## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator  
Northland Investment Corporation 401(K) Plan  
Newton, MA

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Northland Investment Corporation 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Northland Investment Corporation 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Northland Investment Corporation 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northland Investment Corporation 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Northland Investment Corporation 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northland Investment Corporation 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NORTHLAND INVESTMENT CORPORATION 401(K) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 1 - Description of Plan:**

The following brief description of the Northland Investment Corporation (the "Company") 401(K) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering substantially all employees of the Company who are 21 years of age or older and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Management oversees governance of the Plan. The Plan's Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Management.

**Contributions**

*Participant Contributions*

Employees are automatically enrolled into the Plan upon becoming eligible to participate. Automatic deferral contributions are made at a rate of 3% of their bi-weekly compensation. Employees may elect to contribute a different percentage of their annual compensation, not to exceed 90%, subject to limits determined by the Internal Revenue Code, or may elect not to contribute to the Plan.

*Automatic Enrollment*

Employees who do not complete an enrollment form are automatically enrolled in the Plan on the first day of the month following the completion of three months of employment. Unless the employee elects not to participate, Salary Deferral Contributions will automatically be made at a rate of 3% of compensation and their contributions invested in a Fidelity Lifecycle Fund until changed by the participant.

*Participant Catch-Up Contributions*

Participants age 50 or older may elect to make additional salary deferral contributions, subject to limits determined by the Internal Revenue Code.

*Participant Roth Contributions*

Participants may elect to make an after-tax contribution to a Roth contribution account. Such Roth elective deferrals are salary deferred contributions that are made in lieu of all or a portion of the participant's pre-tax salary deferral contribution.

*Employer Contributions*

The Company may contribute to each eligible participant's account a matching contribution equal to a percentage of each participant's pre-tax contribution, as determined by the Board of Directors. A participant becomes eligible to begin receiving matching contributions after attaining 21 years of age and completing three months of eligible service. The total annual contributions of the Company may not exceed the maximum amount deductible for income tax purposes.

**Notes Receivable from Participants**

Participants may borrow against their vested account balances. The minimum borrowing amount is \$1,000 and may not exceed the lesser of \$50,000 or fifty percent of the participant's vested benefits. The interest rate on outstanding loans is 4.25%. Loans are repayable within five years from the date of the loan, unless the loan is for the purchase of a participant's primary residence in which case the loan repayment period may not extend beyond 10 years from the date of the loan. Principal and interest is paid ratably through payroll deductions.

**NORTHLAND INVESTMENT CORPORATION 401(K) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 1 - Description of Plan (Continued):**

**Participant Accounts**

Each participant's account is credited with the participant's contribution plus an allocation of any additional contributions made by the Company and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 50% vested after one year of credited service and 100% vested after two years of credited service. Any participant who attains normal retirement age, becomes disabled, or dies becomes fully vested regardless of length of service.

**Investment Options**

Upon enrollment in the plan, a participant may direct contributions among various investment choices. Participants may change their investment options any business day during the plan year.

**Payment of Benefits**

Distribution of the vested accounts of a participant shall be made in the form of a single sum cash payment, or by an election to make a partial withdrawal of distributable vested interests in their account in cash at any time.

**Death Benefits**

Upon the death of a participant, the amount held for the benefit of that participant shall be paid to the participant's designated beneficiary.

**Forfeited Accounts**

If participants terminate service prior to being fully vested in the employer's contribution account, they forfeit the amount which is not vested. The balance in the forfeited non-vested account can be used to pay administrative expenses or reduce any future employer contributions. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$117,792 and \$59,894, respectively. During year ended December 31, 2024, \$6,624 of forfeited non-vested accounts were used to reduce employer contributions.

**Note 2 - Summary of Significant Accounting Policies:**

**Accounting Method**

The accompanying financial statements have been prepared on the accrual basis of accounting.

**Investment Valuation and Income Recognition**

Shares of mutual funds and cash equivalents are stated at fair value based on quoted market prices which represent the net asset value of shares held by the Plan at year-end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares in the common/collective trust fund are valued at the net asset value practical expedient of the shares held by the Plan at year-end based on the market value of its underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Gains and losses are based on an average cost basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

**NORTHLAND INVESTMENT CORPORATION 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**Note 2 - Summary of Significant Accounting Policies (Continued):**

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which participant compensation is earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and charges therein. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administration Costs

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account. The Company absorbs certain costs of plan administration.

