Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: CROWE

(2) EIN: 35-0921680

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		25000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

To the Mondelēz Global LLC Administrative Committee, Benefits Investment Committee,
and the Participants of the Mondelēz Global LLC Sales Service Representatives 401(k) Savings Plan
Mondelēz Global LLC
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Mondelēz Global LLC Sales Service Representatives 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the period from September 1, 2024 to December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and for the period from September 1, 2024 to December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

1. Description of the Plan:

General:

The Mondelēz Global LLC Sales Service Representatives 401(k) Savings Plan (the “Plan”) is a defined contribution plan sponsored by Mondelēz Global LLC (“Mondelēz Global”) for its eligible Sales Service Representatives employees. The effective date of the Plan is September 1, 2024.

The Mondelez Global LLC Thrift Plan was established effective as of September 1, 2012, in anticipation of the spin-off of Kraft Foods Group, Inc. (“KFGI”) to shareholders of Kraft Foods Inc. The spin-off occurred on October 1, 2012, at which point, Kraft Foods Inc. changed its name to Mondelēz International, Inc. (“Mondelēz International”). Mondelēz Global is a wholly owned subsidiary of Mondelēz International.

Participants in the Thrift Plan included each hourly sales service representative who was hired before 2004 and was eligible to participate in the KFGI Thrift Plan. This group is referred to as Grandfathered sales service representatives. This group became participants in the Sales Service Representatives 401(k) Savings Plan effective January 1, 2025 and their balance in the Thrift Plan was transferred to the Plan on December 31, 2024.

Participants should refer to the official Plan document that legally governs the operation of the Plan for a complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and the U.S. Internal Revenue Code of 1986, as amended (the “Code”).

The Mondelēz Global Management Committee for Employee Benefits (the “Management Committee”) has been authorized by the Board of Managers of Mondelēz Global to take settlor actions with respect to the Plan. The Plan vests the Mondelēz Global Administrative Committee (the “Administrative Committee”) with authority to control and manage the non-investment operations of the Plan. The Mondelēz Global Benefits Investment Committee (the “Benefits Investment Committee”) is responsible for selecting the investment options in which participants elect to invest their Plan accounts, appointing investment managers to manage the investment options and monitoring the performance of the investment options. The Administrative Committee and the Benefits Investment Committee are hereinafter collectively referred to as the “Fiduciaries.”

Contributions:

Participant Contributions:

Eligible full-time and part-time hourly non-union sales service representatives of Mondelēz Global and other participating affiliated employers are able to make voluntary, tax-deferred, Roth and/or after-tax contributions to the plan.

Participants may make tax-deferred, Roth and after-tax contributions up to 50% of their eligible compensation.

For 2024, the limit on tax deferred contributions under the Code was \$23,000. Each eligible employee who was 50 or older by the end of 2024 was permitted under the Code and the Plan to contribute an additional \$7,500 in tax-deferred and/or Roth “catch-up” contributions.

Automatic Enrollment:

The Plan includes a qualified automatic contribution arrangement, pursuant to which all newly eligible employees are enrolled automatically with a 3% tax-deferred contribution rate, unless the employee elects otherwise. These contributions are invested in the Plan's default investment option. Employees may opt out of the automatic enrollment, stop contributions, modify their contribution rate, or change investment elections at any time. Starting the first year after a participant is automatically enrolled in the Plan, the participant's tax-deferred contribution rate is automatically increased by 1% annually, up to a maximum of 10%. This occurs with the first payroll period in April of each year, and participants may decline these rate increases or elect a different rate.

Employer Matching Contributions:

Eligible full-time sales service representatives receive matching contributions from Mondelēz Global (the "Matching Contributions") based on the amount of each participant's tax-deferred, Roth and after-tax contributions, up to a maximum of 6% of a participant's eligible compensation ("Match-Eligible Contributions"). The Matching Contributions percentage is 100% of each participant's Match-Eligible Contributions that do not exceed 1%, plus 70% of each participant's Match-Eligible Contributions from 2% through 6%.

Employer Basic Contribution:

Eligible full-time sales service representatives receive the employer provided basic contribution equal to 4.5% of the employee's eligible compensation (the "Basic Contribution").

