## INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of  
TBI Airport Management, Inc. Employee Savings Plan  
Atlanta, Georgia

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TBI Airport Management, Inc. Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) at December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## TBI AIRPORT MANAGEMENT, INC. EMPLOYEE SAVINGS PLAN

Notes to Financial Statements  
December 31, 2024 and 2023

---

### NOTE 1. DESCRIPTION OF THE PLAN

The following is a brief description of the TBI Airport Management, Inc. (the Employer) Employee Savings Plan (the Plan) provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

**General:** The Plan was established in December 1965 and has been amended from time to time thereafter. Effective January 1, 2001, the Airport Group International, Inc.'s Board of Directors approved an amendment to change the Plan name to TBI (U.S.), Inc. Salaried Employee Savings Plan.

Effective May 17, 2004, the TBI (U.S.), Inc. Salaried Employee Savings Plan was separated into two distinct plans. The two plans are the TBI (U.S.), Inc. Salaried Employee Savings Plan and the TBI Airport Management, Inc. Salaried Employee Savings Plan, which was created to represent the salaried employees of TBI Airport Management, Inc. On January 1, 2007, the Plan was renamed, the TBI Airport Management, Inc. Employee Savings Plan for the purpose of consolidating the Plan and the TBI Airport Management, Inc. Hourly Employee Savings Plan (Hourly Plan) into one plan. On April 2, 2007, the Hourly Plan was merged into the Plan, and all assets of the Hourly Plan were transferred into the Plan.

The Plan is a defined contribution plan covering all eligible employees of the Employer and was organized to facilitate savings for retirement by employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2007, each employee is eligible for Plan participation upon date of hire. Participants may select from various funds in which contributions made by them or on their behalf by the Employer will be invested.

The Plan was most currently restated effective July 31, 2022.

**Contributions:** A participant is permitted to contribute to the Plan up to 100% of pay, subject to limitations under the Internal Revenue Code (IRC) through payroll deductions, as pre-tax compensation deferrals and effective April 1, 2011 after-tax Roth contributions were allowed by the Plan. Effective July 1, 2016, the Plan was amended to include automatic enrollment provisions for new eligible participants with a Plan entry date on or after the effective date. The automatic deferral rate is fixed at an annual rate of 3%. The maximum participant deferral limit was \$23,000 and \$22,500 for the years ended December 31, 2024 and 2023. Catch-up contributions of \$7,500 were available to participants who had attained age 50 or older by December 31, and had not exceeded Internal Revenue Service (IRS) pretax dollar contribution limits for the Plan year.

### NOTE 1. DESCRIPTION OF THE PLAN (Continued)

**Contributions (continued):** The Employer contributes to the Plan, on behalf of each participant who completes six months of service, an amount equal to 50% of the employee contributions up to a maximum of 8% of the employee's compensation for the period during which the elective deferrals are made, as defined in the Plan Agreement. The Employer also contributes, on behalf of each salaried participant, effective the date of hire, 2.5% of such participant's compensation and effective September 1, 2012, a 2% or 2.5% Employer contribution to certain hourly employees. All contributions are held in trust and invested by the Plan's trustee in accordance with the option or options elected by the participant.

**Participant Accounts:** Each participant's account is credited or charged with the participant's contributions and allocations of (a) the Employer's contributions and (b) the Plan's earnings or losses, less investment management and transaction processing expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are immediately vested in their contributions. Vesting in the Employer's plus actual earnings thereon are based on years of service, and is as follows:

Years of Service	Vested Percentage
Less than 2	0%
2 years but less than 3	25%
3 years but less than 4	50%
4 years but less than 5	75%
5 or more	100%

Notwithstanding the above, full vesting occurs when a participant terminates employment as a result of normal retirement, disability, death, or is laid off for a period of time, or joins the United States Armed Forces.

**Notes Receivable from Participants:** The Plan allows participants to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants bear a reasonable fixed rate of interest comparable to the fixed interest rates charged by commercial lenders. Notes receivable are secured by the vested balance in the participant's account. Principal and interest are paid ratably through payroll deductions or participants' own personal funds over a term not to exceed five years or extend beyond the participant's normal retirement.

**Forfeitures:** Forfeitures as a result of a participant's termination prior to vesting are used to reduce subsequent contributions by the Employer. Employer used approximately \$229,000 and \$71,600 of forfeitures to reduce matching contributions for the years ended December 31, 2024 and 2023, respectively. The balance remaining in the forfeiture account was approximately \$14,300 and \$11,400 at December 31, 2024 and 2023, respectively.

### NOTE 1. DESCRIPTION OF THE PLAN (Continued)

**Distributions:** Upon retirement, death, disability or other termination of employment, a participant or beneficiary is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions are allowed when a participant has either attained age 59-1/2 or has experienced a financial hardship as defined by the IRC. Such withdrawals are subject to applicable excise and income taxes and could only be made with the approval of the Plan Administrator. Account balances of \$1,000 or less can be distributed whether or not requested.

### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting:** The financial statements of the Plan are prepared under the accrual basis of accounting.

**Use of Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Recognition of Income (loss):** The Plan's investments are reported at fair value at the measurement date. Investments in collective trust funds are valued at the net asset value (NAV) as reported by the trustee, which is based on the fair value of the underlying assets of the fund. The Plan's investment in the collective trust fund includes indirect exposure to fully benefit-responsive investment contracts, which are reported at fair value using NAV as a practical expedient.

Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) of those investments.

The Plan invests in a collective trust fund that, in turn, invests in fully benefit-responsive investment contracts, including both traditional and synthetic investment contracts. These contracts are designed to provide participants with a stable value investment option by preserving principal and providing a fixed or variable interest crediting rate. The collective trust fund's investment contracts are issued by insurance companies and banks and are backed by the assets of the fund. The contracts are structured to ensure that participant-initiated withdrawals are paid at contract value, provided certain conditions are met.

Because the Plan's investment in the collective trust fund is reported at fair value using NAV, and the underlying fully benefit-responsive investment contracts are not held directly by the Plan, a reconciliation of contract value to fair value is not presented in the Plan's financial statements. The collective trust fund's financial statements include such a reconciliation, and the NAV as reported by the trustee reflects the fair value of the Plan's interest in the fund.

The Plan's investment in the collective trust fund is not subject to participant-level restrictions on redemption. However, the collective trust fund itself may impose certain restrictions on redemptions by the Plan, such as advance notice requirements or limitations in the event of significant withdrawals. The fair value of the Plan's investment in the collective trust fund does not differ materially from its contract value as of the reporting date.

---

### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Valuation of Notes Receivable from Participants:** Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

**Payment of Benefits:** Benefits are recorded when paid.

### NOTE 3. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds and a stable value fund. Investment securities within these options are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statements of changes in net assets available for benefits.

The ability of the Plan to transact at contract value with the collective trust fund may be limited by certain events. These events include, but are not limited to, termination of the contracts before their stated maturity date, plan termination, significant layoffs, plant closings, bankruptcy, mergers, or early retirement incentives. The occurrence of any of these events may result in payments to participants at amounts different from contract value. The Plan administrator believes that the occurrence of such events that would limit the ability to transact at contract value is not probable

### NOTE 4. CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income, notes receivable from participants and the schedule of assets held at end of year have been derived from information certified as complete and accurate in accordance with Section 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA by Principal Trust Company (Principal), the Plan trustee as of December 31, 2024 and 2023, and during the years then ended.

### NOTE 5. RELATED-PARTY TRANSACTIONS

The Plan allows for transactions with parties who perform services or have fiduciary responsibilities to the Plan. The Plan paid administrative fees to Principal for the periods covered in Note 4 above. These transactions qualify as party-in-interest transactions to which statutory exemptions apply.

### NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their Employer contributions.

### **NOTE 7. TAX STATUS**

The plan document adopted by the Plan under a prototype non-standardized program received an opinion letter from the IRS on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan management has analyzed tax positions taken by the Plan and concluded that, as of December 31, 2024, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2021.

### **NOTE 8. EXCESS CONTRIBUTIONS**

The Plan is subject to certain nondiscrimination requirements under the Internal Revenue Code, including the Actual Deferral Percentage (ADP) and Actual Contribution Percentage (ACP) tests. If the Plan fails these tests for a given year, excess contributions and/or excess aggregate contributions made by or on behalf of highly compensated employees are refunded to those employees, along with allocable investment earnings or losses, in accordance with IRS regulations. The Plan's policy is to identify and refund any excess contributions as soon as administratively feasible after the end of the plan year, and in all cases within the timeframes required by law. The refunds are reported as corrective distributions on Form 1099-R for the year in which the distribution occurred.

For the year ended December 31, 2024, the Plan identified excess contributions totaling \$14,485. These amounts were refunded to affected participants in May 2025, prior to the filing deadline for the Plan's Form 5500.

For the year ended December 31, 2023, the Plan made the contribution repayments of approximately \$5,100 to certain active participants after issuance of 2023 financial statements. Such excess contributions refunds were recorded as distributions for the year ended December 31, 2024.

### NOTE 9. FAIR VALUE MEASUREMENTS

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1* Observable quoted prices in active markets for identical assets and liabilities.
- Level 2* Observable quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3* Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

The following methods and assumptions were used to estimate the fair value of each class of assets that are recognized at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023:

*Mutual Funds:* Valued at the closing price reported on the active market, which represents the net asset value of shares held by the Plan.

*Stable Value Collective Trust Fund:* The Plan invests in the Reliance Trust Stable Value Fund, MetLife Series 25157 (the "Stable Value Fund"). The Stable Value Fund invests entirely in the MetLife Group Annuity Contract 25157 that is fully benefit responsive, and consists of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the Stable Value Fund to maintain a constant net asset value. The Stable Value Fund is valued at net asset value, which is used as a practical expedient for fair value. The use of net asset value as fair value is deemed appropriate as there are no imposed redemption restrictions, and the Plan does not have any contractual obligations to further invest in the Stable Value Fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### NOTE 9. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value based on summarized investment categories at December 31:

	2024 Fair Value Measurements Using			Total
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Assets in fair value hierarchy				
Mutual funds	<u>\$32,248,574</u>	<u>\$ --</u>	<u>\$ --</u>	\$ 32,248,574

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024, and 2023, respectively. There are no participant redemption restrictions for these investments. However, if the Plan were to remove this investment option, it would receive the lesser of the Plan contract value or Plan market value.
