Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Canfor Southern Pine, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Canfor Southern Pine, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Canfor Southern Pine, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Canfor Southern Pine, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024 and schedule of delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Canfor Southern Pine, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of a controlled group of employers including, Canfor Southern Pine, Inc., CSP Services, Inc., and Elliott Sawmilling Company, Inc. (the Companies). The Plan covers substantially all employees of the Companies who have been credited with a minimum of 60 days of service. Participation in the Plan is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Participants of the Plan may elect regular 401(k) deferrals (pre-tax), Roth 401(k) deferrals, or a combination of both, up to 75% of the participant's eligible compensation (not to exceed limitations prescribed by law) as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. For 2024, the maximum catch-up contribution amount was \$7,500. Unless they opt out, employees are automatically enrolled at a pre-tax rate deferral rate of 4% upon meeting the eligibility requirement. Employees are also subject to an automatic 1% increase to their deferral rate annually, up to a maximum of 10%. Participants may opt-out of the automatic increase, or they may choose a different increase amount. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Companies make matching contributions equal to 50% of the first 8% of base compensation that participants contribute to the Plan. The Plan also allows for discretionary nonelective employer contributions. The matching and discretionary employer contributions are invested as directed by the participant.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately 100% vested in all employee deferrals and earnings thereon. Vesting of employer contributions for former employees of Anthony Forest Products Company who merged into the Plan on December 31, 2016 are as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 3 years	0%
3 years	100%

Vesting of employer contributions for all other participants in the Plan are as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participant Accounts

Each participant's account is credited with the participant's contributions and the Companies' contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service due to retirement, disability, or death, a participant may elect to receive an amount equal to the value of the participant's vested interest in the participant's account under any of the following methods: (a) lump-sum (mandatory if vested benefits are under \$7,000), (b) part lump-sum and part installments, or (c) installments (annually, quarterly or monthly) over a specified period of time, not to exceed the participant's life expectancy or the joint life expectancy of the participant and the participant's designated beneficiary. Participants may also withdraw funds early if their employment is terminated or based upon necessity due to financial hardship.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their total vested balance. Each participant may have a maximum of one loan outstanding at any time. The loan period may not exceed five years, unless the loan relates to the purchase of a home, in which case the maximum period of a loan is ten years. Repayments are made through payroll deduction based upon a predetermined schedule with interest charged at the rate determined by the Plan Advisory Committee based on current market conditions. A participant may also make payments on their loan balances directly to T. Rowe Price Trust Company. The loans are secured by the balance in the participant's account.

Forfeited Accounts

If a participant is not fully vested on his or her termination date, the non-vested portion of the participant's account is forfeited. The Plan uses forfeitures to reduce future employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$175,340 and \$59,626, respectively. During the year ended December 31, 2024, employer matching contributions were reduced by \$881,924 from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a description of the significant accounting policies of the Plan.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and related disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid, except for any excess contributions payable to participants, which are recorded as they become payable. Excess contributions payable to participants for deferrals in excess of amounts allowed by the IRS for the plan year are recorded as a liability.

Expenses

Certain expenses of maintaining the Plan are paid by the Companies and are, therefore, excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Administrative expenses of the Plan are allocated to participant accounts under the terms of the Plan document.

Date of Management's Review

Management has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued, noting no material events for disclosure.

NOTE 3 – FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic 820 are described on the following page.

NOTE 3 – FAIR VALUE MEASUREMENT (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Valued at NAV. The NAV, as provided by the Plan's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the issuers reserve the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no participant redemption restrictions, and no withdrawal limits.

NOTE 3 – FAIR VALUE MEASUREMENT (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	<u>Assets at Fair Value as of December 31, 2024</u>			
	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
Mutual funds	\$ 14,050,097	\$ -	\$ -	\$ 14,050,097
Investments measured at NAV*	-	-	-	122,383,968
Investments, at fair value	<u>\$ 14,050,097</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 136,434,065</u>

	<u>Assets at Fair Value as of December 31, 2023</u>			
	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
Mutual funds	\$ 99,017,555	\$ -	\$ -	\$ 99,017,555

Investments, at fair value	<u>\$ 99,017,555</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 124,396,251</u>

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

For the years ended December 31, 2024 and 2023, there were no significant transfers between levels 1 and 2 and no transfers in or out of level 3.

Investments Measured Using the Net Asset Value Per Share Practical Expedient

The table on the following pages summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice periods are applicable only to the Plan.

NOTE 4 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 5 – CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, interest income on notes receivable from participants, and miscellaneous income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company (the trustee of the Plan). This information has not been audited by the Plan's independent auditors. The information certified by T. Rowe Price Trust Company is summarized below.

	December 31, 2024	December 31, 2023
i.) Investments, at fair value	\$ 136,434,065	\$ 124,396,251
ii.) Notes receivable from participants	5,222,941	4,217,907
iii.) Investment-related transactions for the year:		
Net appreciation in fair value of investments	13,611,389	
Interest and dividends	828,094	
iv.) Interest income - notes receivable from participants	380,627	
v.) Miscellaneous income	11,491	
vi.) Information listed in the supplemental schedule on pages 17 and 18.		

NOTE 6 – PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

NOTE 7 – INCOME TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing/money purchase/CODA plan. The Internal Revenue Service has determined and informed the Company by a letter dated August 19, 2020, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the Code). The Plan has been amended since receiving the determination letter. However, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan is serviced by T. Rowe Price Trust Company as its trustee. T. Rowe Price Retirement Plan Services, Inc. is the Plan's recordkeeper. Certain investments of the Plan are managed by T. Rowe Price, as noted on the supplemental schedule on pages 17 and 18. These relationships qualify as party-in-interest.

NFP Retirement, Inc. and Chappelle Consulting Group, Inc. are the investment advisors to the Plan. The advisors are authorized to supervise and manage the Plan's investments in accordance with the objectives set forth by the Plan sponsor. The advisors' responsibilities include advising individual participants regarding investment choices and objectives for their individual accounts. These relationships qualify as party-in-interest.

Smith, Dukes & Buckalew, LLP serves as the Plan's auditor. This relationship qualifies as party-in-interest.

Certain fees incurred by the Plan are paid through revenue sharing rather than direct payment, and are included in net appreciation in fair value of investments. Direct payments to parties-in-interest were \$71,054 for the year ended December 31, 2024, which were not covered by revenue sharing.

The Companies paid directly any other fees related to the Plan's operations. Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan.

NOTE 9 – DELINQUENT CONTRIBUTIONS

During 2023, certain employee deferrals aggregating \$439 were not remitted to the Plan within the timeframe required by the Department of Labor. The Company will compute lost earnings on these deposits and make a contribution for lost earnings to the Plan. This information is shown in the supplemental schedule of delinquent participant contributions on page 19.
