

Form 5500 Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Annual Return/Report of Employee Benefit Plan This form is required to be filed for employee benefit plans under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and sections 6057(b) and 6058(a) of the Internal Revenue Code (the Code). ▶ Complete all entries in accordance with the instructions to the Form 5500.	OMB Nos. 1210-0110 1210-0089 2024 This Form is Open to Public Inspection
--	---	---

Part I	Annual Report Identification Information
For calendar plan year 2024 or fiscal plan year beginning 01/01/2024 and ending 12/31/2024	
A	This return/report is for: ☐ a multiemployer plan ☐ a multiple-employer plan (Filers checking this box must provide participating employer information in accordance with the form instructions.) ☒ a single-employer plan ☐ a DFE (specify) _____
B	This return/report is: ☐ the first return/report ☐ the final return/report ☐ an amended return/report ☐ a short plan year return/report (less than 12 months)
C	If the plan is a collectively-bargained plan, check here. ▶ ☐
D	Check box if filing under: ☒ Form 5558 ☐ automatic extension ☐ the DFVC program ☐ special extension (enter description)
E	If this is a retroactively adopted plan permitted by SECURE Act section 201, check here. ▶ ☐

Part II	Basic Plan Information—enter all requested information
1a	Name of plan TELEDYNE TECHNOLOGIES INCORPORATED PENSION PLAN FOR DEFINED ACTIVE PARTICIPANTS
1b	Three-digit plan number (PN) ▶ 003
1c	Effective date of plan 01/01/2020
2a	Plan sponsor's name (employer, if for a single-employer plan) Mailing address (include room, apt., suite no. and street, or P.O. Box) City or town, state or province, country, and ZIP or foreign postal code (if foreign, see instructions) TELEDYNE TECHNOLOGIES INCORPORATED 1049 CAMINO DOS RIOS THOUSAND OAKS, CA 91360
2b	Employer Identification Number (EIN) 25-1843385
2c	Plan Sponsor's telephone number 805-373-4545
2d	Business code (see instructions) 334500

Caution: A penalty for the late or incomplete filing of this return/report will be assessed unless reasonable cause is established.

Under penalties of perjury and other penalties set forth in the instructions, I declare that I have examined this return/report, including accompanying schedules, statements and attachments, as well as the electronic version of this return/report, and to the best of my knowledge and belief, it is true, correct, and complete.

d	Total	688	137692228	137692228
4	If the plan is in at-risk status, check the box and complete lines (a) and (b). ☐			
a	Funding target disregarding prescribed at-risk assumptions	4a		
b	Funding target reflecting at-risk assumptions, but disregarding transition rule for plans that have been in at-risk status for fewer than five consecutive years and disregarding loading factor	4b		
5	Effective interest rate	5	5.25 %	
6	Target normal cost			
a	Present value of current plan year accruals	6a	3503339	
b	Expected plan-related expenses	6b	400000	
c	Target normal cost	6c	3903339	

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

--------------------------	--	--

Part II Beginning of Year Carryover and Prefunding Balances

	(a) Carryover balance	(b) Prefunding balance
7 Balance at beginning of prior year after applicable adjustments (line 13 from prior year)	0	48367911
8 Portion elected for use to offset prior year's funding requirement (line 35 from prior year)	0	6062178
9 Amount remaining (line 7 minus line 8)	0	42305733
10 Interest on line 9 using prior year's actual return of <u>13.98</u> %	0	5914341
11 Prior year's excess contributions to be added to prefunding balance:		
a Present value of excess contributions (line 38a from prior year)		0
b(1) Interest on the excess, if any, of line 38a over line 38b from prior year Schedule SB, using prior year's effective interest rate of <u>5.35</u> %		0
b(2) Interest on line 38b from prior year Schedule SB, using prior year's actual return		0
c Total available at beginning of current plan year to add to prefunding balance		0
d Portion of (c) to be added to prefunding balance		0
12 Other reductions in balances due to elections or deemed elections	0	0
13 Balance at beginning of current year (line 9 + line 10 + line 11d – line 12)	0	48220074

Part III Funding Percentages

14 Funding target attainment percentage	14	89.79 %
15 Adjusted funding target attainment percentage	15	124.81 %
16 Prior year's funding percentage for purposes of determining whether carryover/prefunding balances may be used to reduce current year's funding requirement	16	82.90 %
17 If the current value of the assets of the plan is less than 70 percent of the funding target, enter such percentage	17	%

Part IV Contributions and Liquidity Shortfalls**18** Contributions made to the plan for the plan year by employer(s) and employees:

(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees	(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees
Totals ►			18(b)	0	18(c) 0

19 Discounted employer contributions – see instructions for small plan with a valuation date after the beginning of the year:

a Contributions allocated toward unpaid minimum required contributions from prior years	19a	0
b Contributions made to avoid restrictions adjusted to valuation date	19b	0
c Contributions allocated toward minimum required contribution for current year adjusted to valuation date	19c	0

20 Quarterly contributions and liquidity shortfalls:

- a** Did the plan have a "funding shortfall" for the prior year? ☒ Yes ☐ No
- b** If line 20a is "Yes," were required quarterly installments for the current year made in a timely manner? ☒ Yes ☐ No
- c** If line 20a is "Yes," see instructions and complete the following table as applicable:

Liquidity shortfall as of end of quarter of this plan year			
(1) 1st	(2) 2nd	(3) 3rd	(4) 4th
0	0	0	0

Part V	Assumptions Used to Determine Funding Target and Target Normal Cost		
21	Discount rate:		
a	Segment rates:	1st segment: 4.75 % 2nd segment: 4.96 % 3rd segment: 5.59 %	☐ N/A, full yield curve used
b	Applicable month (enter code)	21b	0
22	Weighted average retirement age	22	65
23	Mortality table(s) (see instructions) ☐ Prescribed - combined ☒ Prescribed - separate ☐ Substitute		
Part VI	Miscellaneous Items		
24	Has a change been made in the non-prescribed actuarial assumptions for the current plan year? If "Yes," see instructions regarding required attachment. ☐ Yes ☒ No		
25	Has a method change been made for the current plan year? If "Yes," see instructions regarding required attachment. ☐ Yes ☒ No		
26	Demographic and benefit information		
a	Is the plan required to provide a Schedule of Active Participants? If "Yes," see instructions regarding required attachment.		☒ Yes ☐ No
b	Is the plan required to provide a projection of expected benefit payments? If "Yes," see instructions regarding required attachment ...		☐ Yes ☒ No
27	If the plan is subject to alternative funding rules, enter applicable code and see instructions regarding attachment.	27	
Part VII	Reconciliation of Unpaid Minimum Required Contributions For Prior Years		
28	Unpaid minimum required contributions for all prior years	28	0
29	Discounted employer contributions allocated toward unpaid minimum required contributions from prior years (line 19a)	29	0
30	Remaining amount of unpaid minimum required contributions (line 28 minus line 29)	30	0
Part VIII	Minimum Required Contribution For Current Year		
31	Target normal cost and excess assets (see instructions):		
a	Target normal cost (line 6c)	31a	3903339
b	Excess assets, if applicable, but not greater than line 31a	31b	0
32	Amortization installments:	Outstanding Balance	Installment
a	Net shortfall amortization installment	14055842	1382657
b	Waiver amortization installment	0	0
33	If a waiver has been approved for this plan year, enter the date of the ruling letter granting the approval (Month _____ Day _____ Year _____) and the waived amount	33	
34	Total funding requirement before reflecting carryover/prefunding balances (lines 31a - 31b + 32a + 32b - 33)	34	5285996
35	Balances elected for use to offset funding requirement	0	5287176
36	Additional cash requirement (line 34 minus line 35)	36	0
37	Contributions allocated toward minimum required contribution for current year adjusted to valuation date (line 19c)	37	0
38	Present value of excess contributions for current year (see instructions)		
a	Total (excess, if any, of line 37 over line 36)	38a	0
b	Portion included in line 38a attributable to use of prefunding and funding standard carryover balances	38b	0
39	Unpaid minimum required contribution for current year (excess, if any, of line 36 over line 37)	39	0
40	Unpaid minimum required contributions for all years	40	0
Part IX	Pension Funding Relief Under the American Rescue Plan Act of 2021 (See Instructions)		
41	If an election was made to use the extended amortization rule for a plan year beginning on or before December 31, 2021, check the box to indicate the first plan year for which the rule applies. ☐ 2019 ☐ 2020 ☒ 2021

