(2) EIN: **82-3706925**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X

Independent Auditor's Report

To the Board of Trustees of
Textile Processors, Service Trades,
Health Care, Professional and
Technical Employees Local No. 1
Pension Fund
Valley View, Ohio

Qualified Opinion

We have audited the accompanying financial statements of Textile Processors, Service Trades, Health Care, Professional and Technical Employees Local No. 1 Pension Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets in liquidation available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets in liquidation available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, except for the omission of information discussed in the Basis for Qualified Opinion section of our report, the financial statements referred to above present fairly, in all material respects, the net assets in liquidation available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets in liquidation available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Qualified Opinion

As further discussed in Notes 1-3, the Plan became insolvent and is receiving financial assistance from the Pension Benefit Guaranty Corporation (the "PBGC"). The PBGC amended its multiemployer reporting, disclosure and valuation regulations to reduce the number of actuarial valuations for small plans terminated by mass withdrawal. Accordingly, the Plan does not determine the actuarial present value of accumulated plan benefits and changes therein on an annual basis in accordance with accounting principles generally accepted in the United States of America.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Emphasis of Matters – Plan Termination, Liquidation Basis of Accounting and Insolvency

As further discussed in Notes 1 and 3 to the financial statements, the Plan was terminated by mass withdrawal effective December 31, 2015. In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting from the going concern plan basis to the liquidation basis. Our opinion is not modified with respect to this matter.

As further discussed in Note 3 to the financial statements, the Plan became insolvent and began receiving financial assistance from the Pension Benefit Guaranty Corporation, a federal government agency. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The

information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TEXTILE PROCESSORS, SERVICE TRADES, HEALTH CARE, PROFESSIONAL AND
TECHNICAL EMPLOYEES LOCAL NO. 1 PENSION FUND

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following brief description of the Textile Processors, Service Trades, Health Care, Professional and Technical Employees Local No. 1 Pension Fund (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a multi-employer defined benefit plan established in 1967 pursuant to a trust agreement between Local No. 1 of the Textile Processors, Service Trades, Health Care, Professional and Technical Employees International Union (the "Local Union") and employers of employees represented by the Local Union. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Insolvency and Termination

During 2015, the Plan became insolvent and began receiving financial assistance from the Pension Benefit Guaranty Corporation (the "PBGC"). In addition, effective December 31, 2015, the Plan was terminated under Section 4041A(a)(2) of ERISA. Refer to Note 3 for additional information regarding the insolvency and termination of the Plan.

Plan Benefits

The Plan provides for retirement benefits for the life of a vested participant payable at age 65. The Plan also provides for a Husband and Wife pension that provides a 50% or 75% surviving spouse benefit. Due to the termination of the Plan and the previous implementation of plan changes pursuant to the rehabilitation plan, adjustable benefits, including early retirement benefits and disability pensions, have been eliminated. Prior to the termination of the Plan, participants acquired vested status after completion of five years of vesting service.

Note 2. Summary of Significant Accounting Policies

- A. Basis of Accounting – The accompanying financial statements are prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America, although the liquidation of the Plan is not expected to be complete for a number of years. As a result, the Plan is unable to reasonably estimate the income and expenses that it expects to earn and incur, respectively, through the end of its liquidation.
- B. Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.
- C. Cash – The Plan places its temporary cash with a national financial institution which, at times, may exceed federally insured amounts. The actual balance may exceed the reported balance due to outstanding checks.

TEXTILE PROCESSORS, SERVICE TRADES, HEALTH CARE, PROFESSIONAL AND
TECHNICAL EMPLOYEES LOCAL NO. 1 PENSION FUND

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

- D. Investment Valuation and Income Recognition – The Plan's investments as of December 31, 2024 and 2023 consist solely of an interest-bearing cash account. The account maintains daily liquidity and has a constant unit value of \$1, and is thus classified as Level 1 in the fair value hierarchy. Interest income is recorded on the accrual basis.
- E. Employer Withdrawal Liability – The Plan complies with the provisions of the Multiemployer Pension Plan Amendments Act of 1980 that require the imposition of withdrawal liability on a contributing employer that partially or totally withdraws from the Plan. When an employer withdraws from the Plan, it is assessed a withdrawal liability, calculated by the Plan's actuary, for its allocable unfunded vested liability. Due to uncertainty surrounding collection and possible settlements, the Plan recognizes employer withdrawal liability revenue, including interest, when received. See Note 4 for further details regarding employer withdrawal liability.
- F. PBGC Financial Assistance – The Plan does not have the resources, nor does it expect to have the resources in the future, to repay the promissory note described in Note 3. Accordingly, financial assistance from the PBGC is recorded as income when received and no liability is recorded on the statements of net assets in liquidation available for benefits for amounts owed under the promissory note.
- G. Fixed Assets – Office furniture and equipment is stated at cost. Depreciation is computed using the straight-line method over the assets' estimated useful lives and amounted to \$-0- during 2024 and 2023. The net book value of fixed assets approximates the fair market value of fixed assets.
- H. Payment of Benefits – Benefit payments to participants are recorded upon distribution.
- I. Actuarial Present Value of Accumulated Plan Benefits – As described in Note 3, the Plan became insolvent and is receiving financial assistance from the PBGC. Actuarial valuations are not required for plans receiving financial assistance with nonforfeitable benefits of \$50 million or less. Instead, the Plan is permitted to file alternative information directly with the PBGC every five years. At the request of the PBGC, the Plan had an actuarial valuation completed as of January 1, 2022.

