Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **KPMG LLP**

(2) EIN: **13-5565207**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X

Independent Auditors' Report

To the Plan Participants and Plan Administrator
Syracuse University Noncontributory Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Syracuse University Noncontributory Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and December 31, 2023, and the related statements of changes in net assets available for benefits for the years ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and December 31, 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2(a) to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. U.S. generally accepted accounting

principles require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

SYRACUSE UNIVERSITY NONCONTRIBUTORY RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of Plan

The following description of the Syracuse University (the University) Noncontributory Retirement Plan (the Plan) provides general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan, originally adopted March 1, 1928, is a defined contribution plan established under Section 403(b) of the Internal Revenue Code (the Code). Any employee who has completed a year of service and has attained at least age 21 shall automatically become a participant in the Plan. The employment with the University of an employee who, at any time during the 12 months immediately preceding the date of employment, was employed by a four-year college or university which confers a baccalaureate degree or by a not-for-profit research organization organized under Code Section 501(c)(3) and that is affiliated with the University or a four-year college or university which confers a baccalaureate degree, is deemed to begin with the earliest date the employee was employed by the other institution during that 12 month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the University's Administrative Benefits Committee, which consists of certain University officers and employees. Teachers Insurance and Annuity Association College Retirement Equities Fund (TIAA) Individual & Institutional Services, LLC is the custodian of the Plan (the Custodian).

(b) Contributions

For a participant who is not a member of the faculty, the University contributes an amount equal to 10% of the participant's eligible earnings for each plan year that the participant is scheduled to complete at least 1,000 hours of service. For a participant who is not a member of the faculty and is not scheduled to complete at least 1,000 hours of service, the University contributes an amount equal to 10% of the participant's eligible earnings for each plan year that the participant actually completes at least 1,000 hours of service (750 hours for participants who are paid on a salaried basis) and is employed by the University, or is on temporary layoff from the University, as of the last day of the Plan Year.

For a participant who is a member of the faculty, the University contributes an amount equal to 10% of the participant's eligible earnings for each plan year that the participant has a single appointment to teach at least five three-credit hour courses (or the equivalent) in a single University academic unit for two or more consecutive academic semesters (excluding summer sessions). For a participant who is a member of the faculty but does not qualify as described above, the University contributes an amount equal to 10% of the participant's eligible earnings if the participant actually completes at least 750 hours of service for the University during the plan year and is employed by the University, or is on temporary layoff from the University, as of the last day of the plan year, or the participant is participating in the University's Tenured Faculty Voluntary Phased Retirement Program and is not a "highly compensated employee."

Eligible employees may make or direct "rollover contributions" of "eligible rollover distributions" received by, or payable to, the participant from plans or arrangements that satisfy the applicable requirements of the Code.

**SYRACUSE UNIVERSITY NONCONTRIBUTORY
RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2024 and 2023

Each participant shall have the right to direct TIAA to invest the contributions made on the participant's behalf. The University's first contribution on behalf of an eligible participant shall be invested in the "T. Rowe Price Target Date Fund" dated closest to the participants' 65th birthday. Thereafter, the participant may make an initial and subsequent investment elections; investment elections shall be effective as soon as administratively feasible after being received by TIAA in good order. A participant may make or change investment elections regarding the participant's current account balance, future contributions or both. Transfers between investment accounts are subject to the terms, restrictions and limitations of the investment accounts and TIAA, including frequency and minimum increments.

(c) Participant Accounts

Each participant's account is credited with an allocation of the University's contribution and investment earnings and losses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(d) Vesting

Participants are immediately vested in all contributions plus earnings thereon.

(e) Plan Loans and Notes Receivable from Participants

Under the terms of the Plan Agreement, Plan loans are available to participants through the Plan, as administered by TIAA, subject to certain limitations. Loans may not exceed the lesser of (a) \$50,000 reduced by the excess, if any, of the highest outstanding balance of loans during the one-year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made, or (b) one-half of the present value of the participant's accumulated benefit. TIAA determines the applicable loan interest rate based on the Wall Street Journal Prime rate plus 1% at the time of the loan. The loan interest rate is fixed for the life of the loan. Loans must be repaid in installments not less frequently than quarterly, over a period of five years or less, unless the loan is for the acquisition of a principal residence, where the maximum repayment period is 10 years. Plan loans are issued from a participant's account balance.

Prior to 2022, loans were issued from funds owned by TIAA and funds were not removed from a participant's account balance. Terms of these loans are similar to the current Plan loans. All loan balances are included in notes receivable from participants on the statements of net assets available for benefits.

(f) Payment of Benefits

Payment of plan benefits is subject to requirements imposed by law that generally mandates that benefit payments begin by the April 1 following the year in which the participant reaches their Required Minimum Distribution age, or the year in which the participant retires, if later. Normal retirement is the first day of the month following the participant's 65th birthday.

**SYRACUSE UNIVERSITY NONCONTRIBUTORY
RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2024 and 2023

Additionally, distribution of benefits under the Plan may also begin for those who are active and are at least age 70 1/2, or has attained age 59½ and has either elected to separate from service within 36 months of their signed separation agreement with the University, or is permanently and totally disabled (as defined in Internal Revenue Code Section 72(m)(7)).

Benefit payments are generally in the form of an annuity; however, participants may elect any optional form of benefit payment offered by the funding vehicles. If the participant elects benefits in the form of an annuity, an election to receive up to ten percent of the balance of the investment accounts as a lump-sum payment may be made at the time the annuity income begins. All or a portion of a lump-sum or other eligible rollover distribution may be elected to be paid directly to another eligible plan or to an IRA.

(g) Plan Termination

The University has the right under the Plan Agreement to amend or to terminate the Plan pursuant to written resolutions adopted by the Board of Trustees and subject to the provisions of ERISA.