SCHEDULE H (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500.	OMB No. 1210-0110
		2024
		This Form is Open to Public Inspection

For calendar plan year 2024 or fiscal plan year beginning 01/01/2024 and ending 12/31/2024

A Name of plan TELEDYNE TECHNOLOGIES INCORPORATED PENSION PLAN FOR DEFINED ACTIVE PARTICIPANTS	B Three-digit plan number (PN) 003
C Plan sponsor's name as shown on line 2a of Form 5500 TELEDYNE TECHNOLOGIES INCORPORATED	D Employer Identification Number (EIN) 25-1843385

Part I	Asset and Liability Statement		
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.			
Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash	1a		
b Receivables (less allowance for doubtful accounts):			
(1) Employer contributions	1b(1)

(9) Valuation/appraisal fees	2i(9)		
(10) Other trustee fees and expenses	2i(10)		
(11) Other expenses	2i(11)	69488	
(12) Total administrative expenses. Add lines 2i(1) through (11)	2i(12)		873520
j Total expenses. Add all expense amounts in column (b) and enter total	2j		10573665

Net Income and Reconciliation

k Net income (loss). Subtract line 2j from line 2d	2k		6437827
l Transfers of assets:			
(1) To this plan	2l(1)		2000000
(2) From this plan	2l(2)		

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BAKER TILLY US, LLP**

(2) EIN: **30-1413443**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	☒		1
e Was this plan covered by a fidelity bond?	☒		15000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 554629.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation		Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500.		OMB No. 1210-0110 2024 This Form is Open to Public Inspection.	
For calendar plan year 2024 or fiscal plan year beginning 01/01/2024 and ending 12/31/2024					
A Name of plan TELEDYNE TECHNOLOGIES INCORPORATED PENSION PLAN FOR DEFINED ACTIVE PARTICIPANTS				B Three-digit plan number (PN) 003	
C Plan sponsor's name as shown on line 2a of Form 5500 TELEDYNE TECHNOLOGIES INCORPORATED				D Employer Identification Number (EIN) 25-1843385	
Part I Distributions All references to distributions relate only to payments of benefits during the plan year. 1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions..... 2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits): EIN(s): 25-0659306 Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3. 3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year.....					
Part II Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.) 4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)? If the plan is a defined benefit plan, go to line 8. 5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. Date: Month Day Year If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule. 6 a Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived) b Enter the amount contributed by the employer to the plan for this plan year c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount) If you completed line 6c, skip lines 8 and 9. 7 Will the minimum funding amount reported on line 6c be met by the funding deadline? 8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change?					
Part III Amendments 9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box.					
Part IV ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part. 10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan? 11 a Does the ESOP hold any preferred stock? b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.) 12 Does the ESOP hold any stock that is not readily tradable on an established securities market?

Report of Independent Auditors

The Audit Committee of the Board of Directors of
Teledyne Technologies Incorporated Pension Plan for Defined Active Participants

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Teledyne Technologies Incorporated Pension Plan for Defined Active Participants, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Teledyne Technologies Incorporated Pension Plan for Defined Active Participants' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Teledyne Technologies Incorporated Pension Plan for Defined Active Participants and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Teledyne Technologies Incorporated Pension Plan for Defined Active Participants' ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Teledyne Technologies Incorporated Pension Plan for Defined Active Participants' internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Teledyne Technologies Incorporated Pension Plan for Defined Active Participants' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and Schedule H, Line 4(j) – Schedule of Reportable Transactions, as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Teledyne Technologies Incorporated Pension Plan for Defined Active Participants

Notes to Financial Statements

Note 1 – Description of the Plan

The following brief description of the Teledyne Technologies Incorporated Pension Plan for Defined Active Participants (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan was formed on January 1, 2020, when Teledyne Technologies Incorporated (the Company) restructured its domestic qualified defined benefit pension plan. The restructuring involved dividing the domestic qualified defined pension plan into two separate plans, one comprised primarily of inactive participants (the Legacy Plan) and this Plan comprised primarily of active participants. The reorganization was made to facilitate a targeted investment strategy over time and to provide additional flexibility in evaluating opportunities to reduce risk and volatility. The present value of accumulated benefits presented in these statements were measured as of December 31, 2020, the end of year in which the restructuring occurred, and shows the transfer of obligations to the Plan from the Legacy Plan. This plan is a noncontributory, defined benefit plan covering certain U.S. employees hired before January 1, 2004.

The Plan was amended on December 6, 2024, to require the purchase of individual annuity contracts to settle the obligations to a selected group of participants previously in receipt of benefits.

Actuary, investment manager, investment consulting, trustee, and benefit payment operations related expenses were paid by the Plan for the years ended December 31, 2024 and 2023.

Vesting and pension benefits – Employees generally become fully vested in benefits after five years of vesting service. The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for disability, early retirement, survivor, and other benefits. Annual benefits at retirement are based on compensation and years of continuous service.

Funding – The Company contributes such amounts as are necessary or utilizes the Plan's existing funding balances to satisfy the ERISA minimum funding requirements. The minimum required contribution was \$5,285,996 and \$6,062,178 for the years ended December 31, 2024 and 2023, respectively. The Plan has met the ERISA minimum funding requirements for 2024 and 2023.

Plan termination – Should the Plan terminate at some future time; its net assets will generally not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on the priority of those benefits, the level of plan assets, and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC's benefits guarantee, while other benefits may not be provided for at all.

Teledyne Technologies Incorporated Pension Plan for Defined Active Participants

Notes to Financial Statements

Note 2 – Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits as of the date of the financial statements. Actual results could differ from those estimates and assumptions used.

Investment valuation and income recognition – The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned, dividends are recorded on the ex-dividend date, and net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could have a material effect on the amounts reported in the financial statements.

Actuarial present value of accumulated plan benefits – Accumulated plan benefits (see Note 3) represent the actuarial present value of estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included to the extent they are deemed attributable to employee services rendered to the valuation date.

Receivable for investments sold – This represents the receivables related to the sale of investments in 2024 and 2023 that settle in 2025 and 2024, respectively.

Teledyne Technologies Incorporated Pension Plan for Defined Active Participants

Notes to Financial Statements

Note 3 – Accumulated Plan Benefits

An actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants, to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information on December 31, 2023 (the most recent valuation date), is as follows:

Actuarial present value of accumulated plan benefits	
Vested benefits	
Active employees	\$ 80,954,709
Participants with deferred benefits	13,722,028
Participants currently receiving benefits	<u>13,216,860</u>
	<u>\$ 107,893,597</u>

The following is a roll forward of the accumulated plan benefits of the Plan for the year ended December 31, 2023:

Actuarial present value of accumulated plan benefits, December 31, 2022	<u>\$ 104,737,747</u>
Changes during the year	
Benefits accumulated	2,664,377
Decrease in the discount period	8,013,707
Benefits paid	(9,324,588)
Actuarial losses	648,089
Assumption changes	<u>1,154,265</u>
Net increase	<u>3,155,850</u>
Actuarial present value of accumulated plan benefits, December 31, 2023	<u>\$ 107,893,597</u>

Teledyne Technologies Incorporated Pension Plan for Defined Active Participants

Notes to Financial Statements

Note 3 – Accumulated Plan Benefits (continued)

Significant assumptions underlying the actuarial computations are:

Discount Rate	7.80%
Mortality basis	Pri-2012 “Employees,” “Healthy Retirees,” “Contingent Survivor,” and “Disabled Retiree” projected generationally beyond 2012 using MP-2021 adjusted to converge to an ultimate rate of 0.72% while maintaining the underlying convergence period of MP-2021.
Retirement	Participants are assumed to retire from age 55 to age 75 with certain probability based on plan experience. On average, participants are assumed to retire at age 65.

For the assumptions in effect as of December 31, 2023, the annual update to assumed interest rates and mortality basis used for lump sum calculations reflected lower interest rates, resulting in a net increase to plan benefits, which was captured as part of Assumption changes.

These actuarial assumptions and related accumulated plan benefit information are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Teledyne Technologies Incorporated Pension Plan for Defined Active Participants

Notes to Financial Statements

Note 4 – Fair Value Measurements

Fair value is defined under Accounting Standards Codification 820 as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation techniques and inputs used for each major class of assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2024, when compared to 2023.

