11a If the plan provides welfare benefits, was the plan subject to the Form M-1 filing requirements during the plan year? (See instructions and 29 CFR 2520.101-2.) Yes No

If "Yes" is checked, complete lines 11b and 11c.

11b Is the plan currently in compliance with the Form M-1 filing requirements? (See instructions and 29 CFR 2520.101-2.) Yes No

11c Enter the Receipt Confirmation Code for the 2024 Form M-1 annual report. If the plan was not required to file the 2024 Form M-1 annual report, enter the Receipt Confirmation Code for the most recent Form M-1 that was required to be filed under the Form M-1 filing requirements. (Failure to enter a valid Receipt Confirmation Code will subject the Form 5500 filing to rejection as incomplete.)

Receipt Confirmation Code _____

SCHEDULE C (Form 5500) <small>Department of the Treasury Internal Revenue Service</small> <small>Department of Labor Employee Benefits Security Administration</small> <small>Pension Benefit Guaranty Corporation</small>	Service Provider Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA). ▶ File as an attachment to Form 5500.	<small>OMB No. 1210-0110</small> 2024 This Form is Open to Public Inspection.
--	--	---

For calendar plan year 2024 or fiscal plan year beginning **01/01/2024** and ending **12/31/2024**

A Name of plan TRIDENT MARITIME SYSTEMS RETIREMENT SAVINGS PLAN	B Three-digit plan number (PN) ▶	001
C Plan sponsor's name as shown on line 2a of Form 5500 TRIDENT MARITIME SYSTEMS, LLC	D Employer Identification Number (EIN) 37-1714323	

Part I Service Provider Information (see instructions)

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... Yes No

b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

FIDELITY INVESTMENTS INSTITUTIONAL

--	--	---

For calendar plan year 2024 or fiscal plan year beginning 01/01/2024 and ending 12/31/2024	
A Name of plan TRIDENT MARITIME SYSTEMS RETIREMENT SAVINGS PLAN	B Three-digit plan number (PN) ▶ 001
C Plan sponsor's name as shown on line 2a of Form 5500 TRIDENT MARITIME SYSTEMS, LLC	D Employer Identification Number (EIN) 37-1714323

Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

(11) Other expenses.....	2i(11)	0
(12) Total administrative expenses. Add lines 2i(1) through (11)	2i(12)	109075
j Total expenses. Add all expense amounts in column (b) and enter total.....	2j	12247603

Net Income and Reconciliation

k Net income (loss). Subtract line 2j from line 2d.....	2k	3150947
l Transfers of assets:		
(1) To this plan.....	2l(1)	29891317
(2) From this plan	2l(2)	0

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BDO USA, P.C.**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	565103
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
e Was this plan covered by a fidelity bond?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	3000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
l Has the plan failed to provide any benefit when due under the plan?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	137
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) Yes No Not determined
 If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) <small>Department of the Treasury Internal Revenue Service</small> <small>Department of Labor Employee Benefits Security Administration</small> <small>Pension Benefit Guaranty Corporation</small>	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500. a Name of contributing employer _____

b EIN _____ **c** Dollar amount contributed by employer _____

d Date collective bargaining agreement expires (If employer contributes under more than one collective bargaining agreement, check box and see instructions regarding required attachment. Otherwise, enter the applicable date.) Month _____ Day _____ Year _____

e Contribution rate information (If more than one rate applies, check this box and see instructions regarding required attachment. Otherwise, complete lines 13e(1) and 13e(2).)

(1) Contribution rate (in dollars and cents) _____

(2) Base unit measure: Hourly Weekly Unit of production Other (specify): _____

14 Enter the number of deferred vested and retired participants (inactive participants), as of the beginning of the plan year, whose contributing employer is no longer making contributions to the plan for:

a The current plan year. Check the box to indicate the counting method used to determine the number of inactive participants: <input type="checkbox"/> last contributing employer <input type="checkbox"/> alternative <input type="checkbox"/> reasonable approximation (see instructions for required attachment).....	14a	
b The plan year immediately preceding the current plan year. <input type="checkbox"/> Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....	14b	
c The second preceding plan year. <input type="checkbox"/> Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....	14c	

15 Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

a The corresponding number for the plan year immediately preceding the current plan year	15a	
b The corresponding number for the second preceding plan year	15b	

16 Information with respect to any employers who withdrew from the plan during the preceding plan year:

a Enter the number of employers who withdrew during the preceding plan year	16a	
b If line 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers.....	16b	

