Independent Auditor's Report

To the Participants and Administrator of
Riverview Bancorp, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Riverview Bancorp, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Riverview Bancorp, Inc.
Employee Stock Ownership Plan
Independent Auditor's Report, Continued
December 31, 2024 and 2023

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Plan Description

The following description of Riverview Bancorp, Inc. (the “Company”) Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions.

General

The Company established the Plan effective January 1, 1993. The Plan operates as a leveraged employee stock ownership plan (“ESOP”) and is designed to comply with Section 4975(e)(7), and the regulations thereunder, of the Internal Revenue Code of 1986 as amended (“IRC”). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”). The Plan is administered by the Company’s ESOP Administrative Committee. Riverview Trust Company serves as the Plan’s investment custodian with respect to the Plan’s investments in Riverview Bancorp, Inc. common stock.

The Plan’s assets, which consist principally of shares of the Company’s common stock, are held primarily by the Plan’s investment custodian. Company contributions are held and managed by the plan administrator which invests cash received, interest, and dividend income and makes distributions to participants.

The Plan purchases shares of Riverview Bancorp, Inc. common stock using the proceeds from contributions from the Company, and holds the common stock in a trust established under the Plan. As the Plan receives contributions and purchases shares of common stock, a percentage of stock is allocated to eligible participant accounts in accordance with applicable regulations under the IRC.

Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to:

- a. the accounts of employees with rights in allocated common stock (“Allocated”), and
- b. common stock not yet allocated to employees (“Unallocated”).

Eligibility

All employees who have attained 21 years of age and completed one year of service are eligible to participate in the Plan. Participants complete one year of service when they have 1,000 hours or more during an employment year.

Employer Contributions

The Company may make discretionary contributions to the Plan in the form of cash or shares of Riverview Bancorp, Inc. common stock, as determined annually by the Board of Directors (the “Board”). For the year ended December 31, 2024, the Board approved a contribution of 25,000 shares of Riverview Bancorp, Inc. common stock to be allocated to eligible participant accounts. The Company transferred the shares to the Plan’s trust account in March 2025. The contribution was recorded as an employer contribution receivable measured at the fair value of the shares at December 31, 2024.

Employee Stock Ownership Plan
Notes to Financial Statements
December 31, 2024 and 2023

Payment of Benefits

Upon attaining normal retirement age of 65 and terminated employment, or on termination of service due to death, disability, or termination of employment; a participant or his or her beneficiary may elect to receive a distribution. Distributions of amounts held in accounts invested in Riverview Bancorp, Inc. common stock will be distributed in whole shares of Riverview Bancorp, Inc. common stock and cash for fractional shares. Other amounts credited to participant accounts will be distributed in cash.

Under the provisions of the plan document, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan, if the shares are not publicly traded or if the shares are subject to trading limitations. During 2024, the Company repurchased no such shares from participants as the Company's common stock continues to be traded on an active exchange.

Administrative Expenses

As provided by the plan document, administrative expenses may be paid either by the Plan or the Company. The plan sponsor paid substantially all administrative expenses for the Plan for the year ended December 31, 2024.

Certain expenses of plan administration, including computer services, office supplies, and payroll expenses of administration and clerical personnel are provided by the Company without charge to the Plan.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the plan administrator prior to the time that such rights are to be exercised. The plan administrator is not permitted to vote any allocated share for which instructions have not been given by a participant. The plan administrator is required; however, to vote any unallocated shares on behalf of the collective best interests of Plan's participants and beneficiaries.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is maintained for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the plan administrator from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

December 31, 2024 and 2023

Vesting

Vesting is based on each participant's length of service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant's interest in the Plan will become fully vested regardless of years of service upon the occurrence of certain accelerating events including attainment of normal retirement date as defined by the plan document, death while employed by the Company, or disability.

Put Option

Under federal income tax regulations, employer stock held by the Plan and its participants if not readily tradable in an established market or subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no available market. The put price is fair market value as determined under the provisions of the plan document. The Company may pay for the purchase, plus interest, over a period of up to five years from the date the put option is exercised as permitted under the terms of the plan document. The purpose of the put option is to ensure participants have the ability to ultimately obtain cash.

