(1) Name: **BAKER TILLY US, LLP**

(2) EIN: **30-1413443**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditors' Report

To the Participants and Plan Administrator of
Valley Health System Merged Defined Benefit Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Valley Health System Merged Defined Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended and the statement of accumulated plan benefits as of December 31, 2023, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Valley Health System Merged Defined Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Valley Health System Merged Defined Benefit Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Substantial Doubt About the Plan's Ability to Continue as a Going Concern

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 12 to the financial statements, the Board of Directors of the Plan sponsor decided on June 10, 2025, to terminate the Plan effective December 31, 2025, which indicates that the Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon termination. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Health System Merged Defined Benefit Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valley Health System Merged Defined Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Health System Merged Defined Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Valley Health System Merged Defined Benefit Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the Valley Health System Merged Defined Benefit Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit plan established effective January 1, 2021. Valley Health System Employees' Retirement Plan (VHS Plan) and Pension Plan for the Employees of Shenandoah Memorial Hospital, Inc. (SMH Plan) merged into the Plan as of January 1, 2021. Both the VHS Plan and the SMH Plan were frozen as to new participants and benefit accruals prior to the mergers with the Plan.

Valley Health System, Inc., a not-for-profit holding company (the Organization), sponsors the Valley Health System Merged Defined Benefit Plan (the Plan) for substantially all of its employees and the employees of its wholly owned subsidiaries, Winchester Medical Center, Inc.; Warren Memorial Hospital, Inc.; Valley Physician Enterprise, Inc.; Shenandoah Memorial Hospital, Inc.; Page Memorial Hospital, Inc.; Hampshire Memorial Hospital, Inc.; War Memorial Hospital, Inc.; and Valley Regional Enterprises, Inc.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Board of Directors is responsible for oversight of the Plan. The Plan's investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

Funding Policy

The Plan's funding policy is for the Organization to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The minimum funding requirements of ERISA were met in 2024 and 2023.

Pension Benefits

The Plan has benefits for participants previously included in the VHS Plan and SMH Plan.

Previous VHS Plan Participants - Former participants of the VHS Plan with five or more years of service are entitled to a benefit beginning at normal retirement age (65) or, at a minimum, 20% of their final average earnings plus 4% of their final average excess earnings multiplied by years of benefit service. The Plan permits early retirement at ages 55-64, at which time a participant may receive a reduced retirement benefit. If participants terminate employment before rendering five years of service, they forfeit the right to receive their accrued plan benefits. Vested participants receive the value of their accrued plan benefits as a life annuity payable monthly from retirement under several options.

Married participants generally must receive their pension benefits in the form of an annuity over the lifetimes of the participant and the participant's spouse. If a vested participant dies prior to retirement, a death benefit equal to the value of the participant's accumulated pension benefits, as adjusted for early retirement if applicable, is paid to the participant's surviving spouse.

Valley Health System Merged Defined Benefit Plan

Notes to Financial Statements

December 31, 2024 and 2023

Previous SMH Plan Participants - Former participants of the SMH Plan are entitled to receive monthly retirement benefits on the later of the participant's 65th birthday or the first day of the plan year which includes the fifth anniversary of the date upon which the participant commenced participation in the Plan (normal retirement date), equal to 0.70% of average compensation multiplied by years of service, not to exceed 30 years, plus 0.65% of the excess, if any, of average compensation over the breakpoint, multiplied by years of service, not to exceed 30 years. The average compensation is the average of W-2 compensation earned during the highest five of 10 consecutive calendar years of service immediately preceding the participant's date of termination. The breakpoint is one-sixth of the Social Security wage base in the year of termination not to exceed the greater of \$10,000 or one-half of the covered compensation amount of an individual who attains Social Security retirement age in the year of termination.

Upon the attainment of normal retirement age, a participant's right to his normal retirement benefit shall be nonforfeitable and 100% vested. Benefits shall be payable monthly commencing on the date of retirement based on various options provided by the Plan.

