Independent Auditor's Report

Plan Administrator
Ohana Growth Partners 401(k) Profit Sharing Plan
Cockeysville, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ohana Growth Partners 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ohana Growth Partners 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

(1)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Ohana Growth Partners 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ohana Growth Partners 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ohana Growth Partners 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ohana Growth Partners 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedules of Delinquent Participant Contributions and Assets Held for Investment Purposes at End of Year as of and for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ohana Growth Partners 401(k) Profit Sharing Plan

Notes to Financial Statements

For the years ended December 31, 2024 and 2023

1. Description of Plan

The following description of the Ohana Growth Partners 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. Ohana Growth Partners, LLC (the “Plan Sponsor” and/or “the Company”) is the Plan sponsor. The Plan changed its name from PF Growth Partners 401(k) Profit Sharing Plan to Ohana Growth Partners 401(k) Profit Sharing Plan effective January 1, 2023.

General

The Plan is a defined contribution profit-sharing plan which provides for an individual account for each participant and provides benefits upon retirement based on amounts contributed by employee and employer profit-sharing contributions, plus earnings on those contributions under section 401(k) of the Internal Revenue Code. The Plan was established on January 1, 2015. The Plan was restated on July 14, 2021 to allow for Roth contributions. Participants direct the investment of their contributions into various investment options offered by the Plan and participants may redirect their investments at any time to any available funds within the Plan. The Plan Administrator and the Plan Trustee are responsible for oversight of the Plan and determine the appropriateness of the Plan’s investment offerings and monitor investment performance.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participation

All employees of the Company are eligible to participate in the Plan unless they are specifically excluded. Specifically excluded employees include employees covered under a collective bargaining agreement. Participants must be eighteen years of age to participate regardless of their hire date. Participants must also meet a six-month service requirement before they are eligible to make elective deferrals. Through March 31, 2020, an employee became eligible to participate in the Plan on the first day of the first quarter following the date on which the age and service requirements are met. Effective April 1, 2020, an employee becomes eligible to participate in the Plan on the first day of the first month following the date on which the age and service requirements are met.

Contributions

Participants may contribute up to \$23,000 and \$22,500 per year for the years ended December 31, 2024 and 2023, respectively, the maximum amounts allowable by Internal Revenue Code (“IRC”) Sections 401(k), 402(g), 404 and 415. All employees over the age of 50 before the close of the Plan year are eligible to make catch-up contributions totaling \$7,500 per employee per year for both the years ended December 31, 2024 and 2023 under IRC Sections 401(a)(30), 402(g) and 414(v). The participants may also contribute amounts representing distributions/rollovers from other qualified defined benefit or contribution plans.

Ohana Growth Partners 401(k) Profit Sharing Plan

Notes to Financial Statements

For the years ended December 31, 2024 and 2023

1. Description of Plan (continued)

Contributions (continued)

In addition, the Plan Sponsor may make discretionary matching contributions and discretionary profit-sharing contributions as determined by the Plan Sponsor's Board of Directors. Matching contributions will be determined by the Sponsor at the close of the Plan year and will be based on a discretionary percentage of the participant's elective deferrals. Employer discretionary matching contributions totaled \$199,707 and \$171,438 net of forfeitures, for the years ended December 31, 2024 and 2023, respectively. Employer discretionary profit-sharing contributions are allocated to participants in the same ratio as each participant's compensation bears to the total compensation of all Plan participants. The Plan Sponsor made no employer discretionary profit-sharing contributions for the years ended December 31, 2024 and 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions, Plan earnings or losses using the daily valuation method, and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The participant may redirect their investments at any time to any of the available funds in the Plan. A participant may change their allocation between investment options daily. The deferral percentage can only be changed directly through the Plan administrator and will be effective on the first day of the next pay period.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the portion of their accounts comprised of Plan Sponsor's contributions is based on years of service. The standard measure for one year of service is the completion of 1,000 hours during the Plan year. A participant is one hundred percent vested after six years of credited service and participation in the Plan. Participants vest at a rate of twenty percent per year starting with the completion of year two. If a participant terminates employment due to death, disability or the attainment of age 65, the Plan's normal retirement age, the participant becomes 100% vested in their total account balance. Any employer discretionary contributions that are not vested are forfeited upon termination. If a terminated participant receives a distribution of their vested balance as defined by the Plan, is re-employed prior to incurring five consecutive one-year breaks in service, and such participant restores their vested balance, the amount forfeited will be restored to their account. If the participant does not return, the forfeitures may be treated as additional Plan Sponsor contributions for the Plan year in which the forfeitures occurred.

Notes Receivable from Participants

The Plan allows participants to borrow funds from the Plan. Participants can have no more than one loan outstanding at any time. Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. From the participant's perspective, all loans shall be treated as directed investments from the participant's

account under the Plan. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. All loans provide for level amortization over a period not to exceed five years; however, this term can be extended to 15 years if the loan is used by the participant for the purchase of a primary residence.

Participant notes receivable amounted to \$88,343 and \$86,652 at December 31, 2024 and 2023, respectively. Interest rates on participant loans outstanding at December 31, 2024 ranged from 4.25% to 9.50%. Principal and interest are paid ratably through semi-monthly payroll deductions. Participant loans outstanding have been reduced by an allowance for doubtful accounts of \$14,325 and \$5,070 at December 31, 2024 and 2023, respectively.

