Independent Auditors' Report

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements***

We have performed audit of the financial statements of 403(b) Thrift Plan of Goodwill Industries of South Mississippi (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

***Opinion on the 2024 Financial Statements***

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

The Participants and Administrator  
403(b) Thrift Plan of Goodwill Industries  
of South Mississippi, Inc. (continued)

***Opinion on the 2024 Financial Statements (continued)***

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion on the 2024 Financial Statements***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements for the 2024 Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

The Participants and Administrator  
403(b) Thrift Plan of Goodwill Industries  
of South Mississippi, Inc. (continued)

***Auditors' Responsibilities for the Audit of the Financial Statements for the 2024 Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

The Participants and Administrator  
403(b) Thrift Plan of Goodwill Industries  
of South Mississippi, Inc. (continued)

***Auditors' Responsibilities for the Audit of the Financial Statements (continued)***

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental schedules of Schedule H, Item 4(a) - schedule of delinquent participant contributions for the year ended December 31, 2024, and Schedule H, Item 4(i) - schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Participants and Administrator  
403(b) Thrift Plan of Goodwill Industries  
of South Mississippi, Inc. (continued)

***Other Matter - Auditors' Report on the 2023 Financial Statements***

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 9, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 • DESCRIPTION OF THE PLAN

The following description of the 403(b) Thrift Plan of Goodwill of South Mississippi, Inc. (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Goodwill Industries of South Mississippi, Inc. and Mississippi Goodworks, Inc. (collectively, the "Organization") for the benefit of all employees. The Organization's Board of Directors and the Plan Administrator control and manage the operation and administration of the Plan. Mutual of America Life Insurance Company, Inc. ("Mutual of America") and Lincoln National Life Insurance Company, Inc. ("Lincoln National") serve as the trustee and custodian of the Plan, respectively. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

All employees are immediately eligible to participate in the Plan. Enrollment is automatic at a fixed salary reduction rate of 1%. Participants may elect a greater rate or decline enrollment.

Goodwill Industries of South Mississippi, Inc. is a private, non-profit voluntary health and welfare organization incorporated in 1974 that provides rehabilitation services and transitional employment to citizens with challenges to employment. In 1999, Goodwill incorporated a separate legal entity named Mississippi Goodworks, Inc. to handle all contracts obtained through assistance from SourceAmerica.

Cash and Cash Equivalents

December 31, 2024 and 2023 cash and cash equivalents included investments in Mutual of America's General Account (i.e., the Interest Accumulation Account). Amounts placed in the Interest Accumulation Account are credited with interest at a rate determined by Mutual of America. The principal and previously credited interest are guaranteed by Mutual of America and are completely liquid with any withdrawal request processed on the day received.

Contributions

The Organization is required under its governmental contracts, for Mississippi Goodworks, Inc., to provide certain fringe benefits to the employees who work on the contracted jobs. To satisfy the fringe requirements, the Organization offers this Plan. Under this Plan, the Organization makes contributions in the amounts necessary to comply with the Federal Service Contract Act of 1965

and wage and benefit determinations made from time to time by the Secretary of Labor, U.S. Department of Labor, and as governed by Labor Regulations, which will be deemed an employer's discretionary base contribution. Employer non-elective contributions total \$315,555 and \$257,079 for the plan years ending December 31, 2024 and 2023, respectively.

On June 28, 2018, the Plan was amended to implement a 1% match on employees of Goodwill Industries of South Mississippi, Inc. Matching employer contributions total \$50,835 and \$30,737 for the plan years ending December 31, 2024 and 2023, respectively.

Participants may also make voluntary salary reduction contributions to their account up to the allowable maximum contribution as determined by regulations of the Internal Revenue Service. The maximum amount of compensation that may be deferred by law is \$23,000 for 2024 and \$22,500 for 2023. This amount is adjusted by the Secretary of the Treasury for the percentage increase in the Consumer Price Index each year. The Plan document allows participants to designate some or all of their deferral contribution as a Roth deferral contribution. Once the election is made to designate amounts as Roth 401(k) deferral contributions, it is irrevocable.