Participant Accounts and Investment Options:

Each participant's Plan accounts, which may include a Matching Contributions account, a Before-Tax Contributions account, a Roth account, an After-Tax Contributions account, a Rollover account, a Prior Plan account, and a Basic Contributions account, are credited with the participant's contributions, the Matching Contributions, and the Basic Contributions, as applicable, and the allocated share of the investment gains or losses of each investment option in which the participant's account is invested. Each participant directs the investment of his or her account to any of the investment options available under the Plan, or in the absence of an affirmative investment election direction, contributions are invested in the applicable default investment option—the target date fund that corresponds to the participant's assumed retirement date based on birth year ("Default Investment Option"). Alternatively, participants have the option to enroll in Fidelity Personalized Planning & Advice. This is a fee-based program which allows participants to partner with Fidelity's investment professionals to invest, monitor, and rebalance portfolio, on participant's behalf.

Vesting:

Each participant is at all times fully vested in the balance held in his or her Before-Tax Contributions account, Roth Contributions account, After-Tax Contributions account, Rollover account and Prior Plan account. A participant will fully vest in his or her Matching Contributions and Basic Contributions accounts after completing two years of vesting service or earlier on reaching age 65, on permanent and total disability or death while employed by Mondelēz Global or any of its affiliates, on involuntary termination due to a change in control of Mondelēz International, Inc., or upon a termination of the Plan (see Note 7).

Matching Contributions and Basic Contributions forfeited by terminated participants can be used to reduce future Matching Contributions and Basic Contributions to the Plan. At December 31, 2024, the Plan's forfeiture balance was \$1,418. For the year ended December 31, 2024, forfeitures in the amount of \$1,415 were used to reduce employer contributions.

Distributions and Withdrawals:

A participant may take a distribution of his or her Plan accounts following termination of employment or upon becoming disabled (as defined under the Plan). The Plan offers a lump sum or periodic

payment distribution options. A participant whose Plan account exceeds \$1,000 may defer receipt of his or her Plan accounts until April 1st of the year following the year in which the participant reaches age 72 (or age 73 with respect to a Participant who attains age 72 after December 31, 2022) unless the participant is then still actively employed in which case distribution can be deferred until the participant terminates employment.

Participants may elect to receive in-service withdrawals after reaching age 59½ or, provided that the participant satisfies eligibility requirements, a participant may take a hardship withdrawal.

Net Transfers:

The transfers during 2024 include the transfer of the balance from the Thrift Plan to the Sales Service Representatives 401(k) Savings Plan.

Notes Receivable from Participants:

The notes receivable program permits participants to borrow from their Plan accounts in accordance with the provisions outlined in the Plan. Interest on notes receivable from participants is charged at rates based on the Reuters Prime Rate, with terms from one to five years. The minimum notes receivable amount is \$1,000 and the maximum notes receivable amount is the lesser of \$50,000 minus the participant's highest notes receivable balance in the preceding 12 months or the combined value in the participant's Before-Tax Contributions account, After-Tax Contributions account and Rollover account. No loan shall exceed 50% of the participants vested account balance. There is a fee associated with establishing a note receivable which the participant is responsible for.

A participant's notes receivable account equals the original principal amount less principal repayments. The principal amounts of notes receivable repayments reduce the notes receivable account and are added back to the participant's Plan accounts. The repaid amount (including interest) is reinvested in the investment options according to the participant's investment directions in effect at the time of repayment.

Master Trust:

Assets of the Plan are co-invested with the assets of the Mondelēz Global LLC TIP Plan and Mondelēz Global LLC Thrift Plan in a commingled investment fund known as the Mondelēz Global LLC Master Defined Contribution Trust (the "Master Trust") for which Fidelity Management Trust Company (the "Trustee") serves as the trustee.

2. Summary of Significant Accounting Policies:

Basis of Presentation:

The financial statements are prepared using the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires the Fiduciaries to make estimates and assumptions that affect the reported amounts in the financial statements and related disclosures. Actual results could differ from those estimates.

Risks and Uncertainties:

The Plan and Master Trust provide for various investment options. Investments, in general, are exposed to various risks, such as interest rate, credit, liquidity and overall market volatility. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates

to changes in valuation assumptions, it is reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect participants' account balances and the amounts reported in the financial statements.

Reporting of Guaranteed Investment Contracts:

The statements of net assets available for benefits presents fully benefit-responsive investment contracts ("FBRIC") at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Contract value is the relevant measurement criteria since contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Valuation of Investment in Master Trust:

Each participating plan holds units of participation in the Master Trust. Net assets, investment income/(loss), and administrative expenses relating to the Master Trust are allocated to the individual plans based upon their interest in each of the underlying participant-directed investments.