Death and Disability Benefits

A participant who becomes totally and permanently disabled before the normal retirement date may retire and receive a disability retirement benefit calculated as the accrued benefit on the date of disability reduced as described under early retirement above at age 55 and actuarially reduced for each additional year. The benefit may be deferred to the earlier of normal retirement age or the date disability payments end in order not to duplicate benefits provided by a long-term disability benefit program.

In the event of a vested, active participant's death prior to becoming eligible for early retirement or normal retirement, the surviving spouse or named beneficiary shall be entitled to receive an annuity computed as if the participant had separated from service on the date of death, survived to the earliest retirement date, commenced receiving a joint and one-half survivor annuity and died on the following day.

In the event of a vested, inactive participant's death prior to becoming eligible for early retirement or normal retirement, the survivor annuity shall be computed in the same manner as described in the paragraph above, except that it will be based upon the actual date the participant separated from service.

In the event that a vested, active or inactive VHS Plan participant's death after becoming eligible for early retirement, the surviving spouse or named beneficiary, shall be entitled to receive an annuity computed as if the participant had commenced receiving a joint and one-half survivor annuity on the first day of the month on or following the death. In lieu of an annuity, the beneficiary may elect to receive a lump sum payment of the value of the vested accrued benefit, but only if such value is less than \$10,000. If the value of the benefit is \$5,000 or less, the beneficiary will automatically receive payment in a lump sum.

In the event of a vested, active or inactive SMH Plan participant's death after becoming eligible for early retirement, the surviving spouse or named beneficiary, shall be entitled to receive an annuity computed as if the participant had commenced receiving a joint and one-half survivor annuity on the day before death. The participant's surviving spouse can elect to have the benefits commence any time between the participant's earliest retirement date and the date the participant would have attained age 70 1/2. If the present value of the death benefit is \$5,000 or less, then a lump sum payment will be made to the spouse.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Organization, as provided by the plan document. Expenses that are paid directly by the Organization are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the Statements of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

Recent Regulatory Update

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2024, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

Subsequent Events

Subsequent events were evaluated through October 13, 2025, the date the financial statements were available to be issued.

Valley Health System Merged Defined Benefit Plan

Notes to Financial Statements

December 31, 2024 and 2023

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances, such as retirement, death, disability, and termination of employment, are included, to the extent they are attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024. Had the valuation been performed as of December 31, 2023, there would be no material differences. The significant actuarial assumptions used in the valuation were:

Assumption	January 1, 2024
Discount rate	5.20%
Mortality	IRS mortality tables for 2024 are based on Pri-2012 tables and projected generally with adjusted Scale MP-2021, with different rates for annuitants and nonannuitants (as prescribed by IRC 430).
Retirement age	Weighted average retirement age is 63. This is the average retirement age for someone eligible to retire at all ages using the assumed retirement rates and no other decrements.

The foregoing actuarial assumptions were based on the presumption that the Plan would continue. On June 10, 2025, the plan sponsor made the decision to terminate the Plan and anticipates that they will liquidate the Plan during 2026. When a Plan terminates, the different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The impact on the actuarial present value of accumulated plan benefits, taking into consideration the impact of the termination decision, have not been determined at this time.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023:

Money market fund: Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

Investments measured at net asset value: Consisting of collective fixed income fund, collective equity funds and limited partnerships, valued at the NAV of units of a separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective fixed income fund, collective equity funds, and limited partnerships, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Total investments at fair value	\$	5,863,409	\$	-	\$	-	\$ 280,460,996

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments That Calculate Net Asset Value

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. Concentrations

The Plan had concentrations of individual investments with reported values exceeding 10% of net assets available for benefits. As of December 31, 2024 and 2023, the Plan had investments of \$229,461,654 and \$239,829,620 that were concentrated in three funds.