Collective trusts – Units held in collective trusts (CTs) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

Teledyne Technologies Incorporated Pension Plan for Defined Active Participants

Notes to Financial Statements

Note 4 – Fair Value Measurements (continued)

U.S. government securities – Valued at quoted market prices in an active market on the last business day of the Plan year.

Partnership funds – The Plan invests in the Strategic Portfolios Restricted Ltd. fund of funds. The fund is valued at NAV practical expedient based on the fund's net contributions to the fund and the fund's allocated share of undistributed profits and losses. The fund seeks capital appreciation through a program of investment in other investment companies and strategies which are analyzed, selected, and monitored by the investment manager. These other investment companies and strategies invest in a variety of equity, debt, and other investments, including derivatives, and may actively engage in short selling and leverage. As of December 31, 2024, the Plan could redeem funds at NAV practical expedient on a quarterly basis with 90 days' advance notice. There were no unfunded commitments as of December 31, 2024.

Mutual funds – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Fair Value Measurements at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 4,665,181	\$ -	\$ -	\$ 4,665,181
U.S. Government Securities	30,856,928	-	-	30,856,928
Total Assets in the fair value hierarchy	<u>\$ 35,522,109</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 35,522,109
Investments Measured at NAV (practical expedient)				<u>143,834,721</u>
Investments at fair value				<u>\$ 179,356,830</u>

Teledyne Technologies Incorporated Pension Plan for Defined Active Participants

Notes to Financial Statements

Note 4 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Fair Value Measurements at December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 4,386,348	\$ -	\$ -	\$ 4,386,348
U.S. Government Securities	18,326,409	-	-	18,326,409
Total Assets in the fair value hierarchy	<u>\$ 22,712,757</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,712,757</u>
Investments Measured at NAV (practical expedient)				<u>146,188,592</u>
Investments at fair value				<u>\$ 168,901,349</u>

Note 5 – Investments

The Company's Board of Directors has appointed a Plan Administrative Committee (the Committee) that controls and manages the operation and administration of the Plan. The Bank of New York Mellon, NA (BNY Mellon) serves as the trustee of the Plan and, together with the investment managers, manages the Plan's investment assets.

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments, interest, and dividends income receivable, due from broker for investments sold, due to broker for investments purchased at December 31, 2024 and 2023, and net appreciation (depreciation) in the fair value of investments, interest, and dividend income for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee of the Plan.

The Plan's exposure to credit loss in the event of non-performance of investments managed by the trustee is limited to the carrying value of such instruments. The Plan's concentrations of credit risk and market risk are dictated by the Plan's provisions, as well as those of ERISA.

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Teledyne Technologies Incorporated Pension Plan for Defined Active Participants

Notes to Financial Statements

Note 6 – Income Tax Status

The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Transactions with Parties-in-Interest

Plan investments include shares of common/collective trust funds managed by Mellon Capital Management Company. BNY Mellon is the trustee of the Plan and an affiliate of Mellon Capital Management Company and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 8 – Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 14, 2025, which is the date the financial statements were available to be issued.

 Valuation Date: January 1, 2024

SCHEDULE SB ATTACHMENTS

Schedule SB, Part V Statement of Actuarial Assumptions/Methods

Economic Assumptions

Interest rate basis

- Applicable month January
- Interest rate basis Segment Rates from Month Preceding Valuation Date

Interest rates	Reflecting Corridors	Not Reflecting Corridors
• First segment rate	4.75%	4.37%
• Second segment rate	4.96%	4.96%
• Third segment rate	5.59%	4.95%
• Effective interest rate	5.25%	4.94%

Lump sum conversion rate For funding purposes, as required by IRC §430, lump sum benefits are valued using “annuity substitution”, so that the interest rates assumed are effectively the same as described above.

Plan Name: Teledyne Technologies Incorporated Pension Plan for Defined Active
EIN / PN: 25-1843385/003
Plan Sponsor: Teledyne Technologies Incorporated
Valuation Date: January 1, 2024

SCHEDULE SB ATTACHMENTS

Annual rates of increase

- Compensation: 2.75%
- Future Social Security wage bases 2.50%
- Statutory limits on compensation No future increases assumed

Plan-related expenses \$400,000

As permitted by law, rates reflecting stabilization are used to determine the funding target and target normal cost, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and currently are higher than) current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

Rates not reflecting stabilization are to be used for purposes of determining the deductible limit; for simplicity, stabilized rates have been reflected in Section 2.5: Calculation of estimated maximum deductible contribution, which produces a smaller deductible limit than the actual deductible limit.

Demographic Assumptions

Inclusion date

The valuation date coincident with or next following the date on which the employee becomes a participant.

Non-union employees hired on or after January 1, 2004, are not eligible to participate in the Plan. The Plan was closed to new Teledyne Continental Motors (TCM) Toledo union entrants as of November 10, 2006, and to new TCM Mobile union entrants as of February 20, 2007.

On September 16, 2006, the former Rockwell Scientific Company Pension Plan was merged into the Plan. For this group, the Plan is also closed to new employees hired after October 15, 2006.

Effective January 1, 2020, the Teledyne Technologies Incorporated Pension Plan was amended to transfer assets with respect to and for the benefits payable to the participants of the Teledyne Technologies Incorporated Pension Plan for Defined Active Participants.

New or rehired employees

It was assumed there will be no new or rehired employees.

Plan Sponsor: Teledyne Technologies Incorporated
Valuation Date: January 1, 2024

SCHEDULE SB ATTACHMENTS

Benefit commencement date:

- Preretirement death benefit The later of the death of the active participant or the date the participant would have attained age 55 with at least 5 years of vesting service.
- Deferred vested benefit The later of age 65 or current age.
- Disability benefit The later of the disablement of the active participant or the date the participant would attain age 55 with at least 5 years of vesting service
- Retirement benefit Upon retirement eligibility.

Form of payment for Active Participants

About 60% of the participants are assumed to elect a lump sum. Of the remaining 40%, 70% of those who are married are assumed to elect a 50% Joint & Survivor annuity. The rest are assumed to elect a Single Life Annuity.

Form of payment for Vested Terminated Participants

About 60% of the participants are assumed to elect a lump sum. Of the remaining 40%, 70% of those who are married are assumed to elect a 50% Joint & Survivor annuity. The rest are assumed to elect a Single Life Annuity.

Percent married

75% of males; 75% of females. Used to value pre-retirement surviving spouse benefits and in determining the optional forms expected to be elected at commencement.

Spouse age

Wife three years younger than husband.

Covered pay

Pensionable earnings during the prior year provided by the employer (annualized for participants who did not work a full year), projected forward.

Timing of benefit payments

Annuity payments are assumed to be made uniformly throughout the year and, on average, at mid-year. Lump sum payments are assumed to be made at the beginning of the year.

Valuation Date: January 1, 2024

SCHEDULE SB ATTACHMENTS

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets for determining minimum required contributions	The actuarial value of assets is equal to the market value of assets as of the valuation date plus the discounted present value of contributions made after the valuation date for the prior plan year, discounted using the effective interest rate for the prior plan year.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with Teledyne Technologies Incorporated and, based on that review, is not aware of any significant benefits required to be valued that were not.
Decrement timing	The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.

Sources of Data and Other Information

The plan sponsor through its third party administrator, furnished participant data as of January 1, 2024. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. In consultation with the plan sponsor, the following assumptions were made for missing or apparently inconsistent data elements:

- Missing or invalid participant dates of birth or sex were assumed to be the same as the prior year.
- Missing or inconsistent vesting or credited service were assumed to be the same as the prior year and increase by one year if employed during the year.
- Missing or invalid beneficiary date of birth was assumed to be the same as the prior year if prior year information was available. Otherwise, assume female spouses 3 years younger than participant, male spouses 3 years older than participant.
- Missing or invalid beneficiary sex was assumed to be the same as the prior year if prior year information was available. Otherwise, assume beneficiary is of the opposite sex of the participant.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Expected return on plan assets	We understand that the expected return on assets assumption reflects the plan sponsor's estimate of future experience for trust asset returns, reflecting the plan's current asset allocation and any expected changes during the current plan year, current market conditions and the plan sponsor's expectations for future market conditions.
Lump sum conversion rate	For funding purposes, as required by IRC §430, lump sum benefits are valued using "annuity substitution", so that the interest rates assumed are effectively the same as described above for the discount rate.
Administrative expenses	Administrative expenses are estimated based upon an estimate of expected core recurring administrative expenses as discussed with Teledyne.

