## **Independent Auditor's Report**

To the Plan Administrator  
Walsh Brothers 401(k)/Profit Sharing Plan  
Boston, Massachusetts

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements***

We have performed audits of the financial statements of Walsh Brothers 401(k)/Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion on the Financial Statements***

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all

material respects, in accordance with accounting principles generally accepted in the United States of America (“GAAP”); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion on the Financial Statements***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

### ***Auditor’s Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the

aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – 2024 Supplemental Schedule Required by ERISA***

The 2024 supplemental schedule of Form 5500 – Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

---

### 1. Description of Plan

The following brief description of the Walsh Brothers 401(k)/Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

#### ***General***

The Plan includes a 401(k) contribution plan and a supplemental discretionary plan both covering substantially all non-union employees of Walsh Brothers, Inc. (the “Employer”). Employees are eligible to make elective contributions immediately following their employment and having attained the age of 21. Participants are required to have been employed at the end of the plan year to be eligible for employer discretionary matching contributions and employer discretionary profit sharing contributions, unless the employee is not employed due to death, total and permanent disability, or normal retirement. The Investment Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan’s investment offerings, and monitoring investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

#### ***Contributions***

Each year, eligible participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, subject to Internal Revenue Service (“IRS”) limitations (\$23,000 in 2024). Participants may also elect to defer Roth 401(k) contributions of a minimum of 1% up to 100% of after-tax annual compensation, as defined by the Plan, subject to IRS limitations. Participants that have attained age 50 before the end of the plan year are eligible to make catch-up contributions, subject to IRS limitations (\$7,500 in 2024). Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, self-directed retirement accounts, and a fixed income account. The Plan includes an auto-enrollment feature whereby all newly eligible employees will automatically be enrolled in the Plan, unless the participant affirmatively elects to change or revoke such deferral contributions. The participant subject to automatic enrollment will be notified approximately 30 days prior to when the Employer will begin to deduct 5% as a deferral contribution so the participant has the opportunity to opt out of the automatic enrollment feature. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation, and their contributions are invested in a designated balanced fund until changed by the participant. Each year, the Employer may make discretionary matching contributions or discretionary profit sharing contributions, as defined. Matching contributions will not apply to the catch-up contributions. To be eligible for discretionary matching or profit sharing contributions, participants are required to have 1,000 hours of service with the Employer and be employed at the end of the plan year. For the year ended December 31, 2024, the Employer will make discretionary profit sharing contributions of \$798,532. There was no matching contribution for 2024.

## Notes to Financial Statements

---

### ***Participant Accounts***

Each participant's account is credited with the participant's contribution and the allocations of (a) the Employer's contribution, if any, (b) the Plan's earnings, and (c) certain expenses. Allocations are based on participant earnings, deferrals or account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### ***Vesting***

A participant is 100% vested at all times in the amount attributable to his or her salary reduction election. A participant is 100% vested in the Employer's discretionary matching and profit sharing contributions after completion of the sixth year of service. An employee must complete 1,000 hours of service in order to complete a year of service.

The following summarizes the vesting schedule for employer discretionary matching and profit sharing contribution:

<i>Years of Service</i>	<i>Percent Vested</i>
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six	100%

---

### ***Notes Receivable from Participants***

Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 (reduced by the excess, if any, of the highest outstanding balance of notes from the Plan during the one-year period ending on the day before the date on which the note was made over the outstanding balance of notes from the Plan on the date on which such notes were made) or (b) one-half of the present value of the participant's vested account balance immediately preceding such receivable or, \$10,000, if greater. Participants may only have one note from the Plan outstanding at a time. Notes from the Plan are secured by the balance in the participants' accounts and bear interest at a rate ranging from 3.25% to 8.50%, which is commensurate with the bank prime lending rate, as defined by the plan administrator. Notes from the Plan must be fully repaid within five years or within 30 years for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions. Certain direct fees are charged to the participant to set up and maintain the notes from the Plan.

# Walsh Brothers 401(k)/Profit Sharing Plan

## Notes to Financial Statements

---

### ***Payment of Benefits***

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

### ***Forfeitures***

A participant who leaves the Employer forfeits any non-vested balance. The Plan uses such forfeitures to reduce future employer contributions. At December 31, 2024 and 2023, there was \$54,586 and \$24,064, respectively, in the forfeiture non-vested accounts. During the year ended December 31, 2024, \$32,111 of forfeitures were used to reduce employer contributions.