6. Information Certified by Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Principal Bank, the Custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and the information reported in the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2024. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

7. Related-Party and Party in Interest Transactions

The Plan's investments are administered under a contract with Principal Bank, the Custodian of the Plan. Contributions are held and managed by Principal Bank, who invests cash received, interest and dividend income and makes distributions to participants. These transactions are party in interest transactions under ERISA.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan. These transactions are party in interest transactions under ERISA.

Notes to Financial Statements

December 31, 2024 and 2023

8. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

9. Tax Status

Although the Plan has not obtained an Internal Revenue Service (IRS) determination letter, the individual plans that were merged into this Plan each received determination letters years ago, and the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Valley Health System Merged Defined Benefit Plan

Notes to Financial Statements

December 31, 2024 and 2023

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

11. Reconciliation of Financial Statements to Form 5500

Financial information reported on the 2024 and 2023 Form 5500, Annual Return/Report of Employee Benefit Plan differs from the Plan's financial statement as follows:

	Net Assets Available for Benefits	Changes in Net Assets Available for Benefits
December 31, 2024		
Balance per financial statements	\$ 317,748,597	\$ 37,287,601
Employer contributions recorded on financial statements in 2024 that were reflected in 2023 on the Form 5500		(11,962,500)
Balance per Form 5500	\$ 317,748,597	\$ 25,325,101

	Net Assets Available for Benefits
December 31, 2023	
Balance per financial statements	\$ 280,460,996
Employer and other contributions receivable for 2023 recorded on form 5500, but not on financial statements	11,962,500
Balance per Form 5500	\$ 292,423,496

12. Subsequent Event

On June 10, 2025, the Organization made the decision to terminate the Plan effective December 31, 2025, and anticipates that they will liquidate the Plan during 2026. Upon termination, all assets remaining in the Plan will be distributed to the participants subject to the applicable requirements of ERISA and in accordance with the provisions of the plan document.

Appendix B

Statement of Actuarial Assumptions and Methods

Minimum Funding Annual Interest Rates

24-month segment rates averaged through the end of August 2023 and published in September 2023 (as prescribed by IRC 430) and adjusted to reflect ARPA:

- Segment 1 (0 – 5 years) 4.75%
- Segment 2 (5 to 20 years) 4.87%
- Segment 3 (more than 20 years) 5.59%
- Effective Interest Rate 5.20%

Maximum Deductible Annual Interest Rates

24-month segment rates averaged through the end of August 2023 and published in September 2023 (as prescribed by IRC 430) as follows:

- Segment 1 (0 – 5 years) 3.62%
- Segment 2 (5 to 20 years) 4.46%
- Segment 3 (more than 20 years) 4.52%
- Effective Interest Rate 4.46%

Annual Expected Return on Assets

Interest Rate for developing Actuarial Value of Assets;
limited to third segment rate 5.75%

Rationale: As selected by the Plan Sponsor based on a review of historical returns with advice from the investment advisor.

PBGC Annual Interest Rates

24-month segment rates averaged through the end of August 2023 and published in September 2023 using the Alternative Method (as prescribed by IRC 430) as follows:

- Segment 1 (0 – 5 years) 3.62%
- Segment 2 (5 to 20 years) 4.46%
- Segment 3 (more than 20 years) 4.52%
- Effective Interest Rate 4.46%

Salary Scale

Since all benefits under the plan have been frozen, no salary scale is needed or applied.

Mortality

IRS mortality tables for 2024 based on Pri-2012 tables and projected generationally with adjusted Scale MP-2021, with different rate for annuitants and nonannuitants (as prescribed by IRC 430).

Rates of Retirement Actives are assumed to retire based on age as follows:

<u>VHS</u>		<u>SMH</u>	
<u>Age</u>	<u>Rate</u>	<u>Age</u>	<u>Rate</u>
55-57	8.0%	55-58	6.0%
58-60	10.0%	59-60	8.0%

67-69	25.0%	66-69	50.0%
70+	100.0%	70+	100.0%

Terminated Vested participants and Deferred Beneficiaries are assumed to commence at Normal Retirement Date.

