REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Participants and Plan Administrator of
The Annie E. Casey Foundation Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Annie E. Casey Foundation Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included

in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE ANNIE E. CASEY FOUNDATION RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following brief description of The Annie E. Casey Foundation Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was adopted effective January 1, 1997 and amended and restated effective January 1, 2016, is an employer contribution plan under Section 401(a) of the Internal Revenue Code of 1986 (the Code) covering all eligible employees of The Annie E. Casey Foundation (the Foundation) as defined by the Plan. The Plan has no age or service requirement for employees who are scheduled to complete at least 1,000 hours of service during the twelve-month period beginning on their date of hire. Employees who are not expected to complete at least 1,000 hours of service during the twelve-month period beginning on their date of hire will become eligible to participate on January 1st or July 1st after they complete 1,000 hours of service in a twelve month period.

The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974. The Plan is sponsored by the Foundation. The Plan excludes from participation independent contractors, any person who serves only as a Director, those employees whose compensation is governed by a collective bargaining agreement, interns, and per diem employees.

Recent Legislation

The Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 was signed into the 2023 Consolidations Appropriations Act under the Securing a Strong Retirement Act on December 29, 2022, with retirement provisions designed to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and lower employers' cost of offering and funding retirement plans. The Plan's management and those charged with governance have a policy to incorporate these legislative changes in its Plan document by the prescribed deadlines.

Contributions

Contributions to the Plan by the Foundation are discretionary and determined by the Retirement Committee on an annual basis. Participants are credited a percentage of their eligible compensation in accordance with the Plan document as follows: 1) all eligible participants will receive 5% of their eligible compensation; 2) participants who have reached one year of benefit accrual service will be credited an additional 5%; and 3) participants who have reached two years of benefit accrual service will be credited an additional 2%.

THE ANNIE E. CASEY FOUNDATION RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

A Fourth Amendment to the Plan was adopted on January 1, 2024 to change the methodology to determine the increased employer contribution for certain participants. The employer contribution for participants hired on or after January 1, 2024 would start at 5% and would increase to 10% and 12% in the first payroll period that starts in the calendar quarter which includes the first and second anniversary of the Participant's date of hire. Participants hired after January 1, 2022 and prior to January 1, 2024 and during the six month period starting July 1 and ending December 31 would have their 2024 and 2025 employer contributions calculated using the methodology detailed above. There was no change to the methodology used for Participants hired after January 1, 2022 and prior to January 1, 2024 and during the six month period starting January 1 and ending June 30.

Employees hired between January 1st and June 30th of the Plan year are considered to have earned one year of benefit accrual service as of January 1st of the following Plan year.

Employees hired between June 30th and December 31st of the Plan year are considered to have earned one year of benefit accrual service as of January 1st of the second Plan year following the date of hire.

Any participant that terminates employment and is rehired as an eligible employee shall immediately resume being eligible. A participant rehired on or after January 1, 2012 shall resume receiving contributions at the contribution rate in effect for that participant at the date of termination, taking into account the reduction in the maximum allocation provided under the Plan. A participant previously receiving the maximum contribution on their initial termination date would receive the maximum allocation on their rehire date, but the maximum amount has been reduced from 15% to 12%. Rollovers into the Plan are not permitted.

Participants elect to have contributions invested in certain funds as permitted by the Plan.

Compensation

As defined by the Plan, compensation eligible for contribution includes wages within the meaning of the Code Section 3401(a) for the purposes of income tax withholding at the source and includes differential wage payments and salary reduction contributions to a cafeteria plan, 403(b) or 457(b) plan.

THE ANNIE E. CASEY FOUNDATION RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited with the allocations of the Foundation's contributions and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants hired on or after January 5, 2008 became 100% vested after completing a twelve-month period of service. A participant who terminates employment prior to completing one year of service or a twelve-month period of service shall not have a vested right to any benefits under the Plan.

Notes Receivable from Participants

Participants may borrow, only in cases of "financial hardship," up to the lesser of 50% of the present value of the non-forfeitable accrued benefit of the participant's account under the Plan or \$50,000. The total of all loans for each participant may not exceed \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made or 50% of the non-forfeitable account balance.

A participant can have a maximum of two loans outstanding and receive one new loan per calendar year. Loan terms are not to exceed five years unless the purpose of the loan is for the purchase of a principal residence. The loans are secured by the balances in the participants' accounts and bear interest at a rate commensurate with market rates for similar loans, as defined in the Plan. Principal and interest payments must be paid at least quarterly.

