INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Employees' Retirement Plan of Gaylord Hospital, Inc.
Wallingford, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Employees' Retirement Plan of Gaylord Hospital, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the statement of accumulated plan benefits as of December 31, 2023, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEES' RETIREMENT PLAN OF GAYLORD HOSPITAL, INC.
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Employees' Retirement Plan of Gaylord Hospital, Inc. (the Plan) is provided for only general information. Participants should refer to the Plan agreement for a more complete information.

General: The Plan is a frozen noncontributory defined benefit plan covering substantially all employees of Gaylord Hospital, Inc. (the Hospital) who completed one year of service and attained the age of 21 prior to October 31, 2004. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In 2004, the Board of Directors of the Hospital approved an amendment to the Plan, which froze benefits earned under the Plan effective October 31, 2004. No employees are eligible or can commence participation in the Plan after October 31, 2004, and no additional benefits will be earned or accrued after October 31, 2004.

On March 18, 2025, the Hospital voted and approved to terminate the Plan effective June 30, 2025. Refer to Note 11 for more information.

Pension Benefits: Employees with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to 1.6% of average annual compensation times years of service (not to exceed 30), plus 0.4% of average annual compensation in excess of \$21,875 times years of service (not to exceed 30). No compensation earned by a participant for service rendered after October 31, 2004, is included in a participant's average annual compensation utilized to calculate pension benefits. The Plan permits early retirement for participants with at least ten years of service at ages 55 to 64. If employees terminate before rendering five years of service, they forfeit the right to receive a portion of their accumulated plan benefits attributable to the Hospital's contributions. Employees may elect to receive the value of their accumulated plan benefits as a lump-sum distribution upon retirement or termination, or they may elect to receive their benefits as a joint and survivor annuity payable monthly from retirement.

Death and Disability Benefits: Death benefits are provided for a surviving spouse or beneficiary upon death of an active or terminated participant who dies after attaining eligibility and prior to receiving retirement benefits. Participants retiring from service with the Hospital on account of permanent disability, after having been credited with at least ten years of service and remaining disabled until normal retirement date, are fully vested and entitled to receive a monthly pension benefit payable immediately. The disability benefit shall be an amount equal to the participant's accrued benefit as of his or her disability date.

Administrative Expenses: The Plan's recordkeeping and custodial fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the net appreciation (depreciation) in fair value of investments reported by the Plan. All other expenses of the Plan are paid by the Hospital.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

(Continued)

EMPLOYEES' RETIREMENT PLAN OF GAYLORD HOSPITAL, INC.
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments: Benefit are recorded when paid.

Risks and Uncertainties: Investments are exposed to various risks such as interest rate, market, liquidity, and risks pertaining to global events. Due to the level of risk associated with certain Plan investments, it is at least reasonably possible that changes in the values of certain Plan investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information derived as complete and accurate by State Street Bank and Trust Company (State Street), the trustee of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

(Continued)

EMPLOYEES' RETIREMENT PLAN OF GAYLORD HOSPITAL, INC.
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

<u>2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>26,185,436</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>26,185,436</u>
<u>2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>22,069,179</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>22,069,179</u>

NOTE 5 - FUNDING POLICY

Employer contributions to the Plan are made in amounts approved by the Hospital's Board of Directors. Such contribution amounts must adhere to or exceed the minimum funding requirements under ERISA, as determined by the Plan's actuary. The Hospital's contributions to the Plan for the years ended December 31, 2024 and 2023 satisfied the minimum funding requirements of ERISA. Participant contributions are not permitted under the Plan.

NOTE 6 - PLAN TERMINATION

Subsequent to December 31, 2024, the Hospital has voted and approved to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event the Plan terminates, the net assets of the Plan will be allocated among the participants and beneficiaries of the Plan in the order provided by ERISA. Refer to Note 11 for more information.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

(Continued)

EMPLOYEES' RETIREMENT PLAN OF GAYLORD HOSPITAL, INC.
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 6 - PLAN TERMINATION (Continued)

Whether all participants receive their benefits upon Plan termination will depend on the sufficiency of the Plan's net assets to provide those benefits and may also depend on the financial condition of the Hospital and the level of benefits guaranteed by the PBGC.

NOTE 7 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented (valuation date). Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from the Transamerica Retirement Solutions Company and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of December 31, 2023, were as follows:

Mortality: Pri-2012 mortality tables projected with MP-2021 improvement scale.