(h) TIAA Traditional Annuity

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA), Supplemental Retirement Annuities (SRA), and Group Supplemental Retirement Annuities (GSRA). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating RA contracts, the crediting interest rate was 5.25% and 6.50% as of December 31, 2024 and 2023, respectively. For accumulating SRA and GSRA contracts, the crediting interest rate was 4.50% and 5.75% as of December 31, 2024 and 2023, respectively.

The RA contract does not allow for lump-sum cash withdrawals from TIAA Traditional. All withdrawals and transfers from RA contracts, that are not in the form of lifetime income, must be spread over ten annual installments. The SRA and GSRA contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

As discussed in note 1, the Plan was established in 1928 and historically was viewed as an amalgamation of individual annuity and custodial accounts and the Plan Administrator and its service providers did not maintain financial information at a Plan level. Because historical records were not maintained or available at a plan level, the Plan may have excluded from the accompanying statement of net assets available for benefits certain annuity and custodial accounts, and related activity, issued to current and former participants prior to January 1, 2009. This accounting policy election is permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* (FAB 2009-02); however, U.S. generally accepted accounting principles (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements. The amount of these excluded annuity and custodial accounts, if any, and the related income and distributions are not determinable. The Plan Administrator believes that excluded annuities or custodial accounts, if any, would meet the conditions of FAB 2009-02. As discussed in note 5, the Plan has received certified statements of completeness and accuracy from the Plan's custodian as of and for the years ended December 31, 2024 and 2023.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein during the reporting period. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investment contracts held are reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan Agreement.

The Plan's other investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**SYRACUSE UNIVERSITY NONCONTRIBUTORY
RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2024 and 2023

(d) Plan Loans

Plan loans are recorded at the outstanding principal balance plus accrued interest. Participants had outstanding plan loan balances due to TIAA of approximately \$5.4 and \$7.1 million, at December 31, 2024 and 2023, respectively. The interest rates for outstanding plan loans range from 4.00% to 6.85%, which is fixed at the time of issuance.

(e) Payment of Benefits

Benefits are recorded when paid.

(3) Investments at Fair Value

The Plan's investments are held by the Custodian. Financial information related to those investments included in the accompanying financial statements, supplemental schedule, and this footnote, is certified by the Custodian.

FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are:

Level 1 – inputs are quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – inputs are other than quoted prices included in Level 1 that are either directly or indirectly observable for the assets or liabilities.

Level 3 – inputs are derived from valuation methodologies, including pricing models, discounted cash flow models and similar techniques, and are not based on market, exchange, dealer, or broker-traded transactions.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for assets measured at fair value:

TIAA Traditional Annuity – Investments in TIAA Traditional Annuity RA, which are not fully benefit-responsive, are contract-based, therefore observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. The fair value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to RA contracts that could impact the value realized upon exiting the contract. Specifically, the TIAA annuity contract does not allow lump-sum cash withdrawals, and transfers must be spread out in ten annual installments.

RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2024 and 2023

TIAA Real Estate – TIAA real estate generally invests in real estate properties and real estate-related investments. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Underlying real estate holdings are valued principally using external appraisals. Underlying securities are generally priced using values obtained from independent pricing sources.

CREF Funds (Stock, Money Market, and Other) – The accounts invest principally in equity securities, fixed income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments including matrix pricing.

TIAA-CREF Mutual Funds – The TIAA-CREF mutual funds invest principally in equity securities, fixed income instruments, and short-term instruments in accordance with the fund's investment objectives. The TIAA-CREF mutual funds are registered mutual funds whose fair value is based on quoted prices.

T. Rowe Price Mutual Funds – The T. Rowe Price mutual funds invest principally in equity securities, fixed income instruments, and short-term instruments in accordance with each fund's investment objectives. The mutual funds are registered mutual funds whose fair values are based on quoted prices.

Vanguard Mutual Funds – The Vanguard mutual funds invest principally in equity securities, fixed income instruments, and short-term instruments in accordance with each fund's investment objectives. The mutual funds are registered mutual funds whose fair values are based on quoted prices.

Other Mutual Funds – The other mutual funds invest principally in equity securities, fixed income instruments, and short-term instruments in accordance with each fund's investment objectives. The mutual funds are registered mutual funds whose fair values are based on quoted prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Fully Benefit-Responsive Investment Contracts at Contract Value

TIAA Traditional Annuity – Investments in TIAA Traditional Annuity SRA and GRA, which are fully benefit-responsive, are recorded at contract value. These contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statements of changes in net assets available for benefits. RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2024 and 2023

(5) Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103 5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA, and TIAA as agent for TIAA-CREF Trust Company, FSB, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments from participants:

- Investments, at fair value
- Fully benefit-responsive investment contracts, at contract value
- Notes receivable from participants
- Interest and dividends
- Net appreciation / (depreciation) in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(6) Party-in-Interest Transactions

Certain investments of the Plan are shares of mutual funds managed by TIAA. TIAA is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

(7) Tax Status

A tax determination letter program has not previously been available for 403(b) employee benefit programs through the Internal Revenue Service. However, under a new IRS program, the Plan is eligible to file for a determination letter commencing June 1, 2024. The Committee believes that the Plan is currently designed and operated in accordance with the Internal Revenue Code. The Plan Administrator believes it has taken no significant uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

(9) Subsequent Events

Management of the Plan considers events or transactions that occur after December 31, 2024, but before the financial statements are issued, to provide additional evidence relative to certain estimates or to identify matters that require additional disclosure. These financial statements were issued on October 1, 2025, and subsequent events have been evaluated through that date.
