INDEPENDENT AUDITOR'S REPORT

To the Board of Directors, Plan Administrator,
Trustees, and Management of
Engineered Machined Products, Inc.
Employees Salary Deferral Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Engineered Machined Products, Inc. Employees Salary Deferral Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Engineered Machined Products, Inc. Employees Salary Deferral Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of

the Financial Statements section of our report. We are required to be independent of Engineered Machined Products, Inc. Employees Salary Deferral Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Engineered Machined Products, Inc. Employees Salary Deferral Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Engineered Machined Products, Inc. Employees Salary Deferral Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Engineered Machined Products, Inc. Employees Salary Deferral Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule, *Schedule H, Line 4i – Schedule of Assets (Held at End of Year)* as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN

The following description of the Engineered Machined Products, Inc. Employees Salary Deferral Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all eligible employees of Engineered Machined Products, Inc. (“Employer”). Eligible employees are employees whose employment is not governed by a collective bargaining agreement, have 30 days of service and have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established July 1, 1993. The trustees oversee governance of the Plan. The Plan’s investment committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s trustees.

Contributions – Participants may contribute to the Plan by means of a wage deferral agreement. They may defer, any dollar amount or percentage, up to the maximum amount permitted by the Secretary of Treasury, \$23,000 for 2024 and \$22,500 for 2023, with an additional catch-up amount of \$7,500 for 2024 and 2023 for individuals aged 50 and over. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The employer shall make discretionary matching contributions, which shall be determined by multiplying each active participant’s eligible compensation by a percentage to be determined by the employer, which was fifty percent of employee deferrals, not to exceed five percent of compensation for 2024 and 2023. Contributions are subject to certain limitations. The employer may also make discretionary non-elective contributions; none were made in 2024 and 2023. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation which is invested in a designated balanced fund until changed by the participant.

Participant Accounts – Each participant’s account is credited with the participant’s contribution, the corresponding Employer’s match, the discretionary match, and Plan earnings. Participants designate the investment options into which contributions are allocated. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants have the choice of investing contributions on a pre-tax or post-tax Roth basis for each investment option.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN (continued)

Vesting – Participants are immediately vested in their deferral contributions plus actual earnings thereon. Vesting in the Employer’s matching contribution and the non-elective contribution portions of their accounts plus actual earnings thereon is based on years of continuous service. Participants will earn a year of service for eligibility purposes if they are credited with 1,000 hours in the vesting service computation period. The vesting service computation period is the plan year. Participants will be vested as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1 year	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 but less than 6	100%
6 or more	100%

Investment Options – Upon enrollment in the Plan, a participant may direct employee and employer contributions among various investment options offered by the Plan. Participants may redirect their investment options any time via the telephone or internet directly with the recordkeeper.

Notes Receivable from Participants – Participant loans are not permitted.

Excess Contributions Payable – Excess contributions are recorded as accounts payable, with a corresponding reduction to the employer contributions for the respective year. Excess contributions are required to be returned by March 15th of the following Plan year. There were no amounts payable to the plan sponsor for excess contributions for the year ended December 31, 2024 or 2023.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either the entire value of his or her account as a lump-sum distribution of cash or installments over a period not to exceed the participant’s and his or her beneficiaries’ life expectancy. For termination of service due to other reasons, a participant may request from the Employer the value of the vested interest in his or her account. Hardship withdrawals are permitted from the participant’s contributions subject to the IRS safe harbor provision of immediate and heavy financial need.

December 31, 2024 and 2023

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Forfeited Accounts – The balance in the forfeiture account at December 31, 2024 and 2023 was \$0 and \$0, respectively. Forfeitures are used to reduce the employer’s matching contributions under the Plan. In 2024 and 2023, 21,544 and \$18,709, respectively, were used to offset employer contributions.

Plan Expenses – The Plan’s expenses are paid either by the Plan or the employer, as provided by the Plan document. Expenses paid directly by the employer are excluded from these financial statements. Fees for services provided by the recordkeeper and investment advisory services to participants are paid by the Plan and are listed in the statement of activities. Expenses paid by the employer include, but are not limited to, necessary professional assistance from an attorney, accountant, or investment advisor.

Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting.

Payment of Benefits – Benefits are recorded when paid.

Fair Value Determination – As described in FASB ASC 962-325, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The plan invested in mutual funds through Pooled Separate Accounts under a group annuity contract. The group annuity contract is not “fully-benefit responsive” as defined by FASB ASC 962-325. Therefore, for financial statement purposes, these contracts are carried at fair value. The Statement of Changes in Net Assets Available for Benefits is also prepared on a fair value basis.