17 If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment

Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans

18 If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment

19 If the total number of participants is 1,000 or more, complete lines (a) and (b):

a Enter the percentage of plan assets held as:
 Public Equity: _____% Private Equity: _____% Investment-Grade Debt and Interest Rate Hedging Assets: _____%
 High-Yield Debt: _____% Real Assets: _____% Cash or Cash Equivalents: _____% Other: _____%

b Provide the average duration of the Investment-Grade Debt and Interest Rate Hedging Assets:
 0-5 years 5-10 years 10-15 years 15 years or more

20 PBGC missed contribution reporting requirements. If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? Yes No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:
 Yes.
 No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.
 No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.
 No. Other. Provide explanation: _____

Part VII IRS Compliance Questions

21a Does the plan satisfy the coverage and nondiscrimination tests of Code sections 410(b) and 401(a)(4) by combining this plan with any other plans under the permissive aggregation rules? Yes No

21b If this is a Code section 401(k) plan, check all boxes that apply to indicate how the plan is intended to satisfy the nondiscrimination requirements for employee deferrals and employer matching contributions (as applicable) under Code sections 401(k)(3) and 401(m)(2).
 Design-based safe harbor method
 "Prior year" ADP test
 "Current year" ADP test
 N/A

22 If the plan sponsor is an adopter of a pre-approved plan that received a favorable IRS Opinion Letter, enter the date of the Opinion Letter 06 / 30 / 2020 (MM/DD/YYYY) and the Opinion Letter serial number Q702438A.

Independent Auditor's Report

The Plan Administrator
Trident Maritime Systems Retirement Savings Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Trident Maritime Systems Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

1. Plan Description

The following description of the Trident Maritime Systems Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan sponsor is Trident Maritime Systems, LLC. The Plan became effective January 5, 2004 and is a defined contribution plan that covers substantially all employees of Trident Maritime Systems, Inc. (the Company) who have attained the age of 18. Employees are eligible to participate on the first day of the month after meeting the eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 90 percent of their pre-tax or post-tax compensation for the portion of the Plan year in which they are eligible to make salary deferrals. Total deferrals are subject to the maximum amount each year determined by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions are recorded in the period during which payroll deductions from the Plan participants' earnings are made. The Plan provides for automatic 3% deferrals, whereby each participant is automatically enrolled in the Plan beginning in the first month of employment. In the event that a participant does not elect an investment allocation upon enrollment, the participant's account is automatically deferred to the Fidelity Freedom Index Fund retirement option that is closest to their retirement date.

The Plan provides for a matching contribution, equal to a discretionary percentage of the participant's percentage of salary deferrals, which is determined each year. The discretionary matching contribution was 50% of the first 6% of compensation deferred for the year ended December 31, 2024. The Plan also permits discretionary profit-sharing contributions. There were no discretionary profit-sharing contributions for the year ended December 31, 2024.

Participants may direct their contributions and employer contributions to the investment options offered by the Plan. Participant rollovers represent nonforfeitable contributions from other qualified plans, including loans. Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

Participant Accounts

Each participant account is credited with the participant's contribution and an allocation of the employer's contribution and Plan earnings. Participants are responsible for directing the investment of their own deferrals as well as employer contributions and investment earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Participant accounts are charged with an allocation of the administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Vesting of employer contributions and earnings thereon is determined by years of service from hire date according to the following schedule:

Completed Years of Service	Vesting Percentage (%)
Less than 2 years	-
2 but less than 3	50
3 or more	100

A year of service is defined as a Plan year in which the participant is credited with at least 1,000 hours of service. Employees who are terminated by the Company due to death or disability become immediately vested in employer contributions.

Forfeitures

Forfeitures represent the portion of non-vested benefit payments remaining in the Plan for all current-year terminated employees. Forfeiture balances serve to reduce administrative fees and employer contributions and are re-allocated on the earlier of the distribution date of the employee's entire vested account balance or at the end of the fifth year in which a participant reaches their fifth consecutive one-year break-in-service. Forfeitures of approximately \$7,000 were used to offset employer contributions during the year ended December 31, 2024. Forfeited non-vested accounts totaled approximately \$291,000 at December 31, 2024 and \$221,000 at December 31, 2023.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum of the lesser of 50% of their account balance or \$50,000 from their account. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of prime plus 1% at the time of inception. Principal and interest are paid through payroll deductions over the term of the loan. Loans have a five-year term unless used for purchase of a primary residence.

Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

lump-sum amount, or a single-sum payment of a portion of the participant's account balance. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If a participant with an account balance of less than \$1,000 has a break-in-service, the participant is paid the full value of his or her account as soon as practical in a lump sum.

