to receive 100% of their vested account balance as soon as administratively feasible after the date of separation. Terminated participants with a vested balance of less than \$5,000 will be removed from the Plan as soon as administratively feasible after the last day of the Plan year, in accordance with the provisions of the Plan. Retirees and deceased employee beneficiaries can receive payments under a qualified joint and survivor annuity.

G.R. ROBERT CONSTRUCTION CO., INC. PENSION PLAN
Notes to the Financial Statements (continued)

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the Plan's financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures. Actual results could differ from those estimates.

Cash

The Plan maintains bank accounts at high credit financial institutions. The accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts ("FBRIC") which are reported at contract value). Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to FBRIC because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the Plan's custodian, Voya Retirement Insurance and Annuity Company ("Voya Financial"). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The cost of maintaining the Plan is shared by the Plan and the Plan Sponsor, G.R. Robert Construction Co., Inc. The Plan's share of the administrative expenses are paid through an Expense Account for Service Expenditures agreement made between the Company and Voya Financial. The balance of the administrative expenses are absorbed by the Company. Investment related expenses are included in net appreciation in the fair value of investments.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued.

NOTE 3: INFORMATION CERTIFIED BY VOYA FINANCIAL

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments, and interest for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya Financial.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the above information which appears throughout the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">▪ quoted prices for similar assets or liabilities in active markets;▪ quoted prices for identical or similar assets or liabilities in inactive markets;▪ inputs other than quoted prices that are observable for the asset or liability;▪ inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies – Investments in registered investment companies consist of shares of mutual funds that are valued at quoted market prices which represent the net asset value (“NAV”) of shares held by the Plan at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023:

Investments at Fair Value as of December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 5,750,414	\$ -	\$ -	\$ 5,750,414
Total investments in the fair value hierarchy	\$ 5,750,414	\$ -	\$ -	\$ 5,750,414

Investments at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 5,047,643	\$ -	\$ -	\$ 5,047,643
Total investments in the fair value hierarchy	\$ 5,047,643	\$ -	\$ -	\$ 5,047,643

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan held a fully benefit-responsive investment contract (“FBRIC”) with Voya Financial totaling \$512,431 and \$555,706 as of December 31, 2024 and 2023, respectively. Voya Financial maintains the contributions in a Fixed Account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The current interest rate, expressed as an annual effective yield was 1.50% at both December 31, 2024 and 2023. The crediting rate is based on a formula established by the contract issuer and is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

This contract meets the FBRIC criteria and therefore is reported at contract value (See Note 2). Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The Plan’s ability to receive amounts due in accordance with the FBRIC is dependent on the contract issuer’s ability to meet its financial obligations. The contract issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

G.R. ROBERT CONSTRUCTION CO., INC. PENSION PLAN
Notes to the Financial Statements (continued)

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts/amendments to the Plan documents
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

The Plan administrator believes no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the contract issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the contract issuer.

NOTE 6: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Voya Financial; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

NOTE 7: TAX STATUS

The Plan Sponsor has adopted a pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes the Plan is generally no longer subject to income tax examination for years prior to 2022.

Notes to the Financial Statements (continued)

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Trustees have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Trustees also reserve the right to amend, modify, suspend or terminate the Plan permanently or temporarily, at such time as they deem appropriate. In the event of Plan termination or if the Trustees elect to discontinue contributions, the total value of each participant's account will be fully vested.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan provides for various investment securities options for the participants. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