Plan Name:	Teledyne Technologies Incorporated Pension Plan for Defined Active
EIN / PN:	25-1843385/003
Plan Sponsor:	Teledyne Technologies Incorporated
Valuation Date:	January 1, 2024

SCHEDULE SB ATTACHMENTS

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates were based on an experience study conducted in 2021, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Retirement	Retirement rates were based on an experience study conducted in 2021, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Benefit commencement date for deferred benefits:	Deferred vested participants are assumed to begin benefits at age 65 (or current age if later) based on an experience study conducted in 2014 of actual commencement patterns.
Form of payment	The percentage of participants assumed to elect the various annuity form of payment is based on observed experience modified to reflect an estimate of future experience.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in Part V, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.
------------------------	--

Changes in Assumptions and Methods

Change in assumptions and methods since prior valuation	The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation as required by IRC §430. The mortality table used to calculate the funding target and target normal cost was changed from using a static projection of mortality improvement to a generational projection as required by guidance issued by IRS under IRC §430.
Change in methods since prior valuation	None.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB – Statement by Enrolled Actuary

Plan Sponsor	Teledyne Technologies Incorporated
EIN/PN	25-1843385/003
Plan Name	Teledyne Technologies Incorporated Pension Plan for Defined Active Participants
Valuation Date	January 1, 2024
Enrolled Actuary	J. Alfonso Carrillo
Enrollment Number	23-07598

The actuarial assumptions that are not mandated by IRC § 430 and regulations, represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Item 18 of Schedule SB were listed in reliance on information provided by the plan administrator and/or trustee.

 Valuation Date: January 1, 2024

SCHEDULE SB ATTACHMENTS

Schedule SB, Part V Statement of Actuarial Assumptions/Methods

Economic Assumptions

Interest rate basis

- Applicable month January
- Interest rate basis Segment Rates from Month Preceding Valuation Date

Interest rates	Reflecting Corridors	Not Reflecting Corridors
----------------	----------------------	--------------------------

- | | | |
|---------------------------|-------|-------|
| • First segment rate | 4.75% | 4.37% |
| • Second segment rate | 4.96% | 4.96% |
| • Third segment rate | 5.59% | 4.95% |
| • Effective interest rate | 5.25% | 4.94% |

Lump sum conversion rate	For funding purposes, as required by IRC §430, lump sum benefits are valued using “annuity substitution”, so that the interest rates assumed are effectively the same as described above.
---------------------------------	---

Plan Name:	Teledyne Technologies Incorporated Pension Plan for Defined Active
EIN / PN:	25-1843385/003
Plan Sponsor:	Teledyne Technologies Incorporated
Valuation Date:	January 1, 2024

SCHEDULE SB ATTACHMENTS

Annual rates of increase

- Compensation: 2.75%
- Future Social Security wage bases 2.50%
- Statutory limits on compensation No future increases assumed

Plan-related expenses \$400,000

As permitted by law, rates reflecting stabilization are used to determine the funding target and target normal cost, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and currently are higher than) current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

Rates not reflecting stabilization are to be used for purposes of determining the deductible limit; for simplicity, stabilized rates have been reflected in Section 2.5: Calculation of estimated maximum deductible contribution, which produces a smaller deductible limit than the actual deductible limit.

Demographic Assumptions

Inclusion date The valuation date coincident with or next following the date on which the employee becomes a participant.

Non-union employees hired on or after January 1, 2004, are not eligible to participate in the Plan. The Plan was closed to new Teledyne Continental Motors (TCM) Toledo union entrants as of November 10, 2006, and to new TCM Mobile union entrants as of February 20, 2007.

On September 16, 2006, the former Rockwell Scientific Company Pension Plan was merged into the Plan. For this group, the Plan is also closed to new employees hired after October 15, 2006.

Effective January 1, 2020, the Teledyne Technologies Incorporated Pension Plan was amended to transfer assets with respect to and for the benefits payable to the participants of the Teledyne Technologies Incorporated Pension Plan for Defined Active Participants.

New or rehired employees It was assumed there will be no new or rehired employees.

SCHEDULE SB ATTACHMENTS

Benefit commencement date:

- Preretirement death benefit The later of the death of the active participant or the date the participant would have attained age 55 with at least 5 years of vesting service.
- Deferred vested benefit The later of age 65 or current age.
- Disability benefit The later of the disablement of the active participant or the date the participant would attain age 55 with at least 5 years of vesting service
- Retirement benefit Upon retirement eligibility.

Form of payment for Active Participants

About 60% of the participants are assumed to elect a lump sum. Of the remaining 40%, 70% of those who are married are assumed to elect a 50% Joint & Survivor annuity. The rest are assumed to elect a Single Life Annuity.

Form of payment for Vested Terminated Participants

About 60% of the participants are assumed to elect a lump sum. Of the remaining 40%, 70% of those who are married are assumed to elect a 50% Joint & Survivor annuity. The rest are assumed to elect a Single Life Annuity.

Percent married

75% of males; 75% of females. Used to value pre-retirement surviving spouse benefits and in determining the optional forms expected to be elected at commencement.

Spouse age

Wife three years younger than husband.

Covered pay

Pensionable earnings during the prior year provided by the employer (annualized for participants who did not work a full year), projected forward.

Timing of benefit payments

Annuity payments are assumed to be made uniformly throughout the year and, on average, at mid-year. Lump sum payments are assumed to be made at the beginning of the year.

SCHEDULE SB ATTACHMENTS

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets for determining minimum required contributions	The actuarial value of assets is equal to the market value of assets as of the valuation date plus the discounted present value of contributions made after the valuation date for the prior plan year, discounted using the effective interest rate for the prior plan year.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with Teledyne Technologies Incorporated and, based on that review, is not aware of any significant benefits required to be valued that were not.
Decrement timing	The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.

Sources of Data and Other Information

The plan sponsor through its third party administrator, furnished participant data as of January 1, 2024. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. In consultation with the plan sponsor, the following assumptions were made for missing or apparently inconsistent data elements:

- Missing or invalid participant dates of birth or sex were assumed to be the same as the prior year.
- Missing or inconsistent vesting or credited service were assumed to be the same as the prior year and increase by one year if employed during the year.
- Missing or invalid beneficiary date of birth was assumed to be the same as the prior year if prior year information was available. Otherwise, assume female spouses 3 years younger than participant, male spouses 3 years older than participant.
- Missing or invalid beneficiary sex was assumed to be the same as the prior year if prior year information was available. Otherwise, assume beneficiary is of the opposite sex of the participant.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Expected return on plan assets	We understand that the expected return on assets assumption reflects the plan sponsor's estimate of future experience for trust asset returns, reflecting the plan's current asset allocation and any expected changes during the current plan year, current market conditions and the plan sponsor's expectations for future market conditions.
Lump sum conversion rate	For funding purposes, as required by IRC §430, lump sum benefits are valued using "annuity substitution", so that the interest rates assumed are effectively the same as described above for the discount rate.
Administrative expenses	Administrative expenses are estimated based upon an estimate of expected core recurring administrative expenses as discussed with Teledyne.

Plan Sponsor:	Teledyne Technologies Incorporated
Valuation Date:	January 1, 2024

SCHEDULE SB ATTACHMENTS

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates were based on an experience study conducted in 2021, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Retirement	Retirement rates were based on an experience study conducted in 2021, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Benefit commencement date for deferred benefits:	Deferred vested participants are assumed to begin benefits at age 65 (or current age if later) based on an experience study conducted in 2014 of actual commencement patterns.
Form of payment	The percentage of participants assumed to elect the various annuity form of payment is based on observed experience modified to reflect an estimate of future experience.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in Part V, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.
------------------------	--

Changes in Assumptions and Methods

Change in assumptions and methods since prior valuation	The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation as required by IRC §430. The mortality table used to calculate the funding target and target normal cost was changed from using a static projection of mortality improvement to a generational projection as required by guidance issued by IRS under IRC §430.
Change in methods since prior valuation	None.