Additionally, participants age 50 and older can elect to make additional catch-up deferrals as described in the Plan, but not to exceed the limitation imposed by law of \$7,500 in 2024 and 2023, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contribution up to 100% of their compensation not to exceed the limits under Code Section 402(g), an employer's discretionary base contribution based on the applicable governmental contract, an employer match up to 1%, rollover contributions, and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 • DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately 100% vested in employer discretionary base contributions and employee contributions, plus actual earnings thereon. The 1% employer match has a vesting schedule as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year	33%
2 years	66%
3 years	100%

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any investment option offered by the Plan. Participants may change their investment options daily.

Payment of Benefits

Upon retirement, termination of employment with the Organization, death, or disability, participants or their beneficiaries will receive the vested balance of their accounts in either a series of monthly payments according to the annuity form selected or a lump sum payment. A participant may withdraw a portion of their account in the event of financial hardship, as defined in the Plan. In addition, participants who have attained age 59 ½ are permitted to take in-service distributions.

Administrative Expenses

In 2024 and 2023, certain investment expenses were paid for by the Plan. All other administrative expenses were absorbed by the Organization.

Plan Loans

Loans are available to participants from the Mutual of America General Account available under the group annuity contract, subject to certain limitations. Mutual of America provides loans directly from Mutual of America funds and is not distributed from the participant's vested balance. The participant's vested balance is used to collateralize the participant loan, and the funds are transferred, within the Plan assets, to the general account.

NOTE 1 • DESCRIPTION OF THE PLAN (continued)

Plan Loans (continued)

Mutual of America provides loans to participants which are secured by the participant's vested account balance that is segregated in the participant's interest accumulation account. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans bear interest at a rate of 5.85% and 4.6% during 2024 and 2023, respectively. Principal and interest are paid directly to Mutual of America in equal periodic payments through salary reduction. The amount of Plan assets used to collateralize the loans was \$45,634 and \$35,290 at December 31, 2024 and 2023, respectively.

A loan will be considered in default if any scheduled repayment remains unpaid as of the end of the "cure period," which ends on the last day of the calendar quarter following the calendar quarter in which the required repayments were due. After default occurs, if a distribution to the participant is permissible under the Plan, the vested amount of the participant's account balance will be reduced or offset by the outstanding principal and interest of the defaulted loan. If a distribution to the participant is not allowed, the entire outstanding balance of the loan will be treated as a deemed distribution. A deemed distribution is treated as a distribution to the participant only for certain tax purposes and is not a distribution of the account. Interest continues to accrue on any defaulted loan which results in a deemed distribution, to the date of repayment. At December 31, 2024 and 2023, the Plan had no loans in default.

Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100 percent vested in their accounts.

NOTE 2 • SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

403(b) THRIFT PLAN OF GOODWILL INDUSTRIES  
OF SOUTH MISSISSIPPI, INC.

NOTES TO FINANCIAL STATEMENTS  
Years Ended December 31, 2024 and 2023

NOTE 2 • SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates include the fair value measurement of investments. It is at least reasonably possible that the significant estimates used will change within the next year.

Employee and Employer Contributions

Employee deferrals and respective employer matching and discretionary base contributions are recognized as additions to net assets on the date on which such employee deferrals would otherwise have been payable to the participant. Employee rollover contributions are recognized as additions to net assets on the date received from other qualified plans.

Investment Valuation and Income Recognition

Investments are reported at fair value and any unrealized appreciation or depreciation for the year is reflected in the statements of changes in net assets available for benefits. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Concentration of Risk

Plan assets include investments in mutual funds, which invest primarily in marketable equity and fixed income securities. Accordingly, the performance of the investments is dependent on the equity and debt securities markets which involve price volatility. Additionally, the mutual funds may invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

NOTE 2 • SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Forfeitures

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$22,675 and \$13,582, respectively. Forfeitures are only on employer matching contributions and are allowed to be applied as a reduction to the employer contribution or Plan fees. During 2024 and 2023, there were no forfeitures used as a reduction to the employer contribution.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Subsequent events were evaluated by the Plan through October 14, 2025, which is the date the financial statements were available to be issued.