Rationale: as adopted by Plan Sponsor based on experience study completed in 2016 to reasonably align with historical experience.

Weighted Average Retirement Age is 63. This is the average retirement age for someone eligible to retire at all ages using the assumed retirement rates and no other decrements.

Rates of Turnover Based on age as follows:

<u>VHS:</u>	
<u>Age(s)</u>	<u>Rate</u>
25-40	12.00%
40+	8.00
<u>SMH:</u>	
<u>Age(s)</u>	<u>Rate</u>
25-45	4.00%
45+	5.00

Rationale: as adopted by Plan Sponsor based on experience study completed in 2016 to reasonably align with historical experience.

Rates of Disability None

Appendix B (Continued)

Assumptions Made In Valuing Spouse's Benefit	Eighty percent of VHS employees and all employees of SMH included in the valuation are assumed to be married. These percentages are used as the probabilities that survivor benefits will be payable due to preretirement deaths. The wife is assumed to be two years younger than the husband.
Optional Form Selection	All employees are assumed to elect the normal form of payment.
Provision for Expenses	The expected administrative (i.e. non-investment) expenses, that will be paid from the assets, which were assumed to equal actual expenses paid during the prior year plus PBGC premiums that are expected to be paid from plan assets for the current year, were included in the Target Normal Cost.
Standing Elections	The client has not signed an election that provides for the automatic use of the Carryover Balance and/or Prefunding Balance if necessary to meet the minimum funding requirement.
Asset Method	Funding: Market Value of Assets plus interest adjusted accrued but unpaid contributions as of the valuation date plus an adjustment to defer full recognition of investment losses and gains over a two-year period. The investment (gain)/loss for every year equals the market value at the beginning of the year projected to the end of the year using the interest rate above, but no greater than the third segment rate for the plan year, minus the end of the year actual market value. The actuarial value of assets will be no less than 90% and no more than 110% of the market value (including interest-adjusted accrued but unpaid contributions). Note that due to the regulatory constraint on the interest rate, a characteristic of this asset valuation method is that, over time, it may be more likely to produce an actuarial value of assets that is less than the market value of assets.
Funding Method	Pure Unit Credit The actuarial liabilities shown in this report are determined using software purchased from an outside vendor which was developed for this purpose. Certain information is entered into this model in order to generate the liabilities. These inputs include economic and non-economic assumptions, plan provisions, and census information. We rely on the coding within the software to value the liabilities using the actuarial methods and assumptions selected. Both the input to and the output from the model is checked for accuracy and reviewed for reasonableness.

Appendix B (Continued)

Employees Valued	Only participants as of the valuation date were valued.
Changes in Assumptions and Methods since the Last Actuarial Valuation	The interest rates used for determining the funding target were 4.75%, 5.00%, and 5.74%. These rates were updated to the rates required for the current plan year. The mortality tables for the funding target were changed as required under PPA '06.
Justification for Changes in Actuarial Assumptions	The only assumption changes were to prescribed actuarial assumptions or as a result of At-Risk status. Therefore, the plan did not need IRS approval to change assumptions and there is no need to disclose any "Change in Actuarial Assumptions."