Teledyne Technologies Incorporated		Summary of Qualified Pension Plan Provisions Section B	
Prior Plan Name	Eligibility for Plan Participation	Credited Service	Vesting Service
100 – Teledyne Salaried	If hired after 12/31/88, plan participation begins on the 1st day of the month on or following age 21 and 1 year of service [3.2] Participation does not start prior to plan adoption by company. (Adoption dates are listed in Section D.) [3.2] An employee hired for the first time on or after January 1, 2004 will not be eligible to participate in the plan. [3.4]	1/12th of a year of Credited Service is earned for each month or partial month of participation [1.18] For service prior to November 29, 1999, Credited Service is the Credited Service as defined under the prior plan provisions [1.18] No additional Credited Service will be earned for a participant who is rehired after January 1, 2004. [3.4]	1 year of Vesting Service is earned for each 365 days of employment [1.52] If rehired after January 1, 2004, Vesting Service will continue to accrue. [3.4]
300 – Teledyne P&M	Plan participation begins - on date of hire, if at least 1000 hours of service are completed in the 12-month period following date of hire [3.2] - on January 1st of the year in which 1000 hours are first worked, otherwise [no reference] Participation does not start prior to plan adoption by company. (Adoption dates are listed in Section D.) [3.2] Except as governed by Bargaining Agreements, an employee hired for the first time on or after January 1, 2004 will not be eligible to participate in the plan. [3.4]	1/12th of a year of Credited Service is earned for each month or partial month of participation [1.18] Except as governed by Bargaining Agreements, no additional Credit Service will be earned for a participant who rehires after January 1, 2004. [3.4]	1 year of Vesting Service is earned for each 365 days of employment [1.52] If rehired after January 1, 2004, Vesting Service will continue to accrue. [3.4]
001 - Continental Motors UAW	Plan participation begins - on date of hire, if at least 1000 hours of service are completed in the 12-month period following date of hire [3.2] - on January 1st of the year in which 1000 hours are first worked, otherwise [no reference] Except as governed by Bargaining Agreements, an employee hired for the first time on or after November 10, 2006 (Location 583) or February 21, 2007 (Location 579) will not be eligible to participate in the plan. [3.4]	1/10th of a year of Credited Service is earned for each 180 hours of service (or fraction thereof), rounded up to a 1/10th of a year [1.18(g)] 1 year of Credited Service is earned for each calendar year in which 1616 hours of service are worked [1.18(g)] Except as governed by Bargaining Agreements, no additional Credit Service will be earned for a participant who is rehired after November 10, 2006 (Location 583) or February 21, 2007 (Location 579) [3.4]	1 year of Vesting Service is earned for each calendar year in which 1000 hours of service are worked [1.52] If rehired after January 1, 2004, Vesting Service will continue to accrue. [3.4] Participants who were active and divested on April 19, 2011 continue to accrue vesting service until they retire for early retirement eligibility purposes.

Teledyne Technologies Incorporated		Summary of Qualified Pension Plan Provisions Section B	
Prior Plan Name	Eligibility for Plan Participation	Credited Service	Vesting Service
002 – Continental Motors Salaried	- If hired before 1/1/95, plan participation begins on date of hire, if at least 1000 hours of service or 1 year of Credited Service are completed in the 12-month period following date of hire - on January 1st of the year in which 1000 hours are first worked [3.2] If hired after 12/31/94, plan participation begins on the 1st day of the month on or following age 21 and 1 year of service [3.2] An employee hired for the first time on or after January 1, 2004 will not be eligible to participate in the plan. [3.4]	For service before 12/31/94: 1/10th of a year of Credited Service is earned for each 180 hours of service (or fraction thereof), rounded up to a 1/10th of a year [1.18(g)] 1 year of Credited Service is earned for each calendar year in which 1616 hours of service are worked [1.18(g)] For service after 12/31/94: 1/12th of a year of Credited Service is earned for each month or partial month of participation, rounded up to 1/12th of a year [1.18] No additional Credit Service will be earned for a participant who is rehired after January 1, 2004. [3.4]	1 year of Vesting Service is earned for each 365 days of employment [1.52] If rehired after January 1, 2004, Vesting Service will continue to accrue. [3.4]

Teledyne Technologies Incorporated		Summary of Qualified Pension Plan Provisions Section C
Prior Plan Name	Vesting	Normal Retirement Age
100 - Teledyne Salaried	100% with 5 years of Vesting Service 100% if employed on December 31, 1999 Immediate vesting of accrued benefits if a participant on dates transfers of assets are made out of the Trust under Section 420 [6.1]	Later of age 65 and the 5 th anniversary of commencement of participation [1.30]
300 - Teledyne P&M	100% with 5 years of Vesting Service 100% if employed on December 31, 1999 Immediate vesting of accrued benefits if a participant on dates transfers of assets are made out of the Trust under Section 420 [6.1]	Later of age 65 and the 5 th anniversary of commencement of participation [1.30]
001 – Continental Motors UAW	100% with 5 years of Vesting Service 100% if employed on December 31, 1999 Immediate vesting of accrued benefits if a participant on dates transfers of assets are made out of the Trust under Section 420 [6.1]	Age 65 [1.30]
002 – Continental Motors Salaried	100% with 5 years of Vesting Service 100% if employed on December 31, 1999 Immediate vesting of accrued benefits if a participant on dates transfers of assets are made out of the Trust under Section 420 [6.1]	Later of age 65 and the 5 th anniversary of commencement of participation if hired on or after January 1, 1995; age 65 if hired prior to January 1, 1995 [1.30]

Teledyne Technologies Incorporated		Summary of Qualified Pension Plan Provisions Section D
Prior Plan Name	Normal Retirement Benefit	Compensation
100 – Teledyne Salaried	Benefit = 1) + 2) + 3) 1) Years of Past Service x .015 x the minimum of \$650 or monthly compensation in effect on the May 1 prior to adoption (or January 1 prior to adoption if adoption is after May 1, 1977); some plans have a different past service benefit, as noted in Table A of this Section D 2) The greater of: • (0.01 x AMC up to Social Security Covered Compensation + 0.0165 x AMC in excess of SSCC) x years of Credited Service through 2/29/2012, up to 30 years • \$20 x years of Credited Service through 2/29/2012 if termination after 12/31/94 (\$14 if termination before 1/1/95) 3) Beginning 3/1/2012, for each plan year with Credited Service, the sum of 1% of Pension Eligible Compensation (PEC) up to the annual SSCC plus 1.65% of PEC in excess of SSCC, divided by 12. (For each plan year in which the PEC is for less than 12 months, the SSCC is prorated). No additional benefit will be earned after completing 30 years of Credited Service in aggregate for 1), 2) and 3) above. Note that 1) and 2) are frozen as of 2/29/2012 for active participants at 2/29/2012. [4.1(d)] Plan was contributory until 11/1/73. Participants may withdraw these contributions at any time, but in doing so will lose Credited Service and Past Service benefits prior to 11/1/73. [4.1(f)]	Average Monthly Compensation (AMC): Average over highest 60 consecutive months in the last 120 months ending on 2/29/2012. [1.7] Pension Eligible Compensation (PEC): Amount received during the year, including base salary, overtime, commissions and bonuses actually paid in each month.
300 - Teledyne P&M	Benefit = max (Basic Benefit, Minimum Benefit) Basic Benefit = Years of Credited Service x appropriate benefit level (see Table B of this Section D) Minimum Benefit = • \$5 x years of Credited Service on or before 12/31/77 + \$10 x years of Credited Service on or after 1/1/78 (if not subplan 323, 369, 372, 377 nor 400) • \$5 x years of Credited Service on or before 12/31/77 + \$10 x years of Credited Service between 1/1/78 and 12/31/97 + \$20 x years of Credited Service on or after 1/1/98 (if subplan 323, 369, 372, 377 or 400) [4.1(e)]

Teledyne Pension Plans Provisions for Teledyne Scientific

1. Effective Date:

- a. Sub-Plan October 10, 1945.
- b. Latest Amendment The most recent amendment is effective January 1, 2015. The Plan was amended to allow unlimited lump sums on or after April 1, 2015 to retirement-eligible participants subject to annual limitation.

2. Definitions:

- a. Eligible Employee Employees on the salary and weekly payrolls of the Teledyne Scientific Company. Effective September 15, 2006, no new hires will be eligible for the Plan. No additional credited service will be earned for a participant who is rehired after September 15, 2006.
- b. Qualifying Employment Months of credited service during which basic monthly compensation exceeds \$566.67.
- c. Average Qualifying Salary Highest average Qualifying Salary for 5 consecutive years out of the final 10 years of Qualifying Employment. Qualifying Salary is the basic monthly salary on January 1 including 1/12th of any lump sum merit awards and 1/12th of annual performance bonuses and annual incentive compensation during the preceding calendar year (not in excess of \$250,000 for 2012).
- d. Social Security Earnings Limit Lowest of: (1) of the Average Qualifying Salary, (2) the monthly average of the Social Security wage bases during the 35 calendar years ending with the calendar year before the year in which the employee reaches Social Security retirement age, assuming no change in the wage base after the calendar year of determination, or (3) the average of the lesser of Qualifying Salaries or Social Security wage bases in effect during the most recent completed 3 consecutive calendar years as an Eligible Employee.
- e. Pension Eligible Compensation Amount received during the year, including base salary, overtime, commissions and bonuses actually paid in each month.
- f. Social Security Average Social Security taxable wage base for 35 Covered Compensation calendar years ending in the current year.