## **2. Summary of Accounting Policies**

### ***Basis of Accounting***

The financial statements of the Plan are prepared using the accrual basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 5 for discussion of fair value measurements. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

# Walsh Brothers 401(k)/Profit Sharing Plan

## Notes to Financial Statements

---

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant note receivable balance to be in default, the participant note receivable balance is reduced and a benefit payment is recorded.

### ***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

### ***Payment of Benefits***

Benefit payments to participants are recorded when paid.

### ***Subsequent Events***

The Plan has evaluated subsequent events through September 24, 2025, which is the date the financial statements were available to be issued.

## **3. Certified Investments**

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Institutional Trust Company ("VOYA"), the trustee for the Plan, has certified as to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the supplemental schedule Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2024. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## **4. Investment Contract with Insurance Company**

The Plan's investments include a fully benefit-responsive investment contract (VOYA Fixed Account). VOYA maintains the contributions in a general account. The contract is included in the financial statements at contract value, as reported to the Plan by VOYA, the trustee of the Plan. The contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to

# Walsh Brothers 401(k)/Profit Sharing Plan

## Notes to Financial Statements

---

the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include amendments to the Plan, including merger, termination, and other such matters; bankruptcy of the plan sponsor; and other matters as defined. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. VOYA does have the option to payout the current value of the contract after completion of five contract years.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

### 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification Topic 820 are described as follows:

---

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

---

Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none"><li>• quoted prices for similar assets or liabilities in active markets;</li><li>• quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• inputs other than quoted prices that are observable for the asset or liability;</li><li>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul>
---------	---

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

---

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

# Walsh Brothers 401(k)/Profit Sharing Plan

## Notes to Financial Statements

---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023.

Following is a description of the valuation methodologies used for assets measured at fair value:

### **Mutual Funds**

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

### **Self-Directed Retirement Accounts**

The self-directed retirement accounts consist primarily of common stocks, mutual funds, and money market funds, which are stated at fair value, based on quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value:

<i>December 31, 2024</i>	Level 1	Level 2	Level 3	Total
<b>Investments Subject to Fair Value Hierarchy:</b>				
Mutual funds	\$ 35,479,999	\$ -	\$ -	35,479,999
Self-directed retirement accounts	614,463	-	-	614,463
<b>Total Investments</b>	<b>\$ 36,094,462</b>	<b>\$ -</b>	<b>\$ -</b>	<b>36,094,462</b>

# Walsh Brothers 401(k)/Profit Sharing Plan

## Notes to Financial Statements

<i>December 31, 2023</i>	Level 1	Level 2	Level 3	Total
<b>Investments Subject to Fair Value Hierarchy:</b>				
Mutual funds	\$ 28,849,357	\$ -	\$ -	28,849,357
Self-directed retirement accounts	461,118	-	-	461,118
<b>Total Investments</b>	<b>\$ 29,310,475</b>	<b>\$ -</b>	<b>\$ -</b>	<b>29,310,475</b>

### 6. Related-Party Transactions

Certain plan investments are shares of mutual funds managed by VOYA. VOYA is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments. During 2024, the Plan made a direct payment to the third-party administrator of \$96,847. The Employer pays directly any other fees related to the Plan's operations. Notes receivable from participants also qualify as party-in-interest transactions.

### 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their employer contributions.

### 8. Tax Status

The Employer, as the Plan's sponsor, adopted a non-standardized prototype plan which received an IRS opinion letter dated June 30, 2020, which states that the prototype document satisfies the applicable sections of the Internal Revenue Code ("IRC"). The Plan has subsequently been amended; however, the Plan's management and tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and that the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

# Walsh Brothers 401(k)/Profit Sharing Plan

## Notes to Financial Statements

---

### 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

### 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500:

<i>December 31,</i>	<b>2024</b>	2023
Net assets available for benefits per the financial statements	\$ <b>37,622,341</b>	\$ 30,760,438

<b>Net Assets Available for Benefits per the Form 5500</b>	<b>\$ 36,823,809</b>	<b>\$ 30,029,275</b>

The following is a reconciliation of employer contributions per the financial statements to Form 5500:

<i>Year ended December 31, 2024</i>