Payment of Benefits

Upon death, disability, retirement, or termination of employment, a participant (or designated beneficiary in the case of death) may elect to receive a lump-sum amount equal to the value of the participant's vested interest less any outstanding loans in his or her account, an annuity, or periodic installments as defined by the Plan. Participants may elect to defer payment for vested amounts greater than \$5,000. Effective January 1, 2025, the amount was updated to \$7,000.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to first reduce administrative expenses and any excess amounts will be applied toward the employer contribution. As of December 31, 2024 and 2023, non-vested forfeiture account balances totaled \$118 and \$1,223, respectively. During the year ended December 31, 2024, \$1,105 was used to pay administrative expenses.

THE ANNIE E. CASEY FOUNDATION RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Plan Termination

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants would become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for its benefit-responsive investment contracts, which are valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee, in conjunction with T. Rowe Price Trust Company, the Plan's custodian, determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income is recorded on the accrual basis.

THE ANNIE E. CASEY FOUNDATION RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions

Employer contributions are recorded in the period that the Foundation makes contributions and are credited to participants' accounts no later than the time (including any extensions thereof) prescribed by law for filing the Foundation's 990-PF, Return of Private Foundation, federal tax return for the Plan year for which the employer contributions are made.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of the Plan are allocated and charged to participant accounts. Administrative expenses include recordkeeping fees and expenses related to purchases, sales, or transfers of the Plan's investments. Fees for loan initiation and maintenance are paid for by the participant, and other fees for investment funds offered under the Plan may be subtracted from the investment fund's assets in determining the investment fund's unit or net asset value. Investment related expenses are included in the net appreciation/(depreciation) of fair value of investments.

The Plan has administrative budget and fee credit accounts. On a quarterly basis, certain revenue sharing payments (e.g., 12b-1 fees, etc.) received from certain of the Plan's investment options are deposited into the dedicated administrative budget and fee credit accounts. The deposits are recorded as administrative fee reimbursements, net in the accompanying statement of changes in net assets available for benefits. Amounts deposited in the administrative budget account are used to pay on-going administrative expenses of the Plan and any excess revenue is allocated to the participants at year end in accordance with ERISA and guidance issued by the U.S. Department of Labor. For the year ended December 31, 2024, \$202,142 was deposited into the dedicated accounts. Additionally, during the year ended December 31, 2024, the account disbursed \$93,516 to be allocated to eligible participants in additional fee credits and the accounts earned \$76 in interest. As of December 31, 2024, the balance was \$197,785.

Subsequent Events

The Plan's management evaluated subsequent events and transactions through October 10, 2025, the date these financial statements were available for issue, and have determined that no material subsequent events have occurred that would affect the information presented or require additional disclosure.

THE ANNIE E. CASEY FOUNDATION RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

3. CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation/(depreciation) in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by T. Rowe Price Trust Company, the Trustee of the Plan.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the entity has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

THE ANNIE E. CASEY FOUNDATION RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds: Stated at the closing price reported on the active market on which the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

| | As of December 31, 2024 | | | |
|--------------|-------------------------|---------|---------|---------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | \$ 72,266,453 | \$ - | \$ - | \$ 72,266,453 |

| | As of December 31, 2023 | | | |
|--------------|-------------------------|---------|---------|---------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | \$ 66,775,606 | \$ - | \$ - | \$ 66,775,606 |

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan invests in a traditional fully benefit-responsive guaranteed investment contract with New York Life Insurance Company (NYL). The contract maintains the contributions in respective general accounts held by the insurance carrier. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes to the Financial Statements December 31, 2024 and 2023

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (continued)

The following represents the contract value of investment contract held by the Plan as of December 31, 2024 and 2023.

| | <u>2024</u> | <u>2023</u> |
|---|---------------------|---------------------|
| New York Life Guaranteed Interest Account | <u>\$ 4,618,442</u> | <u>\$ 5,639,935</u> |

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, and the rate is not less than 1.0 percent for the NYL contract. Interest rates are reviewed periodically, but not less than annually.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its contractual obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

1. Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
4. The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; and
5. Premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and
4. A material amendment to the agreement without the consent of the issuer.

6. RELATED-PARTY TRANSACTIONS AND PARTY- IN- INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption applies.

The Plan loans funds to its participants according to the applicable provisions of the Plan document. Certain officers and employees of the Foundation (who may also be participants in the Plan) provide certain accounting, administrative, and investment management services to the Plan for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

8. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Foundation by a letter dated November 21, 2017, that the Plan and related trust are designed in accordance with the applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.