<u>g.</u>	<u>Offset Percentage</u>	<u>Percentage</u>
<u>Year of Birth</u>		
	1937 & earlier	.480%
	1938 thru 1954	.455%
	1955 & later	.430%

3. Retirement Dates:

- | | | |
|----|---------------|---|
| a. | Normal | Last day of the month in which a participant attains age 65 or reaches 5th employment anniversary if later. |
| b. | Regular Early | Last day of the month after a participant attains age 55 and completes 10 years of vesting service, but prior to age 65. |
| c. | 60/20 | Any day after a participant attains age 60 and completes 20 years of credited service (including service credited under the Aerospace Hourly Sub-Plan), but prior to age 62. |
| d. | Rule of 85 | Any day after a participant attains age 55 with 85 "points" (i.e., the sum of age and credited service, including service credited under the Aerospace Hourly Sub-Plan, equals at least 85), but prior to age 62. |
| e. | Late | Any day after Normal Retirement Date, but not later than April 1 of the calendar year following the calendar year in which the employee attains age 70½. |
| f. | Disability | On total and permanent disability at any age after 10 years of vesting service. |

4. Retirement Benefits:

- | | | |
|----|--------|---|
| a. | Normal | Greatest of Regular Benefit, Minimum Benefit and Career Average Benefit PLUS New Career Average Benefit |
|----|--------|---|

Regular Benefit: Monthly benefit equal to i. plus ii. plus iii.:

- | | |
|------|--|
| i. | \$5.75 per year of pre-1984 Qualifying Employment (maximum 35 years) plus 1½% of Average Qualifying Salary up to \$2,333.33 per year of pre-1984 credited service (maximum 35 years) in excess of pre-1984 Qualifying Employment (maximum 35 years). |
| ii. | 1½% of Average Qualifying Salary in excess of \$566.67 per year of pre-1984 Qualifying Employment (maximum 35 years). |
| iii. | 1½% of Average Qualifying Salary minus Offset Percentage of Social Security Earnings Limit, per year of credited service up until February 29, 2012 in excess of pre-1984 credited service (maximum 35 years less pre-1984 credited service). |

Pre-1984 credited service in excess of Qualifying Employment is reduced for the 35-year service maximum before post-1983 credited service if so doing results in a greater benefit.

Minimum Benefit: 1½% of Average Qualifying Salary up to \$2,333.33 per year of credited service up until February 29, 2012 (maximum 35 years).

Career Average Benefit: Benefit accrued December 31, 1988 plus, for each year of credited service thereafter up until February 29, 2012, 1¾% of Qualifying Salary.

New Career Average Benefit: For each plan year with credited service beginning on March 1, 2012, one twelfth of the sum of 1% of the amount of Pension Eligible Compensation (PEC) up to the annual Social Security Covered Compensation ("SSCC"), plus 1.65% of the amount of PEC in excess of the annual SSCC. Generally, no additional benefits will be earned after completing 30 years of credited service, or if greater, credited service as of March 1, 2012 plus five years. (For each plan year in which the PEC is for less than 12 months, the annual SSCC is prorated).

Note that the Regular Benefit, Minimum Benefit and Career Average Benefit are frozen as of February 29, 2012 for active participants at February 29, 2012.

b. Regular Early

Lifetime Benefit: Benefit determined as for normal retirement, based on service and earnings to early retirement date, payable immediately with the following reductions:

- i. Participant with pre-1993 vesting service: Portion of benefit attributable to pre-2003 credited service is reduced 0.6% for each month by which benefit commencement precedes age 60. Portion of benefit attributable to the period 1/1/2003 to 12/1/2008 is reduced by 0.5% for each month by which benefit commencement precedes age 62. Balance of benefit is reduced by 0.25% for each month by which benefit commencement precedes age 65.
- ii. Participant without pre-1993 vesting service: Portion of benefit attributable to pre-12/1/2008 is reduced 0.5% for each month by which benefit commencement precedes age 62. Balance of benefit is reduced by 0.25% for each month by which benefit commencement precedes age 65.

c. 60/20

Lifetime Benefit: Benefit determined as for normal retirement, based on service and earnings to early retirement date, payable immediately with the following reductions:

- i. Participant with pre-1993 vesting service: Portion of benefit attributable to pre-2003 credited service is not reduced. Portion of benefit attributable to the period 1/1/2003 to 12/1/2008 is reduced by 0.5% for each month by which benefit commencement precedes age 62. Balance of benefit is reduced by 0.25% for each month by which benefit commencement precedes age 65.
- ii. Participant without pre-1993 vesting service: Portion of benefit attributable to pre-12/1/2008 is reduced 0.5% for each month by which benefit commencement precedes age 62. Balance of benefit is reduced by 0.25% for each month by which benefit commencement precedes age 65.

d. Rule of 85

Lifetime Benefit: Benefit determined as for normal retirement, based on service and earnings to early retirement date, payable immediately with the following reductions:

- i. Employee with pre-1993 vesting service: Portion of benefit attributable to pre-2003 credited service is not reduced. Portion of benefit attributable to the period 1/1/2003 to 12/1/2008 is reduced by 0.5% for each month by which benefit commencement precedes age 62. Balance of benefit is reduced by 0.25% for each month by which benefit commencement precedes age 65.
- ii. Employee without pre-1993 vesting service: Portion of benefit attributable to pre-12/1/2008 is reduced 0.5% for each month by which benefit commencement precedes age 62. Balance of benefit is reduced by 0.25% for each month by which benefit commencement precedes age 65.

Minimum Benefit: Greater of i. or ii., payable until the earlier of age 62 or death:

- i. \$1,600.

- ii. In the case of employee with pre-1993 vesting service, benefit determined as for normal retirement based on the Regular Benefit formula, based on service and earnings to early retirement date, without offset attributable to credited service after 12/31/83 and before 1/1/2003.
 - e. Late Benefit determined as for normal retirement, based on service and earnings to actual retirement date.
 - f. Disability Covered under the Teledyne disability plan.
 - g. Social Security Level Option For benefits accrual prior to July 1, 2009 and at employee election, retirement benefits payable before age 62 are increased and benefits payable after age 62 are decreased so that lifetime plan benefits plus Social Security benefits are approximately level.
- 5. Termination Benefits:** On termination of employment after 5 years of vesting service, an employee is entitled to a deferred vested benefit determined as for normal retirement, based on service and earnings to date of termination. The benefit is payable without reduction beginning at age 65, or with appropriate actuarial reduction from age 65 to any time after age 55 if the employee had at least 10 years of vesting service at termination. If a married former employee dies before benefits commence, the surviving spouse will receive a deferred benefit as if the former employee had survived to earliest retirement date, retired with the surviving spouse benefit in 7.b. below, and then died.
- 6. Death Benefits Before Retirement:**
- a. After 10 Years of Vesting Service On death of a married employee after 10 years of vesting service, the surviving spouse is entitled to an immediate lifetime benefit as if the employee had attained age 55, retired with the surviving spouse benefit in 7.b. below, and then died. In lieu of this lifetime benefit, the surviving spouse may elect to receive a lump-sum benefit equal to the greater of the present value of the lifetime benefit or one year's base salary at date of death.
 - b. After 5 Years But Less Than 10 Years of Vesting 10 years of vesting service, the surviving spouse is entitled to a deferred lifetime benefit as if the employee had survived to normal retirement age, retired with the surviving spouse benefit in 7.b. below, and then died.

7. Death Benefits After Retirement:**a. Surviving Spouse Benefit**

A married employee who does not elect another form of benefit payment will automatically receive a 50% Joint and Survivor benefit. On the employee's death, 50% of the reduced benefit will continue for the remaining lifetime of the surviving spouse.

8. Employee Contributions:

Not required or permitted.

