INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Terral Riverservice Inc 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Terral Riverservice Inc 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of and for the year ended December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Notes 4 and 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Terral Riverservice Inc

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit

Supplemental Schedules Required by ERISA

The supplemental schedules identified in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Terral Riverservice Inc 401(K) Plan (the Plan) have been prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are primarily invested in pooled separated accounts and collective investment trusts which are stated at fair value. The securities held in pooled separate accounts and collective investment trusts are valued at quoted market prices which collectively represent the net asset value of shares held by the Plan at year end.

The Plan's other investments are held in a fully benefit responsive contract valued at contract value. This is an investment which is short term and allows participants the ability to withdraw funds at any time. The Voya Fixed Account guarantees principal and a minimum guaranteed interest rate for the life of the participant's account. Furthermore, the contract features two declared interest rates: a current rate determined at least monthly and a guaranteed minimum floor rate declared for a defined period. Interest is credited to the participants account daily.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

USE OF ESTIMATES

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow amounts from the Plan up to the lesser of \$50,000 or 50% of the vested account balance. Note repayments are made by a payroll deduction over a period not to exceed five years (except for the purchase of a primary residence). Notes are reported at the outstanding principal balance and interest is recorded on the economic accrual basis. The interest rate is a reasonable rate of interest as established by the Plan administrator. A participant's failure to repay the note will result in the total outstanding amount of the loan including any accrued interest to be defaulted and deemed distributed to the participant. Accordingly, no allowance for loan losses is necessary.

Revenue Sharing

The Plan participates in a revenue sharing agreement with certain providers. During the year ended December 31, 2024, the Plan received revenue sharing of \$59,447 which was used to offset investment advisory fees of \$55,053.

Terral Riverservice Inc

Notes to Financial Statements

2. DESCRIPTION OF THE PLAN

The following description of the Terral Riverservice, Inc 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution pension plan covering all employees of Terral Riverservice, Inc (the Company) who have attained the minimum requirements of 30 days of service and are twenty-one (21) years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may contribute any percentage of pretax annual compensation, up to the maximum deferral permitted by law. Such contributions are excluded from the participants taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company contributes a safe harbor matching contribution of 100% of the participants' elective deferrals up to a maximum of 3% of each participant's compensation, and an amount equal to 50% of each participant's contributions up to the next 2% of each participants compensation; not to exceed 4% of the participants' compensation. The Company, at its discretion, may contribute a matching contribution. The current discretionary match is 5.0% of the participant's base.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions and safe harbor contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five (5) years of credited service.

INVESTMENT OPTIONS

Contributions are automatically invested in a designated target date retirement fund until changed by the participant. A participant may direct contributions into selected pooled separate accounts or group annuity contract that is administered by Voya. The available accounts allow the participant to choose from variety of investment objectives. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant is entitled to receive the value of his account as soon as the distribution is administratively feasible. The participant may elect to receive the vested portion of the account in a lump-sum distribution.

Terral Riverservice Inc

Notes to Financial Statements

FORFEITURES

The forfeited, nonvested accounts for the years ended December 31, 2024 and 2023 were \$78,680 and \$61,438 respectively. These amounts will be used to reduce employer contributions and pay plan expenses.

EXPENSES

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in administrative expenses. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

PLAN AMENDMENT

Effective May 2024, the Plan has been amended to remove the automatic enrollment provision.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify, suspend, or discontinue contributions to the Plan at any time, and such action shall not be deemed to be a termination of the Plan. The Plan sponsor also has the right to terminate the Plan subject to the provisions of ERISA.

In the event of Plan termination, each participant will become 100% vested in his or her account balance. Each participant, retired participant or beneficiary shall be entitled to receive any amounts then credited to his or her account.

4. FAIR VALUE MEAUREMENTS (UNAUDITED)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 1 or Level 3 inputs for the periods presented.

Pooled separate accounts and collective investment trusts are reported at fair value based on Level 2 inputs. The Level 2 inputs consists of quoted market prices for various securities held in pooled separate accounts and collective investment trusts. The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

5. SUMMARY OF INFORMATION CERTIFIED BY TRUST COMPANY (UNAUDITED)

The following information was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, in compliance with ERISA provisions.

Investments at Fair Value

The Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024 and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the audit did not extend to any statements or information related to investment information certified by Voya Retirement Insurance and Annuity Company, except for comparing such information certified by the custodian with information included in the plan's financial statements and supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year):

	2024	2023

Collective Investment Trusts	12,832,200	----
Notes Receivable	159,527	123,382

In addition, the certified information includes investment appreciation and interest on notes receivable totaling \$1,887,738 and \$12,421, respectively.

Terral Riverservice Inc

Notes to Financial Statements

Guaranteed Investment Contract With Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value.

Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 and 2023, was \$2,761,259 and \$3,424,045 respectively. The crediting interest rate is based on an agreed-upon formula with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Voya. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants or the issuer, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Since being qualified by the Internal Revenue Service the Plan has been amended. The Plan administrator and the Plan's trustee believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The sponsor is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Voya Insurance and Annuity Company. In addition, the Plan sponsor is party to an agreement with Argent Trust Company, NA and Morningstar. Both of these entities provide investment management services to the Plan. Due to the services provided by the Companies, each of them is considered a party-in-interest.

Terral Riverservice Inc

Notes to Financial Statements

8. MANAGERMENTS' REVIEW

Terral Riverservice, Inc has evaluated subsequent events through October 9, 2025 which is the date the financial statements were available to be issued. There were no subsequent events that require recording or disclosure in the financial statements for the years ended December 31, 2024.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SECURE ACT 2.0

The SECURE Act 2.0 was signed into law in December 2022. SECURE Act 2.0 includes numerous reforms to existing retirement law intended to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and simplify and clarify retirement plan rules.
