Independent Auditor's Report

To the Plan Administrators of the
Heritages Dairy Stores, Inc.
401(k) Salary Reduction Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Heritages Dairy Stores, Inc. 401(k) Salary Reduction Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Heritages Dairy Stores, Inc. 401(k) Salary Reduction Plan and Trust financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2024, and for the year ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the December 31, 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the December 31, 2024 Financial Statements section—

- the amounts and disclosures in the December 31, 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the December 31, 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the December 31, 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the December 31, 2024 Financial Statements section of our report. We are required to be independent of Heritage's Dairy Stores, Inc. 401(k) Salary Reduction Plan and Trust to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the December 31, 2024.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Heritage's Dairy Stores, Inc. 401(k) Salary Reduction Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the December 31, 2024 section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards (GAAS), we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Heritage's Dairy Stores, Inc. 401(k) Salary Reduction Plan and Trust internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Heritage's Dairy Stores, Inc. 401(k) Salary Reduction Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) and Schedule H, line 4a - Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Prior Period Financial Statements

Predecessor auditors performed an audit of the financial statements of Heritage's Dairy Stores, Inc. 401(k) Salary Reduction Plan and Trust as of December 31, 2023, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated June 23, 2024 indicated that in their opinion (a) the amounts and disclosures in the December 31, 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material aspects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the December 31, 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Their report also indicated that the form and content of the December 31, 2023 supplemental schedules, other than the information in the December 31, 2023 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the December 31, 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

401(k) Salary Reduction Plan and Trust
Notes to Financial Statements
December 31, 2024 and 2023

Note 1 Description of Plan

The following description of the Heritages Dairy Stores, Inc. 401(k) Salary Reduction Plan and Trust (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan consists of a defined contribution plan (401(k) Plan) covering all full-time employees of Heritages Dairy Stores Inc, (the “Company”). The Plan trustees are responsible for oversight of the plan, and with the advice of external investment advisors, periodically determine the appropriateness of the Plan’s investment offerings and monitor investment performance and reports to the Plan’s plan administrator.

Eligibility Requirements

Employees over the age of 21 years old are eligible to participate in the plan after they have completed 1,000 hours and have one year of service with the Company.

Contributions

Participants may elect to defer to the Plan not to exceed the Internal Revenue Service (IRS) limitation (\$23,000 for 2024 and \$22,500 for 2023). Participants may designate all or a portion of their elective deferral as Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (up to \$7,500 for 2024 and 2023). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may, at its sole discretion, choose to make a discretionary contribution to the Plan. During the years ended December 31, 2024 and 2023 the Company elected to contribute 100 percent of the first 4 percent of compensation that the participant contributed to the Plan which totaled \$218,067 and \$210,071, respectively. The Company contributions are subject to IRS limitations.

Participant Accounts

Each participant's account is credited with the participant’s contribution and Company matching contributions, as well as plan earnings, net of plan administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their self-directed investment options anytime.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after 6 years of credited service based on a cliff-vesting basis. Participants become fully vested upon termination of employment due to death or disability.

Forfeited Accounts

Forfeited non-vested employer discretionary contributions resulting from a participants break in service, are used to offset administrative expenses of the Plan and/or the Company's contributions. Employee forfeitures totaled \$8,376 and \$9,631 for the years ended December 31, 2024 and 2023, respectively. Total forfeited non-vested funds used to reduce administrative expenses and employer contributions were \$14,904 and \$28,176 for the years ended December 31, 2024 and 2023, respectively.

Notes Receivable from Participants

The Plan does not permit participants to borrow from their participant accounts.

Payment of Benefits.

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Additionally, participants who are still employed may make hardship withdrawals as defined by the IRS from their salary deferral account balance. Employees age 59 ½ may withdraw any portion of their vested account balance. Benefits are recorded when paid.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As a practical expedient, the fair value of the collective funds and the collective investment trust fund are estimated using the net asset value ("NAV") per share of the fund. See Note 4 for discussion of fair value measurement.

Purchases are recorded on a trade date basis, and sales of securities are recorded on the settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (continued)

The net returns from investment activity include realized and unrealized gains and losses from investment activity of the plan's assets. Unrealized gains and losses are calculated as the difference between the current value of investments as of the end of the Plan year and either the current value at the end of the preceding year or the actual cost if such investments were purchased during the current year. Realized gains or losses on sales of investments are calculated as the difference between sales proceeds and the current value of the investments at the beginning of the year or the actual cost of such investments were purchased during the year.