NOTE 3 • INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE AND CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including cash and cash equivalents, investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America and Lincoln National, trustee and custodian of the Plan, respectively.

NOTE 4 • FAIR VALUE MEASUREMENTS

Accounting standards establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by

OF SOUTH MISSISSIPPI, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 • FAIR VALUE MEASUREMENTS (continued)

- correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The preceding methods may produce a fair value calculation that may not be indicative of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total investments at fair value	\$ 841,021	\$ -	\$ -	\$ 841,021

NOTE 5 • INVESTMENT IN FIXED ANNUITY CONTRACT

The Plan has entered into a traditional benefit-responsive investment contract with Lincoln National Life Insurance Company, Inc. (the "Insurer") totaling \$213,195 and \$209,885 for December 31, 2024 and 2023, respectively. These contracts provide participants with a guaranteed interest rate and are designed to accumulate cash value over time.

This fixed annuity contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Insurer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 5 • INVESTMENT IN FIXED ANNUITY CONTRACT (continued)

In addition, certain events allow the issuer to terminate with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 • RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and fixed annuity contract managed by Mutual of America Life Insurance Company and Lincoln National Life Insurance Company. Mutual of America and Lincoln National are service providers as defined by the Plan and, therefore, these investments and investment transactions qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Such fees are based on customary and reasonable rates for such services. Party-in-interest transactions include certain trustees, administration and valuation fees paid to such parties.

NOTE 7 • INCOME TAX STATUS

The Plan operates under a standardized adoption agreement in connection with a prototype 403(b) thrift plan sponsored by Mutual of America. This prototype plan has requested and obtained a opinion letter dated March 31, 2017, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

There were no uncertain tax positions identified related to the current year and the Plan has no unrecognized tax benefits at December 31, 2024 and 2023, for which liabilities have been established. The Plan recognizes interest and penalties, if any, related to unrecognized tax benefits as a component of income tax expense.

Net income (loss) per U.S. Form 5500	<u>\$ 296,548</u>	<u>\$ (201,077)</u>

NOTE 9 • NON-EXEMPT TRANSACTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Plan remitted all contributions and loan payments to the Plan, contributions and loan payments totaling \$4,566, \$259, \$133, and \$1,454 were not remitted within the required time period for the years ended December 31, 2024, 2023, 2022, and 2021, respectively. The total remaining amount yet to be corrected is \$1,587. The Plan is continuing to work with its Trustee to determine the impact of any and all further matters of noncompliance.

NOTE 8 • NONCOMPLIANCE - DEFERRAL AND CONTRIBUTION AMOUNTS

The Plan determined that a number of operational failures occurred related calculation of deferral and employee and employer contribution base in accordance with the Plan document. Accordingly, the Plan will perform an analysis to determine the full scope and impact of the operational failures and file an application for one of the voluntary correction programs available with the IRS under the Employee Plans Compliance Resolution System. The correction process may have a material effect on the financial statements and a plan receivable from the Company may be recorded to compensate and make participant accounts whole. However, the effect of such a correction is currently not

known. Therefore, no Plan receivable has been recorded for the years ended December 31, 2024 and 2023. These operational failures could jeopardize the Plan's tax-qualified status. The Plan has committed to completing any corrective actions necessary to be in compliance with IRS regulations

NOTE 10 • SECURE 2.0 ACT

On December 29, 2022, the Securing a Strong Retirement Act of 2022 ("SECURE 2.0") was signed into law. SECURE 2.0 has key effective dates which vary by provision. The plan has adopted and implemented all mandatory provisions to date with other provisions to be phased in over the next few years in accordance with applicable law and IRS guidance. Written amendments to the Plan to reflect these operational changes will be adopted at a later date.