Valuation of the Plan and Master Trust's Investments:

Investments of the Plan and the Master Trust are reported at fair value except synthetic Guaranteed Investment Contracts (GICs) which are recorded at contract value. The Plan's interest in the Master Trust, excluding the FBRIC's, is reported at estimated fair value based upon the fair values of the underlying investments held within the Master Trust. The guidance establishes a fair value hierarchy which requires the Plan and the Master Trust to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held as underlying investments of the Master Trust.

Mutual fund

The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective trusts:

The fair values of participation units held in collective trusts are based on their net asset values, as reported by the managers of the collective trusts and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. All

investments provide daily redemptions. All investments have no advance notice requirements and have redemption prices that are determined by the fund's net asset value per unit.

Investment Transactions and Investment Income/(Loss):

Investment transactions of the Plan and Master Trust are accounted for on the trade date. Dividend income is recorded on the ex-dividend date; interest income is recorded as earned on an accrual basis.

In accordance with the policy of stating investments at fair value, the net appreciation / (depreciation) in the fair value of investments reflects both realized gains or losses and the change in the unrealized appreciation / (depreciation) of investments held at year-end. Realized gains or losses from security transactions are reported on the average cost method.

Contributions:

Participants' contributions are recorded in the period in which they are withheld by Mondelēz Global or another participating employer. Matching Contributions and Basic Contributions are recorded in the same period that participants' contributions are recorded.

Distributions and Withdrawals:

Distributions and withdrawals are recorded when paid.

General and Administrative Expenses:

Investment management fees and brokerage commissions are charged against the net asset value of the specific investment option and reduce investment return.

Administrative fees such as participant recordkeeping, communications, audit and legal fees are paid by the Master Trust on behalf of the Plan. Trustee fees and investment advisory fees are paid by the Master Trust, which are then allocated to individual plans based on the interest of the individual Plan in the Master Trust.

Notes Receivable from Participants:

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

3. Certified Investments:

Certain information related to investments and notes receivable from participants disclosed in the financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024, and net appreciation/(depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from September 1, 2024 to December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

4. Master Trust Investments:

The net assets of the Master Trust and the Plan's interest in the Master Trust (in thousands) were:

	2024	
	Master trust balances	Plan's interest in Master trust balances
Assets:		
Collective trusts	\$ 1,943,580	\$ 26,883
Mutual funds	8,669	144

Net assets available for benefits	\$ 2,107,031	\$ 29,599

The Master Trust and the Plan's interest in investment income (loss) for the year ended December 31, 2024 is summarized as follows:

	Master Trust Activity	Plan's Interest in Master Trust Activity
	2024	2024
	(in thousands)	
Net appreciation (depreciation)	\$ 252,354	\$ (37)
Investment income (loss)	\$ 252,354	\$ (37)

Assets of the Master Trust that are measured at fair value on a recurring basis as of December 31, 2024 are summarized below:

	Investment Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
	(in thousands)			
Mutual fund	\$ 8,669	\$ —	\$ —	\$ 8,669
Total assets in the fair value hierarchy	8,669	\$ —	—	\$ 8,669
Investments measured at net asset value (a)				1,943,580
Investments at fair value	<u>\$ 8,669</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 1,952,249</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in Note 4.

5. Guaranteed Investment Contracts Held by Master Trust:

The Master Trust holds investments in synthetic guaranteed investment contracts as part of the Interest Income Fund investment option.

The synthetic GICs provide a fixed return on principal over a specified period of time through fully benefit-responsive contracts or wrapper contracts issued by a third party. The portfolio assets at December 31, 2024 underlying the synthetic GICs includes mortgage-backed securities, U.S. government securities, asset-backed securities, corporate bonds, municipal bonds, units of the Galliard Short Core Fund F, and a short-term investment fund. The contract value of the synthetic GICs was \$155,317,164 at December 31, 2024.

The crediting interest rates for the synthetic GICs are calculated on a quarterly basis (or more frequently if necessary) using the contract value, and the value, yield and duration of the underlying securities, but cannot be less than zero.

Key factors that could influence future average interest crediting rates include, but are not limited to: Plan cash flows, changes in interest rates, total return performance of the fair market value bond strategies underlying each synthetic GIC contract, default or credit failures of any of the securities, investment contracts, or other investments held in the fund, and the initiation of an extended termination (immunization) of one or more synthetic GIC contract by the manager or the contract issuer.

