REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Participants and Plan Administrator
ADT Pension Plan for US Employees

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of ADT Pension Plan for US Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (in liquidation), and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 (in liquidation) and December 31, 2023 (in liquidation) and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024 (in liquidation) and Schedule H, line 4j - schedule of reportable transactions for the year ended December 31, 2024 (in liquidation) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ADT Pension Plan for US Employees

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 (In Liquidation) and 2023 (In Liquidation)

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the ADT Pension Plan for US Employees (the “Plan”) is provided for general information purposes only. Selected plan provisions are described below. Participants should refer to the plan document and summary plan description for more complete information regarding the terms of the Plan.

General

The Plan is a trustee, noncontributory, defined benefit pension plan covering the eligible employees of The ADT Security Corporation, and its subsidiaries (the “Organization/Company” or “Plan Sponsor”). The Plan is closed to new entrants and benefits have been frozen. The Plan is administered by management appointed by the Organization’s Board of Directors and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code of 1986, as amended (the “Code”).

In October of 2022, the Plan was amended to add provisions restricting the ability of a participant’s beneficiary to receive a benefit under the Plan if the beneficiary was involved in the death of the participant.

Effective January 1, 2023, the Plan was amended to include Setting Every Community Up for Retirement Enhancement 2.0 Act (“SECURE 2.0 Act”) provision to reflect required minimum distribution beginning date based on attainment of age 73 (rather than age 72).

Effective November 14, 2023, the Plan was amended in connection with plan termination effective December 31, 2023, as discussed in the paragraph below, to increase the required beginning date for required minimum distributions as permitted by SECURE 2.0 Act, raise the automatic lump sum cash-out threshold from \$5,000 to \$7,000 and provide for a lump sum window for participants.

Plan Termination

The Plan Sponsor has the right under the Plan document to terminate the Plan subject to the provisions of ERISA. On September 29, 2023, the Compensation Committee of the Board of Directors of ADT Inc. and the Board of Managers of ADT LLC adopted a resolution to terminate the Plan, with an effective date of December 31, 2023 and authorized certain HR executive leadership to take necessary steps to facilitate a standard termination and payment of benefits. An amendment was adopted to formally terminate the Plan.

A Notice of Intent to Terminate was provided to the Plan’s participants on October 30, 2023. The Plan filed an Application for Determination Upon Terminating Plan with the Internal Revenue Service (the “IRS”). The Plan has yet to receive a favorable determination letter from the IRS indicating that the Plan is in compliance with the requirements of the Code upon termination of the Plan. The Plan terminated in compliance with the termination procedures of Title IV of ERISA on December 31, 2023.

As of December 31, 2023, the formal payout of assets out of the Plan had not yet been consummated and as a result, \$50.6 million remained in assets, at fair value. As of December 31, 2023, the remaining plan benefit obligation using assumptions for a liquidating plan was estimated to be approximately \$58.5 million and additional funding needed to liquidate the plan was estimated to be approximately \$7.9 million. As a result, an employer contribution receivable was recorded of approximately \$7.9 million as of December 31, 2023.

On October 29, 2024, the Company entered into an annuity purchase agreement with American National Insurance Company (“ANICO”), whereby the Company purchased nonparticipating annuities to settle its obligations for a subset of the pension plan participant population in exchange for a premium payment to ANICO. The Company paid the premium of approximately \$38 million on November 1, 2024, and at that date, extinguished its obligations to remit any additional payments to the participant population for which

the annuity was purchased. On October 31, 2024, the Company also disbursed approximately \$16 million of lump sum payments to the remaining portion of pension plan participants who elected to receive lump sum payments to settle any and all future pension obligations for those participants. As a result of these transactions, there is no remaining accumulated pension benefit obligation as of December 31, 2024. A total of \$12,394 in plan assets remained as of December 31, 2024. The plan asset balance was fully liquidated as of May 31, 2025.

Funding Policy

The Plan Sponsor's funding policy is to make all required contributions to the Plan in accordance with applicable pension laws and regulations. Voluntary contributions in excess of required minimum amounts are periodically considered based on their individual merits. The Plan has met the ERISA minimum funding requirements for 2024 and 2023.

Pension Benefits

Participants who have completed five or more years of continuous service are entitled to annual pension benefits beginning at the normal retirement age of 65. The Plan permits early retirement at ages 55 to 64 after completion of 10 years of continuous service with a reduced benefit. The pension benefits provided under the Plan vary according to the covered group, each of which may have its own pension formula or variation thereof. For a more complete schedule of pension benefits, participants should refer to the plan document.

Disability and Death Benefits

Participants who terminate employment due to total and permanent disability or spouses of vested participants who die may be entitled to receive benefits under this Plan.

Administrative Expenses

Insurance premiums, trustee service charges, audit fees, investment related fees, and certain administrative and actuarial fees are paid by the Plan. All other expenses associated with the administration of the Plan are paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements.

Plan Administration

The Plan has an Administrative Committee and an Investment Committee. The Administrative Committee acts in the capacities of plan administrator and plan fiduciary. The Investment Committee also acts in the capacity of plan fiduciary. Committee members are appointed by the Board of Managers of ADT LLC. The Investment Committee appoints the investment managers to manage the assets of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). As a result of the decision to terminate the Plan effective December 31, 2023 and in accordance with U.S. GAAP, the Plan's financial statements as of and for the years ended December 31, 2024 and 2023 are presented using the liquidation basis of accounting.

ADT Pension Plan for US Employees
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2024 and 2023 (In Liquidation)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Certain investment transaction fees are offset against investment income.

Payment of Benefits

Benefits are recorded when paid.

Federal Income Tax Status

The Plan's most recent determination letter from the IRS was dated June 29, 2017 and indicated the Plan was in compliance with the applicable requirements of the Code. The Plan has since been amended, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 3 - CERTIFIED INVESTMENTS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Northern Trust Company have certified the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments at fair value, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net investment income, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024.
- Schedule H, line 4j - schedule of reportable transactions for the year ended December 31, 2024.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

ADT Pension Plan for US Employees

NOTE 4 - FAIR VALUE MEASUREMENT

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and require significant management judgement or estimate for the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. As of December 31, 2024 and 2023, there have been no changes in the methodologies used.

Common collective trusts: The fair values of participation units held in collective trusts are based on the net asset values ("NAV") per share reported by the fund managers as of the financial statement dates and recent transaction prices. Each collective trust provides for daily redemptions by the Plan at reported NAV per share. Common collective trusts include short term funds that are valued at cost plus accrued interest, which approximates fair value. Common collective trusts measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy.

The methodologies described above may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ADT Pension Plan for US Employees

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023 (In Liquidation)

NOTE 5 - FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE PER SHARE

The following table sets forth a summary of the Plan's investments measured at fair value based on net asset value per share as of December 31, 2024 and 2023.

Fair value estimated using net asset value per share:

Investment	Fair Value 2024	Fair Value 2023	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 11,158	\$ 50,579,296	\$ -	Daily	1-5 days

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Certain investments of the Plan are managed by the Trustee for the Plan. As described in Note 1, the Plan paid expenses relating to plan administration and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various types of investments. Investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair value of investments in the near term could be material to the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the use of estimates and the assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

NOTE 8 - SUBSEQUENT EVENTS

The Plan Sponsor has evaluated subsequent events through October 14, 2025, which is the date the financial statements were available to be issued.

The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements other than the final liquidation of the Plan which occurred as of May 31, 2025 outlined in Note 1.
