Independent Auditors' Report

To the Plan Trustee and Administrator of
Atlanta Heart Associates, P. C. Amended Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of Atlanta Heart Associates, P. C., Amended Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- he amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in; accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule Form 5500, Schedule H, Part IV, Line 4i, Schedule of Assets (Held at End of Year) s presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS**

Note 1 - Description of the Plan

The following description of the Atlanta Heart Associates, P. C. Amended Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General - The Plan was adopted January 1, 1993, as a defined contribution plan covering all vested employees of Atlanta Heart Associates, P. C. Amended Profit Sharing Plan (the "Employer").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees who have reached the age of 21 and the entry dates are January 1 and July 1 after a year of certified service.

Plan Administration - The Plan is administrated by the Employer (the "Plan Administrator"). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of the Plan assets and keeping accurate records and reports.

Contributions - The Employer makes all contributions to the Plan and the administrator makes all investment decisions. Atlanta Heart Associates, P. C. pays all expenses for the plan.

Vesting - A completed year of service for vesting purposes will be 1,000 hours of service during a Plan year.

AMENDED PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS**

Note 1 – Description of the Plan (continued)

Benefit Payments - Upon a participant's termination of service, retirement, full and permanent disability, or death, the Plan will distribute to the participant or his/her designated beneficiary, a lump-sum amount or annuity equal to the vested value of the

participant's account balance. Withdrawals from the Plan by active participants are also permitted for specific instances of financial hardship.

Forfeitures - Forfeitures are created when Plan participants terminate employment before becoming entitled to their full benefits from Employer matching and profit-sharing contributions. The Employer has the discretion of how to use forfeited funds; generally, forfeited amounts are used to add to Employer contributions. and/or reduce Employer profit-sharing contributions.

Administrative Fees - In addition to the Plan expenses as reported in the accompanying financial statements, the Employer absorbed fees of the Plan for the year ended December 31, 2023.

Plan Termination - Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The Plans' financial statements are prepared on the accrual basis of accounting. Income and expenses are recorded in the period earned and incurred, respectively.

Investment Valuation and Income Recognition - The Plans' investments include pooled separate accounts. Pooled separate accounts are investments represented by a unit of account whose per unit value is the result of the accumulated values of the underlying investments. The underlying investments are public investment vehicles valued using a net asset value per share. The net asset value is based upon the value of the underlying assets owned by the fund, minus its liabilities, then divided by the number of shares outstanding.

ATLANTA HEART ASSOCIATES, P. C.
AMENDED PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (continued)

The net asset values of the underlying investments are quoted in an active market. The pooled separate accounts are valued using a net asset value as a practical expedient, and therefore, have not been classified in the fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The Plan entered into an investment contract with Vanguard. The contract is an obligation of Vanguard's general account, which supports all of their insurance and annuity commitments. All guarantees are subject to the financial strength and claims-paying ability of the issuing insurance company, which is solely responsible for all obligations under its contracts. Vanguard guarantees principal and a minimum guaranteed interest rate for the life of the contract, as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period, currently one calendar year.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Net realized and unrealized appreciation/depreciation is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments. Interest income is recorded when earned.

Market and Credit Risks - The Plan provides for various investment options in pooled separate accounts and an investment contract. These types of investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, including those held by the Plan, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

**ATLANTA HEART ASSOCIATES, P. C.
AMENDED PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS**

Note 2 - Summary of Significant Accounting Policies (continued)

Benefit Payments - Benefit payments to participants are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Note 3 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- 1) Quoted prices for similar assets or liabilities in active markets
- 2) Quoted prices for identical or similar assets or liabilities in inactive markets
- 3) Inputs other than quoted prices that are observable for the asset or liability
- 4) Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ATLANTA HEART ASSOCIATES, P. C.
AMENDED PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

Note 3 – Fair Value Measurements (continued)

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2024, there were no transfers in or out of levels 1, 2 or 3.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023.

Pooled separate accounts: Valued at the net asset value ("NAV") of units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024.

Note 4 - Information Certified by the Plan's Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Vanguard as of December 31, 2024 and for the year ended December 31, 2024, in accordance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

ATLANTA HEART ASSOCIATES, P. C.
AMENDED PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

Note 5 - Party-In-Interest Transactions

The Plan's independent accountant did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

Parties-in-interest are defined under the Department of Labor Regulations as any fiduciary of the Plan or party rendering services to the Plan, the Employer, and certain others.

Note 6 - Federal Income Tax Status

Effective January 1, 2016, the Employer adopted the Volume Submitter Profit Sharing/401(k) Plan Adoption Agreement sponsored by Alliant Insurance Services, Inc. This prototype plan received an advisory letter issued by the Internal Revenue Service as evidence that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that would likely not be sustained upon examination by a taxing authority. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 7 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

**ATLANTA HEART ASSOCIATES, P. C.
AMENDED PROFIT SHARING PLAN

Note 7 – Risk and Uncertainties (continued)

It is not possible at this time to reasonably estimate the possible loss or range of loss, if any. The Plan further cautions that it is not possible to list such factors, and one should not consider the identified factors as a complete list of all risks and uncertainties.

Note 8 - Subsequent Events

Management has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued.