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions based upon the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present members or their beneficiaries. Benefits under the Plan are based on members' years of credited service.

Note 2. Summary of Significant Accounting Policies (Continued)

The actuarial present value of accumulated plan benefits was determined by Horizon Actuarial Services, LLC, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements for mortality, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation were (a) Mortality – sex-distinct mortality tables as prescribed ERISA section 4044 following guidance from the PBGC for the valuation of insolvent plans, (b) Retirement age – age 65 or current age for inactive vested participants, and (c) Interest rates – 2.37% for years 1-20 and 2.03% thereafter per annum, compounded annually for determining costs and liabilities and interest rates for funding are those prescribed by ERISA section 4044 and were selected according to guidance from the PBGC for the valuation of insolvent plans.

The actuarial present value of accumulated plan benefits as of January 1, 2022 is as follows:

Vested accumulated plan benefits	
Participants currently receiving benefits	\$ 4,845,604
Other vested participants	<u>6,084,540</u>
	<u>\$ 10,930,144</u>

J. Subsequent Events – The Plan evaluated subsequent events through October 13, 2025, which is the date the financial statements were available to be issued.

Note 3. Plan Insolvency and Termination by Mass Withdrawal

In April 2015, the Plan became insolvent and began receiving financial assistance from the PBGC pursuant to Section 4261 of ERISA. In accordance with the terms of the agreement with the PBGC, the Board of Trustees amended the Plan to freeze and permanently suspend all benefit accruals. Future benefits will be based on a participant's credited service through the earlier of the date of the participant's termination of employment or June 30, 2015. Years of credited service on or after July 1, 2015 were frozen only in relation to the determination of the amount of a retirement benefit, but not as to qualification for any benefit under the Plan. The amendment did not impact then-present retirees, nor did it impact any benefits earned through June 30, 2015.

The maximum pension credit per year of service earned under the Plan is \$7.50, which is less than the PBGC Guaranteed Benefit of 100% of the first \$11.00 per service credit, therefore, there were no reductions to participants' monthly pension benefits after the Plan began receiving financial assistance from the PBGC.

Note 3. Plan Insolvency and Termination by Mass Withdrawal (Continued)

The financial assistance received from the PBGC represents proceeds of a promissory note. Under the terms of the promissory note, the PBGC may lend the Plan additional amounts, as necessary, which shall be added to the outstanding principal balance of the note. In addition, the PBGC has waived the payment of annual insurance premiums by the Plan for any year in which it receives financial assistance; however, the unpaid premiums are added to the outstanding principal balance of the note. The promissory note also calls for interest to be accrued on the balance of the outstanding principal amount at the rate in effect under Section 6621(a)(2) of the Internal Revenue Code, compounded daily. As described in Note 2.G., there is no liability recorded on the statements of net assets in liquidation available for benefits for amounts owed to the PBGC.

During 2015, the Trustees declared that a mass withdrawal of contributing employers had occurred, resulting in the termination of the Plan under Section 4041A(a)(2) of ERISA, effective December 31, 2015.

Section 4041A of ERISA governs the payment of benefits to participants in terminated multiemployer plans. Section 4041A(c) provides that, except as provided in Section 4041A(f)(1), the plan sponsor of a plan terminated by mass withdrawal shall:

1. Limit the payment of benefits to benefits which are nonforfeitable under the Plan as of the date of termination and
2. Pay benefits attributable to employer contributions, other than death benefits, only in the form of an annuity, unless Plan assets are distributed in full satisfaction of all nonforfeitable benefits under the Plan.

Withdrawal liability, including redetermination liability and reallocation liability, were assessed to contributing employers, as applicable, pursuant to ERISA and PBGC regulations. See Note 4 for further information.

Note 4. Employer Withdrawal Liability

As discussed in Note 3, the Plan terminated by mass withdrawal effective December 31, 2015. In accordance with Section 4219 of ERISA, employers were assessed a withdrawal liability as a result of the permanent cessation of contributions to the Plan.

The total approximate withdrawal liability, including interest, due each year from two withdrawn employers, including one who had previously withdrawn from the Plan and was not subject to the mass withdrawal, is as follows:

2025	\$155,000
Per annum thereafter, in perpetuity	15,000

Note 5. Funding

The Plan is funded by financial assistance from the PBGC and employer withdrawal liability.

Note 6. Tax Status

The Internal Revenue Service has advised that the Plan and related trust are qualified under Section 401(a) of the Internal Revenue Code ("IRC") and, as such, exempt from federal income tax. The Plan obtained a determination letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has since been amended; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan's management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require such recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related Party/Party-in-Interest Transactions

The Plan's investments consist of an interest-bearing cash account managed by Fifth Third Bank, the Custodian of the Plan, and therefore qualifies as a party-in-interest transaction. Total fees paid to Fifth Third Bank were \$11,402 and \$11,594 for the years ended December 31, 2024 and 2023, respectively.

Note 8. Risks and Uncertainties

Withdrawal liability is calculated based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. The projected receipts of withdrawal liability as described in Note 4 are based on the presumption that the employers will be able to make their payments in perpetuity. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
