INDEPENDENT AUDITOR'S REPORT

Plan Participants and Board of Trustees
Southwest Health Benefits Fund
Houston, TX

Opinion

We have audited the accompanying financial statements of the Southwest Health Benefits Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of Southwest Health Benefits Fund as of December 31, 2024 and 2023, and the changes in its financial status for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Southwest Health Benefits Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southwest Health Benefits Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southwest Health Benefits Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southwest Health Benefits Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and of reportable transactions, together referred to as “supplemental information,” are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

SOUTHWEST HEALTH BENEFITS FUND

Notes to Financial Statements December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN

The following description of Southwest Health Benefits Fund (Plan) provides only general information. Participants should refer to the Trust Documents and Plan Documents for a complete description of the Plan's provisions.

- **Merger**

The Board made a motion to allow participation of Local Union #55 and Local #10 effective January 1, 2024 with a \$7.39 contribution rate; to allow for 2 Trustees on the Board (one union and one management) for each group; and to allow for immediate eligibility effective January 1, 2024, with a negative hour bank of 420 hours for the participants until paid off. The Plan is also including Local Union 22 in April 2024.

- **General**

The Plan was formed in 1952 under an agreement between the International Association of Heat and Frost Insulators and Allied Workers and the T.L.A. Master Insulators Association on behalf of certain employers. The Plan provides health benefits to eligible participants and covered dependents. The Plan is administered by a Board of Trustees with equal representation between union and management.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan has contracted with Benefit Resources, Inc. (BRI) to manage daily operations and SEI Private Trust Company and Bank of Labor as custodian of Plan assets.

- **Funding**

The Plan is funded by employers' contributions in accordance with formulas set forth in the applicable Collective Bargaining Agreement(s). Additionally, the Plan has entered into reciprocity agreements with other health and welfare plans, whereby, eligibility may be continued for a participant working out of jurisdiction.

Under a Federal Law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), participants may elect to contribute a specified fixed amount, determined periodically by the Board of Trustees, to temporarily continue health coverage when there is a "qualifying event" that would result in loss of health coverage.

- **Benefits**

The Plan self-insures health benefits (medical, surgical benefits, physician visits and prescription drug). Additionally, the Plan fully insures life insurance and accidental death and dismemberment benefits through the purchase of annual insurance contracts. Retired participants are entitled to health benefits (in excess of Medicare coverage). The Plan also provides continuation of benefits through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

SOUTHWEST HEALTH BENEFITS FUND

Notes to Financial Statements December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN (continued)

- **Benefits (continued)**

The claims for self-insured benefits are processed by the Plan's third-party claims processor under an administrative service only (ASO) arrangement. Despite the Plan's utilization of a third-party claim's processor, ultimate responsibility for payments to providers and participants is retained by the Plan.

- **Stop-loss insurance**

The Plan has entered a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits of individual participant claims in excess of \$145,000. During the years ended December 31, 2024 and 2023, stop loss reimbursements totaling \$37,178 and \$0, respectively, have been netted against benefit payments. Claims already paid from the Plan that exceeded the stop-loss coverage and are due to the Plan at year end are recorded as a receivable. Premiums for stop-loss insurance are included in premium payments in the accompanying statements of changes in net assets available for benefits.

- **Termination of the Plan**

Although it has not expressed any intention to do so, the Plan's Board of Trustees, as Sponsor, has the right under the Plan to modify the benefits provided to, and contributions required of, participants or to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets, after payment of liabilities, will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants, including the transfer of said assets to another Plan established for the same general purpose. No assets of the Plan may revert to a contributing employer or be used for purposes other than for the exclusive benefit of the Plan's participants.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

- **Basis of accounting**

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and presented in a format to coincide with the Form 5500.

- **Use of estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from those estimates.

SOUTHWEST HEALTH BENEFITS FUND

Notes to Financial Statements December 31, 2024 and 2023

NOTE B - SUMMARY OF ACCOUNTING POLICIES (continued)

- **Investment valuation and income recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by its investment custodian(s) and investment advisor(s).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

- **Employers' contributions receivable**

Employers' contributions are recorded as income in the month the hours are worked. Employers' contributions receivable represent contributions applicable to work months prior to December 31, 2024 and 2023, but collected subsequent to those dates. Plan management believes these receivables to be fully collectible. The Board of Trustees has a policy of performing agreed-upon procedures on the payroll records of contributing employers on a regular basis. Delinquencies may arise from these procedures, but due to the uncertainty of collections, no estimates of amounts due will be accrued until settlements are reached. Consequently, no allowance for uncollectible receivables is recorded.

