INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of CCHPR Savings & Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **CCHPR Savings & Retirement Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **CCHPR Savings & Retirement Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of **CCHPR Savings & Retirement Plan** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **CCHPR Savings & Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **CCHPR Savings & Retirement Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **CCHPR Savings & Retirement Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter- Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CCHPR SAVINGS & RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF THE PLAN

The following description of the CCHPR Savings & Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

On September 1, 2016, CCHPR Hospitality LLC (the "Company" and/or "Employer") adopted a Savings and Retirement Plan in the form of the Banco Popular Master Defined Contribution Retirement Plan Document and its Master Trust, as amended, for the purpose of providing retirement benefits to its employees and to encourage and assist them in adopting a regular savings program by means of payroll deduction through a plan that qualifies under applicable laws of the Commonwealth of Puerto Rico. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The adoption agreement signed by the Plan assigned Banco Popular de Puerto Rico as the Trustee for a minimum period of three years. Effective April 1, 2018, the Plan was amended to include employer matching contributions.

Eligibility

All employees of the Company, except employees governed by a collective bargaining agreement, are eligible to participate in the Plan upon hired, subject to a monthly entry date.

Contributions

Each year, participants may contribute pre-tax annual compensation, excluding overtime and commissions, up to the maximum deferral amount of \$15,000, as defined in the Plan in accordance with the Puerto Rico Internal Revenue Code, as amended. Participants may also make voluntary after-tax contributions in accordance with the provisions of the Plan. Participants who have attained age 50 before the end of the plan year may contribute an additional catch-up contribution of \$1,500 annually. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective June 1, 2021, the Company contributes twenty-five percent (25%) of the first eight percent (8%) of eligible compensation that a participant contributes to the Plan as a matching contribution.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have a default deferral rate of two percent (2%) of eligible compensation, and their contributions are initially invested in a designated balanced fund until changed by the participant.

YEARS ENDED DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF THE PLAN (CONTINUED)

Participants' Accounts

Each participant's account is credited with the participant's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant's earnings, account balances, or specific participant transactions, as defined.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant becomes one hundred percent (100%) vested after three years (3) of credited service.

Forfeited Accounts

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$27,280 and \$19,354, respectively. These amounts may be used to reduce employer matching contributions, pay Plan administrative expenses, or be allocated to participants' accounts, as provided in the Plan document. During the year ended December 31, 2024, the Plan used \$3,368 of forfeited nonvested accounts to pay administrative expenses.

Participants' Hardship Withdrawals

A participant may not withdraw funds from his or her Plan account until becoming eligible to receive benefits under the plan. However, withdrawals may be made in cases of financial hardship, as defined in the Plan document. The only circumstances in which the participant may retire money from his/her Plan account are the following:

- The purchase (excluding mortgage payments) of a principal residence for the participant,
- payment of medical expense deductibles of the participant, spouse, children, or dependents that are not covered by insurance or otherwise;
- payment of tuition for the next semester or quarter of post-secondary education for the participant, spouse, or children or dependent;
- payment of rent or mortgage amounts necessary to prevent eviction or foreclosure on the participant principal residence;
- payment of funeral expenses for the participant's deceased parent, spouse, children or dependent;
- any other cause that, in the Administrator's determination, results in an immediate and heavy financial need; provided, that the Administrator may, in its sole discretion, alter the foregoing definition of financial hardship or otherwise limit the amount, time, or manner of any distribution under this provision to the extent deemed necessary by the Administrator to satisfy the requirements of PR Code Regulation Article 1165-8(d)(2) or a subsequent applicable final Regulation or Statute; and,

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates. Investment securities, in general, are exposed to various risks, including interest rate risk, credit risk, and overall market volatility. It is reasonably possible that changes in the values of investment securities could occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies using information provided by the investment advisers, custodians, trustees, and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Participant contributions are recorded in the period in which the Employer makes the payroll deductions from the participant's compensation.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are charged against Plan earnings.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation. Said reclassifications do not have any effect on earnings, as previously reported.

Subsequent Events

The Plan administrator has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued. As of such date, there were no significant subsequent events that would require disclosure or accrual in the financial statements.

3. CERTIFIED INVESTMENTS

Certain information included in the accompanying financial statements and the ERISA-required supplemental schedule, related to investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Banco Popular de Puerto Rico, a qualified institution.

4. FAIR VALUE MEASUREMENTS (UNAUDITED)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

4. FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The three levels of the fair value hierarchy under FASB ASB 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- **Mutual funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds registered with the SEC and are actively traded in public markets. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Accordingly, these investments are classified as Level 1 in the fair value hierarchy.
- **Cash Equivalents:** Consist of interest-bearing demand deposit and money market accounts held with the trustee. These instruments are valued at cost, which approximates fair value due to their short-term maturities, and are classified as Level 1 in the fair value hierarchy.

4. FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<i>Assets at Fair Value as of December 31, 2024</i>

	<i>Assets at Fair Value as of December 31, 2023</i>

5. TAX STATUS

The Plan Sponsor adopted the Banco Popular Master Defined Contribution Retirement Plan Document and its Master Trust (BPPR Master Plan). The BPPR Master Plan has obtained a favorable determination letter from the Puerto Rico Treasury Department confirming its qualified status under the PRIRC of 1994, as amended. The BPPR Master Plan was amended and restated effective January 1, 2011 to comply with the provisions of the new Tax Code of 2011. Also, BPPR received a letter from the Puerto Rico Treasury Department which indicates that the Department has no objection to the participation of the Plan in the Popular Master Plan, and that such participation will not affect in any way the ruling issued on behalf of the Popular Master Plan on May 22, 2012. In addition, to maintain the tax-exempt status, the Plan must comply with certain Minimum Coverage and Nondiscrimination Test. The Plan complied with said test requirement as of December 31, 2024 and 2023, after using the available correction methods.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the taxing authorities. The Plan Administrator has evaluated the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of an asset or liability or disclosure in the financial statements. In addition, the Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

6. PLAN TERMINATION

Although the Employer has not expressed any intent to do so, it reserves the right under the Plan document to terminate the Plan at any time, subject to the provisions of ERISA and the prior approval of the Puerto Rico Department of Treasury. In the event of Plan termination, participants would become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investments securities. Investments securities are exposed to certain risks, including interest rate, market risk, and credit risk. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statement of net assets available for benefits.