Retirement age: Graded from age 58 to 70

Investment return: The 2023 valuation included assumed an average rate of return of 6.0%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The valuation of Plan benefits as of December 31, 2024, are unaudited as of issuance. Refer to Note 9.

NOTE 8 - PLAN TAX STATUS

The Internal Revenue Service has determined and informed the Hospital by a letter dated July 24, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Subsequent to year-end, the Hospital voted and approved to terminate the Plan effective June 30, 2025. Plan management issued a Notice of Intent Letter to all participants (active, terminated vested, and retired) and the IRS on April 15, 2025. The Plan has not yet received acknowledgement from the IRS or any updated determination letter as of the date of the issued financial statements.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 8 - PLAN TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 9 - DECEMBER 31, 2024, ACTUARIAL VALUATION (UNAUDITED)

The December 31, 2024, actuarial valuation was completed prior to the release of the financial statements. A summary of the actuarial valuation information provided by the plan's actuary, which has not been audited by independent accountants, is provided below for informational purposes.

The actuarial present value of accumulated plan benefits as of December 31, 2024, is as follows:

Vested benefits	
Participants currently receiving payments	\$ 14,325,334
Terminated vested and active participants	<u>13,088,446</u>
Total vested benefits	27,413,780
Nonvested benefits	<u>-</u>
Actuarial present value of accumulated benefits	<u>\$ 27,413,780</u>

The change in actuarial present value of accumulated plan benefits for the year ended December 31, 2024, consists of the following:

Actuarial present value of accumulated benefits, beginning of year	\$ 25,966,567
(Decrease) increase during the year attributable to:	
Change in actuarial assumptions	2,386,709
Benefits accumulated and actuarial experience	316,603
Interest accumulated	1,477,190
Benefits paid	<u>(2,733,289)</u>
Net increase	<u>1,447,213</u>
Actuarial present value of accumulated benefits, end of year	<u>\$ 27,413,780</u>

NOTE 10 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the plan, any party rendering service to the plan, the employer, and certain others. Amounts paid by the Plan to parties in interest included fees paid for recordkeeping and custodial services. Certain professional fees for the administration and audit of the Plan were paid by the Hospital. Various administrative functions are performed by officers or employees of the Hospital. No such officer or employee receives compensation from the Plan.

NOTE 11 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 13, 2025, which is the date the financial statements were available to be issued.

On March 18, 2025, the Hospital voted to terminate the Plan effective June 30, 2025. Plan management issued a Notice of Intent Letter to all participants (active, terminated vested, and retired) and the IRS on April 15, 2025. The Plan has complied with all statutory requirements surrounding Plan termination and has not yet received acknowledgement from the IRS and the PBGC through the date of the issued financial statements. Plan assets are not anticipated to be liquidated until the 1st quarter of 2026.

A ACTUARIAL COST METHOD

The actuarial cost method used to determine the target normal cost, target liability and required contribution amounts for the plan is the Traditional Unit Credit Actuarial Cost Method. Under this method, both the target normal cost and target liability are based on the annual accrual of benefits as accruals occur each year.

The target liability for each active plan participant is equal to the actuarial present value of the participant's accrued benefit as of the valuation date. The total target liability of the plan is equal to the sum of such liabilities as determined for each active participant plus the actuarial present value of benefits being paid, or due to be paid, to retirees, beneficiaries and former participants with deferred vested benefits.

The target normal cost for each active participant is equal to the actuarial present value of the benefit expected to be earned during the year starting on the valuation date. The total target normal cost of the plan is the sum of the target normal costs for each active plan participant.

All employees who are plan participants on a valuation date are included in the actuarial valuation.

B ASSET VALUATION METHOD

The actuarial value of assets is equal to the market value of assets on the valuation date reduced by the sum of:

1. 66.67% of gains and losses of the prior year;
2. 33.33% of gains and losses of the second prior year.

Investment gains and losses are determined by the excess or deficiency of the expected return over the actual return on the market value (including employer contributions receivable for any given year). However, the expected return on assets may be limited by certain statutory interest rates.

The actuarial valuation of assets is further constrained to be not less than 90% or more than 110% of market value (including employer contributions receivable).

