Independent Auditor's Report

To the Participants and Plan Administrator of
Forward Air Corporation 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Forward Air Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024, and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Forward Air Corporation 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Note 1: Plan Description

The following description of the Forward Air Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, initially established on July 1, 1994 and amended and restated effective January 1, 2022, covering substantially all employees of Forward Air Corporation (the Plan Sponsor or the Company) with the exception of union employees under collective bargaining agreements and leased employees. Employees become eligible to participate in the Plan upon attainment of age 21 and completion of two months of service and may enter the Plan on the first day of the month following eligibility. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions, which may affect eligibility for benefits.

Empower Trust Company, LLC (Empower or the Trustee) is the designated Trustee of the Plan. Empower receives all contributions made under the Plan, holds Plan assets, pays benefits to participants as directed by the Plan Administrator, and assists with the administration of the Plan. Empower also serves as the intermediary for all asset purchases and redemptions and manages certain investments options of the Plan (See Notes 3 and 8).

Effective October 1, 2025, Fidelity Management Trust Company (Fidelity) is the designated Trustee of the Plan. The assets of the Plan were transferred to Fidelity on October 2, 2025.

Contributions

Each participant may make pre-tax contributions through payroll deductions in any amount up to 100% of the participant's compensation, as defined by the Plan document, subject to statutory limitations under the Internal Revenue Code (IRC). The statutory limit for 2024 was \$23,000. Participants who have attained at least age 50 are eligible to defer additional amounts (catch-up contributions). The maximum catch-up contribution in 2024 was \$7,500. Participants who meet eligibility requirements are automatically enrolled in the Plan with a 4% deferral, which will automatically increase in 0.5% increments each year on the first day of each Plan year, up to a maximum of 6%, unless otherwise elected by the participant.

The Company determines the level of matching contributions on an annual basis. Historically, the Company has contributed an amount equal to 25% of the first 6% of base compensation that a participant contributes to the Plan. The Company made matching contributions of \$2,146,497 for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's voluntary and rollover contributions, and any applicable allocations of employer matching contributions and investment earnings. The participant's account is also charged with withdrawals, applicable allocations of investment losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants also become 100% vested upon termination of the Plan or upon reaching normal retirement age of 65 or upon disability or death while still an employee of the Plan Sponsor.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options, including certain options for which the Trustee or its affiliates serve as investment advisors (Note 7), selected by the Plan Administrator. Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Generally, participants are limited to one outstanding note at a time, secured by the balance in the participant's account and bear interest at prime rate (7.50% as of December 31, 2024) plus 2%. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless loans were for the purchase of a primary residence.

Payment of Benefits

Benefits are payable according to the vested interest in the account that the participant is entitled to upon normal retirement, termination of employment, disability or death. A participant (or their beneficiary) may elect to receive distributions in one lump-sum or in a series of annual installments over a certain period not extending beyond the joint and last survivor expectancy of a participant and designated beneficiary. The Plan may, upon termination of service of a participant for any reason, automatically distribute the benefits owed if the account balance is \$5,000 or less.

Hardship withdrawals are permitted if certain criteria are met, as defined by the Plan Document, and are subject to taxes in the year received.

Upon reaching the age of 59½, a participant is eligible to receive distributions without termination of employment and without penalty.

Distributions from the Plan will normally be subject to income taxes and, in certain circumstances, may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeited Accounts

If a participant is not fully vested in the matching contributions at the participant's employment termination date, the nonvested portion of the account balance is forfeited. Forfeited non-vested accounts totaled \$37,378 and \$10,798 as of December 31, 2024 and 2023, respectively. Forfeitures of \$678,429 were used to reduce employer contributions for the year ended December 31, 2024.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments including gains and losses, are recorded on a trade-date basis. Interest income is recorded when earned and dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits Paid to Participants

Benefits to participants are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Company. These expenses include, but are not limited to, legal, accounting and recordkeeping fees, and investment expenses. However, transaction fees for notes receivable from participants are paid from the borrowing participant's account.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Reclassification

Certain reclassifications have been made to the 2023 financial statement presentation to correspond to the current year's format. Total net assets available for benefits are unchanged due to these reclassifications.