There are certain events not initiated by Plan participants that limit the ability of the Plan to transact with the issuer of a GIC at its contract value. Specific coverage provided by each synthetic GIC may be different for each issuer and can be found in the individual synthetic GIC contracts held by the Plan. Examples of these events include, but are not limited to: the Plan's failure to qualify under the Code; full or partial termination of the Plan; involuntary termination of employment as a result of a corporate merger, divestiture, spin-off, or other significant business restructuring, which may include early retirement incentive programs or bankruptcy; changes to the Plan's administration which decreases employee or employer contributions, the establishment of a competing plan by the Plan sponsor, the introduction of a competing investment option, or other Plan amendments that have not been approved by the contract issuers; dissemination of a participant communication that is designed to induce participants to transfer assets from the stable value option; and events resulting

in a material and adverse financial impact on the contract issuer, including changes in the tax code, laws or regulations.

The Fiduciaries do not believe that the occurrence of any of these events, which would limit the Plan's ability to transact with the issuer of a GIC at its contract value with participants, is probable.

Contract issuers are not allowed to terminate any of the above synthetic GICs and settle at an amount different from contract value unless there is a breach of the contract which is not corrected within the applicable cure period. Actions that will result in a breach (after any relevant cure period) include but are not limited to: material misrepresentation; failure to pay synthetic GIC fees or any other payment due under the contract; and failure to adhere to investment guidelines.

6. Transactions with Parties-in-Interest:

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

The Master Trust invests in collective trusts created by The Northern Trust Company, an investment manager, and managed by its affiliates; collective trusts created by State Street Bank, an investment manager, and managed by its affiliates; collective trusts created by BlackRock Institutional Trust Company, N.A., an investment manager, and managed by its affiliates; and a collective trust created by Galliard Capital Management, an investment manager, which are exempt parties-in-interest transactions. The Master Trust invests in investment contracts and the fees paid to issuers of the contracts qualify as exempt parties-in-interest transactions. Notes receivable from participants are also party-in-interest transactions that are exempt.

Actual fees paid by the Plan for investment management, recordkeeping and consulting services, also qualify as parties-in-interest transactions and are included in administrative expenses in the accompanying financial statements. Mondelēz Global pays certain expenses for the administration of the Plan. These transactions are exempt from the party-in-interest transaction prohibitions of ERISA.

7. Plan Termination:

The Board of Managers of Mondelēz Global and the Management Committee have the right, subject to the applicable provisions of ERISA and the Code, and applicable collective bargaining agreements, to amend or terminate the Plan. However, no such action may deprive any participant or beneficiary under the Plan of any vested right. In the event the Plan is terminated or partially terminated (within the meaning of the Code), each affected participant will become fully vested in the balance of his or her Matching Contributions and Basic Contributions accounts.

8. Tax Status:

The Plan filed an Application for Determination on February 28, 2025 and received a favorable determination letter dated October 1, 2025. In the determination letter, the Internal Revenue Service (IRS) states that the Plan constitutes a qualified plan under Section 401(a) of the Code and the related trust is, therefore exempt from federal income taxes under the provisions of Section 501(a) of the Code. Therefore, no provision for income taxes had been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is not subject to income tax examinations for years prior to its inception in 2024.

9. Reconciliation of Plan's Financial Statements to Form 5500:

The following is a reconciliation of net assets per the financial statements to the Form 5500:

	As of December 31, 2024
	<u>(in thousands)</u>
Net assets available for benefits per the financial statements	\$ 30,088
Deemed distributions	(53)
Net assets per the Form 5500	<u>\$ 30,035</u>

Participant loans are shown net of deemed distributions on the Form 5500.

The following is a reconciliation of the increase in net assets available for benefits per the financial statements to the net income (loss) per the Form 5500 for the period ended December 31, 2024:

	2024
	<u>(in thousands)</u>
Increase in net assets available for benefits per the financial statements prior to transfers	\$ 2,972
Transfers	27,116
Change in deemed distributions	(53)
Net income per the Form 5500	<u>\$ 30,035</u>

10. Subsequent Events

Beginning July 1, 2025, administrative fees such as participant recordkeeping, communications, audit and legal fees will be paid by the participant. The fees will be deducted from the participants account each quarter.

Plan management has evaluated subsequent events for recognition and disclosure through October 13, 2025 which is the date the financial statements were available to be issued.
