INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Texas Health Care, P.L.L.C. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Texas Health Care, P.L.L.C. 401(k) Retirement Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investments of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from a qualified institution as of and for the years ended December 31, 2024 and 2023 stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("US GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance as to whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Form 5500 Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Form 5500 Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements (continued)
Years Ended December 31, 2024 and 2023

A. Description of the Plan (continued)

General (continued)

The purpose of the Plan is to encourage the Company's employees to systematically save and invest a portion of their current compensation so that they and their families may have a source of additional income upon their retirement or in the event of death.

Plan Administration

The Plan is administered by the members of the Texas Health Care, P.L.L.C. 401(k) Plan Committee ("Plan Administrator"). Empower Trust Company, LLC, the trustee of the Plan for the years ended December 31, 2024 and 2023 (the "Trustee"), is responsible for the custody and administration of the Plan's assets. Empower Retirement is responsible for the recordkeeping of the Plan.

Contributions

Participants may elect to make voluntary contributions up to their total amount of annual compensation, as defined by the plan document. The Plan allows for an automatic enrollment feature whereby all eligible participants will be automatically enrolled in the Plan at an automatic deferral rate of 4% unless a participant specifically opts out. However, self-employed individuals are not covered by the automatic enrollment feature. Participant contributions are subject to certain annual limitations as prescribed by the Internal Revenue Code (the "Code"), which was \$23,000 and \$22,500 for 2024 and 2023, respectively.

Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions in accordance with, and subject to the limitations imposed by, the Code (\$7,500 for both 2024 and 2023). Participants may also contribute amounts representing distributions from other qualified employee benefit plans. The Company may make discretionary matching contributions to the Plan. During 2024 and 2023, the Company made matching contributions to eligible employees equal to the lesser of 25% of the participant's contribution or 1% of the participant's annual compensation. The Company may make discretionary profit-sharing contributions into the Plan

The Company made matching contributions of approximately \$736,000 and \$795,000 to participant accounts in the Plan during 2024 and 2023, respectively. The Company made profit-sharing contributions of approximately \$603,000 and \$0 in the Plan during 2024 and 2023, respectively.

All contributions made by the Company are invested based upon participant investment option elections.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions, an allocation of the Company's contributions (if any), and the Plan's earnings, net of any administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures of terminated participants' non-vested amounts may be used to reduce administrative expenses charged to the Plan. Any forfeiture not used to reduce administrative expenses shall be used to reduce future Company matching contributions. There were approximately \$91,000 and \$80,000 remaining in the forfeiture accounts as of December 31, 2024 and 2023, respectively. Approximately \$81,000 and \$2,600 of the forfeitures were used to reduce administrative expenses during the years ended December 31, 2024 and 2023, respectively.

A. Description of the Plan (continued)

Administrative Expenses

Expenses incurred in administration of the Plan, including costs relating to asset charges and recordkeeping, are paid by the Plan and allocated to all participant accounts on a pro-rata basis, or are charged directly to participant accounts for fees associated with establishment of a loan or a benefit payment. Certain expenses incurred in the administration of the Plan are paid directly by the Company.

Vesting

Participants are immediately vested in their voluntary contributions plus the actual net earnings thereon. Vesting in the remainder of their accounts is based on years of service. Participants become 20% vested after two years of service, increasing 20% per year thereafter until they are fully vested after six years of service or the occurrence of death, disability, or retirement.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her salary deferrals in 1% increments into any of the Plan's investment options, which are composed of various mutual funds and a money market or cash reserve account. A self-directed brokerage account option is also available to allow participants to select investment options not specifically offered by the Plan.

Notes Receivable from Participant Loans

Participants are permitted to borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of (a) 50% of the vested account balance; or (b) \$50,000. The maximum amount will be reduced by the participant's highest outstanding loan balance during the one-year period ending on the day before the date on which such loan is made. A participant may have no more than two loans outstanding at one time. The loans are secured by the remaining balance in the participant's account. The interest rate will be the prime rate of interest, as stated in the *Wall Street Journal*, plus one percent (1%), as of the date of the loan. The rate of interest will be constant throughout the term of the loan. All loans generally become due and payable in full immediately upon the occurrence of a distributable event. All loans are required to be repaid within 5 years of the date of the loan or with 30 years if the loan will be utilized for the purchase of a primary residence. If a participant does not repay the entire outstanding loan balance, his/her vested account balance will be reduced by the remaining outstanding balance of the loan. Principal and interest are paid ratably through payroll deductions. As of December 31, 2024 and 2023, the loans bear interest at the rates of 4.25% to 9.50%. Principal and interest are paid ratably through monthly payroll deductions.