Valley Health Summary of Principal Plan Provisions

Plan Sponsor	Valley Health System
EIN/PN	52-1357729/003
Effective Date	January 1, 1968. Amended and restated effective January 1, 2012, and last amended on December 31, 2020.
Plan Year	The twelve-month period ending on December 31 st of each year.
Participation	Each employee of Valley Health System, Winchester Medical Center, Inc., Hampshire Memorial Hospital (d/b/a East Mountain Advantage, Inc.), Warren Memorial Hospital, Shenandoah Memorial Hospital, Inc., Page Memorial Hospital, and Valley Physician Enterprise, Inc. who is hired prior to January 2, 2010 shall participate in the plan on the January 1 following the completion of 1,000 hours of service in the 12 months following hire or in any Plan Year beginning after hire. Employees of these entities who were hired on or after January 2, 2010 shall participate in the plan on January 1, 2011 if they complete at least 1,000 hours of service from their date of hire through January 1, 2011. Employees who were previously Participants in the Pension Plan for the Employees of Shenandoah Memorial Hospital, Inc. prior to January 1, 2003 and who terminate employment may be eligible to participate in this plan upon satisfying conditions in section 16 of the plan. Employees of War Memorial Hospital, Inc. will become participants in the plan on January 1, 2011 if they complete at least 1,000 hours of service from April 1, 2010 through January 1, 2011. Effective January 2, 2011, participation in the plan was frozen. No new participants will be allowed into the plan after January 1, 2011.

Appendix A – Valley Health (Continued)

Earnings

Total base earnings paid to Participant by an Employer, excluding bonuses, overtime pay, and any other compensation not a part of the set scale for his or her position, but earnings shall include compensable time off from service-related disability or illness, sick leave, and annual vacation pay. Moreover, with respect to transcriptionists, Earnings shall include incentive bonuses. Effective November 26, 2011, career ladder pay is excluded from Earnings, however, career ladder pay will be included in Earnings for any Employee who is a Plan Participant and as of August 8, 2011 was age 54 or older and had completed ten or more full years of service with the employer. In no event shall a Participant's Earnings for a Plan Year exceed the limit under IRC Section 401(a)(17) with the \$200,000 limit applying to years ending prior to December 31, 2002 for employees who complete a year of service after December 31, 2001.

For all participants, earnings after December 31, 2013 are not recognized.

Final Average Earnings

Earnings averaged over the five consecutive years, during the last ten years of Benefit Service, which provide the greatest average. If an Employee has had less than five years of Benefit Service, Final Average Earnings shall be calculated based on the Earnings during the shorter period.

For all participants, no earnings paid after December 31, 2013 will be used to determine Final Average Earnings.

Social Security Covered Compensation

Social Security Covered Compensation means the average of the Social Security Maximum Taxable Wage Bases for the 35-year period ending with the year in which Social Security Retirement Age is attained.

In determining a Participant's Social Security Covered Compensation for a Plan Year, the Taxable Wage Bases for that year and any subsequent year shall be the same as the Taxation Wage Base in effect for that Plan Year. Social Security Retirement Age is 65 for employees born before 1938, 67 for those born after 1954, and 66 for those born in between.

For all participants, Social Security Covered Compensation was frozen effective December 31, 2013.

Vesting Service

One year of Vesting Service is earned for each plan year in which 1,000 hours are worked. For employees of Shenandoah Memorial Hospital, Inc. and War Memorial Hospital, Inc., vesting service will be granted for periods of employment with the predecessor hospital prior to acquisition by Valley Health System. Shenandoah employees will receive one year of vesting service for each year they worked at least 1,000 hours for Shenandoah Memorial Hospital, Inc. and War employees will be credited with vesting service equal to the vesting service they earned under the War Plan.

Appendix A – Valley Health (Continued)

Benefit Service

One year of Benefit Service is earned for completion of 1,000 hours of service in a Plan Year. Service before January 1, 1997 is not counted for employees who were not participants on December 31, 1996. Employees of War Memorial Hospital, Inc. who work at least 1,000 hours from April 1, 2010 through January 1, 2011, but who received a 2010 allocation in the War Plan will not earn a year of benefit service for 2010 under the Valley Health Plan.

For all participants, Benefit Service was frozen effective December 31, 2013.

Accrued Benefit

(i) The monthly actuarial equivalent at Age 65 of the Pension Equity Value payable as a life annuity. The Pension Equity Value is defined as the sum of:

- (a) Final Average Earnings multiplied by accumulated pension credits and
- (b) The excess of Final Average Earnings over Social Security Covered Compensation, multiplied by 4% for each year of Benefit Service.