9. Forms of payment:

Life Only (normal form if single)
 50% J&S (normal form if married)
 75% J&S, 100% J&S
 10 Year Certain and Life
 Mandatory lump sum if present value is under \$1,000.
 Optional lump sum if present value is \$1,000 or over but under \$10,000 subject to annual limitation.
 Optional lump sum if present value is \$10,000 or over but only available on or after participant's Early Retirement Date but no earlier than 4/1/2015 subject to annual limitation.
 Unlimited lump sum upon facility closing or sale.

Teledyne Technologies Incorporated		Summary of Qualified Pension Plan Provisions Section B	
Prior Plan Name	Eligibility for Plan Participation	Credited Service	Vesting Service
100 – Teledyne Salaried	If hired after 12/31/88, plan participation begins on the 1st day of the month on or following age 21 and 1 year of service [3.2] Participation does not start prior to plan adoption by company. (Adoption dates are listed in Section D.) [3.2] An employee hired for the first time on or after January 1, 2004 will not be eligible to participate in the plan. [3.4]	1/12th of a year of Credited Service is earned for each month or partial month of participation [1.18] For service prior to November 29, 1999, Credited Service is the Credited Service as defined under the prior plan provisions [1.18] No additional Credited Service will be earned for a participant who is rehired after January 1, 2004. [3.4]	1 year of Vesting Service is earned for each 365 days of employment [1.52] If rehired after January 1, 2004, Vesting Service will continue to accrue. [3.4]
300 – Teledyne P&M	Plan participation begins - on date of hire, if at least 1000 hours of service are completed in the 12-month period following date of hire [3.2] - on January 1st of the year in which 1000 hours are first worked, otherwise [no reference] Participation does not start prior to plan adoption by company. (Adoption dates are listed in Section D.) [3.2] Except as governed by Bargaining Agreements, an employee hired for the first time on or after January 1, 2004 will not be eligible to participate in the plan. [3.4]	1/12th of a year of Credited Service is earned for each month or partial month of participation [1.18] Except as governed by Bargaining Agreements, no additional Credit Service will be earned for a participant who rehires after January 1, 2004. [3.4]	1 year of Vesting Service is earned for each 365 days of employment [1.52] If rehired after January 1, 2004, Vesting Service will continue to accrue. [3.4]
001 - Continental Motors UAW	Plan participation begins - on date of hire, if at least 1000 hours of service are completed in the 12-month period following date of hire [3.2] - on January 1st of the year in which 1000 hours are first worked, otherwise [no reference] Except as governed by Bargaining Agreements, an employee hired for the first time on or after November 10, 2006 (Location 583) or February 21, 2007 (Location 579) will not be eligible to participate in the plan. [3.4]	1/10th of a year of Credited Service is earned for each 180 hours of service (or fraction thereof), rounded up to a 1/10th of a year [1.18(g)] 1 year of Credited Service is earned for each calendar year in which 1616 hours of service are worked [1.18(g)] Except as governed by Bargaining Agreements, no additional Credit Service will be earned for a participant who is rehired after November 10, 2006 (Location 583) or February 21, 2007 (Location 579) [3.4]	1 year of Vesting Service is earned for each calendar year in which 1000 hours of service are worked [1.52] If rehired after January 1, 2004, Vesting Service will continue to accrue. [3.4] Participants who were active and divested on April 19, 2011 continue to accrue vesting service until they retire for early retirement eligibility purposes.

Teledyne Technologies Incorporated		Summary of Qualified Pension Plan Provisions Section B	
Prior Plan Name	Eligibility for Plan Participation	Credited Service	Vesting Service
002 – Continental Motors Salaried	- If hired before 1/1/95, plan participation begins on date of hire, if at least 1000 hours of service or 1 year of Credited Service are completed in the 12-month period following date of hire - on January 1st of the year in which 1000 hours are first worked [3.2] If hired after 12/31/94, plan participation begins on the 1st day of the month on or following age 21 and 1 year of service [3.2] An employee hired for the first time on or after January 1, 2004 will not be eligible to participate in the plan. [3.4]	For service before 12/31/94: 1/10th of a year of Credited Service is earned for each 180 hours of service (or fraction thereof), rounded up to a 1/10th of a year [1.18(g)] 1 year of Credited Service is earned for each calendar year in which 1616 hours of service are worked [1.18(g)] For service after 12/31/94: 1/12th of a year of Credited Service is earned for each month or partial month of participation, rounded up to 1/12th of a year [1.18] No additional Credit Service will be earned for a participant who is rehired after January 1, 2004. [3.4]	1 year of Vesting Service is earned for each 365 days of employment [1.52] If rehired after January 1, 2004, Vesting Service will continue to accrue. [3.4]

Teledyne Technologies Incorporated		Summary of Qualified Pension Plan Provisions Section D
Prior Plan Name	Normal Retirement Benefit	Compensation
100 – Teledyne Salaried	Benefit = 1) + 2) + 3) 1) Years of Past Service x .015 x the minimum of \$650 or monthly compensation in effect on the May 1 prior to adoption (or January 1 prior to adoption if adoption is after May 1, 1977); some plans have a different past service benefit, as noted in Table A of this Section D 2) The greater of: • (0.01 x AMC up to Social Security Covered Compensation + 0.0165 x AMC in excess of SSCC) x years of Credited Service through 2/29/2012, up to 30 years • \$20 x years of Credited Service through 2/29/2012 if termination after 12/31/94 (\$14 if termination before 1/1/95) 3) Beginning 3/1/2012, for each plan year with Credited Service, the sum of 1% of Pension Eligible Compensation (PEC) up to the annual SSCC plus 1.65% of PEC in excess of SSCC, divided by 12. (For each plan year in which the PEC is for less than 12 months, the SSCC is prorated). No additional benefit will be earned after completing 30 years of Credited Service in aggregate for 1), 2) and 3) above. Note that 1) and 2) are frozen as of 2/29/2012 for active participants at 2/29/2012. [4.1(d)] Plan was contributory until 11/1/73. Participants may withdraw these contributions at any time, but in doing so will lose Credited Service and Past Service benefits prior to 11/1/73. [4.1(f)]	Average Monthly Compensation (AMC): Average over highest 60 consecutive months in the last 120 months ending on 2/29/2012. [1.7] Pension Eligible Compensation (PEC): Amount received during the year, including base salary, overtime, commissions and bonuses actually paid in each month.
300 - Teledyne P&M	Benefit = max (Basic Benefit, Minimum Benefit) Basic Benefit = Years of Credited Service x appropriate benefit level (see Table B of this Section D) Minimum Benefit = • \$5 x years of Credited Service on or before 12/31/77 + \$10 x years of Credited Service on or after 1/1/78 (if not subplan 323, 369, 372, 377 nor 400) • \$5 x years of Credited Service on or before 12/31/77 + \$10 x years of Credited Service between 1/1/78 and 12/31/97 + \$20 x years of Credited Service on or after 1/1/98 (if subplan 323, 369, 372, 377 or 400) [4.1(e)]

Teledyne Pension Plans Provisions for Teledyne Scientific

1. Effective Date:

- | | | |
|----|------------------|---|
| a. | Sub-Plan | October 10, 1945. |
| b. | Latest Amendment | The most recent amendment is effective January 1, 2015. The Plan was amended to allow unlimited lump sums on or after April 1, 2015 to retirement-eligible participants subject to annual limitation. |

2. Definitions:

- | | | |
|----|---|---|
| a. | Eligible Employee | Employees on the salary and weekly payrolls of the Teledyne Scientific Company. Effective September 15, 2006, no new hires will be eligible for the Plan. No additional credited service will be earned for a participant who is rehired after September 15, 2006. |
| b. | Qualifying Employment | Months of credited service during which basic monthly compensation exceeds \$566.67. |
| c. | Average Qualifying Salary | Highest average Qualifying Salary for 5 consecutive years out of the final 10 years of Qualifying Employment. Qualifying Salary is the basic monthly salary on January 1 including 1/12th of any lump sum merit awards and 1/12th of annual performance bonuses and annual incentive compensation during the preceding calendar year (not in excess of \$250,000 for 2012). |
| d. | Social Security Qualifying Salary, (2) the monthly average of the | Earnings Limit Lowest of: (1) of the Average Social Security wage bases during the 35 calendar years ending with the calendar year before the year in which the employee reaches Social Security retirement age, assuming no change in the wage base after the calendar year of determination, or (3) the average of the lesser of Qualifying Salaries or Social Security wage bases in effect during the most recent completed 3 consecutive calendar years as an Eligible Employee. |
| e. | Pension Eligible Compensation salary, overtime, commissions | Amount received during the year, including base and bonuses actually paid in each month. |
| f. | Social Security 35 Covered Compensation calendar years ending | Average Social Security taxable wage base for in the current year. |

g. <u>Offset Percentage</u> <u>Year of Birth</u>	<u>Percentage</u>
1937 & earlier	.480%
1938 thru 1954	.455%
1955 & later	.430%