Benefits Paid to Participants

Upon termination of service due to death, disability, or retirement, a participant or designated beneficiary may elect to receive a lump-sum payment or a life or survivor annuity equal to the value of his or her account. For termination of service due to other reasons, a participant may receive the value of the vested amount of his or her account as a lump-sum payment. Payment shall be made as soon as practicable following the participant's normal retirement date, disability, termination of employment or death, as the case may be. The non-vested portion of a terminated participant's account is generally forfeited and applied to reduce Plan administration expenses or future employer contributions.

Hardship distributions are permitted for certain qualifying expenses during employment with the Company and may only be made for the vested portion of the participants pre-tax 401(K) deferral accounts and roth 401(K) deferral accounts.

Payment of benefits to participants with balances less than \$5,000 will be made in a lump-sum distribution.

B. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of certain contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

Contributions

Contributions are accrued as they become obligations of the Company, as determined by the Company, and in the period in which they are deducted, in accordance with salary deferral agreements.

Credit Losses on Plan Receivables

The Plan’s financial assets primarily consist of investments measured at fair value. The Plan also maintains receivables for employer contributions, including amounts due for the current period and any delinquent contributions. The Plan evaluated these receivables for collectability and determined that they are fully collectible, and therefore, no allowance for expected credit losses has been recorded in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic No. 326, *Financial Instruments: Credit Losses*. The Plan will continue to monitor the collectability of receivables and record any necessary allowance if credit losses become probable.

Notes Receivable from Participant Loans

Notes receivable from participant loans are recorded and measured at the unpaid principal balance plus accrued interest, which approximates fair value. Delinquent participant loans, if any, are reclassified as distributions based upon the terms of the Plan document. Notes receivable from participant loans are considered uncollectible in the period they are deemed distributions and, accordingly, no allowance has been established.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with debt and equity investments. Fair value measurements are determined in accordance with ASC Topic No. 820, *Fair Value Measurements and Disclosures*, which defines fair value, establishes a framework for measuring fair value, and establishes disclosures about assets and liabilities measured at fair value.

The net realized and unrealized gains/(losses) on investments includes realized gains and losses on sales of investments during the year, using the average cost basis of the securities sold, and unrealized increases or decreases in the market value of investments held at year end. Purchases and sales of investments are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2024 and 2023, there were no unpaid benefit requests.

Notes to the Financial Statements (continued)
Years Ended December 31, 2024 and 2023

B. Summary of Significant Accounting Policies (continued)

Plan Expenses

Employees of the Plan Sponsor perform certain administrative functions for the Plan with no compensation from the Plan. To the extent possible, Plan administrative expenses are paid from any available forfeitures. In accordance with the provisions of the Plan, the Company may pay a portion of the expenses incurred in the administration of the Plan, including costs relating to asset charges and recordkeeping, and such expenses are not reimbursed by the Plan nor reflected in the accompanying financial statements.

Recent Accounting Pronouncement and Law Changes

The following are ASUs issued by FASB or changes in law considered potentially significant to current or future financial reporting. This is not intended to be an evaluation of all recent accounting pronouncements, Accounting standards, or changes in law.

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement Act of 2022 (the "SECURE Act 2.0") was signed into law. The SECURE Act 2.0 is intended to expand coverage, increase retirement savings, and clarify retirement plan rules. The SECURE Act 2.0 changed existing long-term retirement rules, which included but is not limited to, increasing the age for required minimum distributions, expanding autoenrollment features, increasing the involuntary distribution limit, expanding penalty-free withdrawals, and providing enhanced opportunities for employee savings. The effective dates vary by each provision, however, the Plan will be formally amended to reflect these changes prior to the December 31, 2026 deadline.

The Plan adopted FASB ASU No. 326, Current Expected Credit Losses ("Topic 326") as of January 1, 2024, which requires the Plan to immediately recognize expected credit losses on the reporting date financial assets as an allowance account on the Statement of Changes in Net Assets Available for Benefit. Financial assets excluded from the scope of Topic 326 include note receivable from participant loans and participant contribution receivables and related credit losses. As of December 31, 2024 and 2023, the Plan does not have credit losses related to employer contribution receivables.

C. Investments

The Plan's investments are held under a trust agreement with the Trustee. All investment information presented in the accompanying financial statements and supplemental schedules, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by the Trustee. The investments are reflected at fair value as of December 31, 2024 and 2023.

According to the FASB, participant loans are to be classified on the statement of net assets available for benefits as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. According to the Department of Labor, participant loans are considered an investment and measured at their fair value and are required to be included as supplemental information in the schedule of assets held for investment purposes at the end of the year.

The following is a reconciliation of the schedule of assets held for investment purposes to the financial statements as of December 31:

	2024
Investments per schedule of assets held for investment purposes at the end of the year	\$109,303,527
Less: Notes receivable from participant loans	(1,065,697)
Investments per financial statements	\$108,237,830

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

The three levels defined in FASB ASC Topic No. 820 are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. On December 31, 2024 and 2023, the Plan had no Level 2 investments.