- **Plan of continuing eligibility (hour bank liability)**

The Plan has established a plan of continuing eligibility under an "hour bank reserve" method. The Plan provides that participants accumulate rights to future benefits, after initial eligibility, when they work more than the one hundred forty (140) hours required to maintain current eligibility. The hour bank is drawn upon only when actual hours worked are insufficient to otherwise maintain eligibility. The maximum "hour bank reserve" is four hundred twenty (420) hours after deduction for the current month's coverage.

The liability for participants' future benefits is calculated by multiplying the additional months of eligibility in the "hour bank reserve" times the projected cost per eligible. This cost includes estimated insurance premiums, self-funded benefits, and cost of administration as projected by the Plan's consultant.

- **Claims incurred but not reported**

Plan obligations at December 31, 2024 and 2023 for claims incurred but not reported are estimated using the current claims incurred and paid lag, adjusting for future months. These amounts are paid by the Plan only if claims are submitted and approved for payment.

SOUTHWEST HEALTH BENEFITS FUND

Notes to Financial Statements December 31, 2024 and 2023

NOTE B - SUMMARY OF ACCOUNTING POLICIES (continued)

- **Payment of benefits**

Claim payments are recorded when paid by the third-party claim's processor.

- **Subsequent events**

Plan management has evaluated subsequent events through October 1, 2025, the date the financial statements were available to be issued.

At the April 24, 2025 meeting, the Board of Trustees approved Plan Amendment No. 10. This amendment includes revisions to eligibility rules for new participants, immediate eligibility for BRI employees, and the addition of accidental death and dismemberment (AD&D) benefits.

A Trust amendment was also approved that allows Trustees from all locals on the board. This increases the number of Trustees to 20

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE C - FAIR VALUE MEASUREMENTS (continued)

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Interest bearing cash: Value of cash held in interest bearing accounts with FDIC insured banking institutions.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's investments have no unfunded commitment and can be redeemed at will by the Plan.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at fair value as of December 31, 2024

Description	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 9,821	\$ -	\$ -	\$ 9,821
Mutual funds	9,200,358	-	-	9,200,358
Total assets, at fair value	<u>\$ 9,210,179</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,210,179</u>

Assets at fair value as of December 31, 2023

NOTE D - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Payments for professional services such as administration, consulting, investment management, legal, auditing, and other services rendered by parties-in-interest are considered reasonable and customary for such services.

NOTE F - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>2024</u>	<u>2023</u>
Fund balance per financial statements	\$ 10,863,970	\$ 9,071,244
Less: Claims incurred but not reported	(820,000)	(196,124)
Less: Hour bank liability	<u>(1,236,000)</u>	<u>(456,702)</u>
Fund balance per Form 5500	<u>\$ 8,807,970</u>	<u>\$ 8,418,418</u>

Claims incurred but not reported and accumulated eligibility credits are not considered liabilities under accounting principles generally accepted in the United States of America and, therefore, are not presented as liabilities in the accompanying financial statements, but are recorded on the Form 5500 as a liability.

NOTE H - AMENDMENTS

During the years ended December 31, 2024 and 2023, the Board of Trustees made changes to the Plan Document. Participants should refer to the Plan Documents and / or Summary Plan Description for a complete description of the Plan's provisions.

NOTE I - TAX STATUS

The trust funding benefits of the Plan received an exemption letter from the Internal Revenue Service stating that the trust is tax-exempt under the provision of Section 501(c)9 of the Internal Revenue Code. The Plan and the trust are required to operate in conformity with the Internal Revenue Code to maintain the tax-exempt status of the trust. Plan management believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE I – TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that would require financial statement recognition or disclosure for the years ended December 31, 2024 and 2023.

NOTE J - CONCENTRATION OF RISK

Five contributing employers each contributes in excess of five percent of total contributions. One employer contributes in excess of twenty-two percent and another eighteen percent of total contributions. The withdrawal of one or more of these contributing employers may impact the funding of the Plan.