Note 3: Information Certified by the Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the amounts for investment assets and transactions in those assets included in the accompanying financial statements and supplemental information and as outlined below as of December 31, 2024 and 2023, and for the year ended December 31, 2024, was derived from information certified as complete and accurate by the Trustee in accordance with DOL regulations. As permitted under such election, the Plan's independent auditors did not perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information to information included in the Plan's financial statements and supplemental information.

	2024	2023
Statements of Net Assets Available for Benefits:		
Investments, at fair value	\$ 124,029,683	\$ 122,782,126
Notes receivable from participants	4,409,360	3,296,389
Statement of Changes in Net Assets Available for Benefits:		
Investment income:		
Net appreciation in fair value of investments	\$ 9,719,945	
Interest and dividends	5,392,407	
Interest income on notes receivable from participants	309,972	

Note 4: Fair Value Measurements

Accounting standards for fair value measurement establish a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1: Quoted prices for identical instruments in active markets at the measurement date. Investments that are listed on a United States securities exchange are valued at their last sales price on the largest United States securities exchange on which such securities have traded.

Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active and model-derived valuation in which all significant inputs and significant value drivers are observable in active markets at the date and for the anticipated term of the instrument.

Level 3: Valuation derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trust funds: Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The methods described above may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 119,131,808	\$ -	\$ -	\$ 119,131,808
Common collective trust (a)				<u>4,897,875</u>
Total assets at fair value				<u>\$ 124,029,683</u>

Assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 115,943,919	\$ -	\$ -	\$ 115,943,919
Common collective trust (a)				<u>6,838,207</u>
Total assets at fair value				<u>\$ 122,782,126</u>

(a) These investments are measured using NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling the statements of net assets available for benefits at December 31, 2024 and 2023.

Note 5: Prohibited Transactions

As required by ERISA Section 2510.3-102, the Plan sponsor is required to segregate employee contributions and loan repayments to the Plan from its general assets as soon as practicable. During 2023, the Plan had contributions totaling \$1,523, all of which represented employee salary deferrals and loan payments, that were not remitted timely. These contributions are considered prohibited transactions.

The Company has calculated and compensated for lost investment earnings and filed Form 5330, as applicable.

Note 6: Reconciliation to Form 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on the Form 5500 to the accompanying financial statements is as follows:

	2024	2023
Net Assets Available for Benefits		
Net assets, as reported on Form 5500	\$ 128,518,032	\$ 126,078,515
Less: excess contributions payable	<u>-</u>	<u>39,281</u>
Net assets, as reported in the accompanying financial statements	<u>\$ 128,518,032</u>	<u>\$ 126,039,234</u>

Changes in Net Assets Available for Benefits

Change in net assets, as reported on Form 5500	\$ 2,439,517
Add: prior year excess contributions payable	<u>39,281</u>
Change in net assets as reported in the accompanying financial statements	<u>\$ 2,478,798</u>

Note 7: Party-in-Interest Transactions

The Trustee performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. In addition, the Plan incurs expenses for services provided by parties-in-interest related to investment consulting, accounting, and legal and plan administration. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8: Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances, and the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

Note 9: Excess Contributions Payable

During 2024 and 2023, the Plan was not in compliance with the IRC Section 402(g) Annual Deferral Limit Test. As a result, corrective distributions totaling of \$52 and \$39,281 were due from certain participant account at December 31, 2024 and December 31, 2023 respectively. This amount is presented as an excess employee contribution payable in the accompanying statements of net assets available for benefits and is included as a reduction in employee contributions in the accompanying statement of changes in net assets available for benefits.

Note 10: Income Tax Status

The Plan Sponsor has entered into a volume submitter defined contribution plan (the Prototype Plan). The Prototype Plan received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the Prototype Plan and related trust were designed in accordance with the applicable sections of the IRC.

The Plan has been amended since the receipt of the favorable opinion letter. However, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax exempt as of December 31, 2024.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan Management believes it is no longer subject to income tax examinations for years prior to 2021.

Note 11: Subsequent Events

The Plan Sponsor has evaluated for subsequent events between December 31, 2024 and the report date, which is the date the financial statements were available for issuance and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