Pension credits accumulate as follows:

For the first 5 years of Benefit Service	4% per year
For the next 5 years of Benefit Service	6% per year
For the next 5 years of Benefit Service	8% per year
For the next 5 years of Benefit service	10% per year
For the years of Benefit Service exceeding 20	12% per year

The amount determined under (a) and (b) is increased with interest at 5 percent per year from the date of the Participant's termination of employment to the Participant's Normal Retirement Date. In no event will a Participant's Accrued Benefit due to the Pension Equality Value as of a given year be less than the Accrued Benefit as of the prior year.

(ii) For Participants on December 31, 1996 born prior to January 1, 1952 and with at least 5 years of Benefit Service on that date, the minimum benefit is equal to service (maximum of 30 years) multiplied by the sum of:

- (a) 0.5% of Final Average Earnings and
- (b) 0.75% of Final Average Earnings in excess of \$6,400.

(iii) For Participants on December 31, 1996 the benefit cannot be less than the accrual benefit under (ii) but based on Final Average Earnings and benefit service as of December 31, 1996.

Accrued benefits for all participants were frozen effective December 31, 2013.

Appendix A – Valley Health (Continued)

Normal Retirement Benefit

Eligibility:

Age 65.

Monthly Benefit:

The Accrued Benefit.

Delayed Retirement Benefit

Eligibility:

Termination after age 65.

Monthly Benefit:

The greater of the actuarial equivalent of the normal retirement benefit determined at the Normal Retirement Date, or the Accrued Benefit as of the Delayed Retirement Date based on service and earnings as of that date.

Early Retirement Benefit

Eligibility:

Age 55 and 5 years of Vesting Service.

Monthly Benefit:

The Accrued Benefit at Early Retirement reduced by $1/180^{\text{th}}$ for each month not in excess of 60 months and $1/360^{\text{th}}$ for each month in excess of 60 months by which his actual retirement date precedes his Normal Retirement Date.

Termination Benefit

Eligibility:

Upon termination of employment prior to retirement after completion of at least 5 years of Vesting Service if terminated prior to January 1, 2008 or after completion of at least 3 years of Vesting Service if terminated on or after January 1, 2008.

Monthly Benefit:

The vested benefit commences in full at age 65, or in a reduced amount under the early retirement provisions.

Appendix A – Valley Health (Continued)

Death Benefit

Eligibility:

Participant must be vested and married at the time of death.

Monthly Benefit:

If eligible for early retirement at the date of death, the benefit payable to the spouse is the benefit that would have been payable to the participant had he or she retired on the date of death and elected a 50% Joint and Survivor annuity and then died.

If the participant is not eligible for early retirement the benefit is calculated as if the participant survived to the earliest retirement date, retired with a Joint and 50% survivor annuity and then died. The benefit becomes payable on the date the participant would have been eligible for early retirement unless the spouse defers commencement.

Optional Forms of Benefit

Joint and Survivor Option:

This form provides reduced monthly payments during the participant's lifetime with monthly payments to the surviving spouse after the participant's death equal to 50%, 66⅔%, 75%, or 100% of the amount paid during the participant's lifetime. The payments are the Actuarial Equivalent value of the Normal Form of Benefit.

Social Security Option:

For participants who elect to retire prior to normal retirement age, this option provides an increased life annuity until age 65, and a reduced amount thereafter, such that the expected combined total payments from this plan and from Social Security is as level as possible.

Ten-Year Certain and Continuous Option:

This form provides monthly payments during the participant's lifetime with a minimum guaranteed number of 120 payments to a designated beneficiary. The payments are the actuarial equivalent value of the Normal Form of Benefit.