Other

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

**Note 3 - Fair Value Measurements:**

The "Fair Value Measurements" Topic 820 (ASC 820) of the FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the "Fair Value Measurements" Topic 820 of the FASB Accounting Standards Codification are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.

Level 2: Other inputs that are observable directly or indirectly, such as quoted prices for similar assets and liabilities or market corroborated inputs.

Level 3: Unobservable inputs are used when little or no market data is available, which requires the Company to develop its own assumptions about how market participants would value the assets or liabilities.

**NORTHLAND INVESTMENT CORPORATION 401(K) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 3 - Fair Value Measurements (Continued):**

In determining the fair value, the Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible in its assessment of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds/cash equivalents:* Valued at fair value based on quoted market prices which represent the net asset value of the shares held by the plan at year-end.

*Common/collective trusts:* Valued at the net asset value practical expedient of the shares held by the plan at year-end based on the market value of its underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in the methods used to measure fair value at December 31, 2024 and 2023.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

<b>Assets at Fair Value as of December 31, 2024</b>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 29,705,175	\$ -	\$ -	\$ 29,705,175
Cash Equivalents	43,455	-	-	43,455
Investments measured at NAV*				
Common/Collective Trusts				402,560
<b>Total Investments at Fair Value</b>	<u>\$ 29,748,630</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 30,151,190</u>

<b>Assets at Fair Value as of December 31, 2023</b>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 23,265,567	\$ -	\$ -	\$ 23,265,567
Cash Equivalents	122,329	-	-	122,329
Investments measured at NAV*				
Common/Collective Trusts				346,352
<b>Total Investments at Fair Value</b>	<u>\$ 23,387,896</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,734,248</u>

\* Certain investments that are measured at fair value using NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this footnote are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

**Note 4 - Plan Termination:**

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested.

**NORTHLAND INVESTMENT CORPORATION 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**Note 5 - Tax Status:**

The Plan adopted the Fidelity Non-Standardized Pre-Approved Profit Sharing Plan, which received a favorable opinion from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan remains qualified and tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America ("GAAP") requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

**Note 6 - Information Certified by Plan's Trustee:**

The Plan's assets, which consist of mutual funds, cash equivalents and common/collective trusts, are held by the Trustee of the Plan.

The investment information presented in the accompanying statements of net assets available for benefits, statement of changes in net assets available for benefits and required related supplemental schedule was taken, without audit, from information certified as complete and accurate by Fidelity Management Trust Company, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Note 7 - Related Party Transactions:**

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity Management Trust Company for investment management services totaled \$93,879 for the year ended December 31, 2024.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

**Note 8 - Risks and Uncertainties:**

The Plan invests in mutual funds, cash equivalents, and common/collective trusts. In general, these investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits. The current economic environment has increased the degree of uncertainty.

**NORTHLAND INVESTMENT CORPORATION 401(K) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 9 - Missed Deferrals:**

During 2024, the plan sponsor failed to withhold employee deferral on couple of pay periods for one employee, resulting in the employee having missed deferral of \$96, as well as a corresponding employer match contributions of \$48. The Plan sponsor is in the process of calculating the lost earnings, which will be contributed to the Plan in 2025.

During 2023, the plan sponsor failed to withhold employee deferrals on one payroll date for three employees, resulting in the employees having missed deferrals of \$757, as well as a corresponding employer match contributions of \$274. Upon discovery of the error in 2024, the plan sponsor made a corrective contribution to the plan. The plan sponsor is in the process of calculating the lost earnings, which will be contributed to the Plan in 2025.

During 2024, the plan sponsor failed to withhold employee deferrals on certain compensation for employees, resulting in the employees having missed deferrals of \$1245 as well as corresponding employer match contributions of \$520. In 2025, the plan sponsor made corrective contributions along with lost earnings of \$444 to the Plan.

**Note 10 - Subsequent Events:**

The Company has evaluated all events subsequent to the statement of assets available for benefits date of December 31, 2024, through October 10, 2025, which is the date these financial statements were available to be issued, and have determined that there are no subsequent events that need to be recorded or that are required to be disclosed under the "Subsequent Events" topic of the FASB Accounting Standards Codification.