3. Retirement Dates:

- | | | |
|----|---------------|---|
| a. | Normal | Last day of the month in which a participant attains age 65 or reaches 5th employment anniversary if later. |
| b. | Regular Early | Last day of the month after a participant attains age 55 and completes 10 years of vesting service, but prior to age 65. |
| c. | 60/20 | Any day after a participant attains age 60 and completes 20 years of credited service (including service credited under the Aerospace Hourly Sub-Plan), but prior to age 62. |
| d. | Rule of 85 | Any day after a participant attains age 55 with 85 "points" (i.e., the sum of age and credited service, including service credited under the Aerospace Hourly Sub-Plan, equals at least 85), but prior to age 62. |
| e. | Late | Any day after Normal Retirement Date, but not later than April 1 of the calendar year following the calendar year in which the employee attains age 70½. |
| f. | Disability | On total and permanent disability at any age after 10 years of vesting service. |

4. Retirement Benefits:

- | | | |
|----|--------|---|
| a. | Normal | Greatest of Regular Benefit, Minimum Benefit and Career Average Benefit PLUS New Career Average Benefit |
|----|--------|---|
- Regular Benefit: Monthly benefit equal to i. plus ii. plus iii.:
- | | |
|------|--|
| i. | \$5.75 per year of pre-1984 Qualifying Employment (maximum 35 years) plus 1½% of Average Qualifying Salary up to \$2,333.33 per year of pre-1984 credited service (maximum 35 years) in excess of pre-1984 Qualifying Employment (maximum 35 years). |
| ii. | 1½% of Average Qualifying Salary in excess of \$566.67 per year of pre-1984 Qualifying Employment (maximum 35 years). |
| iii. | 1½% of Average Qualifying Salary minus Offset Percentage of Social Security Earnings Limit, per year of credited service up until February 29, 2012 in excess of pre-1984 credited service (maximum 35 years less pre-1984 credited service). |

Pre-1984 credited service in excess of Qualifying Employment is reduced for the 35-year service maximum before post-1983 credited service if so doing results in a greater benefit.

Minimum Benefit: 1½% of Average Qualifying Salary up to \$2,333.33 per year of credited service up until February 29, 2012 (maximum 35 years).

Career Average Benefit: Benefit accrued December 31, 1988 plus, for each year of credited service thereafter up until February 29, 2012, 1¾% of Qualifying Salary.

New Career Average Benefit: For each plan year with credited service beginning on March 1, 2012, one twelfth of the sum of 1% of the amount of Pension Eligible Compensation (PEC) up to the annual Social Security Covered Compensation ("SSCC"), plus 1.65% of the amount of PEC in excess of the annual SSCC. Generally, no additional benefits will be earned after completing 30 years of credited service, or if greater, credited service as of March 1, 2012 plus five years. (For each plan year in which the PEC is for less than 12 months, the annual SSCC is prorated).

Note that the Regular Benefit, Minimum Benefit and Career Average Benefit are frozen as of February 29, 2012 for active participants at February 29, 2012.

b. Regular Early

Lifetime Benefit: Benefit determined as for normal retirement, based on service and earnings to early retirement date, payable immediately with the following reductions:

- i. Participant with pre-1993 vesting service: Portion of benefit attributable to pre-2003 credited service is reduced 0.6% for each month by which benefit commencement precedes age 60. Portion of benefit attributable to the period 1/1/2003 to 12/1/2008 is reduced by 0.5% for each month by which benefit commencement precedes age 62. Balance of benefit is reduced by 0.25% for each month by which benefit commencement precedes age 65.
- ii. Participant without pre-1993 vesting service: Portion of benefit attributable to pre-12/1/2008 is reduced 0.5% for each month by which benefit commencement precedes age 62. Balance of benefit is reduced by 0.25% for each month by which benefit commencement precedes age 65.

c. 60/20

Lifetime Benefit: Benefit determined as for normal retirement, based on service and earnings to early retirement date, payable immediately with the following reductions:

- i. Participant with pre-1993 vesting service: Portion of benefit attributable to pre-2003 credited service is not reduced. Portion of benefit attributable to the period 1/1/2003 to 12/1/2008 is reduced by 0.5% for each month by which benefit commencement precedes age 62. Balance of benefit is reduced by 0.25% for each month by which benefit commencement precedes age 65.
- ii. Participant without pre-1993 vesting service: Portion of benefit attributable to pre-12/1/2008 is reduced 0.5% for each month by which benefit commencement precedes age 62. Balance of benefit is reduced by 0.25% for each month by which benefit commencement precedes age 65.

d. Rule of 85

Lifetime Benefit: Benefit determined as for normal retirement, based on service and earnings to early retirement date, payable immediately with the following reductions:

- i. Employee with pre-1993 vesting service: Portion of benefit attributable to pre-2003 credited service is not reduced. Portion of benefit attributable to the period 1/1/2003 to 12/1/2008 is reduced by 0.5% for each month by which benefit commencement precedes age 62. Balance of benefit is reduced by 0.25% for each month by which benefit commencement precedes age 65.
- ii. Employee without pre-1993 vesting service: Portion of benefit attributable to pre-12/1/2008 is reduced 0.5% for each month by which benefit commencement precedes age 62. Balance of benefit is reduced by 0.25% for each month by which benefit commencement precedes age 65.

Minimum Benefit: Greater of i. or ii., payable until the earlier of age 62 or death:

- i. \$1,600.

- ii. In the case of employee with pre-1993 vesting service, benefit determined as for normal retirement based on the Regular Benefit formula, based on service and earnings to early retirement date, without offset attributable to credited service after 12/31/83 and before 1/1/2003.
 - e. Late Benefit determined as for normal retirement, based on service and earnings to actual retirement date.
 - f. Disability Covered under the Teledyne disability plan.
 - g. Social Security Level Option For benefits accrual prior to July 1, 2009 and at employee election, retirement benefits payable before age 62 are increased and benefits payable after age 62 are decreased so that lifetime plan benefits plus Social Security benefits are approximately level.
- 5. Termination Benefits:** On termination of employment after 5 years of vesting service, an employee is entitled to a deferred vested benefit determined as for normal retirement, based on service and earnings to date of termination. The benefit is payable without reduction beginning at age 65, or with appropriate actuarial reduction from age 65 to any time after age 55 if the employee had at least 10 years of vesting service at termination. If a married former employee dies before benefits commence, the surviving spouse will receive a deferred benefit as if the former employee had survived to earliest retirement date, retired with the surviving spouse benefit in 7.b. below, and then died.
- 6. Death Benefits Before Retirement:**
- a. After 10 Years of Vesting Service On death of a married employee after 10 years of vesting service, the surviving spouse is entitled to an immediate lifetime benefit as if the employee had attained age 55, retired with the surviving spouse benefit in 7.b. below, and then died. In lieu of this lifetime benefit, the surviving spouse may elect to receive a lump-sum benefit equal to the greater of the present value of the lifetime benefit or one year's base salary at date of death.
 - b. After 5 Years But Less Than 10 Years of Vesting 10 years of vesting service, the surviving spouse is entitled to a deferred lifetime benefit as if the employee had survived to normal retirement age, retired with the surviving spouse benefit in 7.b. below, and then died.

7. Death Benefits After Retirement:**a. Surviving Spouse Benefit**

A married employee who does not elect another form of benefit payment will automatically receive a 50% Joint and Survivor benefit. On the employee's death, 50% of the reduced benefit will continue for the remaining lifetime of the surviving spouse.

8. Employee Contributions:

Not required or permitted.

9. Forms of payment:

Life Only (normal form if single)
 50% J&S (normal form if married)
 75% J&S, 100% J&S
 10 Year Certain and Life
 Mandatory lump sum if present value is under \$1,000.
 Optional lump sum if present value is \$1,000 or over but under \$10,000 subject to annual limitation.
 Optional lump sum if present value is \$10,000 or over but only available on or after participant's Early Retirement Date but no earlier than 4/1/2015 subject to annual limitation.
 Unlimited lump sum upon facility closing or sale.