Appendix A – Valley Health (Continued)

Optional Forms of Benefit (Continued)	Social Security Option =	Converted using the Commissioner's Standard Mortality Table as specified in IRS Code Section 417(e)(3) and the adjusted first, second, and third segment rates as outlined under IRS Code Section 417(e) for September preceding the year of benefit commencement or the UP-84 Mortality Table and 8% interest if it generates a larger benefit.
	Lump Sum Option =	Converted using the Commissioner's Standard Mortality Table as specified in IRS Code Section 417(e)(3) and the adjusted first, second, and third segment rates as outlined under IRS Code Section 417(e) for September preceding the year of benefit commencement.
Maximum Benefit Limit		The Internal Revenue Code Section 415 Maximum Benefit payable as a life annuity at Social Security Normal Retirement Age.
Plan Compensation Limit		The Section 401(a)(17) Maximum Compensation that can be recognized for benefit calculation purposes.
Changes in Plan Provisions		None.

Shenandoah Summary of Principal Plan Provisions

Plan Sponsor	Shenandoah Memorial Hospital
EIN/PN	52-1357729/003
Effective Date	January 1, 1972; last amended and restated effective September 1, 2012 and last amended on December 31, 2020.
Plan Year	The 12-month period ending each December 31.
Participation	An employee begins participating on the January 1 or July 1 coincident with or next following the completion of one Year of Service. A Year of Service is credited for a Plan Year in which an employee works at least 1,000 hours. Effective January 1, 2003 the Plan was closed to new entrants. Employees who had not met the participation requirements by December 31, 2002 will not be allowed to participate in the Plan.
Compensation	W-2 wages earned by the employee during a plan year, as limited by IRC Section 401(a)(17). For all participants, compensation after December 31, 2013 is not recognized.
Average Compensation	Average Compensation for the highest five consecutive years out of the last ten Years of Service, excluding any years of compensation during which the participant was not employed for the entire year. For all participants, no compensation paid after December 31, 2013 will be used to determine Average Compensation.
Social Security Covered Compensation	The average of the Social Security Maximum Taxable Wage Bases for the 35-year period ending with the year of termination. Social Security Covered Compensation was frozen effective December 31, 2013.
Vesting Service	Prior to January 1, 1976, one month of Vesting Service is credited for each completed month of employment. For years beginning on or after January 1, 1976, one year of Vesting Service is credited for each Plan Year during which 1,000 hours are worked.

Appendix A – Shenandoah (Continued)

Credited Service

Prior to January 1, 1976, one month of Credited Service is credited for each completed month of employment. For years beginning on or after January 1, 1976, one year of Credited Service is credited for each Plan Year during which 1,000 hours are worked.

Credited Service was frozen effective December 31, 2013 for all participants.

Accrued Benefit

An annual benefit, payable as a monthly life annuity starting at age 65, equal to 0.7% of Average Compensation plus 0.65% of Average Compensation in excess of the Breakpoint, if any, multiplied by the number of Years of Credited Service up to 30.

The Breakpoint is one sixth of the Social Security Maximum Taxable Wage Base in the year of determination, but not greater than the greater of a) \$10,000 or b) one half of the Social Security Covered Compensation amount of an individual who attains Social Security retirement age in the year of determination.

The minimum annual Accrued Benefit is equal to the greater of a) the Accrued Benefit under the predecessor plan as of December 31, 1996 or b) \$600 times the ratio of the participant's years of Credited Service at the determination date to the years of Credited Service they would have earned as of their Normal Retirement Date.

Accrued benefits for all participants were frozen as of December 31, 2013.

Normal Retirement Benefit

Eligibility:

Age 65 or, if later, the first of the year containing the participant's fifth anniversary of Plan participation.

Monthly Benefit:

The Accrued Benefit calculated as of the participant's Normal Retirement Date.

Appendix A – Shenandoah (Continued)

Delayed Retirement Benefit

Eligibility:

First of the month coincident with or immediately following termination of employment after normal retirement date.