Employer and Employee Contribution Receivables

Employee contribution receivables are recorded when amounts have been withheld from employees prior to the end of the year but were not remitted to the plan until the subsequent year. Employer contribution receivable represents the Company's discretionary contribution for the plan year that was not paid until the subsequent year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 ERISA Section 103(a)(3)(c) Audit for the 2024 Financial Statements

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 3 ERISA Section 103(a)(3)(c) Audit for the 2024 Financial Statements (Continued)

Management has obtained a certification from Fidelity Management Trust Company (the “Trustee” of the plan) in which they certified that the statements furnished for the specified periods, pursuant to 29 CFR 2520.103-5 (c) are complete and accurate reflection of the custodian of the plan’s business records. The information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments held at December 31 2024, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2024 was obtained or derived from information supplied from and certified by the custodian of the plan, the custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets as of the reporting date.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable or significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4 Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds – the mutual funds are valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments measured at NAV – consist of collective investment trusts and are valued at the NAV of units of collective investment trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, with in the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Investments Measured at Net Asset Value	Fair Value

Collective Investment Trusts

AB Large Cap Growth CIT W Series Fund (“AB CIT”) is one of a series of collective investment trusts related to the Great Gray Collective Investment Trust (“GG CIT”) who is managed by Madison Dearborn Partners, LLC. The AB CIT seeks long-term growth of capital by investing primarily in equity securities of large-capitalization U.S. companies. The objective of the AB CIT is to outperform its benchmark, the Russell 1000 Growth TR USD, through fundamental stock selection and aims to provide returns relative to the risk taken.

AB CIT sells new units and repurchases outstanding units on a daily basis. Unit purchase and redemption are transacted at the NAV per free class of the Funds determined as of the close of business each day. The NAV per unit is computed by dividing the total fair value of the assets of each individual CIT held by GG CIT, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in each and included in the determination of unit values.

Note 4 Fair Value Measurements (Continued)

Collective Investment Trusts (continued)

The Reliance Trust Company Stable Value Employee Benefit Investment Trust (the “Fund”) which is a collective investment trust fund managed by New York Life and the trustee Reliance Trust Company. RT CIT invests in the New York Life Group Annuity Contract, which invests in the New York Life Poole Separate Account No. 25 (the separate account). The primary objective of the Fund is to provide a stable, low-risk option with competitive yields, preventing price fluctuations.

Participants may redeem trust units in the collective investment trusts on a daily basis for withdrawal or transfer of all or a portion of their investment at the assets underlying contract value (NAV) without restriction. The NAV per unit is computed by dividing the total fair value of the assets, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in each and included in the determination of unit values.

Events outside the normal operations of the Fund that cause a withdrawal from an investment contract may result in a negative market value adjustment, which can limit the ability to transact at contract value with the issuers of its investment contracts. Examples of such events include, but are not limited to, partial or complete legal termination of the Fund or a unit holder, tax disqualification of the Fund or a unit holder, and certain Fund amendments if issuers’ consents are not obtained. According to the individual collective investment trusts’ annual reports, as of December 31, 2024, the occurrence of such an event is not considered to be probable.

Note 5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 6 Related Party Transactions and Party-In-Interest Transactions

During the course of the year, the Plan entered into certain party-in-interest transactions with Fidelity Management Trust Company, who serves as fund Trustee. The Plan also has service providers in which administrative fees (Note 2) are paid for services provided. As such, transactions in these investments and for services provided qualify as party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for the investment management services and auditing services are included in administrative expenses.

Note 7 Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 Prohibited Transactions

As reported on Schedule H, part IV, line 4a, Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, certain participant contributions were not remitted to the Plan within the timeframe specified by the Department of Labor's Regulation 29 CFR 2510.53-102, thus constituting non-exempt transactions between the Plan and the Company. Delinquent Participant contributions, relating to various payroll periods were remitted to the Plan but exceeded the time allowed by the DOL to be reasonably segregated from the Company's assets for the period December 31, 2024 totaling \$107,450.

As of the date of these financial statements, the Company will be entering the Voluntary Fiduciary Correction Program (VFCP) and expects to correct delinquent contributions in 2025. Management has established procedures and controls to prevent future delinquency starting in 2024.

Note 9 Risks and Uncertainties

Investments are subject to market volatility, which could have a material effect on participant accounts. The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment options and the level of uncertainty related to changes in the value of investment options, it is reasonably possible that changes in risks in the near term could materially affect participant's accounts balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.
