Independent Auditors' Report

The Plan Administrator
Goddard House Retirement Plan
Brookline, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Goddard House Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 2, the Plan does not have sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements. We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, (1) Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 and (2) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

GODDARD HOUSE RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Goddard House Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a 403(b) Plan intended to comply with the requirements of Treasury Regulations under Code Section 403(b) effective January 1, 2009. The Plan is a defined contribution plan covering all employees of The Home for Aged Women, Inc. d/b/a Goddard House (the "Employer"), except employees who are a seasonal or temporary worker who are scheduled to work less than 20 hours a week or 1,000 hours for the year ("Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are participant-directed.

Participant Contributions

Participants may elect to defer from 1% up to 100% of their annual compensation to the Plan, subject to certain limitations. The elective participant contributions may consist of Basic Contributions and Supplemental Contributions. The Basic Contribution represents the first 5% of the participant's compensation that is deferred. Supplemental Contributions represent contributions in excess of the first 5% of the participant's compensation that is deferred. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have 15 years of service may make additional annual catch-up contributions, as defined in the Plan document. Subject to approval by the Plan administrator, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Participant Rollovers").

Employer Contributions

Employer Discretionary Matching Contributions

The Employer has a discretionary match and participants are eligible to receive it upon attaining the age of 21 and completing one year of service (defined as 1,000 hours).

The Employer matching contributions will be 50% of the participant's elective Basic Contribution, which represents 50% of the first 5% of the participant's compensation, subject to certain limitations.

GODDARD HOUSE RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Employer Contributions (Continued)

Employer Nonelective Contributions

Each year, the Employer, at the discretion of the Board, may make Nonelective Contributions to the Plan. To be eligible for the Nonelective Contribution, the participant must have completed at least 1,000 hours of service during the Plan year. Employer Nonelective Contributions are allocated to each eligible participant in accordance with the ratio that each such eligible Participant's compensation bears to the total compensation of all such eligible participants for the Plan year. There were no Employer Nonelective Contributions made in 2024.

Participant Accounts

Each Participant's account is credited with the Participant's contributions and a pro rata allocation of (a) the Plan's investment earnings, (b) the Employer contributions and (c) charged with an allocation of administration expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account balance.

Vesting

Participants are immediately vested in all participant contributions, Employer contributions and rollovers plus actual earnings thereon.

Payment of Benefits

In-service withdrawals from a participant's vested account balances are permitted upon reaching age 59½ or due to disability. Upon termination of service, a participant may elect to receive the vested balance of his or her accounts in a lump sum or installments based on the greater of life expectancy of the participant, or joint life expectancy of the participant and his or her designated beneficiary, or fifteen years. Hardship withdrawals are available from the participant's elective deferral account and are allowed to meet a participant's immediate and heavy financial needs. The minimum amount of a hardship is \$500.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. The majority of expenses incurred in the administration of the Plan are charged to and paid by the Employer.

Forfeitures

Forfeitures are used to restore forfeited contributions of returning participants, pay administrative expenses and to reduce Employer contributions, in that order of priority. Forfeitures as of December 31, 2024 and 2023 totaled \$20,183 and \$33,697, respectively. Forfeitures are a result of various corrections. For the year ended December 31, 2024, \$14,420 of forfeitures were used to pay administrative expenses.

GODDARD HOUSE RETIREMENT PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

In November 2007, the Department of Labor (“DOL”) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting, disclosure, and audit requirements under Part 1 of Subtitle B of Title I of ERISA. The Plan, however, was established in 1992, and historically the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, complete accounting records and supporting documents relating to certain annuity and custodial contracts issued to current and former employees prior to January 1, 2009 have not been maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, there can be no assurance as to the completeness or accuracy of the Plan’s reported financial information.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements and accompanying notes. Accordingly, actual results could vary from the estimates that were used.

Subsequent Events

Plan management has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

GODDARD HOUSE RETIREMENT PLAN

Notes to Financial Statements

Note 3 - Information Certified by the Custodian

Certain plan investments for the years ended December 31, 2024 and 2023 are held in mutual funds by the Plan's custodian, Fidelity Management Trust Company ("FMTC"). The fair value of investments held by FMTC as of December 31, 2024 and 2023 and all investment transactions for the year ended December 31, 2024, including dividend income and net appreciation in fair values are reported to the Plan and certified as complete and accurate by FMTC. Information included in the supplemental Schedule of Assets (Held at End of Year) has also been derived from information certified by FMTC.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level II – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value hierarchy.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

GODDARD HOUSE RETIREMENT PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Mutual Funds (Continued)

The mutual fund investments at fair value held by the Plan as of December 31, 2024 and 2023 are \$1,672,629 and \$1,417,513, respectively. Based on the fair value hierarchy, the mutual funds are all Level I for the years ended December 31, 2024 and 2023.

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 7 - Tax Status

The Plan has adopted the Sentinel Benefits Group, Inc. 403(b) Volume Submitter Plan Document that received an IRS opinion letter dated January 2, 2018, which stated that the Plan is acceptable under Section 403(b) of the Internal Revenue Code for use by eligible Employers for the benefit of their employees. The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and related accounts are tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by FMTC, the custodian, as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to FMTC and other service providers totaled \$17,542 for the year ended December 31, 2024.

GODDARD HOUSE RETIREMENT PLAN

Notes to Financial Statements

Note 9 - Excess Contributions

At December 31, 2024 and 2023, the Plan was obligated to return excess contributions of \$2,964 and \$3,416, respectively, in order to satisfy relevant nondiscrimination provisions for the Plan year. The excess contributions were returned to the participants in March 2025 and March 2024, respectively.

Note 10 - Delinquent Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets. Although substantially all contributions were remitted timely during the year ended December 31, 2023, contributions of \$24,892 were not remitted within the required time period and included contributions of \$2,077 that were not remitted during 2023. The Plan remitted the remaining amounts and made the necessary corrections along with lost earnings during the year ended December 31, 2024.