Level 3: Inputs of the valuation methodology are unobservable and significant to fair value measurement. On December 31, 2024 and 2023, the Plan had no Level 3 investments.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

FASB ASC Topic No. 820 requires a description of the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets carried as of December 31, 2024 and 2023. The methodology used to measure each major category of assets is as follows:

- Money market funds: The reported value of the money market funds is the cash balance which approximates fair value. The valuation is classified within Level 1 of the valuation hierarchy.
- Mutual funds: The fair value of registered investment company mutual funds are based on the daily quoted closing price as reported by the fund. The mutual funds held by the Plan are actively traded and are classified within Level 1 of the valuation hierarchy.
- Self-directed brokerage accounts: Valued at the closing price reported on the active market on which the individual securities comprising the brokerage accounts are traded. Additionally, these accounts include money market funds of which the value is the cash balance that approximates fair value. The valuation is classified within Level 1 of the valuation hierarchy.

D. Fair Value Measurement (continued)

Assets measured at fair value on a recurring basis at December 31, are as follows:

Assets at Fair Value as of December 31, 2024				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ 756,714	\$ -	\$ -	\$ 756,714

Total assets at fair value	<u>\$ 94,258,439</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 94,258,439</u>

E. Information Certified by the Trustee

The Plan Administrator, having determined it is permissible in the circumstances, has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by the Trustee to be complete and accurate, which included total investments as of December 31, 2024 and 2023, total investment income, including net realized and unrealized gains on investments for the years ended 2024 and 2023, and all information included in the accompanying supplemental schedules. The Trustee is considered to be a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency.

F. Income Tax Status

The Company has adopted the Prime Pensions, Inc. Defined Contribution Volume Submitter Plan and Trust (Basic Plan Document #08) which received a favorable opinion letter from the IRS dated June 30, 2020. The Company may rely on this letter with respect to the qualification of the Plan under Section 401(a) of the Internal Revenue Code with certain limitations. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has not requested or received a determination from the IRS regarding qualifications under the appropriate section of the Code; however, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

TEXAS HEALTH CARE, P.L.L.C. 401(K) RETIREMENT PLAN
Notes to the Financial Statements (continued)
Years Ended December 31, 2024 and 2023

F. Income Tax Status (continued)

U.S. GAAP require the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The Plan Sponsor believes the Plan is no longer subject to IRS examinations for years prior to 2021.

G. Transfer of Assets

During the year end December 31, 2024, two entities adopted the Plan and the assets from their respective existing 401(k) plans were transferred into the Plan. The transaction was accounted for as a change in the reporting entity in accordance with FASB ASC 962: *Name of Standard*. Accordingly, the transferred assets were recognized by the Plan at their fair value as of the transfer date.

As of April 26, 2024, assets consisting primarily of mutual funds and totaling approximately \$25,000 from 11 participants were merged into the Plan from Avail Health and Wellness 401(k) Plan in connection with the adoption of the Plan.

As of May 22, 2024, assets consisting primarily of mutual funds and totaling approximately \$525,000 from 6 participants were merged into the Plan from Gold Pediatrics 401(k) Plan in connection with the adoption of the Plan.

No gains or losses were recognized by the Plan related to these transactions.

H. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

I. Party-in-Interest Transactions

Some administrative expenses and accounting fees of the Plan are paid by the Plan Sponsor. No such payments were made on behalf of the Plan in 2024 or 2023. Under the terms of the Plan, the Plan is not responsible for reimbursing the Plan Sponsor for any fees paid on its behalf.

J. Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

TEXAS HEALTH CARE, P.L.L.C. 401(K) RETIREMENT PLAN
Notes to the Financial Statements (continued)
Years Ended December 31, 2024 and 2023

K. Subsequent Events

In preparing the accompanying financial statements, the Plan Administrator has evaluated all subsequent events and transactions for potential recognition or disclosure through October 7, 2025, the date the financial statements were available for issuance, and determined that other than the below described event there are no additional unusual or nonrecurring transactions or events of sufficient materiality to warrant disclosure in the accompanying financial statements.

Subsequent to year-end, effective January 1, 2025, the Plan Sponsor filed joinder agreements allowing the following entities to adopt the Plan: Baze Medical, PLLC, Endocrine Associates of Dallas, Brighter Horizon Pediatrics, PLLC, and Honoriodo, LLC. Effective March 27, 2025, the Plan merged Baze Medical, PLLC 401k Plan's assets into the Plan. Effective July 1, 2025, the Plan merged Endocrine Associates of Dallas P.A. 401k Plan's assets into the Plan.
