Independent Auditor's Report

Plan Trustees

MPI Engineered Technologies, LLC USW Indiana 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MPI Engineered Technologies, LLC USW Indiana 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of January 1, 2024 and December 31, 2023, the related statement of changes in net assets available for benefits for the period ended January 1, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of January 1, 2024 and December 31, 2023, and for the period ended January 1, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Merger

As discussed in Note 1 to the financial statements, effective January 1, 2024, the Plan merged into the MPI Engineered Technologies, LLC 401(k) Profit Sharing Plan & Trust. All plan assets were transferred to the control of MPI Engineered Technologies, LLC 401(k) Profit Sharing Plan & Trust on the same day. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4a—schedule of delinquent participant contributions for the period ended January 1, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Plan Description

The following description of the MPI Engineered Technologies, LLC USW Indiana 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General and plan merger: The Plan is a defined contribution profit-sharing plan and trust with a qualified cash or deferred 401(k) arrangement covering all union employees of MPI Engineered Technologies, LLC (the Company), except for leased employees and non-resident aliens. Participation in the Plan is discretionary for all eligible employees who have attained the age 18 and completed two months of eligible service, as defined by the Plan. The defined contribution 401(k) profit-sharing plan and trust was established by the Company on January 1, 2016, most recently restated on October 12, 2021, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2024, the Plan was amended to approve a merger with the MPI Engineered Technologies, LLC 401(k) Profit Sharing Plan & Trust (the New Plan). Participants did not have an option to roll plan assets to another plan unless they were terminated or 59 ½ years old. Rather, the same investment options were carried to the New Plan. Therefore, this was not a plan termination and vesting was not impacted. Investments and receivable totaling approximately \$1,181,000 were transferred on the effective date.

Trustee: Transamerica Life Insurance Company is the Plan's trustee. Transamerica Life Insurance Company invests all participant and employer contributions, as well as earnings thereon, pursuant to the terms of the Plan.

Contributions: The Plan allows participants to elect to defer a portion of their compensation up to 100%, including any catch-up contributions for participants who have attained age 50, not to exceed the maximum amounts allowed for by the Internal Revenue Code (IRC) and the plan documents. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions, including their employer contribution, into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated index fund until changed by the participant. The amount of the participant's deferred compensation is treated as a participant elective contribution, allocated to that participant's elective account, and is 100% vested at the time of contribution. Any portion of this contribution can be elected by the participant as a Roth contribution.

The Company may contribute a discretionary matching percentage, as determined annually, to the Plan each year. The Company may also make a discretionary profit-sharing contribution to employees that have completed 1,000 hours of service, to be determined annually. Contributions are accumulated and invested, as directed by participants, in a trust fund held by the custodian. Employer contributions are invested in a manner similar to participant deferrals, directed by the participants.

There were no participant or employer contributions during the period ended January 1, 2024.

Contributions from participants and the matching contributions from the employer are recorded in the year in which the participant's contributions are withheld from compensation.

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with the participant's voluntary contributions an allocation of (a) the Company's discretionary matching contribution, if any; (b) the Company's discretionary profit-sharing contribution, if any; and (c) plan earnings. The accounts are charged for any withdrawals, distributions, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: The Plan provides that participants have no vested interest in the Company contributions until they have completed one-year of service, at which time they become 50% vested. Vesting increases by 25% each year up to 100% after three years of plan participation and service. An employee is considered to have completed one year of service for purposes of vesting upon the completion of 1,000 hours of service at any time during a plan year. Participants are fully vested immediately with respect to employee contributions, rollovers and earnings thereon.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the vested balance in the participant's account. The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. The term of such loans may not exceed five years except in the case of a loan for the purchase of a principal residence which may not exceed 30 years. Participants may have a maximum of two outstanding loans at a time. Principal and interest is paid ratably, through payroll deductions.