A participant may request a withdrawal from his or her account balance based upon financial hardship or at age 59½, as defined by Internal Revenue Code (IRC) regulations.

Plan Termination

Although the Company has not expressed any intent to do so, it reserves the right to amend, modify, suspend, or terminate the Plan subject to the provisions in the Plan document and ERISA. In the event the Plan terminates, no further contributions will be made to the Plan and all amounts credited to the participants' accounts will become 100% vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Plan management determines the valuation policies utilizing information provided by Fidelity Management Trust Company (Trustee).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for benefits, the statement of changes in net assets available for benefits, and participant account balances.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Fees and Expenses

Certain administrative expenses are paid by the Company or the Plan, as provided by the Plan document. Expenses paid by the Company are excluded from the financial statements.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The Company evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 15, 2025, the day the financial statements were approved and authorized for issue.

3. Investments

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - This level consists of quoted prices in active markets for identical assets or liabilities.

Level 2 - This level consists of observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - This level consists of inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds are valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts consist of cash and cash equivalents, equities, and mutual funds. Cash and cash equivalents are valued at cost plus accrued interest, which approximates fair value. Equities are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the daily NAV as reported by the fund, and are actively traded.

The Plan invests in the Fidelity Managed Income Portfolio II Fund (the Fund), a common collective trust, which is a public investment vehicle that seeks to preserve capital and to provide income over time. Common collective trusts are valued using the NAV provided by the trustee on the last day of the Plan's year-end, NAV is used as a practical expedient to estimate fair value. NAV is based on the value of the underlying assets owned by the trust, primarily corporate bonds, U.S. and foreign government agency obligations, mortgage securities, and money market funds, minus its liabilities, and then divided by the number of shares outstanding. The Plan's participants may exchange units in the Fund on a daily basis with minimal restrictions with no advanced notice. The Plan is required to provide one-year redemption notice to liquidate its entire share in the Fund. There are no unfunded commitments related to this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the fair value of the Plan's assets measured on a recurring basis, by level:

December 31, 2024

	Level 1	Total
Mutual funds	<u>\$ 82,175,406</u>	\$ 82,175,406
Common collective trust, at NAV		2,255,365
Investments, at fair value		\$ 84,430,771

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

December 31, 2023

	Level 1	Total
Mutual funds	<u>\$ 48,408,189</u>	\$ 48,408,192
Common collective trust, at NAV		<u>3,061,249</u>
Investments, at fair value		\$ 51,469,441

4. Certification of Investment Information

Certain information disclosed in the accompanying financial statements and Schedule H, Line 4i - Schedule of Assets (Held at End of Year), related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

5. Related Party Transactions and Party-in-interest Transactions

Certain Plan investments are managed by the Trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan paid certain administrative fees for trustee, custodian, and recordkeeping services. These transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under Section 408(b) of ERISA regulations.

The Plan has notes receivable from participants subject to specific guidelines as defined in the Plan document (Note 1). Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by the statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

6. Income Tax Status

The Plan operates under a pre-approved document. The pre-approved document's sponsor obtained its latest pre-approved opinion letter on June 30, 2020, in which the IRS stated that the form of the pre-approved document, as then designed, was in compliance with the applicable requirements of the IRC and, therefore, is exempt from federal income taxes. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

7. Contribution Corrections

The Company failed to timely remit employee deferrals and loan repayments to the Plan in 2024 and 2023 in the amount of \$713,530 and \$205,392, respectively. The deferrals and loan repayments were subsequently remitted to the Plan within the respective Plan year. The Company computed the lost earnings on these deposits and will make a contribution for lost earnings to the Plan during the 2025 Plan year.

8. Plan Merger

On July 15, 2024, the Lake Shore System Plan executed a merger of the Lake Shore Systems, Inc. 401(k) Plan into the Plan. The merger included 435 participants with a value of \$29,891,317.

Independent Auditor's Report

The Plan Administrator
Trident Maritime Systems Retirement Savings Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Trident Maritime Systems Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

1. Plan Description

The following description of the Trident Maritime Systems Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan sponsor is Trident Maritime Systems, LLC. The Plan became effective January 5, 2004 and is a defined contribution plan that covers substantially all employees of Trident Maritime Systems, Inc. (the Company) who have attained the age of 18. Employees are eligible to participate on the first day of the month after meeting the eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 90 percent of their pre-tax or post-tax compensation for the portion of the Plan year in which they are eligible to make salary deferrals. Total deferrals are subject to the maximum amount each year determined by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions are recorded in the period during which payroll deductions from the Plan participants' earnings are made. The Plan provides for automatic 3% deferrals, whereby each participant is automatically enrolled in the Plan beginning in the first month of employment. In the event that a participant does not elect an investment allocation upon enrollment, the participant's account is automatically deferred to the Fidelity Freedom Index Fund retirement option that is closest to their retirement date.