C INTEREST RATE METHODS

Target Liability Interest Rates

Segment rates for September prior to the valuation date as adjusted in accordance with Code Section 430(h)(2)(C)(iv) including the amendments made by the American Rescue Plan Act of 2021.

PBGC Interest Rates

Based on the standard premium funding target (effective January 1, 2024) and the PBGC segment interest rates in accordance with ERISA Section 4006.4(b)(2) (previously, alternative premium funding target and the Target Liability Interest Rates). The Plan is eligible to switch methods in 2029.

1st Segment 5.01%

2nd Segment 5.13%

3rd Segment 5.15%

Effective Rate 5.13%

Expected Return on Assets/
ASC 960-20 Interest Rate

6.00%

D ACTUARIAL ASSUMPTIONS

Pre- and Post-Retirement Mortality

Funding: Generational Mortality Tables in accordance with 1.430(h)(3)-1 for the valuation year.

Accounting (ASC 960-20): PRI-2012 Employee Tables with the Retiree and Contingent Survivor Tables for annuitants projected forward with Scale MP-2021.

Salary Increases

Not Applicable.

IRC Maximum Benefit and
Compensation Limitations

Benefit Limit

\$275,000 for 2024 (previously, \$265,000).

D ACTUARIAL ASSUMPTIONS (cont'd)

Withdrawal Rates

Sample probabilities are as follows:

<u>Age</u>	<u>Rate</u>
25	14.3%
40	6.8%
54	3.9%
55	0.0%

Disability Rates

None assumed.

Retirement Age

Probabilities of retirements from active status are as follows:

<u>Age</u>	<u>Rate</u>
58-61	3.0%
62	7.5%
63	2.5%
64	7.5%
65	80.0%
66	20.0%
67-69	15.0%
70	100.0%

Terminated vested participants are assumed to retire at age 65.

Lump Sum Conversion

Under PPA, it is assumed that future lump sum distributions are determined using the target liability rates and the 417(e) applicable mortality table. For ASC 960-20, an interest rate of 5.85% (previously, 5.35%) and the 417(e) applicable mortality tables were used.

Form of Payment

It has been assumed that 40% of participants will elect a lump sum and 60% will elect an annuity upon retirement.

Marital Assumption

It has been assumed that 85% of all active participants are married. Husbands are assumed to be three years older than their wives. No dependents are assumed for non-married participants.

Plan Expenses

\$140,000 (previously, \$360,000).

Early Retirement

Eligible at age 55 with 10 years of service. The Early Retirement Benefit is the accrued Normal Retirement Benefit reduced 0.5% for each month that commencement precedes the first of the month coinciding with or next following the participant reaching age 62.

Late Retirement Benefit

Greater of Accrued Benefit as of Late Retirement Date or actuarially increased Normal Retirement Benefit.

Vesting

A participant becomes 100% vested upon completion of five years of service.

Pre-Retirement Death Benefit

The surviving spouse becomes eligible upon the death of an employee or former employee who completed 5 or more years of Vesting Service. If the participant is unmarried with dependents, dependents receive the value of any benefits as if the participant was married with a spouse of the same age as the participant.

The surviving spouse will receive the benefit that would have been paid if the employee or former employee had retired on the day prior to his death and had elected a 50% Joint & Survivor option. Benefits to surviving spouses of employees or former employees who have died prior to age 55 will be deferred to the date the decedent would have turned age 55. In addition, surviving spouses of terminated vested participants are also entitled to the lump sum value of the vested benefit less the value of any survivor benefit mentioned above.

Disability Retirement

Eligible if disability is permanent and total. Accrued Benefit as of date of disability first payable upon Normal Retirement eligibility.

Form of Payment

The normal form of payment is a life only benefit for single employees and a 50% Joint & Survivor benefit for married employees. Optional forms include life annuity, 100%, 75%, 67% or 50% Joint and Survivor benefit, a life annuity guaranteed for the first 10 years, Social Security level income or lump sum. Automatic lump sums are payable immediately, without participant or spousal consent, if the present value is \$1,000 or less.

Lump sums and the Social Security level income option are determined on an actuarial equivalent basis using the 417(e) applicable mortality and interest rates. Other optional forms of payment are determined by tabular factors as defined in the plan document.

Sample Factors:

Age of Beneficiary	50% J&S	67% J&S	75% J&S	100% J&S	10 C&C
