INDEPENDENT AUDITOR'S REPORT

To The Participants and Plan Administrator of
Appathon LLC 401(k) Plan
Edison, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed an audit of the accompanying financial statements of Appathon LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audit and on the procedures performed as described in the auditor's responsibilities for the audit of the financial statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - schedule of assets held at the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but the supplementary information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

APPATHON LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - **DESCRIPTION OF PLAN**

The following brief description of Appathon LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all eligible employees as described in the Plan Document. The Plan was established by Appathon, LLC (the "Company") effective January 1, 2021 and restated effective January 1, 2023 to provide supplemental retirement benefits to its employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's employees. The Plan's recordkeeper is Plan Sponsor and Human Interest, Inc (the "Administrator").

Employees are eligible to participate in the Plan on the first day immediately upon start of service if they are at least 21 years of age. Under certain circumstances, employees may be automatically enrolled in the Plan. A notice will be provided with details prior to the beginning of each plan year. Employees covered under union agreement, non-resident aliens, leased employees, and interns are excluded from participating.

Contributions

Elective Deferral Contributions

Participants may elect to defer up to 90% of their compensation on a pre-tax basis. Participants may also elect to make Roth contributions to the Plan on an after-tax basis. Participants may elect to change their elections to contribute to the Plan as of each pay period.

Automatic Contributions

After receiving a notice from the Plan Administrator, participants will be deemed to have made an Elective Deferral Contribution election (pre-tax) in the amount of 3% of their compensation. The automatic elections specified above will not apply if participants already had an Elective Deferral Contribution election in effect on the effective date of the automatic enrollment feature.

Employer Matching Contributions

The Company may, in its sole discretion, make matching contributions on behalf of participants, currently set as a 50% match up to 2% compensation.

Non-Elective Contributions

The Company may, in its sole discretion, make a Non-Elective Contribution on behalf of participants in an amount determined by the Company. Such contribution, if made, will be allocated in an amount designated by the Company to be allocated in accordance with the Plan Document.

(continued)

APPATHON LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - **DESCRIPTION OF PLAN** (Continued)

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of Company contributions, plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined.

Vesting

Participant Contributions

Participants have a fully (100%) vested and nonforfeitable interest in their Elective Deferral Account, Rollover Contribution Account, Qualified Non-Elective Contribution Account, Employer Matching Contribution Account and Non-Elective Contribution Account.

Employer Contributions

The Participant's interest in Matching Contribution Account, Non-Elective Contribution Account, Pension Contribution Account and contributions used to satisfy ADP safe harbor requirements of Code section 401(k)(13) shall vest based on Years of Vesting Service in accordance with the terms of the Adoption Agreement.

Notwithstanding the foregoing, a Participant shall become fully (100%) vested upon attainment of Normal Retirement Age while an Employee. In addition, the Adoption Agreement may provide that a Participant will become fully (100%) vested upon (a) death while an Employee, (b) suffering a Disability while an Employee, or (c) attaining Early Retirement Age while an Employee. If a Participant dies while performing Qualified Military Service, the survivors of the Participant are entitled to any additional benefits provided under the Plan as if the Participant had resumed and then terminated employment on account of death pursuant to Code section 401(a)(37).

Notes receivable from participants

Certain eligible participants, as defined by the Plan document, may borrow from their account. Loan amounts may be a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loan is secured by a portion of the balance in the participant's account and the interest rate is set by the Plan Administrator. Loan repayment of principal and interest is amortized in level payments, generally over a period of five (5) years from the date of the loan and is repaid through payroll deductions.

There were participant loans outstanding of \$4,448 as of December 31, 2024.

(continued)

APPATHON LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - **DESCRIPTION OF PLAN** (Continued)

Payment of benefits

Upon termination of service, death, disability, or normal retirement at age 65, participants may elect to receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in his or her account or continue to maintain the balance in the plan. If no election is made for balances between \$1,000 and \$5,000, the plan administrator may automatically rollover the vested balance into an individual retirement account. The Plan provides that once an individual, either active or terminated, reaches the age of 59-1/2, he or she is entitled to withdraw any part of their vested account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts may be used to pay administrative expenses and then are used to reduce Company contributions. At December 31, 2024, there were no forfeited non-vested accounts.

NOTE 2 - **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions regarding certain types of assets, liabilities, additions to net assets, and deductions from net assets. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(continued)

APPATHON LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Company pays certain administrative expenses associated with the Plan. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan has evaluated all events and transactions that occurred after December 31, 2024, for potential recognition or disclosure through October 3, 2025, the date the financial statements were available to be issued.

NOTE 3 - **INFORMATION CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTION**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024, and dividends and net appreciation in fair value of investments for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company, the qualified institution of the Plan.

NOTE 4 - **FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived (continued)

APPATHON LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - **FAIR VALUE MEASUREMENTS** (Continued)

principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. The following methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Interest Bearing Cash

The interest-bearing cash is valued at cost plus accrued interest, which approximates fair value.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The fair value of the mutual funds is readily determinable because the fair value per share is determined and published and is the basis for current transactions.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value investment.

Investment Assets at Fair Value As of December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Interest Bearing Cash	\$ 171	\$ -	\$ -	\$ 171
Mutual Funds	<u>180,314</u>	<u>-</u>	<u>-</u>	<u>180,314</u>
Investments at fair value	<u>\$ 180,485</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 180,485</u>

Transfers between levels

The Plan's policy is to recognize transfers between Level 1, 2 or 3 as of the end of the fiscal year. There were no transfers between Level 1, 2 and 3 for the year ended December 31, 2024.

APPATHON LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - **PLAN TERMINATION**

Although the Company intends to maintain the Plan indefinitely, the Company may amend or terminate the Plan at any time in its sole discretion in accordance with Plan Document. It is the intention of the Plan Sponsor that this Plan will be permanent. However, the Plan Sponsor reserves the right to terminate the Plan at any time for any reason.

NOTE 6 - **TAX STATUS**

The IRS has determined and informed the Company by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - **RISK AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