The Plan provides for a matching contribution, equal to a discretionary percentage of the participant's percentage of salary deferrals, which is determined each year. The discretionary matching contribution was 50% of the first 6% of compensation deferred for the year ended December 31, 2024. The Plan also permits discretionary profit-sharing contributions. There were no discretionary profit-sharing contributions for the year ended December 31, 2024.

Participants may direct their contributions and employer contributions to the investment options offered by the Plan. Participant rollovers represent nonforfeitable contributions from other qualified plans, including loans. Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

Participant Accounts

Each participant account is credited with the participant's contribution and an allocation of the employer's contribution and Plan earnings. Participants are responsible for directing the investment of their own deferrals as well as employer contributions and investment earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Participant accounts are charged with an allocation of the administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Vesting of employer contributions and earnings thereon is determined by years of service from hire date according to the following schedule:

Completed Years of Service	Vesting Percentage (%)
Less than 2 years	-
2 but less than 3	50
3 or more	100

A year of service is defined as a Plan year in which the participant is credited with at least 1,000 hours of service. Employees who are terminated by the Company due to death or disability become immediately vested in employer contributions.

Forfeitures

Forfeitures represent the portion of non-vested benefit payments remaining in the Plan for all current-year terminated employees. Forfeiture balances serve to reduce administrative fees and employer contributions and are re-allocated on the earlier of the distribution date of the employee's entire vested account balance or at the end of the fifth year in which a participant reaches their fifth consecutive one-year break-in-service. Forfeitures of approximately \$7,000 were used to offset employer contributions during the year ended December 31, 2024. Forfeited non-vested accounts totaled approximately \$291,000 at December 31, 2024 and \$221,000 at December 31, 2023.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum of the lesser of 50% of their account balance or \$50,000 from their account. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of prime plus 1% at the time of inception. Principal and interest are paid through payroll deductions over the term of the loan. Loans have a five-year term unless used for purchase of a primary residence.

Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

lump-sum amount, or a single-sum payment of a portion of the participant's account balance. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If a participant with an account balance of less than \$1,000 has a break-in-service, the participant is paid the full value of his or her account as soon as practical in a lump sum.

A participant may request a withdrawal from his or her account balance based upon financial hardship or at age 59½, as defined by Internal Revenue Code (IRC) regulations.

Plan Termination

Although the Company has not expressed any intent to do so, it reserves the right to amend, modify, suspend, or terminate the Plan subject to the provisions in the Plan document and ERISA. In the event the Plan terminates, no further contributions will be made to the Plan and all amounts credited to the participants' accounts will become 100% vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Plan management determines the valuation policies utilizing information provided by Fidelity Management Trust Company (Trustee).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for benefits, the statement of changes in net assets available for benefits, and participant account balances.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Fees and Expenses

Certain administrative expenses are paid by the Company or the Plan, as provided by the Plan document. Expenses paid by the Company are excluded from the financial statements.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The Company evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 15, 2025, the day the financial statements were approved and authorized for issue.

3. Investments

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - This level consists of quoted prices in active markets for identical assets or liabilities.

Level 2 - This level consists of observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - This level consists of inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds are valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts consist of cash and cash equivalents, equities, and mutual funds. Cash and cash equivalents are valued at cost plus accrued interest, which approximates fair value. Equities are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the daily NAV as reported by the fund, and are actively traded.

The Plan invests in the Fidelity Managed Income Portfolio II Fund (the Fund), a common collective trust, which is a public investment vehicle that seeks to preserve capital and to provide income over time. Common collective trusts are valued using the NAV provided by the trustee on the last day of the Plan's year-end, NAV is used as a practical expedient to estimate fair value. NAV is based on the value of the underlying assets owned by the trust, primarily corporate bonds, U.S. and foreign government agency obligations, mortgage securities, and money market funds, minus its liabilities, and then divided by the number of shares outstanding. The Plan's participants may exchange units in the Fund on a daily basis with minimal restrictions with no advanced notice. The Plan is required to provide one-year redemption notice to liquidate its entire share in the Fund. There are no unfunded commitments related to this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the fair value of the Plan's assets measured on a recurring basis, by level:

December 31, 2024

	Level 1	Total
Mutual funds	<u>\$ 82,175,406</u>	\$ 82,175,406
Common collective trust, at NAV		2,255,365
Investments, at fair value		\$ 84,430,771

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

December 31, 2023

	Level 1	Total
Mutual funds	<u>\$ 48,408,189</u>	\$ 48,408,192
Common collective trust, at NAV		<u>3,061,249</u>
Investments, at fair value		\$ 51,469,441

4. Certification of Investment Information

Certain information disclosed in the accompanying financial statements and Schedule H, Line 4i - Schedule of Assets (Held at End of Year), related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

5. Related Party Transactions and Party-in-interest Transactions

Certain Plan investments are managed by the Trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan paid certain administrative fees for trustee, custodian, and recordkeeping services. These transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under Section 408(b) of ERISA regulations.

The Plan has notes receivable from participants subject to specific guidelines as defined in the Plan document (Note 1). Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by the statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

6. Income Tax Status

The Plan operates under a pre-approved document. The pre-approved document's sponsor obtained its latest pre-approved opinion letter on June 30, 2020, in which the IRS stated that the form of the pre-approved document, as then designed, was in compliance with the applicable requirements of the IRC and, therefore, is exempt from federal income taxes. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

7. Contribution Corrections

The Company failed to timely remit employee deferrals and loan repayments to the Plan in 2024 and 2023 in the amount of \$713,530 and \$205,392, respectively. The deferrals and loan repayments were subsequently remitted to the Plan within the respective Plan year. The Company computed the lost earnings on these deposits and will make a contribution for lost earnings to the Plan during the 2025 Plan year.

8. Plan Merger

On July 15, 2024, the Lake Shore System Plan executed a merger of the Lake Shore Systems, Inc. 401(k) Plan into the Plan. The merger included 435 participants with a value of \$29,891,317.

Independent Auditor's Report

The Plan Administrator
Trident Maritime Systems Retirement Savings Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Trident Maritime Systems Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

1. Plan Description

The following description of the Trident Maritime Systems Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan sponsor is Trident Maritime Systems, LLC. The Plan became effective January 5, 2004 and is a defined contribution plan that covers substantially all employees of Trident Maritime Systems, Inc. (the Company) who have attained the age of 18. Employees are eligible to participate on the first day of the month after meeting the eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 90 percent of their pre-tax or post-tax compensation for the portion of the Plan year in which they are eligible to make salary deferrals. Total deferrals are subject to the maximum amount each year determined by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions are recorded in the period during which payroll deductions from the Plan participants' earnings are made. The Plan provides for automatic 3% deferrals, whereby each participant is automatically enrolled in the Plan beginning in the first month of employment. In the event that a participant does not elect an investment allocation upon enrollment, the participant's account is automatically deferred to the Fidelity Freedom Index Fund retirement option that is closest to their retirement date.

The Plan provides for a matching contribution, equal to a discretionary percentage of the participant's percentage of salary deferrals, which is determined each year. The discretionary matching contribution was 50% of the first 6% of compensation deferred for the year ended December 31, 2024. The Plan also permits discretionary profit-sharing contributions. There were no discretionary profit-sharing contributions for the year ended December 31, 2024.

Participants may direct their contributions and employer contributions to the investment options offered by the Plan. Participant rollovers represent nonforfeitable contributions from other qualified plans, including loans. Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

Participant Accounts

Each participant account is credited with the participant's contribution and an allocation of the employer's contribution and Plan earnings. Participants are responsible for directing the investment of their own deferrals as well as employer contributions and investment earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Participant accounts are charged with an allocation of the administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Vesting of employer contributions and earnings thereon is determined by years of service from hire date according to the following schedule:

Completed Years of Service	Vesting Percentage (%)
Less than 2 years	-
2 but less than 3	50
3 or more	100

A year of service is defined as a Plan year in which the participant is credited with at least 1,000 hours of service. Employees who are terminated by the Company due to death or disability become immediately vested in employer contributions.

Forfeitures

Forfeitures represent the portion of non-vested benefit payments remaining in the Plan for all current-year terminated employees. Forfeiture balances serve to reduce administrative fees and employer contributions and are re-allocated on the earlier of the distribution date of the employee's entire vested account balance or at the end of the fifth year in which a participant reaches their fifth consecutive one-year break-in-service. Forfeitures of approximately \$7,000 were used to offset employer contributions during the year ended December 31, 2024. Forfeited non-vested accounts totaled approximately \$291,000 at December 31, 2024 and \$221,000 at December 31, 2023.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum of the lesser of 50% of their account balance or \$50,000 from their account. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of prime plus 1% at the time of inception. Principal and interest are paid through payroll deductions over the term of the loan. Loans have a five-year term unless used for purchase of a primary residence.

Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

lump-sum amount, or a single-sum payment of a portion of the participant's account balance. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If a participant with an account balance of less than \$1,000 has a break-in-service, the participant is paid the full value of his or her account as soon as practical in a lump sum.

A participant may request a withdrawal from his or her account balance based upon financial hardship or at age 59½, as defined by Internal Revenue Code (IRC) regulations.

Plan Termination

Although the Company has not expressed any intent to do so, it reserves the right to amend, modify, suspend, or terminate the Plan subject to the provisions in the Plan document and ERISA. In the event the Plan terminates, no further contributions will be made to the Plan and all amounts credited to the participants' accounts will become 100% vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Plan management determines the valuation policies utilizing information provided by Fidelity Management Trust Company (Trustee).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for benefits, the statement of changes in net assets available for benefits, and participant account balances.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Fees and Expenses

Certain administrative expenses are paid by the Company or the Plan, as provided by the Plan document. Expenses paid by the Company are excluded from the financial statements.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The Company evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 15, 2025, the day the financial statements were approved and authorized for issue.

3. Investments

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - This level consists of quoted prices in active markets for identical assets or liabilities.

Level 2 - This level consists of observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - This level consists of inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds are valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts consist of cash and cash equivalents, equities, and mutual funds. Cash and cash equivalents are valued at cost plus accrued interest, which approximates fair value. Equities are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the daily NAV as reported by the fund, and are actively traded.

The Plan invests in the Fidelity Managed Income Portfolio II Fund (the Fund), a common collective trust, which is a public investment vehicle that seeks to preserve capital and to provide income over time. Common collective trusts are valued using the NAV provided by the trustee on the last day of the Plan's year-end, NAV is used as a practical expedient to estimate fair value. NAV is based on the value of the underlying assets owned by the trust, primarily corporate bonds, U.S. and foreign government agency obligations, mortgage securities, and money market funds, minus its liabilities, and then divided by the number of shares outstanding. The Plan's participants may exchange units in the Fund on a daily basis with minimal restrictions with no advanced notice. The Plan is required to provide one-year redemption notice to liquidate its entire share in the Fund. There are no unfunded commitments related to this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the fair value of the Plan's assets measured on a recurring basis, by level:

December 31, 2024

	Level 1	Total
Mutual funds	<u>\$ 82,175,406</u>	\$ 82,175,406
Common collective trust, at NAV		2,255,365
Investments, at fair value		\$ 84,430,771

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

December 31, 2023

	Level 1	Total
Mutual funds	<u>\$ 48,408,189</u>	\$ 48,408,192
Common collective trust, at NAV		<u>3,061,249</u>
Investments, at fair value		\$ 51,469,441

4. Certification of Investment Information

Certain information disclosed in the accompanying financial statements and Schedule H, Line 4i - Schedule of Assets (Held at End of Year), related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

5. Related Party Transactions and Party-in-interest Transactions

Certain Plan investments are managed by the Trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan paid certain administrative fees for trustee, custodian, and recordkeeping services. These transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under Section 408(b) of ERISA regulations.

The Plan has notes receivable from participants subject to specific guidelines as defined in the Plan document (Note 1). Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by the statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

6. Income Tax Status

The Plan operates under a pre-approved document. The pre-approved document's sponsor obtained its latest pre-approved opinion letter on June 30, 2020, in which the IRS stated that the form of the pre-approved document, as then designed, was in compliance with the applicable requirements of the IRC and, therefore, is exempt from federal income taxes. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Trident Maritime Systems Retirement Savings Plan

Notes to the Financial Statements

7. Contribution Corrections

The Company failed to timely remit employee deferrals and loan repayments to the Plan in 2024 and 2023 in the amount of \$713,530 and \$205,392, respectively. The deferrals and loan repayments were subsequently remitted to the Plan within the respective Plan year. The Company computed the lost earnings on these deposits and will make a contribution for lost earnings to the Plan during the 2025 Plan year.

8. Plan Merger

On July 15, 2024, the Lake Shore System Plan executed a merger of the Lake Shore Systems, Inc. 401(k) Plan into the Plan. The merger included 435 participants with a value of \$29,891,317.