Monthly Benefit:

The greater of the Accrued Benefit calculated at the delayed retirement date or the Normal Retirement Benefit actuarially increased to the delayed retirement date.

Early Retirement Benefit

Eligibility:

Age 55 and 15 years of Vesting Service.

Monthly Benefit:

The Accrued Benefit at early retirement reduced by the applicable factor from the table below. Factors at non-integral ages will be interpolated using the factors at whole ages.

Age at Commencement	Factor	Age at Commencement	Factor
64	.923	59	.653
63	.846	58	.615
62	.769	57	.576
61	.730	56	.529
60	.692	55	.486

Disability Retirement Benefit

Eligibility:

Permanent and total disability of an active participant prior to Normal Retirement Age.

Monthly Benefit:

The participant's Accrued Benefit as of their date of disability, reduced for commencement prior to Normal Retirement in accordance with the plan's Early Retirement provisions to age 55 and actuarially thereafter. Commencement of the Disability Retirement Benefit may be deferred until a later date, but no later than the participant's Normal Retirement Date.

Appendix A – Shenandoah (Continued)

Termination Benefit

Eligibility:

Upon termination of employment prior to retirement after completion of at least five years of Vesting Service.

Monthly Benefit:

The vested benefit commences in full at age 65, or in a reduced amount under the early retirement provisions if the participant terminates with at least 15 years of Vesting Service.

Death Benefit

Eligibility:

100% vested.

Monthly Benefit:

A monthly benefit for life commencing at the time the participant would have been eligible for early or normal retirement. The benefit is equal to the benefit computed as if the participant separated from service on the date of death, survived to the earliest retirement date, commenced receiving a joint and 50% survivor annuity, and died on the next day.

Normal Form of Benefit

Life Annuity – A monthly benefit payable for the life of the participant.

Unless the participant and spouse elect otherwise, a married participant will receive a 50% Joint and Survivor Annuity actuarially equivalent to the Normal Form of Benefit.

Optional Forms of Benefit

Life Annuity – This form provides monthly payments during the participant's lifetime. No payments are made after the participant dies.

Ten Years Certain and Life Annuity – This form provides reduced monthly payments during the participant's lifetime with a guaranteed minimum of 120 payments. If the participant dies prior to receiving 120 payments, the designated beneficiary will receive the remainder of the guaranteed 120 payments. The payments are the actuarial equivalent value of the Normal Form of Benefit.

Appendix A – Shenandoah (Continued)

Optional Forms of Benefit (Continued)

50%, 75%, and 100% Joint & Survivor Annuity – This form provides reduced monthly payments during the participant's lifetime with monthly payments to the surviving beneficiary after the participant's death equal to 50%, 75%, or 100%, respectively, of the amount paid during the participant's lifetime. The payments are the actuarial equivalent value of the Normal Form of Benefit.

Annuity forms of payment are converted from the life annuity form using the 94 GAR Mortality Table as specified in Revenue Ruling 2001-62 and the average annual rate of interest on 30-year Treasury securities for the month of October in the calendar year preceding the year of determination. Lump sum amounts are converted from the life annuity form using the Commissioner's Standard Mortality Table as outlined under IRS Code Section 417(e) and the three-tiered transitional segment interest rates (as outlined under IRS Code Section 417(e)) for the month of October in the calendar year preceding the year of determination.

Benefits Available as Lump Sums

This plan pays small benefit amounts to former participants (lump sums less than \$5,000) and requires spousal consent for distributions in excess of \$1,000. However, the plan pays unrestricted lump sums on behalf of vested participants and vested inactive participants who die prior to commencing payments and are either not married or have not named a beneficiary as of their date of death.

Maximum Benefit Limit

The Internal Revenue Code Section 415 Maximum Benefit payable as a life annuity at Social Security Normal Retirement Age.

Plan Compensation Limit

The Section 401(a)(17) Maximum Compensation that can be recognized for benefit calculation purposes.

Changes in Plan Provisions

None.