Diversification

Participants who are age 55 or older and have participated in the Plan for at least 10 years have the right to diversify their account. Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year the participant may diversify up to 50 percent of their allocated shares. The amounts elected to be diversified will be transferred to the participant's account in the Riverview Bancorp, Inc. Employees' Savings & Profit Sharing Plan and Trust to be invested at the discretion of the participant.

Forfeitures

If a participant terminates before becoming fully vested, the unvested portion of his or her account is forfeited. Forfeitures are pooled and reallocated to other eligible participants. Forfeited shares reallocated to participants for the year ended December 31, 2024 totaled 1,330 shares.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that

Riverview Bancorp, Inc.
Employee Stock Ownership Plan
Notes to Financial Statements
December 31, 2024 and 2023

affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock and (b) stock not yet allocated to employees, including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

The fair market values of the Company's stock were \$5.74 and \$6.40 per share as of December 31, 2024 and 2023, respectively.

Cash

Cash consists of non-interest bearing deposits held to redeem fractional shares.

Payment of Benefits

Benefits are recorded when paid.

Other Liabilities

Other liabilities primarily consist of outstanding checks related to dividend payments and fractional share distributions payable to participants. These amounts represent continuing obligations of the Plan until such payments are redeemed by the participants.

Subsequent Events

Management has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1. Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Level 2 inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market Accounts: Deposits with no stated maturity, such as money market accounts, are valued at the amount payable on demand.

Riverview Bancorp, Inc. Common Stock: Shares of Riverview Bancorp, Inc. common stock are valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. Dividends

The Company paid dividends to the Plan totaling \$0.16 per share amounting to \$60,687 during the year ended December 31, 2024. As provided by the plan document, to the extent dividends are not used by the Plan for debt service, at the sole discretion of the plan administrator dividends may be paid to participants or retained in participant accounts. For the year ended December 31, 2024, dividends on allocated shares totaling \$61,070 were distributed to participants as pass-through dividends.

6. Related Party and Party-In-Interest Transactions

Substantially all assets of the Plan are invested in the common stock of the Company. Riverview Bank, a wholly-owned subsidiary of the Company, manages all money market and cash accounts held by the Plan. Riverview Trust Company serves as the Plan's investment custodian with respect to the Plan's investments in Riverview Bancorp, Inc. common stock. These transactions are related party transactions and party-in-interest transactions under ERISA. As described in Note 1, the

Company pays substantially all plan expenses. The Plan has a number of other service providers. Such service providers are parties-in-interest under ERISA.

7. Risks and Uncertainties

The Plan invests in investment securities consisting primarily of shares of the common stock of the Company. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events, such as pandemics or international conflicts, which could impact the value of investment securities. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Concentration of credit risk is the risk of loss attributed to the magnitude of the Plan's investment in a single issuer. Substantially all of the Plan's assets are invested in the common stock of the Company.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, participants would become 100 percent vested in their accounts and the Company may either liquidate the Plan or continue it to pay benefits as they mature.

9. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 4, 2016, stating that the Plan is qualified, under the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC. Therefore, management believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the amounts presented in the Plan's Form 5500 at December 31, 2024 and 2023:

	2024	2023
Net assets available for benefits per the financial statements	\$ 2,241,152	\$ 2,482,716
Less: Amounts allocated to withdrawing participants	<u>(34,297)</u>	<u>-</u>
Net assets available for benefits per the Form 5500	<u>\$ 2,206,855</u>	<u>\$ 2,482,716</u>

The following is a reconciliation of benefits paid to participants per the financial statements to the amounts presented in the Plan's Form 5500 for the year ended December 31, 2024:

Benefits paid to participants per the financial statements	\$ 172,813
Plus: Amounts allocated to withdrawing participants at December 31, 2024	<u>34,297</u>
Benefits paid to participants per Form 5500	<u>\$ 207,110</u>

Included in net assets available for benefits in the Plan's financial statements are amounts allocated to individuals who have submitted an election to withdraw from the Plan but whose distributions have not yet been disbursed. Plan assets allocated to the accounts of withdrawing participants totaled \$34,297 as of December 31, 2024. The Plan's Form 5500 presents these amounts as benefit claims payable in the period in which the withdrawal elections have been received and approved for payment.

11. Subsequent Events

Subsequent to December 31, 2024, the Plan's stock trustee changed from Riverview Trust Company to Principal Trust Company. This transition did not affect the valuation of the Plan's assets as of December 31, 2024.