Payment of vested benefits: Participants, or their beneficiaries, are entitled to receive the entire amount of their interests in the Plan upon retirement, death, total or permanent disability, employment termination, reaching the age of 59½ or qualifying for a hardship distribution, as defined in the Plan. A participant will be considered to have suffered a disability if he or she is permanently unable to perform his or her customary duties for the employer due to a mental or physical condition which can be expected to result in death, or be of a long continued and indefinite duration as determined by the plan administrator. On termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account. If the participant's vested balance is less than or equal to \$5,000, the entire sum will be distributed as soon as possible following the participant's separation from service. If the participant's vested balance is greater than \$5,000, they can elect to receive a lump-sum distribution. At January 1, 2024 and December 31, 2023, there were no requested distributions that had not been paid as of the plan year-end.

Forfeitures: Forfeitures may be used to pay plan expenses, reduce employer contributions, or restore participant accounts. There were no material unallocated forfeitures at January 1, 2024 and December 31, 2023.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility.

Risk and uncertainties: Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and those changes could materially affect the amount reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan agreement.

Payments of benefits: Benefits are recorded when paid. Since the financial statements are accrual basis, any distributions unpaid as the plan year-end are recorded as a liability. As of January 1, 2024 and December 31, 2023, there were no unpaid distributions, payable to participants respectively.

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Certain administrative expenses are paid by the Company and, therefore, are not reflected in the Plan's financial statements.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the plan sponsor. Expenses paid by the plan sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and participant distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

Subsequent events: The plan sponsor has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified by Transamerica Life Insurance Company (Transamerica)

The following is a summary of the Plan's asset information as of January 1, 2024 and December 31, 2023, and for the period ended January 1, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Transamerica, the trustee of the Plan, as complete and accurate:

	December 31	
	2024	2023
Investments, at fair value	\$ -	\$ 1,100,115
Investments, at contract value	-	26,106
Notes receivable from participants	-	36,926

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

MPI Engineered Technologies, LLC USW Indiana 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 1, 2024 and December 31, 2023.

Pooled separate accounts: Valued using the net asset value (NAV) (as a practical expedient) of shares held by the fund at year-end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount that is different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the account advisor reserves the right to temporarily delay withdrawal from the trust to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV (a)	\$ -	\$ -	\$ -	\$ 1,100,115
Total investments	\$ -	\$ -	\$ -	\$ 1,100,115

(a) In accordance with Subtopic 820-10, certain investments that are measured at NAV per share (or its equivalent) are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at beginning of the reporting period.

For the period ended January 1, 2024, there were no transfers in or out of Level 3.

Investments measured using the NAV per share practical expedient: The following table summarizes investments for which fair value is measured using the NAV (as a practical expedient) based on information provided by the trustee as December 31, 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	\$ 1,100,115	n/a	Daily	None

Notes to Financial Statements

Note 5. Guaranteed Interest Account

The Plan entered into a fully benefit-responsive investment with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged to participant withdrawals and administrative expenses.

Transamerica is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a semi-annual basis for resetting.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events may limit the Plan's ability to transact at contract value, but these are primarily limited to termination of the Plan contract with Standard. The Plan administrator does not believe that the termination of the contract, which could limit the Plan's ability to transact at contract value, is probable.

Note 6. Related-Party and Party-In-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. During the period ended January 1, 2024, there were no direct fees. Indirect fees paid by the Plan for investment management services are included in the net appreciation of the fair value of investments. Certain employees of the Company provide administrative services to the Plan. These employees are not compensated by the Plan.

Note 7. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contribution portion of their account.

Note 8. Income Tax Status and Uncertain Tax Position

The Plan uses a pre-approved plan sponsored by CCH Incorporated DBA FTWilliams Com. The IRS has determined and informed the plan sponsor by a letter dated June 30, 2020, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan itself is not required to and has not received a determination letter from the IRS. Although the Plan has been amended since receiving this letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for the years before 2021.

MPI Engineered Technologies, LLC USW Indiana 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Note 9. Nonexempt Transactions

During 2023 and 2021, the Plan Sponsor inadvertently failed to deposit \$7,445 and \$19,337 of participant deferrals within the required timeframe as stated by the Department of Labor. The Plan Sponsor has reimburse the Plan for lost earnings and remitted the applicable excise tax to the IRS for the 2023 late deferrals and will reimburse the Plan for lost earnings and remitted the applicable excise tax to the IRS for the 2021 late deferrals. The correction and excise tax payments will be made from the Plan Sponsor's assets and not form the asset of the Plan.