Investment Valuation and Income Recognition - The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s interest in the group annuity contract is based on the fair value of the group annuity contract’s underlying investments as based on information reported by the investment advisor using the audited financial statements of the group annuity contract at year-end.

ENGINEERED MACHINED PRODUCTS, INC.
EMPLOYEES SALARY DEFERRAL PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded at the sub-account level and is not applicable to the group annuity contract holdings and are, therefore, not recorded at the participant level. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Date of Management's Review – Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 15, 2025, which is the date the financial statements were available to be issued.

NOTE C – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE D – INCOME TAX STATUS

On June 30, 2020, the IRS stated that the prototype plan adopted by the Plan, as then designed, was in compliance with the applicable sections of the IRC. Although the Plan has been amended since receiving this opinion letter, the plan administrators and the prototype plan provider believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt. As such, no provision for income taxes has been included in the Plan's financial statements.

NOTE E – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE F – INFORMATION PREPARED AND CERTIFIED BY RECORDKEEPER

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by John Hancock Life Insurance Company (John Hancock, USA), the recordkeeper of the plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

	<u>2024</u>	<u>2023</u>
Investments, at fair value:		
Shares of pooled separate accounts	\$ 36,011,601	\$ 35,973,321
Investment income (loss)	\$ 5,308,237	\$ 5,716,851

NOTE G – INVESTMENT CONTRACT WITH INSURANCE COMPANY

On October 1, 2010, the Plan entered into a non benefit-responsive group annuity contract with John Hancock Life Insurance Company (John Hancock, USA). Contributions under the contract are allocated to sub-accounts which invest solely in shares of an underlying mutual fund. These sub-accounts offer investment options that invest in mutual funds managed by unaffiliated mutual fund companies or mutual funds managed by John Hancock Investment Management Services, LLC and sub-advised by MFC Global Investment Management or unaffiliated third parties.

As described in Note B, the John Hancock, USA group annuity contract is not fully benefit-responsive, because contract provisions allow that certain transactions, depending on the investment options chosen by the participant, the withdrawal amount, and the reason for the withdrawal, may be subject to a market value adjustment at withdrawal. Therefore, for financial statement purposes, these contracts must be carried at fair value.

Under the terms of the contract, “benefit” means any payment to which a participant becomes entitled under the terms of the Plan by reason of death, disability, retirement, termination of employment, or in-service withdrawals as permitted by the Plan in effect as of the effective date of the contract.

FASB ASC 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has access to and have the highest priority, Level 2 consists of inputs other than quoted prices that are directly or indirectly observable for the asset, and Level 3 inputs are unobservable inputs for the asset, and thus have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan measures fair value using Level 1 inputs for the shares of the pooled separate accounts because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the plan.

The fair value of the plan’s shares in pooled accounts is based upon quoted share prices of the underlying mutual fund shares held by the pooled account. The pooled accounts value, as determined by the fair value of the underlying mutual fund shares, is allocated by John Hancock, USA into units of the pooled account. As dividends are received from the underlying mutual funds, the dividends are reinvested into additional shares of the mutual fund. Similarly, administrative maintenance fees are paid by selling sufficient shares of the respective underlying mutual fund. The charges reduce the price per unit of the sub-account. By reducing the unit price, the cost is effectively allocated among all participants, according to the units each hold. Therefore, the unit value of the John Hancock, USA sub-accounts differ from the share value of the underlying mutual fund, yet the fair value of the sub-account is directly determined by the quoted market prices of the underlying shares of the respective mutual fund.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE H – FAIR VALUE MEASUREMENTS (continued)

Level 1 Fair Value Measurements

The fair value of shares of pooled separate accounts, mutual funds and common/collective trusts are based on quoted net asset values of the shares held by the Plan at year-end.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023 are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2, and into and out of Level 3, as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2024 and 2023, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE I – ERISA BOND REQUIREMENT

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the plan year or \$500,000. At December 31, 2024 and 2023, the Plan's sponsor maintained bond coverage in the amount of \$500,000 each year.

NOTE J – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by John Hancock, the recordkeeper of the Plan. Investments with parties-in-interest are indicated on the supplementary Schedule of Assets Held at the End of the Year. Fees paid by the Plan to the recordkeeper for contract administration were \$67,001 and \$60,667 for the years ended December 31, 2024 and 2023, respectively. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