Payment of Benefits

Upon termination of service, a participant shall be entitled to receive the nonforfeitable balance in the participant's account. The participant's account balance will be determined as of the valuation date which shall be as soon as administratively practicable after the distribution is requested or required to be distributed. If the nonforfeitable portion of a participant's account balance, as of the valuation date coincident with or immediately after the termination of employment, is not more than \$5,000, the nonforfeitable portion of the account balance will be paid in a lump sum as soon as practicable after allowing a participant sufficient time to elect whether to receive the distribution in cash or as a direct rollover. In the event of a mandatory distribution that is greater than \$1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the administrative committee will pay the distribution in a direct rollover to an individual retirement plan designated by the administrative committee. If the nonforfeitable portion of a participant's account balance is more than \$5,000, the administrative committee shall notify the participant of the right to defer payment of the nonforfeitable portion.

Upon termination of service due to death, the benefit payable to a beneficiary equals the sum of the participant's account balance as of the valuation date coincident with the date of distribution. The beneficiary will be paid the benefit as soon as practicable after the administrative committee has been notified of the participant's death, unless payment is impracticable or the beneficiary cannot be located. Benefits to the beneficiary shall be payable in a lump sum. Each participant who has attained age 59-1/2 may withdraw, as of the valuation date coincident with or next following the filing of an application with the administrative committee, all or any part of the nonforfeitable portion of the participant's account balances. Each participant who has not attained age 59-1/2 may make a hardship withdrawal if the participant demonstrates to the administrative committee that the withdrawal is necessitated by the participant's immediate and heavy financial need (subject to certain requirements) and the participant lacks the available resources. The administrative committee may rely on the participant's representations and such other facts as are known to the administrative committee. A hardship withdrawal may not exceed the amount of the immediate and heavy financial need, and is limited to the participant's elective deferrals

and the related earnings as of the end of the last Plan year plus the vested portion of the participant's employer contribution account. Before receiving a hardship withdrawal, a participant must obtain all available distributions other than hardship distributions, such as distributions from any rollover contribution, if available, and all nontaxable loans then available under all plans maintained by the company (to the extent the loan would not increase the hardship).

Forfeited Accounts

The balance in the forfeited non-vested accounts was \$13,874 and \$25,423 at December 31, 2024 and 2023, respectively. The balance in these accounts may be treated as a reduction of the Plan Sponsor's contributions for the Plan year in which the forfeitures occurred. These amounts may also be used to pay Plan expenses. Amounts used to reduce the Plan Sponsor's discretionary contributions were \$16,309 and \$27,183 for each of the years ended December 31, 2024 and 2023, respectively. The Plan Sponsor used no available forfeitures to offset plan expenses for the years ended December 31, 2024 and 2023.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by investment advisors, custodians and the insurance company. See Note 4 for discussion of fair value measurements.

Income is recognized using a daily valuation method based on the daily changes in the market value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized gains and losses on investments bought and sold during the year and the Plan's unrealized gains and losses on the investments held at year end.

2. Summary of Significant Accounting Principles (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Expenses

Certain expenses incurred in maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Expenses for the trustee and certain record keeping fees are paid directly from the Plan.

Funding Policy

Contributions are funded as accrued.

Payment of Benefits

Benefit payments are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. As of December 31, 2024 and 2023, the Plan is required to refund contributions totaling \$100,771 and \$63,363, respectively, to participants. The amounts are recorded as a liability of the Plan in the accompanying Statements of Net Assets Available for Benefits.

3. Certified Information

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the following information related to investments and notes receivable from participants, including investments and notes receivable held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC.

Notes payable are reflected in the accompanying statement of net assets available for benefits, net of an allowance for doubtful accounts of \$14,325 and \$5,070 at December 31, 2024 and 2023, respectively.

4. Fair Value Measurements

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end funds registered with the U.S. Securities and Exchange Commission. The funds must establish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023, respectively:

	<i>Investments at Fair Value as of December 31, 2024</i>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$4,235,332	\$ -	\$ -	\$ 4,235,332

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$3,840,390	\$ -	\$ -	\$ 3,840,390
Investments at fair value	<u>\$3,840,390</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,840,390</u>

5. Related Party Transactions and Party-In-Interest Transactions

The Company sponsors the Plan. Personnel within the Plan Sponsor's organization perform certain administrative services for the Plan, including maintenance of participant records. The payroll and related overhead costs associated with these services are not included as Plan expenses. Expenses for the custodian, audit and certain other outside services are paid by the Plan Sponsor on behalf of the Plan. Certain administrative processing and transaction fees may be paid by the Plan. During 2024 and 2023, the Plan incurred and paid direct administrative fees of \$51,690 and \$41,662, respectively, to its third-party administrator and custodian which qualify as party-in-interest transactions. Of the direct expenses incurred by the Plan, none were paid out of the Plan forfeitures during the years ended December 31, 2024 and 2023.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Notes to Financial Statements

For the years ended December 31, 2024 and 2023

7. Nonexempt Prohibited Transactions

During the years ended December 31, 2024 and 2023, the Plan Sponsor remitted deposits late to the Plan. As a result, those deferrals were reported on Schedule H Item 4a. Total delinquent participant contributions totaled \$21,672s and \$23,067 during the years ended December 31, 2024 and 2023, respectively, which were self-corrected by the Plan.

8. Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with such investments, and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Plan assets are not FDIC insured.

9. Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by letter dated December 10, 2009 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosures in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The Plan administrator believes the Plan is subject to income tax examinations by tax authorities for the current year and the past three years.
